Class 37

Construction and repair.

Explanatory Note

This class includes mainly services rendered by contractors or subcontractors in the construction or making of permanent buildings, as well as services rendered by persons or organisations engaged in the restoration of objects to their original condition or in their preservation without altering their physical or chemical properties.

This Class includes, in particular:

- services relating to the construction of buildings, roads, bridges, dams or transmission lines and services of undertakings specialising in the field of construction such as those of painters, plumbers, heating installers or roofers;
- services auxiliary to construction services like inspections of construction plans;
- services consisting of hiring of tools or building materials;
- repair services, i.e. services which undertake to put any object into good condition after wear, damage, deterioration or partial destruction (restoration of an existing building or another object that has become imperfect and is to be restored to its original condition);
- various repair services such as those in the fields of electricity, furniture, instruments, tools, etc;
- services of maintenance for preserving an object in its original condition without changing any of its properties (for the difference between this class and Class 40 see the explanatory note of Class 40).

This Class does not include, in particular:

- services consisting of storage of goods such as clothes or vehicles (Cl. 39);
- services connected with dyeing of cloth or clothes (Cl. 40).
