

PROJECT LC014, Annex 1

LOCARNO CLASSIFICATION, 14TH EDITION – LOC(14)
Entry into force: January 1, 2023

(1)

The Excel document “List of Goods (E/F)” contains two worksheets:

The first worksheet (LOC14-2023 Goods) shows the List of Goods of the 14th edition, in English and French.

The second worksheet (LOC13&14 Goods, with Changes) shows the Lists of Goods of the 13th and the 14th editions, in English and French. Changes to the 13th edition are indicated in the columns “Action EN” for the English text and “Action FR” for the French text, as follows:

- Wherever there is a change in any of the entries belonging to an existing ID number, either in English or in French, the entries that were modified in their wording or spelling are indicated as “Change”, those that were deleted as “Delete” and those that were added as “Add”.
- “Delete (whole)” means that all the entries belonging to an ID number have been deleted, i.e. the ID number no longer exists.
- “New” refers to a new indication with a new ID number.
- “Transferred to” and the class and subclass number to the right (column G) means that the indication has been transferred to that class-subclass number. When the wording of the transferred indication has been changed, the action is “Changed and Transferred to” and the modified indication appears in the new class-subclass.
- “Transferred from” and the class and subclass number to the right (column G) means that the indication has been transferred from that class-subclass number. When the wording of the transferred indication has been modified, the action is “Changed and Transferred from”.

By selecting “X” in Column D all the changes to the 13th edition as decided by the Committee of Experts can be filtered.

(2)

The Word document “List of Classes and Subclasses with Explanatory Notes (E)” contains the List of Classes and the List of Classes and Subclasses with Explanatory Notes, in English. Modifications to the 13th edition are in track changes.
