ANNOUNCEMENT

Merger of WIPO Reviews, *Industrial Property* and *Copyright*

As of January 1, 1995, the monthly reviews of the World Intellectual Property Organization (WIPO), *Industrial Property* and *Copyright*, will be merged into a single monthly review under the title *Industrial Property and Copyright*.

Current subscribers to one or both of the existing two reviews will receive the new merged review provided they send to WIPO by December 31, 1994, the completed subscription form inserted in this issue.

The annual subscription rate for the merged review will be 210 Swiss francs for Europe and outside Europe by surface mail, and 300 Swiss francs outside Europe by airmail. All subscribers will then be receiving the equivalent of two reviews instead of one as from the beginning of 1995.

As far as the legislative texts inserted in the existing reviews are concerned, all subscribers to the merged review will receive both sets of industrial property and copyright and neighboring rights laws. It will no longer be possible to subscribe separately to the legislative texts only; the merged review and the legislative inserts relating to the two fields will only be available as a single subscription.

(i) *where the communication must be presented on an official form, the official form is used for the purposes of the telefacsimile communication, and that*,

(ii) *where the communication <-> consists of the international application <->, the original of the page of the official form bearing the reproduction or reproductions of the mark required under Rule 9(4)(a) is sent to the International Bureau.*

(b) *Where the original referred to in subparagraph (a)(ii) is received by the International Bureau within a period of one month from the day on which the communication by telefacsimile was received, that original shall be deemed to have been received by the International Bureau on the date on which the communication by telefacsimile was received.*

(b) Where, at the time of the communication of the information referred to in subparagraph (a), the dates on which the opposition period begins and ends are known, such dates shall be indicated in the communication. If such dates are, at that time, not yet known, they shall be communicated to the International Bureau once they become known.

(c) Where subparagraph (a) applies and the Office referred to in the said subparagraph has, before the expiry of the 18-month time limit referred to in the same subparagraph, informed the International Bureau of the fact that the time limit for filing oppositions will expire within the *30 days* preceding the expiry of the 18-month time limit and of the possibility that oppositions may be filed during *those 30 days*, a refusal based on an opposition filed during the said *30 days* may be notified to the International Bureau within one month from the date of filing of the opposition.

(2) [Transmittal of the Information] The International Bureau shall transmit the information received under paragraph (1) to the Office of origin, if that Office has informed the International Bureau that it wishes to receive such information, and, at the same time, to the holder.

Rule 17

Notification of Refusal

(1) [Notification of Refusal <->] The notification of any refusal of protection under Article 5 of

the Agreement and Article 5 of the Protocol shall relate to one international registration, shall be dated and shall be signed by the Office making the notification.

(2) [Refusals Not Based on an Opposition] Where the refusal of protection is not based on an opposition, the notification referred to in paragraph (1) shall contain or indicate

- (vi) if the refusal does not affect all the goods and services, those which are affected by the refusal or those which are not affected by the refusal,
- (vii) whether the refusal may be subject to review or appeal and, if so, the time limit, reasonable under the circumstances, for any request for review of, or appeal against, the refusal and the authority to which such request for review or appeal shall lie, with the indication, where applicable, that the request for review or the appeal has to be filed through the intermediary of a representative whose address is within the territory of the Contracting Party whose Office has pronounced the refusal, and
- (viii) the date on which the refusal was pronounced.

(3) [Refusals Based on an Opposition] Where the refusal of protection is based on an opposition or on an opposition and other grounds, the notification referred to in paragraph (1) shall, in addition to complying with the <-> requirements referred to in paragraph (2), contain an indication of that fact and the name and address of the opponent; *however, notwithstanding paragraph (2)(v), the Office communicating the refusal must, where the opposition is based on a mark which has been the subject of an application or registration, indicate the goods and services on which the opposition is based and may, in addition, communicate the complete list of goods and services of that earlier application or registration.*

(4) [Recordal; Review or Appeal] (a) The International Bureau shall record the refusal in the International Register together with the data contained in the notification, with an indication of the date on which the notification of refusal was sent or is regarded under Rule 18(1)(c) as having been sent to the International Bureau.

(b) Where the notification of refusal under paragraphs (2) or (3) indicates that the refusal may be subject to review or appeal, the Office that communicated the refusal

(i) shall, where a request for review or an appeal has been lodged, or where the applicable time limit has expired without a request for review or an appeal having been lodged, and the said Office is aware thereof, inform the International Bureau of that fact *in a way agreed upon between the International Bureau and that Office*;

(ii) shall, where it has informed the International Bureau that a request for review or an appeal has been lodged, notify the International Bureau as soon as possible of the final decision taken on the review or appeal or, where the request for review or the appeal has been withdrawn, inform as soon as possible the International Bureau of that withdrawal;

(5) [Transmittal of Copies of Notifications] The International Bureau shall transmit copies of notifications received under paragraphs (2) to (4) to the Office of origin, if that Office has informed the International Bureau that it wishes to receive such copies, and, at the same time, to the holder.

Rule 18 Irregular Refusals

(1) [Contracting Party Designated Under the Agreement] (a) In the case of a refusal concerning the effect of the international registration in a Contracting Party designated under the Agreement, the notification of refusal shall not be regarded as such by the International Bureau

(i) if it does not indicate the number of the international registration concerned, unless other indications contained in the notification permit the said registration to be identified,

(ii) if it does not indicate any grounds for refusal, or

(iii) if it is sent too late to the International Bureau, that is, if it is sent after the expiry of one year from the date on which the recordal of the international registration or the recordal of the designation made subsequently to the international registration has been effected, it being understood that the said date is the same as the date of sending the notification of the international registration or of the designation made subsequently. In the case of a notification of refusal sent through a postal service, the date of dispatch shall be determined by the postmark. If the postmark is illegible or missing, the International Bureau shall treat such notification as if it was sent 20 days before the date of its receipt by the International Bureau. However, if the date of dispatch thus determined is earlier than the date on which the refusal was pronounced, the International Bureau shall treat such notification as if it had been sent on the latter date. In the case of a notification of refusal sent through a delivery service, the date of dispatch shall be determined by the indication given by such delivery service on the basis of the details of the mailing as recorded by it.

(b) Where subparagraph (a) applies, the International Bureau shall nevertheless transmit a copy of the notification to the holder, shall inform, at the same time, the holder and the Office that sent the notification that the notification of refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

(c) If the notification of refusal

- (i) is not signed on behalf of the Office which communicated the refusal, *or does not comply with the requirements of Rule 2(1)(a)*,
- (ii) does not contain, where applicable, the details of the mark with which the mark that is the subject of the international application appears to be in conflict (Rule 17(2)(v)),
- (iii) does not contain, where the refusal indicates that not all the goods and services are affected, the indication of those goods and services that are affected by the refusal or the indication of those goods and services that are not affected by the refusal (Rule 17(2)(vi)),
- (iv) does not contain, where applicable, the indication of the authority to which a request for review or an appeal lies and the applicable time limit, reasonable under the circumstances, for lodging such a request or appeal (Rule 17(2)(vii)),
- (v) does not contain the indication of the date on which the refusal was pronounced (Rule 17(2)(viii)), *or*
- (vi) does not contain, where applicable, the name and address of the opponent *and the indication of the goods and services on which the opposition is based* (Rule 17(3)),

the International Bureau shall invite the Office which communicated the refusal to rectify its notification within *two months* from the invitation *and shall transmit to the holder copies of the irregular notification of refusal and of the invitation sent to the Office concerned*. If the notification is so rectified, the rectified notification shall be regarded as having been sent to the International Bureau on the date on which the defective notification had been sent to it. The International Bureau shall transmit copies of the rectified notification to the Office of origin, if that Office has informed the International Bureau that it wishes to receive such copies, and to the holder. If the notification is not so rectified, it shall not be regarded as a notification of refusal. In the latter case, the International Bureau <—> shall inform, at the same time, the holder and the Office that sent the notification that the notification of refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

(2) [Contracting Party Designated Under the Protocol] (a) Paragraph (1) shall also apply in the case of a refusal concerning the effect of the international registration in a Contracting Party designated under the Protocol, it being understood that the time limit referred to in paragraph (1)(a)(iii) shall be the time limit applicable under Article 5(2)(a), (b) or (c)(ii) of the Protocol.

(b) Paragraph (1)(a) shall apply to determine whether the time limit before the expiry of which the Office of the Contracting Party concerned must give the International Bureau the information referred to in Article 5(2)(c)(i) of the Protocol has been complied with. If such information is given after the expiry of that time limit, it shall be regarded as not having been given and the International Bureau shall inform the Office concerned accordingly.

(c) Where the notification of refusal is made under Article 5(2)(c)(ii) of the Protocol without the requirements of Article 5(2)(c)(i) of the Protocol having been complied with, it shall not be regarded as a notification of refusal. In such a case, the International Bureau shall nevertheless transmit a copy of the notification to the holder, shall inform, at the same time, the holder and the Office that sent the notification that the notification of refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

Rule 19 **Invalidations in Designated Contracting Parties**

(1) [Content of the Notification of Invalidation] Where the effects of an international registration are invalidated in a designated Contracting Party under Article 5(6) of the Agreement or Article 5(6) of the Protocol and the invalidation is no longer subject to

Such information, if given, shall refer to the main facts concerning such a restriction and shall be given in the language of the international application which resulted in the international registration.

(2) [Partial or Total Removal of Restriction] Where the International Bureau has been informed of a restriction of the holder's right of disposal in accordance with paragraph (1), the Office of the Contracting Party which communicated that information shall also inform the International Bureau of any partial or total removal of that restriction.

(3) [Recordal] The International Bureau shall record the information communicated under paragraphs (1) and (2) in the International Register and shall inform the holder accordingly.

(4) [Licenses] The present Rule shall not apply to licenses.

(iv) where the said facts and decisions affect the international registration only with respect to some of the goods and services, those goods and services which are affected by the facts and decisions or those which are not affected by the facts and decisions.

(b) Where a judicial action referred to in Article 6(4) of the Agreement, or a proceeding referred to in item (i), (ii) or (iii) of Article 6(3) of the Protocol, began before the expiry of the five-year period but has not, before the expiry of that period, resulted in the final decision referred to in Article 6(4) of the Agreement, or in the final decision referred to in the
