ELECTRONIC REPRESENTATIONS OF DESIGNS

Response ID:27; pspu Data

1. Country Code page

1. Please enter the two-letter country code corresponding to your Office or Organization.

SE

2. Questions page

2. Figures on type of filing and representation

	2015	2016	2017	Total
Paper filing	536	348	185	1069
Electronic filing	11	120	185	316

3. Figures on type of representation:

	2015	2016	2017	Total
2D views	No statsitics available			
3D models	No statistics available			
Video	0	0	0	0
Specimen	8	10	1?	19
Hologram	0	0	0	0

4. 2D image representations and limitations

	Acceptable?	Minimum size (width x height in pixel)	Maximum size (width x height in pixel)	Indicate any other limitations or requirements
JPEG	yes			3 MB
TIFF	no			
PNG	yes			3 MB
GIF	yes			3 MB
PDF	no			
SVG	no			
Other (specify)	no			

5. 3D model representation and limitations

	Acceptable?	Indicate any limitations or requirements
3D PDF	no	
3DS	no	
DWG	no	
DWF	no	
IGES	no	
STL	no	
X3D	no	
OBJ	no	
Other(specify)	no	

6. Video representation and limitations

	Acceptable?	Indicate any limitations or requirements
MP4	no	
Other(specify)	no	

7. File limitations

Accept images in color
Accept images in grayscale
Accept images in black/white
Accept photographic images
The maximum number of characters in an electronic file name is limited. (If yes, how many characters?):: 25
The maximum size of an electronic file in MB:: we are unsure, probably 60 MB
The maximum size of the sum of all electronic files for one design in MB:: we are unsure, probably 3000 MB
The maximum number of electronic files per design:: 20
Allow one electronic file to represent more than one view.
Allow one view to be split into more than one electronic file.

8. Paper format

Allow more than one view on each page.
Maximum paper size (specify width x height in cm): 21 x 29,7
Allow a view to be split into more than one page.

9. Capture of representation in paper and/or specimen

The output image is always in color.
How many years is the original paper/specimen kept for an authentic record?: Forever
No view image capture from specimen
Resolution in DPI of capture (specify): 600
The output file format (e.g., JPEG, TIFF) is:: PDF
The output image has the same legal authenticity as the original paper/specimen.

10. Capture 2D views from 3D-model or video

Not applicable

11. Capture of hologram

Summary of the requirements and process for capture: The applicant will be required to submitt a graphic representation of the hologram.

12. Image transformation

White-space trimming (please specify the conditions): We remove as much white space as possible.
Scaling and resizing (please specify the conditions): 2000 x 2800 pixels
File format conversions: to JPEG

13. Does your Office/Organization have the same requirement for design representations from applicants and non-applicants?

No, there are no specific requirements for non-applicants

14. Publication type

On-line publication for web browser access
Paper publication

15. 2D and 3D representation and limitations

Only publish 2D view images
All 2D design representations are published in a single format (e.g., PDF) (specify): PDF
The published design representations may differ from what have has been filed by the applicant in file format (e.g., from JPEG to PDF).
The published design representations may differ from what have been filed by the applicant in image size by pixels.
Publish 2D image in PDF
The maximum number of characters in an electronic file name is limited. (if yes, how many characters?):: 25
The maximum size of an electronic file in MB:: 3
The maximum size of the sum of all electronic files for one design in MB:: 60
The maximum number of electronic files per design:: 20
Allow one electronic file to represent more than one view.
Allow one view to be split into more than one electronic file.

16. Please tick or specify the ways by which your Office/Organization displays design representations for examination or administration purposes.

Electronic display

17. Please tick or specify the requirements by which your Office/Organization displays the design representations electronically.

2D design representations are converted into a single raster format (e.g., JPEG) for displaying (specify): PDF
The displayed design representations may differ from what have been filed by the applicant in file format (e.g., from JPEG to PNG).
The displayed design representations may differ from what have been filed by the applicant in image size by pixels.
Maximum 2D image size (specify width x height in pixel): 2000 x 2800
The maximum size of an electronic file in MB:: 3
The maximum size of the sum of all electronic files for one design in MB:: 60
The maximum number of electronic files per design:: 20
Allow one electronic file to represent more than one view.
Allow one view to be represented in more than one electronic file.
The displayed design representations may differ from what have been filed by the applicant in quality (e.g., color to B/W conversion).
Minimum 2D image size (specify width x height in pixel): N/A
The minimum display bit depth is:: Not known
The maximum display bit depth is:: Not known
Maximum display resolution in PPI is:: Not known

18. Does your Office/Organization have the same requirement for displaying the images in the publication and in the document evidencing the recording of the design rights?

No (please specify the difference in requirements): Priority documents has the intial graphic representations/views which can be altered during the examination process (i.e. images can be excluded, or changed), so that the certificate of registration may have slightly different views.

19. Please tick or specify the ways by which your Office/Organization searches the design representations.

Others (specify): We can ónly search using product indication and Locarno class.

20. Please tick or specify the metadata used in your Office/Organization's image search system.

21. What types of views does your Office allow as part of a design application submission?

Aspect views
Views magnifying part of the design
Alternate positions
Exploded views
Fully assembled view
Sequence of snapshots
Graphical symbols for conventional elements
Straight-line surface shading and stippling
Comments: Sweden is in the process of implementing CP6

22. What types of visual disclaimers does your Office allow as part of a design application submission?

Broken lines
Blurring
Boundaries
Comments: Sweden is in the process of implementing CP6

23. Does your Office provide a special provision for representing a part of a product?

No special provision applies
Comments:

24. Does your Office require an exemplary image to be selected?

Not required but selected by the Office, and:
      by selecting the most representative image in the application
         images are required in a special order
Comments: SPO has a special order of publication of the views/images.

25. What is the minimum number of views your Office requires in a design application?

1

26. What is the maximum number of views your Office allows in a design application?

27. Does your office have any legislative requirements that prevents you from allowing any of the above types of representations in Part 7?

Yes
Comments: Sweden is in the process of implementing CP6
