March 2017 | No. 03/2017

New PCT Contracting State

Jordan (country code: JO)

On 9 March 2017, Jordan deposited its instrument of accession to the PCT, thus becoming the 152nd Contracting State of the PCT, and on 9 June 2017, will become bound by the PCT. Consequently, any international application filed on or after 9 June 2017 will automatically include the designation of Jordan. Also, because Jordan will be bound by Chapter II of the PCT, it will automatically be elected in any demand filed in respect of an international application filed on or after 9 June 2017.

Furthermore, nationals and residents of Jordan will be entitled, as from 9 June 2017, to file international applications under the PCT.

PCT Filings in 2016

In 2016, the use of the PCT continued to grow, with approximately 233,000 PCT applications filed¹. This represents a 7.3% increase over 2015.

Applicants based in the United States of America maintained their number one ranking for the 39th year running, accounting for about a quarter (24.3%) of the 233,000 applications filed under the PCT in 2016, followed by applicants in Japan (19.4%) and China (18.5%), with the latter driving the overall growth in demand. Digital communications and computer technology showed the greatest activity by sector.

The total for each country in the top 10, followed by that country's percentage share of all filings, were as follows:

1. United States of America	56,595	24.3%
2. Japan	45,239	19.4%
3. China	43,168	18.5%
4. Germany	18,315	7.9%
5. Republic of Korea	15,560	6.7%
6. France	8,208	3.5%
7. United Kingdom	5,496	2.4%

¹ It is important to note that this total, as well as the figures which follow, are provisional, due to the fact that not all PCT applications that were filed with national and regional Offices in 2016 have been received at the International Bureau, and the final figures will only be available later in the year.

8. Netherlands	4,679	2.0%
9. Switzerland	4,365	1.9%
10. Sweden	3,720	1.6%

For information on the number of filings from other countries, as well as a comparison with filings in 2015, see Annex 1 of WIPO Press Release PR/2017/804 at:

http://www.wipo.int/pressroom/en/articles/2017/article_0002.html

ZTE Corporation (CN) became the top PCT user with 4,123 PCT applications published in 2016, Huawei Technologies Co., Ltd. (CN) was second with 3,692, followed by Qualcomm Incorporated (US) with 2,466.

The top ten applicants are listed below, with the number of PCT applications that were published in their names in 2016:

1. ZTE Corporation (CN)	4,123
2. Huawei Technologies Co. Ltd (CN)	3,692
3. Qualcomm Incorporated (US)	2,466
4. Mitsubishi Electric Corporation (JP)	2,053
5. LG Electronics Inc. (KR)	1,888
6. Hewlett-Packard Development Company, L.P. (US)	1,742
7. Intel Corporation (US)	1,692
8. BOE Technology Group Co., Ltd (CN)	1,673
9. Samsung Electronics Co., Ltd (KR)	1,672
10. Sony Corporation (JP)	1,665

A list of the top 50 PCT applicants has been published in the press release (Annex 2). As far as filings by educational institutions are concerned, the University of California maintained its position held since 1993 as the largest user of the PCT System. While the top 10 is dominated by U.S.-based institutions, the top 20 list consists of 10 U.S. and 10 Asian universities. Information on filings by educational institutions is also available in the press release (Annex 3).

As far as PCT filings by field of technology are concerned, digital communication accounted for the largest share of PCT applications with 8.5% of the total, followed closely by computer technology with 8.2% published PCT applications, and then by electrical machinery, apparatus and energy (6.9%) and medical technology (6.8%). Detailed information regarding the distribution of fields of technology of published applications can be found in the press release (Annex 4).

The publication of the final figures for 2016 filings (in the form of the Yearly Review of the PCT) will be announced in the *PCT Newsletter* later in the year.

ePCT Update

The new look and feel for the ePCT user interface has now been launched in DEMO mode in order to allow PCT users to familiarize themselves with the new design in advance of its deployment in full production mode in the coming weeks. The DEMO version is available at:

<https://pctdemo.wipo.int/ePCT>

Users are reminded that this DEMO version should not be used to file real international applications or to submit any confidential data or documents – it is strictly for demonstration purposes and for trying out the new interface design in advance. The International Bureau (IB) welcomes feedback on the new look and feel by e-mail, preferably mentioning ‘ePCT Redesign’ in the title, to:

pct.eservices@wipo.int

When the new design is subsequently deployed in full production mode (expected in the coming weeks), in addition to the improved user interface, there will also be additional options available to sign in to ePCT with strong authentication, as more efficient alternatives to digital certificates. It is recalled that strong authentication is required in order to access confidential data and documents in ePCT and the only method currently available is by way of a digital certificate. After the production launch of the new ePCT interface in the coming weeks, in addition to entering the usual Username and Password to sign in to ePCT, it will be possible to add the necessary strong authentication by means of a one-time password generated either by a mobile application software installed on the user’s mobile device or sent by text message (SMS). Digital certificates will continue to remain in parallel as a strong authentication method for ePCT for the foreseeable future.

Simple instructions on how to set up these additional new authentication methods for your WIPO account will be available via the sign-in page at the time of deployment in full production mode and will also be communicated to registered ePCT users in advance of the deployment.

In order to facilitate the transition to the new look and feel for the some 30,000 existing ePCT users, the IB will continue to make the ‘old version’ of the interface available in parallel for a transitional period.

Paris Convention

Accession by Afghanistan

On 14 February 2017, Afghanistan (country code: AF) deposited its instrument of accession to the Paris Convention for the Protection of Industrial Property, thus bringing the total number of States party to that Convention to 177. Afghanistan will become bound by the Paris Convention on 14 May 2017.

It is recalled that under PCT Rule 4.10(a), it is possible to claim in an international application the priority of one or more earlier applications filed in, or for, any country party to the Paris Convention or in, or for, any Member of the World Trade Organization (WTO) that is not party to that Convention. Afghanistan is already a member of the WTO.

Amendments to the PCT Regulations

It is recalled that the Assembly of the PCT Union adopted, during its meeting which was held in Geneva from 3 to 11 October 2016, amendments to the PCT Regulations which will enter into force on 1 July 2017 (for further information on those amendments, see *PCT Newsletter* No. 10/2016).

The consolidated texts of the Regulations under the PCT which will enter into force on 1 July 2017, are now available in PDF format in Arabic, Chinese, English, French, Russian and Spanish (on the right hand side of the page) at, respectively:

PCT Information Update

CR Costa Rica (furnishing of copies of international applications)

With effect from 1 April 2017, the Registry of Industrial Property (Costa Rica) will change its requirement as to whether a copy of the international application is to be furnished to it as designated (or elected) Office. As from that date, the applicant should only send a copy of the international application if he/she has not received Form PCT/IB/308 and the Office has not received a copy of the international application from the IB under PCT Article 20. This may be the case where the applicant expressly requests an earlier start of the national phase under PCT Article 23(2).

(Updating of *PCT Applicant's Guide*, National Chapter, Summary (CR))

CU Cuba (fees; special requirements for entry into the national phase)

Further to the information published in *PCT Newsletter* No. 12/2016 relative to utility models being available in Cuba via the PCT in addition to patents, the Cuban Industrial Property Office has notified the amount of the national fee for a utility model, payable to it as designated (or elected) Office:

Filing fee (including publication fee and the annual fee for the first and second years:	CUC	350
---	-----	-----

The Office has also notified a change concerning the exemptions, reductions or refunds of the national fee – fees are reduced by CUC 50 where applications are filed both on paper and in electronic form.

There has been a change in the special requirements under PCT Rule 51*bis* of the Office. The consolidated list of special requirements is now as follows:

- Instrument of assignment or transfer where the applicant is not the inventor
- Instrument of assignment of the priority right where the applicants are not identical
- Appointment of an agent if the applicant does not have a domicile or a real or effective industrial or commercial establishment in Cuba
- Evidence concerning non-prejudicial disclosures or exceptions to lack of novelty, such as disclosures resulting from abuse and disclosures by the applicant in official or officially recognized exhibitions
- Verification and translation of the international application to be furnished in two copies
- Furnishing, where applicable, of a nucleotide and/or amino acid sequence listing in electronic form and on paper and a declaration that the sequences are identical in both formats

(Updating of *PCT Applicant's Guide*, National Chapter, Summary (CU))

FI Finland (furnishing of copies of international applications)

The Finnish Patent and Registration Office (PRH) has changed its requirement as to whether a copy of the international application is to be furnished to it as designated (or elected) Office. As from that date, the applicant should only send a copy of the international application if he/she has not received Form PCT/IB/308 and the Office has not received a copy of the international application from the IB under PCT Article 20. This may be the case where the applicant expressly requests an earlier start of the national phase under PCT Article 23(2).

(Updating of *PCT Applicant's Guide*, National Chapter, Summary (FI))

NI Nicaragua (e-mail address)

The e-mail address of the Registry of Intellectual Property (Nicaragua) has changed, as follows:

E-mail: rpi@rpi.gob.ni

(Updating of *PCT Applicant's Guide*, Annex B1 (NI))

NO Norway (e-mail address; means of telecommunication; provisional protection after international publication)

The e-mail address of the Norwegian Industrial Property Office has changed, as follows:

E-mail: post@patentstyret.no

The Office has also informed the IB that it now accepts the submission of documents by e-mail, in addition to fax. The original of the document must be furnished within 14 days from the date of the transmission if the transmitted document is the international application or a replacement sheet containing corrections or amendments of the international application and it was furnished by fax.

There has been a change in the provisions concerning provisional protection in Norway after international publication, as follows:

Where the designation is made for the purposes of a national patent:

After international publication, the furnishing of a translation into Norwegian or English, and if the translation or application was filed in English a translation of the claims into Norwegian, gives the applicant provisional protection in the sense that, upon grant of the patent, he may be entitled to compensation. The protection is limited to what is claimed in both the application and the patent. As to further conditions for and limitations in the liability, see Sections 33, 58 and 60 of the Patents Act.

Where the designation is made for the purposes of a European patent:

Provided that any national requirements relating to the translation into Norwegian of the claims of the application have been met, and upon grant of the patent, provisional protection is given. With provisional protection, the applicant may be entitled to compensation. Protection is limited to what is claimed in both the application and the patent (Norwegian Patents Act Section 66g).

There has been a change in the time limit to pay the national basic fee, including the examination fee to the Office as designated (or elected) Office – that fee now has to be paid within 30 days from the date of invitation to pay it.

(Updating of *PCT Applicant's Guide*, Annex B1 (NO) and National Chapter, Summary (NO))

SG Singapore (fax number; e-mail and Internet addresses; special requirements for entry into the national phase)

The Intellectual Property Office of Singapore has deleted one of its fax numbers and e-mail addresses, and it has notified an additional Internet address. The numbers and address to be used are as follows:

Fax:	(65) 63 39 02 52
E-mail:	pct@ipos.gov.sg (for enquiries on specific PCT applications)
Internet:	www.ipos.gov.sg https://crm.ipos.gov.sg/IPOSCRM_S_Online/UI/Enquiry/IPOSCRM_S_Enquiry.aspx (Enquiry Form for general enquiries)

The Office, in its capacity as designated (or elected) Office, has removed the requirement for the furnishing of a translation of the priority document into English.

(Updating of *PCT Applicant's Guide*, Annex B1 (SG) and National Chapter, Summary (SG))

TR Turkey (Internet address; fees; information on requirements of the Office as International Searching Authority, Authority specified for supplementary search and International Preliminary Examining Authority)

The Internet address of the Turkish Patent and Trademark Office (Turkpatent) has changed, as follows:

Internet: www.turkpatent.gov.tr

Updating of *PCT Applicant's Guide*, Annex B1 (TR))

Further to the notification by the Office that it would begin functioning as an International Searching Authority, an Authority specified for supplementary search and an International Preliminary Examining Authority with effect from 8 March 2017 (see *PCT Newsletter* No. 02/2017, page 2), information on the fees payable to the Office, as well as the requirements of the Office, is now available in the *PCT Applicant's Guide*, Annexes D (TR), SISA (TR) and E (TR) at, respectively:

http://www.wipo.int/pct/guide/en/gdvol1/annexes/annexd/ax_d_tr.pdf

Practical Advice

Subsequent provision of an e-mail address for delivery of notifications regarding an international application

Q: When I file PCT applications on behalf of my clients, I usually provide my e-mail address and mark the applicable check-box to authorize the International Bureau and any other Offices/Authorities under the PCT to send notifications relating thereto by e-mail. Our firm would like to operate as far as possible in a paperless environment and avoid the drawbacks of postal delays.

Recently I took over as agent for a series of PCT applications and submitted the required powers of attorney. However, I noticed that I am now receiving correspondence from the International Bureau for those applications in paper form only. Is there any way to change the delivery method so that I will receive notifications by e-mail for the applications for which I am the new agent?

A: When submitting a request for the recording of a change of agent, common representative or address for correspondence under PCT Rule 92*bis*, it is important to specify whether the International Bureau (IB) and any other Offices/Authorities are authorized to send notifications by e-mail to a given e-mail address, and to indicate whether you wish the notifications to be sent by e-mail as advance copies only, followed by a formal paper copy, or whether you wish them to be sent exclusively in electronic form. If you do not give such authorization, the default solution

will apply, that is, you will receive the notifications in paper form only; any e-mail address supplied will be used only for informal communication but not for sending notifications concerning a specific application.

To rectify the situation, you may now subsequently submit a new request under PCT Rule 92*bis*, requesting that a given e-mail address be recorded for the delivery of all notifications exclusively in electronic form. There is no specific form to make such a request and you can simply state it in a letter. Alternatively, if you use the ePCT online 'action' to submit requests under PCT Rule 92*bis*, requesting such a change will involve only a few clicks and will result in a standardized automated form being submitted to the IB in real-time. Moreover, no retyping of the data will be required by the IB, thus avoiding any transcription errors in particular in the e-mail address.

Please note that, to date, only the IB and a few other Offices send such notifications by e-mail. Details of which Offices send notifications by e-mail are available in Annex B of the *PCT Applicant's Guide*.

It is also important to note the following:

- if you request notifications by e-mail only, it is your responsibility to keep any e-mail address details up-to-date and to ensure that incoming e-mails are not blocked for any reason on your side.
- correspondence intended for the applicant, be it in paper or electronic form, will always be sent to only one address. Where an e-mail address has been provided both in respect of the applicant and in respect of the agent, the IB will send e-mail communications only to the appointed agent (Section 108 of the Administrative Instructions under the PCT).
- e-mails may be sent to the IB for any informal queries which are not related to the processing of specific international applications. As yet, only a few Offices have informed the IB that they would accept the submission of documents by e-mail in accordance with PCT Rule 92.4(h). For electronic communication with the IB it is recommended to use the ePCT system, either by uploading PDF documents, or by using the many ePCT online 'actions' that allow direct action on your application to be requested in a number of scenarios, including requests under Rule 92*bis*. For more information on using the ePCT system, please see the "Practical Advice" section in *PCT Newsletter* No. 01/2016 at:

http://www.wipo.int/pct/en/newslett/practical_advice/pa_012016.html

For further information on indicating e-mail addresses, see the *PCT Applicant's Guide*, International Phase, paragraphs 5.029, 5.050, 8.017, 8.021, 10.018A and 10.021A, and on recording an e-mail address for multiple applications, see the "Practical Advice" section in *PCT Newsletter* No. 07-08/2010 at:

PCT Fee Tables

(amounts on 1 March 2017, unless otherwise indicated)

The following Tables show the amounts and currencies of the main PCT fees which are payable to the receiving Offices (ROs) and the International Preliminary Examining Authorities (IPEAs) during the international phase under Chapter I (Tables I(a) and I(b)) and under Chapter II (Table II). Fees which are payable only in particular circumstances are not shown; nor are details of certain reductions and refunds which may be available; such information can be found in the *PCT Applicant's Guide*, Annexes C, D and E. Note that all amounts are subject to change due to variations in the fees themselves or fluctuations in exchange rates. The international filing fee may be reduced by CHF 100, 200 or 300 where the international application, or part of the international application, is filed in electronic form, as prescribed under Item 4(a), (b) and (c) of the Schedule of Fees (annexed to the Regulations under the PCT) and the *PCT Applicant's Guide*, paragraph 5.189. A 90% reduction in the international filing fee (including the fee per sheet over 30), the supplementary search handling fee and the handling fee, as well as an exemption from the transmittal fee payable to the International Bureau as receiving Office, is also available to applicants from certain States—see footnotes 2 and 14. (Note that if the CHF 100, 200 or 300 reduction, as the case may be, and the 90% reduction are applicable, the 90% reduction is calculated **after** the CHF 100, 200 or 300 reduction.) The footnotes to the Fee Tables follow Table II.

[See over page for footnotes to fee tables]

Footnotes to fee tables:

- 1 Payable to the receiving Office in the currency or one of the currencies prescribed by it.
- 2 This fee is reduced by 90% where the applicant or, if there are two or more applicants, each applicant fulfills the criteria indicated on the PCT website at: <http://www.wipo.int/pct/en/fees>
- 3 Where the international application contains a sequence listing as a separate part of the description, this should preferably be furnished in accordance with Annex C, paragraph 40, of the Administrative Instructions under the PCT, that is, in compliance with WIPO Standard ST.25 text format; no additional fees are due for sequence listings filed in this format. Where, however, such sequence listings are filed in the form of an image file (e.g. PDF), fees are due for each page (see *PCT Newsletter* No. 06/2009, page 2 at: http://www.wipo.int/pct/en/newslett/2009/newslett_09.pdf).
- 4 For the search fee payable to the receiving Office, consult the entry in Table I(b) for the competent International Searching Authority.
- 5 If the international application is filed in electronic form, the request not being in character coded format.
- 6 If the international application is filed in electronic form, the request being in character coded format.
- 7 If the international application is filed in electronic form, the request, description, claims and abstract being in character coded format.
- 8 This fee is reduced by 60% where the international application is filed by a natural person, a small or medium-sized enterprise, a cooperative, an academic institution, a non-profit-making entity or a public institution. For further details, see Official Resolution of the National Institute of Industrial Property No. 211/09 of 14 May 2009.
- 9 When calculating the USD equivalent amount in CLP, applicants should use the exchange rate fixed by the Central Bank of Chile on the day before the date of payment.
- 10 This fee is reduced by 25% if the applicant is a natural person, a small or medium enterprise, a public or private university recognized by the National Ministry or a non-profit entity promoting the development of scientific and technological research.
- 11 The amounts are not yet known or, where known, are subject to periodical revision. The Office or the agent should be consulted for the latest applicable schedule of fees.
- 12 This fee is reduced by 70% where the applicant is a natural person.
- 13 The first amount of the transmittal fee is applicable to individuals or entities employing less than 25 persons. The second amount is applicable to entities employing 25 persons or more.
- 14 This fee is not payable in respect of international applications filed by applicants fulfilling the conditions indicated on the PCT website at: <http://www.wipo.int/pct/en/fees>
- 15 The competent International Searching Authority(ies) for an international application filed with the International Bureau as receiving Office is (are) the Authority(ies) which would have been competent if the international application had been filed with the receiving Office of, or acting for, the Contracting State of which the applicant (or any of the applicants) is a resident or national. See also *PCT Applicant's Guide*, Annex C (IB).
- 16 This fee is reduced by two thirds where the application is filed in Japanese by an individual, a small or medium-sized enterprise that has commenced business or been established less than ten years, or a micro enterprise. 1 Extension of European patent possible.

2 May only be designated for a regional patent (the "national route" via the PCT has been closed).

3 Validation of European patent possible for international applications filed on or after 1 March 2015.

4 Validation of European patent possible for international applications filed on or after 1 November 2015.

5 Only international applications filed on or after 19 August 2014 will include the designation of Sao Tome and Principe for an ARIPO patent.

Where a State can be designated for a regional patent, the two-letter code for the regional patent concerned is indicated in parentheses (AP = ARIPO patent, EA = Eurasian patent, EP = European patent, OA = OAPI patent).

Important: This list includes all States that have adhered to the PCT by the date shown in the heading. Any State indicated in **bold italics** has adhered to the PCT but will only become bound by the PCT on the date shown in parentheses; it will not be considered to have been designated in international applications filed before that date.

Note that even though the filing of a request constitutes under PCT Rule 4.9(a) the designation of all Contracting States bound by the PCT on the international filing date, for the grant of every kind of protection available and, where applicable, for the grant of both regional and national patents, applicants should always use the latest version of the e-filing software used to generate the request form, or the latest versions of the request form (PCT/RO/101) and demand form (PCT/IPEA/401) (the latest versions are dated 1 July 2015 and 1 July 2016, respectively). The request and demand forms can be printed from the website, in editable PDF format, at: <http://www.wipo.int/pct/en/forms/>, or obtained from receiving Offices or the International Bureau, or, in the case of the demand form, also from International Preliminary Examining Authorities. Where possible, applicants are encouraged to use ePCT-Filing in order to benefit from the most up-to-date PCT data.
