Types of protection available via the PCT: National: Patents  
European: Patents

Provisions of the law of the former Yugoslav Republic of Macedonia concerning international-type search: None

Provisional protection after international publication: Where the designation is made for the purposes of a European patent:  
A published European patent application provisionally confers the protection conferred by Articles 17(3), 17(4), 121(2), 291 and 294 of the Industrial Property Act (rights to recover damages for infringement and prohibit infringing acts) as from the date on which a translation of the claims of the published European patent application into Macedonian has been communicated by the applicant to the person using the invention in Macedonia.

**Information of interest if the former Yugoslav Republic of Macedonia is designated (or elected)**

**For national protection**

Time when the name and address of the inventor must be given if the former Yugoslav Republic of Macedonia is designated (or elected): Must be in the request. If the data concerning the inventor are missing at the expiration of the time limit under PCT Article 22 or 39(1), the Office will invite the applicant to comply with the requirement within a time limit fixed in the invitation.

Are there special provisions concerning the deposit of microorganisms and other biological material? Yes (see Annex L)

**For a European patent — See European Patent Organisation (EP) in Annex B2**
