

Madrid Agreement and Protocol Concerning the International Registration of Marks

WIPO Gazette of International Marks: reducing delay of publication

1. The *WIPO Gazette of International Marks*, hereinafter referred to as “the Gazette”, the official publication of the Madrid system, is published by the International Bureau once a week on Thursdays. The Gazette contains all relevant data concerning new international registrations, renewals, subsequent designations, changes and other entries affecting international registrations, as well as information of general interest related to the Madrid system.
2. From the first issue of the Gazette in 2014 (No. 1/2014), the International Bureau is reducing the delay of publication by seven days. A consequence of this will be that, from the above issue, which will be published on January 16, 2014, and for all subsequent issues of the Gazette, the date of publication will be identical to the date of notification to designated Contracting Parties.
3. The electronic version of the Gazette is available on the Madrid system website at the following address: <http://www.wipo.int/madrid/en/gazette/>.
