NEW VERSION OF ROMARIN SOON AVAILABLE

We are pleased to announce that a new version of ROMARIN either on DVD-ROM, or on-line (via Internet), will be available from November 2004 and included on disk no. 10/2004.

The on-line version will be updated daily and the DVD-ROM version will be updated every four weeks.

To promote the on-line version, all subscribers for 2004 will automatically receive, by post, a user name and password for accessing the on-line database free of charge, until the end of their 2004 subscription. The DVD-ROMs will be sent to users as usual.

From 2005, subscriptions will be available for renewal either for the on-line version, or for the DVD-ROM version (this version also includes access to the on-line version).

The cost of subscription for this new version is still to be confirmed, but the price of the on-line version will be lower than the DVD-ROM version.

This notice, as well as other information on the new version of ROMARIN, including the date when the new version will be released, subscription costs, etc. will be available on our following Internet site: <http://www.wipo.int/madrid/en/romarin/index.htm>. Please visit this page regularly to stay informed of future developments.
