THE PROCEDURE IN THE NATIONAL PHASE

SK.01 TRANSLATION (CORRECTION). Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003). If the translation furnished to the Office contains only the description, the Office will invite the applicant to furnish the missing parts and will excuse the late furnishing, provided that the scope of the disclosure contained in the translation furnished to the Office is not broadened thereby.

SK.02 FEES (MANNER OF PAYMENT). The manner of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex SK.I.

PL Art. 79(1)

SK.03 POWER OF ATTORNEY. An agent must be appointed by filing a power of attorney. A model is given in Annex SK.II.

PL Art. 79(8)

SK.04 ANNUAL FEES. The fees for maintaining the patent in force are due for each year of the validity of the patent (see Annex SK.I). For the 3rd year of validity they are due within 3 months from the anniversary date of the granted patent; each subsequent year of validity of the patent, the fees are due prior to the expiration of the preceding year of validity. If payment is not made within this time limit, it can still be made within six months from the due date, with a 100% surcharge.

PL Art. 43(1)

SK.05 REQUEST FOR EXAMINATION. A patent will be granted only after examination as to patentability which may be requested by the applicant or by a third party. There is no special form for the request.

PL Art. 43(2)

SK.06 TIME LIMIT FOR REQUESTING EXAMINATION. Examination must be requested within 36 months from the international filing date.

PCT Art. 28

SK.07 AMENDMENT OF THE APPLICATION; TIME LIMITS. The applicant may make amendments to the description, claims and drawings, until the decision granting the patent becomes definitive, provided that the subject matter of the amended application does not exceed the scope of the application as originally filed.

PCT Art. 25

PCT Rule 51

SK.08 REVIEW UNDER ARTICLE 25 OF THE PCT. The applicable procedure is outlined in paragraphs 6.018 to 6.021 of the National Phase. If, upon review under PCT Article 25, the Office denies an error or omission on the part of the receiving Office or the International Bureau, a request for rejudgment of that decision may be filed within 30 days from the date of the notification of this decision.

PCT Art. 24(2)

SK.09 EXCUSE OF DELAYS IN MEETING TIME LIMITS. Reference is made to paragraphs 6.022 to 6.027 of the National Phase. Time limits fixed by the Office for a certain action may be extended upon request. This request must be accompanied by a special fee for extension of time limits (see Annex SK.I).

PL Art. 51(1)

SK.10 FURTHER PROCESSING. If a party to the proceedings before the Office has failed to comply with the time limit set by the Office for performing an act, he is entitled to ask the Office for further processing and, at the same time, perform the omitted act within two months from the receipt of the Office’s decision issued as a consequence of failure to comply with the time limit. The request must be accompanied by a special fee.

PL Art. 51(2)

SK.11 RESTITUTIO IN INTEGRUM. If, in spite of all due care required by the circumstances having been taken, a party to the proceedings before the Office has failed to comply with the statutory time limit or the time limit set by the Office for performing an act, where a consequence of non-performance of the act is the suspension of the proceedings or another right is lost, he is entitled to ask the Office for restitutio in integrum and at the same time perform the omitted act within two months from the removal of the cause for which he
could not perform the act but no later than 12 months from the expiry of the non-complied time limit. The request must be accompanied by a special fee. The party to the proceedings shall justify the request and state particularly the facts which had prevented the performance of the act. Statements submitted after the expiry of any of the time limits set shall not be taken into consideration by the Office when making a decision about the request.

SK.12  **UTILITY MODEL.** If the applicant wishes to obtain utility model registration in the Slovak Republic on the basis of an international application

(i) instead of a patent or

(ii) in addition to a patent,

subject to what is said in paragraph 16, the applicant, when performing the acts referred to in Article 22 or 39, shall so indicate to the Office.

SK.13  If the international application is for a utility model instead of a patent (see the case referred to in paragraph SK.12), the requirements are basically the same as for patents except that the applicant is not required:

(i) to furnish the translation of the abstract,

(ii) to make a request for examination and

(iii) to pay extension fees.

Instead of annual fees, extension fees are due for utility models. The due date and amounts are indicated in Annex SK.I. By payment of extension fees the term of protection may be extended twice, for a period of three years.

SK.14  If the international application is for both a utility model and a patent (see the case referred to in paragraph SK.12(ii), the applicant must, within the time limit applicable for the entry into the national phase, comply with the following requirements:

(i) pay two filing fees for both the patent and the utility model,

(ii) furnish the translation of the documents into the Slovak language,

(iii) furnish the translation of international application in three copies for the patent and in two copies for the utility model,

(iv) file the power of attorney in duplicate.

The requirements (i), (iii) and (iv) may still be complied with within a time limit fixed in an invitation by the Office, if not already complied with within the time limit applicable for the entry into the national phase.

SK.15  Where, in either of the cases referred to in paragraph SK.12, the international application does not contain drawings, the Office will invite the applicant to furnish drawings within a time limit fixed in the invitation.

SK.16  A utility model application concerning the subject matter of an earlier national or international patent application for a national patent for the Slovak Republic may claim the filing date of that earlier patent application provided the utility model application is filed not later than the expiration of two months from the date on which the final decision on the patent application is taken or, if no such decision has been taken, before the end of the tenth year from the date of filing of the patent application. Any priority which is claimed in the earlier patent application will also apply to the subsequent utility model application.
