----	---------	--------	-------------

## 2.5. Category Kind

Kind of classification used for classifying figurative elements

No	Enumeration Value	Description
1	Vienna	Vienna
2	Domestic	Domestic
3	Undefined	Undefined
*	Union with xs:token	

## 2.6. Citation Kind

Kind of citation

No	Enumeration Value	Description
1	Design	Design
2	Patent	Patent
3	Trade Mark	Trade Mark
4	Other	Other
*	Union with xs:token	

## 2.7. Citation Reference

Other intellectual property items referencing the design

No	Element	Occurs	Description
1	Citation Identifier	0..1	Unambiguous reference to the citation
2	Citation Kind	0..1	Kind of citation
3	Citation Description	0..1	Text description of the citation
4	Citation Document	0..1	Document containing the citation

## 2.8. Class Number

Classification number of the product to which the design it is to be used

No	Element	Occurs	Description
----	---------	--------	-------------

## 2.9. Classification Kind Code

Classification used to classify the products which constitute the design or in relation to which it is to be used

No	Enumeration Value	Description
1	Locarno	Locarno
*	Union with WIPOST3CodeType xs:token	

## 2.10. Class Description

Description of the class to which a product, in relation to which the design is used, belongs.

No	Element	Occurs	Description
1	Class Number	0..1	Classification number of the product to which the design it is to be used
2	Product Description	0..n	Text describing the product which constitute the design or in relation to which it is to be used

## 2.11. Correspondence Address

Correspondence address

No	Element	Occurs	Description
1	Correspondence Address Identifier	0..n	Identifier for correspondence address
2	Correspondence Address Party	0..1	Kind of addressee of the correspondence address
3	Correspondence Address Book	0..1	Name, address and contact information for correspondence

## 2.12. Correspondence Address Key

Key identifying the address for correspondence

No	Element	Occurs	Description
1	Correspondence Address Identifier	1	Identifier for correspondence address
2	Correspondence Address Party	0..1	Kind of addressee of the correspondence address

## 2.13. Correspondence Address Party

Kind of addressee of the correspondence address

No	Enumeration Value	Description
1	Applicant	Applicant
2	Representative	Representative
*	Union with xs:token	

## 2.14. Design

Data regarding the design

No	Element	Occurs	Description
1	Design Identifier	0..1	Identifier of the design
2	Design Reference	0..1	External reference for the design
3	Registration Number	0..1	Registration number of the registration office
4	Registration Date	0..1	Date of registration
5	Design Title	0..1	Design title
6	Design Description	0..1	Textual description of the design
7	Publication Kind Description	0..1	Plain language designation of the kind of published document
8	Novelty Statement	0..1	Statement of novelty for the design
9	Partial Design Indicator	0..1	Indicator for partial design
10	Partial Disclaimer	0..1	Partial disclaimer
11	Publication Deferment Indicator	0..1	Indication of deferment of publication

## HANDBOOK ON INDUSTRIAL PROPERTY INFORMATION AND DOCUMENTATION

page: 3.86.a.16

No	Element	Occurs	Description
12	Deferment Period	0..1	Requested period of deferment of publication
13	Colour Indicator	0..1	Indication whether the colour is an integral part of the design
14	Designer Waiver Indicator	0..1	Indication that the designer has waived the right to be cited
15	Publication In Colour Indicator	0..1	Indication of requesting the publication in colour of the design
16	Immediate Publication Indicator	0..1	Indication of requesting the immediate publication of the design
17	Description Publication Indicator	0..1	Indication requesting the publication of the design's description
18	Design Open To Licensing Indicator	0..1	Indication that the design's applicant shows interest in granting licences so potential licensees are informed of this.
19	Total Specimen	0..1	Total number of specimens of the design
20	Total Representation Sheet	0..1	Total number of representation sheets containing the views representing graphically the design
21	Total Colour View	0..1	Total number of views in colour
22	Total B W View	0..1	Total number of views in black and white
23	Expiry Date	0..1	Expected expiration date of the registration
24	Design Current Status Code	0..1	Code of current status of the design protection
25	Design Current Status Date	0..1	Date of the current status of the design protection
26	Design Specimen Details	0..1	Details of design specimens
27	Design Specimen	1..n	Data regarding an specimen of the design
28	Design Representation Sheet Details	0..1	Details of the design's graphical representation sheets
29	Design Representation Sheet	1..n	Data regarding the representation sheet of the design
30	Indication Product Details	1	Details of the products in which the design is intended to be incorporated
31	Indication Product	1..n	Data describing the nature of the products in which the design is intended to be incorporated
32	Priority Details	0..1	Priority details
33	Priority	1..n	Priority claimed under the Paris Convention
34	Exhibition Priority Details	0..1	Details of priorities claimed based on former exhibitions
35	Exhibition Priority	1..n	Priority claimed based on former exhibitions
36	Related Application Details	0..1	Details on related applications
37	Related Application	1..n	Data on a related application
38	Staff Details	0..1	Details on staff
39	Staff	1..n	Staff in charge of the design application
40	Publication Details	0..1	Publication details
41	Publication	1..n	Data regarding a publication
42	Citation Reference Details	0..1	Details on citation references
43	Citation Reference	1..n	Other intellectual property items referencing the design
44	Applicant Details	1	Details of the applicants
45	Applicant Key	1..n	Key identifying an applicant
46	Applicant	1..n	Applicant or holder details
47	Representative Details	0..1	Details of the representatives
48	Representative Key	1..n	Key identifying a representative
49	Representative	1..n	Data regarding a representative

No	Element	Occurs	Description
50	Designer Details	0..1	Details of the designers
51	Designer Key	1..n	Key identifying the designer
52	Designer	1..n	Data regarding the designer or the team of designers
53	Design Event Details	0..1	Details of events or actions on the design protection
54	Design Event	1..n	Data regarding an event or action on the design
55	Opposition Details	0..1	Opposition details
56	Opposition	1..n	Opposition to the application of a design by the holder of an earlier design

### 2.15. Design Application Current Status Code

Code of current legal status of the design application

No	Enumeration Value	Description
1	Filed	Filed
2	Withdrawn	Withdrawn
3	Rejected	Rejected

### 2.16. Design Application Event

Data regarding an event or action on the design application

No	Element	Occurs	Description
1	Design Application Event Date	1	Date of the event on the design application
2	Design Application Event Date Time	1	Date and time of the event on the design application
3	Design Application Event Code	1	Code of the event or action on the design application
4	Design Application Event Response Date	0..1	Date of the response of the event on the design application
5	Comment	0..1	Free text comment

### 2.17. Design Application Event Code

Code of the event or action on the design application

No	Enumeration Value	Description
1	Filed	Filed
2	Withdrawn	Withdrawn
3	Rejected	Rejected
4	Undefined	Undefined

### 2.18. Design Current Status Code

Code of current status of the design protection

No	Enumeration Value	Description
1	Filed	Filed
2	Withdrawn	Withdrawn
3	Rejected	Rejected

No	Enumeration Value	Description
4	Registered	Registered
5	Cancelled	Cancelled
6	Expired	Expired
7	Undefined	Undefined

### 2.19. Design Event

Data regarding an event or action on the design

No	Element	Occurs	Description
1	Design Event Date	1	Date of the event on the design
2	Design Event Date Time	1	>Date and time of the event on the design
3	Design Event Code	1	Code of the event or action on the design
4	Design Event Response Date	0..1	Date of response of the design event
5	Comment	0..1	Free text comment

### 2.20. Design Event Code

Code of the event or action on the design

No	Enumeration Value	Description
1	Withdrawn	Withdrawn
2	Registered	Registered
3	Expired	Expired
4	Undefined	Undefined

### 2.21. Design Representation Sheet

Data regarding the representation sheet of the design

No	Element	Occurs	Description
1	Representation Sheet Filename	0..1	File name of the representation sheet
2	Representation Sheet File Format	0..1	File name extension
3	Representation Sheet Colour Indicator	0..1	Indication that the representation is in colour
4	View Details	0..1	Details of design views
5	View	1..n	Data regarding a view of the design

### 2.22. Design Specimen

Data regarding an specimen of the design

No	Element	Occurs	Description
1	Specimen Identifier	1	Identifier for specimen
2	Specimen Kind	0..1	Kind of specimen
3	Specimen Description	0..1	Text describing the specimen
4	Specimen Filename	0..1	Specimen file name
5	Specimen File Format	0..1	File name extension

No	Element	Occurs	Description
6	Specimen Colour Indicator	0..1	Indicator whether the specimen is in colour
7	Comment	0..1	Free text comment

### 2.23. Design Specimen Kind

Kind of specimen

No	Enumeration Value	Description
1	Object	Object
2	Model	Model
3	Sample	Sample

### 2.24. Designated Country

Designated country for international designs

No	Element	Occurs	Description
1	Designated Country Code	1	Designated ST3 country code for international designs
2	Designated Under Code	0..1	Code of Agreement under which the international design is requested/registered

### 2.25. Designated Under Code

Code of Agreement under which the international design is requested/registered

No	Enumeration Value	Description
1	Hague Agreement - 1999 Act	Hague Agreement - 1999 Act
2	Hague Agreement - 1960 Act	Hague Agreement - 1960 Act
3	Hague Agreement - 1934 Act	Hague Agreement - 1934 Act

### 2.26. Document

Information concerning a document attached to a request

No	Element	Occurs	Description
1	Document Name	0..1	Document name or title
2	Document Filename	0..1	Document file name
3	Document File Format	0..1	Document file name extension
4	Document Date	0..1	Date of creation of the document
5	Document Language Code	0..1	Code for language used in the document
6	Document Media	0..1	Code for document media (electronic, paper, inside, outside, etc)
7	Document Location	0..1	Reference to the location of the document
8	Document Version	0..1	Document version
9	Document Size In Byte	0..1	Document size in bytes
10	Comment	0..1	Free text comment
11	Document Binary	0..1	Embedded document in binary base64 format

## HANDBOOK ON INDUSTRIAL PROPERTY INFORMATION AND DOCUMENTATION

page: 3.86.a.20

### 2.27. Document Media

Code for document media (electronic, paper, inside, outside, etc)

No	Enumeration Value	Description
1	Paper	Paper
2	Fax	Fax
3	File	File
4	Other	Other
*	Union with xs:token	

### 2.28. Exhibition Priority

Priority claimed based on former exhibitions

No	Element	Occurs	Description
1	Exhibition Country Code	0..1	Code of the country where the exhibition has taken place
2	Exhibition City Name	0..1	The city where the exhibition has taken place
3	Exhibition Name	0..1	The name of the exhibition
4	Exhibition Date	1	The opening date of the exhibition
5	Exhibition First Display Date	0..1	Date of the first display date in case this is after the exhibition opening date
6	Exhibition Status Code	0..1	Status of the exhibition priority claim
7	Exhibition Status Date	0..1	Date of status of the exhibition priority claim
8	Comment	0..1	Free text comment
9	Exhibition Document	0..n	Accompanying document with the priority exhibition claim

### 2.29. Exhibition Status Code

Status of the exhibition priority claim

No	Enumeration Value	Description
1	Claimed	Claimed
2	Accepted	Accepted
3	Refused	Refused
*	Union with xs:token	

### 2.30. Extended ISO Country Code

Union of current ISO 3166:1 country codes and ISO former country codes.

No	Element	Occurs	Description
----	---------	--------	-------------

### 2.31. Extended ISO Language Code

ISO 639-1:2002 language code extended with the value "Undefined"

No	Enumeration Value	Description
1	Undefined	Undefined
*	Union with ISOLanguageCodeType	

### 2.32. Extended WIPO ST3 Code

Union of current WIPO ST3 Codes and WIPO former ST3 Codes.

No	Element	Occurs	Description
----	---------	--------	-------------

### 2.33. File Format

File name extension

No	Enumeration Value	Description
1	JPEG	JPEG
2	TIFF	TIFF
3	PNG	PNG
4	GIF	GIF
5	Other	Other
*	Union with xs:token	

### 2.34. Identifier

Unambiguous reference

No	Element	Occurs	Description
1	Identifier Kind Code (attribute)	1	Indication of the Office or organization assigning the identifier

### 2.35. Indication Product

Data describing the nature of the products in which the design is intended to be incorporated

No	Element	Occurs	Description
1	Classification Kind Code	0..1	Classification used to classify the products which constitute the design or in relation to which it is to be used
2	Classification Version	0..1	Version of Classification used to classify the products
3	Indication Product Description	0..1	Text description of the product
4	Comment	0..1	Free text comment
5	Class Description Details	1	List of class descriptions to which a product belongs
6	Class Description	1..n	Description of the class to which a product, in relation to which the design is used, belongs.

### 2.36. ISO Former Country Code

No longer existing ISO country codes kept for backwards compatibility

No	Enumeration Value	Description
1	YU	Yugoslavia, Serbia and Montenegro

### 2.37. Key

Key identifying an item

No	Element	Occurs	Description
1	Identifier	0..n	Unambiguous reference

### 2.38. Locarno Class Number

Data regarding the Locarno classification of the products to which the design is intended to be incorporated

No	Element	Occurs	Description
----	---------	--------	-------------

### 2.39. Operation Code

Type of operation code

No	Enumeration Value	Description
1	Insert	Insert
2	Update	Update
3	Delete	Delete
*	Union with xs:token	

### 2.40. Period

Time period indicating the kind of unit period

No	Element	Occurs	Description
1	Period Code (attribute)	1	Unit of time for period value

### 2.41. Period Code

Unit of time for the period value

No	Enumeration Value	Description
1	InYear	InYear
2	InMonth	InMonth
3	InWeek	InWeek
4	InDay	InDay
*	Union with xs:token	

### 2.42. Priority

Priority claimed under the Paris Convention

No	Element	Occurs	Description
1	Priority Country Code	1	Country or territory of filing the application for which priority is claimed
2	Priority Number	1	The filing number of the application for which priority is claimed
3	Priority Date	0..1	The filing date of the application for which priority is claimed
4	Priority Holder Name	0..1	Name of the holder of the application for which priority is claimed
5	Priority Status Code	0..1	Status of the priority claim
6	Priority Status Date	0..1	Date of status of the priority claim
7	Comment	0..1	Free text comment
8	Priority Document	0..n	Accompanying document with the priority claim

page: 3.86.a.23

### 2.43. Priority Status Code

Status of the priority claim

No	Enumeration Value	Description
1	Claimed	Claimed
2	Abandoned	Abandoned
3	Accepted	Accepted
4	Partially Refused	Partially Refused
5	Refused	Refused
6	Undefined	Undefined
*	Union with xs:token	

### 2.44. Publication

Data regarding a publication

No	Element	Occurs	Description
1	Publication Identifier	1	Identification or number of the publication
2	Publication Section	0..1	Section of / reason for publication
3	Publication Subsection	0..1	Subsection or reason for publication
4	Publication Date	0..1	Date of publication
5	Publication Page	0..1	Page number in the publication where the data concerning the design appears

### 2.45. Publication Section

Section of / reason for publication

No	Enumeration Value	Description
1	Applications	Applications
2	Amendments to applications	Amendments to applications
3	Correction of errors on applications	Correction of errors on applications
4	Withdrawals	Withdrawals
5	Limitations	Limitations
6	Total refusals	Total refusals
7	Partial refusals	Partial refusals
8	Registrations with no amendments	Registrations with no amendments
9	Registrations with amendments	Registrations with amendments
10	Correction of errors on registrations	Correction of errors on registrations
11	Total transfers	Total transfers
12	Partial transfers	Partial transfers
13	Change of name and address of proprietor	Change of name and address of proprietor
14	Change of name and professional address of representative	Change of name and professional address of representative
15	Replacement of representative	Replacement of representative
16	Appointment of a new representative	Appointment of a new representative

No	Enumeration Value	Description
17	Deletion of the representative	Deletion of the representative
18	Total surrender of designs	Total surrender of designs
19	Partial surrender of designs	Partial surrender of designs
*	Union with xs:token	

### 2.46. Publication Subsection

Subsection or reason for publication

No	Element	Occurs	Description
----	---------	--------	-------------

### 2.47. Related Application

Data on a related application

No	Element	Occurs	Description
1	Related Application Number	0..1	Related application number
2	Related Application Date	0..1	Application date of the related application
3	Related Application Reference	0..1	Reference to the related application
4	Related Application Registration Number	0..1	Registration number of the related application
5	Related Application Kind	0..1	Kind of related application

### 2.48. Related Application Kind

Kind of related application

No	Enumeration Value	Description
1	Division	Division
2	Related Design	Related Design
3	Design Application Based on Patent or Utility Model	Design Application Based on Patent or Utility Model
4	New Application for Amended Design	New Application for Amended Design
*	Union with xs:token	

### 2.49. Request Examination

Details on the examination request as part of the application

No	Element	Occurs	Description
1	Request Examination Authority	0..1	International Examination Authority
2	Request Examination Kind Code	1	Code for kind of examination requested

### 2.50. Request Examination Kind Code

Code for kind of examination requested

No	Enumeration Value	Description
1	Normal	Normal
2	Accelerated	Accelerated
3	Undefined	Undefined
*	Union with xs:token	

### 2.51. Text

Text enriched with information about the used language and the position number in a sequence of text elements

No	Element	Occurs	Description
1	Language Code (attribute)	1	Code of the language in which the text is written
2	Sequence Number (attribute)	1	Position of the text in a sequence of text elements

### 2.52. Unit

Measurement unit

No	Enumeration Value	Description
1	Centimetre	Centimetre
2	Inch	Inch
3	Pixel	Pixel

### 2.53. Version

Data regarding content management versioning

No	Element	Occurs	Description
1	Version Number	0..1	Version number
2	Version Date	1	Version Date
3	Version Date Time	1	Date and time of the version
4	Comment	0..1	Free text comment

### 2.54. View

Data regarding a view of the design

No	Element	Occurs	Description
1	View Filename	1	View file name
2	View File Format	0..1	File name extension
3	View Title	0..1	Title of the view
4	View Colour Indicator	0..1	Indication that colour is an integral part of the design view
5	View Kind	0..1	Kind of view such as image, drawing or photograph
6	View Representation Size	0..1	Size of the view's representation
7	View Category	0..1	List of figurative elements to which the design view belongs
8	View Binary	0..1	Embedded view file in binary base64 format

### 2.55. View Category

List of figurative elements to which the design view belongs

No	Element	Occurs	Description
1	Category Kind	0..1	Kind of classification used for classifying figurative elements
2	Category Version	0..1	Version of classification of figurative elements used
3	Category Code Details	1	Details of the classification codes of figurative elements
4	Category Code	1..n	Code of classification of figurative elements

### 2.56. View Kind

Kind of view such as image, drawing or photograph

No	Enumeration Value	Description
1	Image	Image
2	Drawing	Drawing
3	Photograph	Photograph
*	Union with xs:token	

### 2.57. View Representation Size

Size of the view's representation

No	Element	Occurs	Description
1	Height	0..1	Image height of the representation
2	Width	0..1	Image width of the representation
3	Unit	0..1	Measurement unit

### 2.58. WIPO Former ST3 Code

No longer existing WIPO ST.3 codes kept for backwards compatibility

No	Enumeration Value	Description
1	CS	Czechoslovakia
2	DL	German Democratic Republic
3	DD	German Democratic Republic
4	SU	Soviet Union
5	YD	Democratic Yemen
6	YU	Yugoslavia, Serbia and Montenegro

### 3. PARTIES

#### 3.1. Address

Address details

No	Element	Occurs	Description
1	Address Country Code	0..1	Address ISO country code
2	Free Format Address	1	Address in free format
3	Free Format Address Line	1..n	Address line in free format
4	Formatted Address	1	Address in specified format
5	Address Line	0..n	Address line
6	Address Mail Code	0..1	Organizational mail code
7	Address Post Office Box	0..1	Post Office Box number
8	Address Room	0..1	Address room
9	Address Floor	0..1	Address floor
10	Address Building	0..1	Building information in address
11	Address Street	0..1	Street
12	Address City	0..1	City or town name
13	Address County	0..1	County, parish, department, etc.
14	Address State	0..1	Region of country e.g. state, province, etc.
15	Address Postcode	0..1	Postal code or zip code
16	Formatted Address Country Code	0..1	Country code of a formatted address

#### 3.2. Address Book

Name, address and contact information for individuals /organizations

No	Element	Occurs	Description
1	Address Language Code	0..1	Language used for the address
2	Free Format Address Details	1	Details of an address in free format
3	Free Format Name Address Line	1..n	Name or address line in free format
4	Formatted Name Address	1	Name and address in specified format
5	Contact Information Details	0..1	Contact information other than name and address
6	Phone	0..n	Phone number with additional information about the kind of phone
7	Fax	0..n	Fax number
8	Email	0..n	Email address
9	U R L	0..n	Universal Resource Locator
10	Other Electronic Address	0..n	Electronic address used for other than email
11	Postal Address	0..1	Postal address as put on the envelope when sending correspondence by post

### 3.3. Applicant

Applicant or holder details

No	Element	Occurs	Description
1	Operation Code (attribute)	1	Code indicating the kind of data manipulation operation performed on the data element
2	Applicant Identifier	0..n	Identifier for applicant
3	Applicant Sequence Number	0..1	Position of the applicant in the list of applicants
4	Applicant Nationality Code	0..1	Code indicating the nationality of an applicant
5	Applicant Legal Entity	0..1	Legal entity of the applicant
6	Applicant Incorporation Country Code	0..1	Code of incorporation country
7	Applicant Incorporation State	0..1	Incorporation state of the applicant
8	Comment	0..1	Free text comment
9	Applicant Address Book	0..1	Applicant's address book
10	Applicant Entitlement	0..1	Information on the nationality, establishment, or domicile of applicants, transferees, or holders
11	Applicant Contracting Party	0..1	ST3 country code selected among the applicant's entitlement country codes. It may be necessary for some agreements such as the Hague agreement, 1999 Act, for the international registration of industrial designs
12	Applicant Version	0..1	Data regarding content management versioning on applicants

### 3.4. Claimant

Individual/Organization that claims a design record (transfer, licence, change of name or address, etc.)

No	Element	Occurs	Description
1	Operation Code (attribute)	1	Code indicating the kind of data manipulation operation performed on the data element
2	Claimant Identifier	0..n	Identifier for claimant
3	Claimant Sequence Number	0..1	Position of the claimant in the list of claimants of a design record
4	Claimant Nationality Code	0..1	Code indicating the nationality of the claimant
5	Claimant Legal Entity	0..1	Legal entity of the claimant
6	Claimant Incorporation Country Code	0..1	Code of incorporation country of the claimant
7	Claimant Incorporation State	0..1	Incorporation state of the claimant
8	Comment	0..1	Free text comment
9	Claimant Address Book	0..1	Address book specific for claimants of a design record
10	Claimant Entitlement	0..1	Information on the nationality, establishment, or domicile of claimants of a design record

### 3.5. Designer

Data regarding the designer or the team of designers

No	Element	Occurs	Description
1	Operation Code (attribute)	1	Code indicating the kind of data manipulation operation performed on the data element
2	Designer Identifier	0..n	Identifier for the designer

## HANDBOOK ON INDUSTRIAL PROPERTY INFORMATION AND DOCUMENTATION
