## GUIDANCE FOR THE USER

This volume contains the List of Goods and Services of the Nice Classification in Class order, i.e. for each class the goods or services, as appropriate, are listed in alphabetical order.

Each page is printed in two columns each giving:

- (a) the serial numbers of the indications of goods or services in English;
- (b) the indications of goods or services in English;
- (c) the serial numbers of the corresponding indications of goods or services in French.

The asterisk added to certain indications of goods or services in the second column means that the term is a general one which will also be found in other classes, depending on the way in which it is qualified. In that case the Alphabetical List of Goods and Services should be consulted.

This publication and the corresponding French edition (No. 500.2(F)), may be ordered from the World Intellectual Property Organization (WIPO), 34, chemin des Colombettes, 1211 Geneva 20 (Switzerland), at 75 Swiss francs each (1983 price).

The List of Classes accompanied by the Explanatory Notes together with the List of Goods and Services in alphabetical order is published in a separate volume (PART I) (No. 500.1(E) (English edition) or No. 500.1(F) (French edition)) and can be ordered at the above-mentioned address at 90 Swiss francs each (1983 price).

## LIST OF CLASSES OF GOODS AND SERVICES

### Goods

Class 1. Chemicals used in industry, science and photography, as well as in agriculture, horticulture and forestry; unprocessed artificial resins, unprocessed plastics; manures; fire extinguishing compositions; tempering and soldering preparations; chemical substances for preserving foodstuffs; tanning substances; adhesives used in industry.

Class 2. Paints, varnishes, lacquers; preservatives against rust and against deterioration of wood; colourants; mordants; raw natural resins; metals in foil and powder form for painters, decorators, printers and arts.

Class 3. Bleaching preparations and other substances for laundry use; cleaning, polishing, scouring and abrasive preparations; soaps; perfumery, essential oils, cosmetics, hair lotions; dentifrices.

Class 4. Industrial oils and greases; lubricants; dust absorbing, wetting and binding compositions; fuels (including motor spirit) and illuminants; candles, wicks.

Class 5. Pharmaceutical, veterinary and sanitary preparations; dietetic substances adapted for medical use, food for babies; plasters, materials for dressings; material for stopping teeth, dental wax; disinfectants; preparations for destroying vermin; fungicides, herbicides.

Class 6. Common metals and their alloys; metal building materials; transportable buildings of metal; materials of metal for railway tracks; non-electric cables and wires of common metal; ironmongery, small items of metal hardware; pipes and tubes of metal; safes; goods of common metal not included in other classes; ores.

Class 7. Machines and machine tools; motors (except for land vehicles); machine coupling and belting (except for land vehicles); agricultural implements; incubators for eggs.

Class 8. Hand tools and implements (hand operated); cutlery, forks and spoons; side arms; razors.

Class 9. Scientific, nautical, surveying, electric, photographic, cinematographic, optical, weighing, measuring, signalling, checking (supervision), life-saving and teaching apparatus and instruments; apparatus for recording, transmission or reproduction of sound or images; magnetic data carriers, recording discs; automatic vending machines and mechanisms for coin-operated apparatus; cash registers, calculating machines and data processing equipment; fire-extinguishing apparatus.

Class 10. Surgical, medical, dental and veterinary apparatus and instruments, artificial limbs, eyes and teeth; orthopedic articles; suture materials.

Class 11. Apparatus for lighting, heating, steam generating, cooking, refrigerating, drying, ventilating, water supply and sanitary purposes.

Class 12. Vehicles; apparatus for locomotion by land, air or water.

Class 13. Firearms; ammunition and projectiles; explosives; fireworks.

Class 14. Precious metals and their alloys and goods in precious metals or coated therewith, not included in other classes; jewellery, precious stones; horological and chronometric instruments.

Class 15. Musical instruments.

Class 16. Paper, cardboard and goods made from these materials, not included in other classes; printed matter; bookbinding material; photographs; stationery; adhesives for stationery or household purposes; artists' materials; paint brushes; typewriters and office requisites (except furniture); instructional and teaching material (except apparatus); plastic materials for packaging (not included in other classes); playing cards; printers' type; printing blocks.

Class 17. Rubber, gutta-percha, gum, asbestos, mica and goods made from these materials and not included in other classes; plastics in extruded form for use in manufacture; packing, stopping and insulating materials; flexible pipes, not of metal.

Class 18. Leather and imitations of leather, and goods made of these materials and not included in other classes; animal skins, hides; trunks and travelling bags; umbrellas, parasols and walking sticks; whips, harness and saddlery.

Class 19. Building materials (non-metallic); non-metallic rigid pipes for building; asphalt, pitch and bitumen; non-metallic transportable buildings; monuments, not of metal.

Class 20. Furniture, mirrors, picture frames; goods (not included in other classes) of wood, cork, reed, cane, wicker, horn, bone, ivory, whalebone, shell, amber, mother-of-pearl, meerschaum and substitutes for all these materials, or of plastics.

Class 21. Household or kitchen utensils and containers (not of precious metal or coated therewith); combs and sponges; brushes (except paint brushes); brush-making materials; articles for cleaning purposes; steelwool; unworked or semi-worked glass (except glass used in building); glassware, porcelain and earthenware not included in other classes.

Class 22. Ropes, string, nets, tents, awnings, tarpaulins, sails, sacks and bags (not included in other classes); padding and stuffing materials (except of rubber or plastics); raw fibrous textile materials.

Class 23. Yarns and threads, for textile use.

Class 24. Textiles and textile goods, not included in other classes; bed and table covers.

Class 25. Clothing, footwear, headgear.

Class 26. Lace and embroidery, ribbons and braid; buttons, hooks and eyes, pins and needles; artificial flowers.

Class 27. Carpets, rugs, mats and matting, linoleum and other materials for covering existing floors; wall hangings (non-textile).

Class 28. Games and playthings; gymnastic and sporting articles not included in other classes; decorations for Christmas trees.

Class 29. Meat, fish, poultry and game; meat extracts; preserved, dried and cooked fruits and vegetables; jellies, jams; eggs, milk and milk products; edible oils and fats; salad dressings; preserves.

Class 30. Coffee, tea, cocoa, sugar, rice, tapioca, sago, artificial coffee; flour and preparations made from cereals, bread, pastry and confectionery, ices; honey, treacle; yeast, baking-powder; salt, mustard; vinegar, sauces (except salad dressings); spices; ice.

Class 31. Agricultural, horticultural and forestry products and grains not included in other classes; living animals; fresh fruits and vegetables; seeds, natural plants and flowers; foodstuffs for animals, malt.

Class 32. Beers; mineral and aerated waters and other non-alcoholic drinks; fruit drinks and fruit juices; syrups and other preparations for making beverages.

Class 33. Alcoholic beverages (except beers).

Class 34. Tobacco; smokers' articles; matches.

#### Services

Class 35. Advertising and business.

Class 36. Insurance and financial.

Class 37. Construction and repair.

Class 38. Communication.

Class 39. Transportation and storage.

Class 40. Material treatment.

Class 41. Education and entertainment.

Class 42. Miscellaneous.

# LIST OF GOODS IN CLASS ORDER

**Class 01** CHEMICALS USED IN INDUSTRY, SCIENCE AND PHOTOGRAPHY, AS WELL AS IN AGRICULTURE, HORTICULTURE AND FORESTRY; UNPROCESSED ARTIFICIAL RESINS, UNPROCESSED PLASTICS; MANURES; FIRE EXTINGUISHING COMPOSITIONS; TEMPERING AND SOLDERING PREPARATIONS; CHEMICAL SUBSTANCES FOR PRESERVING FOODSTUFFS; TANNING SUBSTANCES; ADHESIVES USED IN INDUSTRY.

# LIST OF GOODS IN CLASS ORDER

Class 01 continued

| SERIAL No | INDICATION OF GOODS                                                       | SERIAL No (F) |
|-----------|---------------------------------------------------------------------------|---------------|
| C0709     | Compositions for the manufacture of phonograph records                    | C1043         |
| C0710     | Compost                                                                   | C1044         |
| C0729     | Concrete (Agglutinants for -)                                             | P0018         |
| C0734     | Concrete preservatives, except paints and oils                            | A0177         |
| C0735     | Concrete-aeration chemicals                                               | B0332         |
| C0736     | Condensation preparations (Chemical -)                                    | B0331         |
| C0737     | Condensation-preventing chemicals                                         | C1067         |
| C0801     | Cooking (Preparations for stimulating -) for industrial purposes          | B0872         |
| C0822     | Copper sulphate [vitriol]                                                 | C1547         |
| C0867     | Corrosive preparations                                                    | V0272         |
| C0942     | Cream of tartar, other than for pharmaceutical purposes                   | C1250         |
| C0948     | Creosote for chemical purposes                                            | C1449         |
| C0960     | Crotonic aldehyde                                                         | C1458         |
| C0972     | Cryogenic preparations                                                    | C1494         |
| C0992     | Curium                                                                    | C1501         |
| C1001     | Currying preparations for leather                                         | C1579         |
| C1002     | Currying preparations for skins                                           | C1252         |
| C1034     | Cyanides                                                                  | P0224         |
| C1035     | Cyanotyping (Solutions for -)                                             | C1589         |
| C1064     | Cymene                                                                    | P0946         |
| D0003     | Damp proofing preparations, except paints, for masonry                    | C1588         |
| D0027     | Decarbonising engines (Chemical preparations for -)                       | C1625         |
| D0030     | Decolorants                                                               | H0164         |
| D0040     | Defoliants                                                                | D0013         |
| D0045     | De-greasing preparations for use in manufacturing processes               | D0027         |
| D0046     | Degumming preparations                                                    | D0046         |
| D0047     | Dehydrating preparations for industrial purposes                          | D0051         |
| D0082     | Detergent additives to gasoline                                           | D0044         |
| D0083     | Detergent additives to petrol                                             | D0117         |
| D0085     | Detergents for use in manufacturing processes                             | A0105         |
| D0092     | Developers (Photographic -)                                               | A0105         |
| D0093     | Dextrine size                                                             | D0165         |
| D0095     | Diagnosis (Preparations for -) for scientific purposes                    | R0268         |
| D0110     | Diastase for industrial purposes                                          | D0173         |
| D0111     | Diastase preparations for industrial purposes                             | D0177         |
| D0112     | Diazo paper                                                               | D0189         |
| D0136     | Dioxalate (Potassium -)                                                   | D0190         |
| D0138     | Dioxide (Titanium -) for industrial purposes                              | P0095         |
| D0139     | Dioxide of hydrogen                                                       | B0429         |
| D0162     | Disincrstants                                                             | A0515         |
| D0174     | Dispersants (Oil -)                                                       | E0051         |
| D0175     | Dispersants (Petroleum -)                                                 | D0118         |
| D0176     | Dispersions of plastics                                                   | H0126         |
| D0188     | Distilled water                                                           | P0335         |
| D0218     | Dolomite for industrial purposes                                          | D0214         |
| D0289     | Dressing and finishing preparations for textiles                          | E0049         |
| D0290     | Dressing chemicals (Leather- -)                                           | D0256         |
| D0293     | Dressing, except oils, for skins                                          | A0626         |
| D0307     | Drilling muds                                                             | C1529         |
| D0308     | Drilling muds (Chemical additives to -)                                   | C1104         |
| D0330     | Dry ice [carbon dioxide]                                                  | B0680         |
| D0372     | Dysprosium                                                                | A0103         |

# LIST OF GOODS IN CLASS ORDER

Class 01 continued

| SERIAL No | INDICATION OF GOODS                                                  | SERIAL No (F) | SERIAL No | INDICATION OF GOODS                                        | SERIAL No (F) |
|-----------|----------------------------------------------------------------------|---------------|-----------|------------------------------------------------------------|---------------|
| MO060     | Manganate                                                            | MO092         | 00052     | Oils for the preservation of food                          | HO147         |
| MO062     | Manganese dioxide                                                    | BO430         | 00055     | Oil-separating chemicals                                   | HO128         |
| MO066     | Mangrove bark for industrial purposes                                | MO099         | 00058     | Oleic acid                                                 | 00039         |
| MO077     | Manure for agriculture                                               | E0314         | 00064     | Olivine [chemical preparations]                            | 00045         |
| MO103     | Masonry preservatives, except paints and oils                        | MO016         | 00070     | Opacifiers for enamel or glass                             | 00065         |
| MO108     | Mastic (Grafting -) for trees                                        | MO177         | 00094     | Organic-bleaching chemicals                                | BO470         |
| MO109     | Mastic for leather                                                   | MO186         | 00129     | Oxalates                                                   | 00141         |
| MO110     | Mastic for tires                                                     | MO187         | 00130     | Oxalic acid                                                | 00142         |
| MO111     | Mastic for tyres                                                     | MO187         | 00133     | Oxygen                                                     | 00149         |
| MO151     | Meat (Chemical preparations for smoking -)                           | VO210         | P0041     | Paints (Chemical preparations for the manufacture of -)    | C1311         |
| MO160     | Meat tenderizers for industrial purposes                             | VO209         | P0053     | Palladium chlorides                                        | P0045         |
| MO199     | Mercuric oxide                                                       | O0147         | P0096     | Paper pulp                                                 | P0176         |
| MO200     | Mercury                                                              | MO273         | P0101     | Paper with emulsion for photography                        | E0279         |
| MO202     | Mercury salts                                                        | MO276         | P0104     | Paperhanging (Adhesives for -)                             | C0983         |
| MO205     | Metal annealing preparations                                         | MO296         | P0106     | Papers (Diazo -)                                           | P0095         |
| MO209     | Metal earths                                                         | MO312         | P0169     | Peat [fertiliser]                                          | T0405         |
| MO211     | Metal hardening preparations                                         | MO293         | P0174     | Peat pots for horticulture                                 | P0845         |
| MO213     | Metal tempering preparations                                         | MO292         | P0175     | Pectin [photography]                                       | P0237         |
| MO216     | Metalloids                                                           | MO295         | P0222     | Perborate of soda                                          | P0294         |
| MO217     | Metals (Alkaline -)                                                  | MO288         | P0223     | Percarbonates                                              | P0295         |
| MO218     | Metals (Alkaline-earth -)                                            | MO298         | P0225     | Perchlorates                                               | P0299         |
| MO223     | Methane                                                              | MO297         | P0242     | Persulphates                                               | P0316         |
| MO224     | Methyl benzene                                                       | MO315         | P0243     | Persulphuric acid                                          | P0317         |
| MO225     | Methyl benzol                                                        | BO292         | P0254     | Petroleum dispersants                                      | P0335         |
| MO226     | Methyl ether                                                         | BO298         | P0262     | Phenol for industrial purposes                             | P0347         |
| MO242     | Mildew (Chemical preparations to prevent -)                          | MO316         | P0266     | Phonograph records (Compositions for the manufacture of -) | C1043         |
| MO251     | Milk ferments for chemical purposes                                  | MO360         | P0267     | Phonograph records (Renovating preparations for -)         | D0221         |
| MO271     | Mineral acids                                                        | LO015         | P0268     | Phosphates [fertilisers]                                   | P0350         |
| MO311     | Moderating materials for nuclear reactors                            | MO373         | P0270     | Phosphatides                                               | P0352         |
| MO314     | Moistening preparations for use in bleaching                         | MO413         | P0271     | Phosphoric acid                                            | P0354         |
| MO315     | Moistening preparations for use in dyeing                            | MO493         | P0272     | Phosphorus                                                 | P0353         |
| MO316     | Moistening preparations for use in the textile industry              | MO494         | P0275     | Photographic developers                                    | RO268         |
| MO322     | Molding preparations (Foundry -)                                     | MO495         | P0276     | Photographic emulsions                                     | E0281         |
| MO328     | Mold-release preparations                                            | F0312         | P0277     | Photographic paper                                         | P0107         |
| MO374     | Motor fuel (Chemical additives to -)                                 | DO067         | P0278     | Photographic plates                                        | P0559         |
| MO387     | Moulding preparations (Foundry -)                                    | BO680         | P0281     | Photographic sensitizers                                   | S0203         |
| MO393     | Mould-release preparations                                           | MO534         | P0286     | Photography (Chemical preparations for use in -)           | P0361         |
| MO417     | Muds (Drilling -)                                                    | C0965         | P0287     | Photography (Reducing agents for use in -)                 | A0157         |
| MO423     | Muriate of tin (Ammoniacal -)                                        | NO004         | P0289     | Photometric paper                                          | P0103         |

| P0453        | Plunger pistons                                         | A0476            |
| P0456        | Pneumatic hammers                                       | M0158            |
| P0459        | Pneumatic transporters                                  | P0629            |
| P0460        | Pneumatic tube conveyors                                | T0461            |
| P0485        | Polishing machines other than for household purposes    | P0679            |
| P0559        | Power hammers                                           | M0159            |
| P0585        | Presses                                                 | P0905            |
| P0586        | Presses [machines for industrial purposes]              | P0890            |
| P0587        | Presses (Smoothing -)                                   | L0293            |
| P0589        | Presses (Wine -)                                        | P0905            |
| P0590        | Pressing machines [to make satin-like]                  | S0080            |
| P0600        | Pressure reducers [parts of machines]                   | D0160            |

# LIST OF GOODS IN CLASS ORDER

Class 07 continued

| SERIAL No | INDICATION OF GOODS                                     | SERIAL No (F) |
|-----------|---------------------------------------------------------|---------------|
| P0601     | Pressure regulators [parts of machines]                 | R0184         |
| P0602     | Pressure valves [parts of machines]                     | P0904         |
| P0617     | Printing cylinders                                      | C1619         |
| P0619     | Printing machines                                       | I0025         |
| P0620     | Printing machines (Automatic paper feeders for -)       | I0035         |
| P0621     | Printing machines for use on sheet metal                | T0362         |
| P0622     | Printing plates                                         | P0528         |
| P0624     | Printing presses                                        | P0894         |
| P0625     | Printing rollers                                        | R0380         |
| P0642     | Propulsion mechanisms other than for land vehicles      | P0921         |
| P0666     | Puddling machines                                       | P0948         |
| P0667     | Pulleys                                                 | M0491         |
|           |                                                         | P0030         |
| P0669     | Pulleys [parts of machines]                             | P0856         |
| P0670     | Pulleys (Adhesive bands for -)                          | B0118         |
| P0675     | Pulverisers [machines]                                  | P0952         |
| P0676     | Pulverisers (Sewage -)                                  | P0955         |
| P0678     | Pump diaphragms                                         | M0245         |
| P0679     | Pumps [machines]                                        | P0701         |
| P0680     | Pumps [parts of machines, engines or motors]            | P0702         |
| P0683     | Pumps for heating installations                         | P0716         |
| P0689     | Punches for punching machines                           | P0652         |
| P0690     | Punching machines                                       | P0649         |
| R0002     | Rack and pinion jacks                                   | C1444         |
| R0014     | Radiators [cooling] other than for land vehicle engines | R0023         |
| R0037     | Rail-laying machines                                    | R0055         |
| R0038     | Railroad constructing machines                          | V0275         |
| R0058     | Rakes for raking machines                               | R0085         |
| R0059     | Raking machines                                         | R0086         |
| R0063     | Rammers [machines]                                      | B0856         |
|           |                                                         | C1060         |
|           |                                                         | P0449         |
| R0066     | Rams [machines]                                         | B0283         |
|           |                                                         | M0525         |
| R0099     | Reapers                                                 | M0415         |
| R0100     | Reapers and binders                                     | M0419         |
| R0101     | Reapers and threshers                                   | M0416         |
| R0113     | Reducers (Pressure -) [parts of machines]               | D0160         |
| R0118     | Reduction gears other than for land vehicles            | D0068         |
| R0123     | Reeling apparatus, mechanical                           | D0169         |
| R0124     | Reels [parts of machines]                               | B0498         |
|           |                                                         | C0175         |
| R0126     | Reels for weaving looms                                 | B0494         |
| R0129     | Reels, mechanical, for flexible hoses                   | E0330         |
| R0158     | Regulators [parts of machines]                          | R0179         |
| R0232     | Rifling firearms (Machine tools for -)                  | U0016         |
| R0240     | Rings (Ball -) for bearings                             | B0022         |
| R0242     | Rings (Grease -)                                        | B0025         |
| R0243     | Rings (Piston -)                                        | B0027         |
|           |                                                         | S0153         |
| R0250     | Rinsing machines                                        | R0309         |
| R0253     | Riveting machines                                       | R0312         |
|           |                                                         | R0316         |
| R0257     | Road making machines                                    | R0396         |
| R0260     | Road rollers                                            | R0379         |
| R0278     | Rods (Connecting -)                                     | B0388         |
| R0291     | Roller bearings                                         | R0385         |
| R0293     | Roller bridges                                          | P0723         |
| R0297     | Rollers (Printing -)                                    | R0380         |
| R0300     | Rolling mill cylinders                                  | L0082         |
| R0301     | Rolling mills                                           | L0081         |
| R0316     | Root slicers [machines]                                 | C1325         |
| R0330     | Rotary printing presses                                 | R0354         |
| S0093     | Satinizing machines                                     | S0080         |
| S0104     | Sausage machines                                        | S0087         |
| S0107     | Saw benches [parts of machines]                         | C0665         |
| S0109     | Saw blades [parts of machines]                          | L0080         |
| S0113     | Saws [machines]                                         | S0117         |
| S0118     | Scale collectors (Machine boiler -)                     | C0975         |
| S0139     | Scissors, electric                                      | C0861         |
| S0181     | Sealing joints [parts of engines]                       | J0042         |

| M0233     | Micrometer screws for optical instruments             | V0242         |
| M0234     | Micrometers                                           | M0348         |
| M0237     | Microphones                                           | M0352         |
| M0238     | Microscope slides (Containers for -)                  | C0955         |
| M0239     | Microscopes                                           | M0353         |
| M0240     | Microtomes                                            | M0356         |
| M0241     | Milage recorders for vehicles                         | E0327         |
| M0288     | Mirrors [optics]                                      | M0391         |

# LIST OF GOODS IN CLASS ORDER

Class 09 continued

| SERIAL No | INDICATION OF GOODS                                               | SERIAL No (F) |
|-----------|-------------------------------------------------------------------|---------------|
| M0292     | Mirrors for inspecting work                                       | M0392         |
| M0339     | Money counting and sorting machines                               | A0690         |
| M0341     | Monitoring apparatus, electric                                    | S0544         |
| M0429     | Musical automata (Coin-operated -) [juke boxes]                   | A0833         |
| N0026     | Nautical apparatus and instruments                                | N0018         |
| N0027     | Naval signalling apparatus                                        | N0020         |
| N0028     | Navigational instruments                                          | N0025         |
| N0031     | Needle adjusters for record players                               | A0270         |
| N0036     | Needle sharpeners for record players                              | A0231         |
| N0041     | Needles for record players                                        | S0074         |
| N0047     | Neon signs                                                        | T0540         |
| N0057     | Nets (Safety -)                                                   | B0002         |
|           |                                                                   | F0183         |
| N0060     | Nets for protection against accidents                             | F0182         |
| N0106     | Nozzles (Fire hose -)                                             | L0119         |
| O0008     | Objectives [lenses] [optics]                                      | O0001         |
| O0015     | Observation instruments                                           | O0002         |
| O0018     | Octants                                                           | O0007         |
| O0023     | Ohmmeters                                                         | O0026         |
| O0082     | Optical apparatus and instruments                                 | O0075         |
| O0083     | Optical fibers [light conducting filaments]                       | F0153         |
| O0084     | Optical fibres [light conducting filaments]                       | F0153         |
| O0085     | Optical glass                                                     | V0153         |
| O0086     | Optical goods                                                     | L0354         |
| O0087     | Optical lamps                                                     | L0109         |
|           |                                                                   | L0133         |
| O0088     | Optical lanterns                                                  | L0109         |
|           |                                                                   | L0133         |
| O0089     | Optical lenses                                                    | L0182         |
| O0117     | Oscillographs                                                     | O0118         |
| O0124     | Ovens for experiments                                             | F0366         |
|           |                                                                   | F0386         |
| O0135     | Oxygen transvasing apparatus                                      | O0150         |
| O0140     | Ozonisers [ozonators]                                             | O0154         |
| P0118     | Parking meters                                                    | P0135         |
| P0124     | Parquet wax-polishers, electric                                   | C0852         |
| P0125     | Particle accelerators                                             | A0017         |
| P0183     | Pedometers                                                        | C1055         |
|           |                                                                   | P0636         |
|           |                                                                   | J0054         |
| P0186     | Peepholes [magnifying lenses] for doors                           |               |
| P0239     | Periscopes                                                        | P0308         |
| P0250     | Petrol gauges                                                     | N0071         |
| P0251     | Petrol pumps (Self regulating -)                                  | P0712         |
| P0252     | Petrol pumps for service stations                                 | E0420         |
| P0265     | Phonograph records                                                | D0218         |
| P0279     | Photographic prints (Drying apparatus for -)                      | E0385         |
| P0280     | Photographic prints (Glazing apparatus for -)                     | E0384         |
| P0282     | Photographic transparencies (Centering apparatus for -)           | D0186         |
| P0283     | Photographic transparencies (Frames for -)                        | C0068         |
| P0288     | Photometers                                                       | P0380         |
| P0291     | Phototelegraphy apparatus                                         | P0383         |
| P0296     | Physics (Apparatus and instruments for -)                         | P0385         |
| P0333     | Pince-nez                                                         | P0460         |
| P0334     | Pince-nez cases                                                   | E0517         |
| P0335     | Pince-nez chains                                                  | C0412         |
| P0336     | Pince-nez cords                                                   | C1211         |
| P0337     | Pince-nez mountings                                               | M0445         |
| P0367     | Pipettes                                                          | P0481         |
| P0385     | Plane tables [surveying instruments]                              | P0531         |
| P0387     | Planimeters                                                       | P0533         |
| P0419     | Plates (Carriers for dark -) [photography]                        | I0114         |
| P0427     | Plates for batteries                                              | A0044         |
| P0450     | Plugs, sockets and other contacts [electric connections]          | P0910         |
| P0451     | Plumb bobs                                                        | P0600         |
| P0452     | Plumb lines                                                       | F0197         |
| P0464     | Pocket lamps (Batteries for -)                                    | L0102         |
| P0472     | Polarimeters                                                      | P0675         |
| P0478     | Polishing apparatus and machines for household purposes, electric | P0676         |

| P0006     | Packing [cushioning, stuffing] materials of rubber or plastics                       | E0232         |
| P0014     | Padding materials of rubber or plastics                                              | C0202         |
| P0044     | Paints (Insulating -)                                                                | P0268         |
| P0075     | Paper (Asbestos -)                                                                   | P0117         |
| P0078     | Paper (Insulating -)                                                                 | P0099         |
| P0088     | Paper for electrical capacitors                                                      | P0105         |
| P0350     | Pipe gaskets                                                                         | C1078         |
| P0351     | Pipe jackets, not of metal                                                           | M0086         |
| P0355     | Pipe muffs, not of metal                                                             | M0086         |
| P0360     | Pipes (Joint packings for -)                                                         | C1078         |
| P0361     | Pipes (Junctions for -), not of metal                                                | R0010         |
| P0363     | Pipes (Reinforcing materials, not of metal for -)                                    | A0719         |
| P0402     | Plastic fibers, not for textile use                                                  | F0152         |
| P0404     | Plastic fibres, not for textile use                                                  | F0152         |
| P0406     | Plastic film other than for wrapping                                                 | P0277         |
| P0409     | Plastic substances, semi-processed                                                   | M0204         |
| R0009     | Radiation of heat (Compositions to prevent the -)                                    | C0421         |
| R0050     | Railway tracks (Insulators for -)                                                    | V0274         |
| R0166     | Reinforcing materials, not of metal, for machine belts                               | A0721         |
| R0167     | Reinforcing materials, not of metal, for pipes                                       | A0719         |
| R0193     | Resins (Artificial -) [semi-finished products]                                       | R0245         |
| R0198     | Resins (Synthetic -) [semi-finished products]                                        | R0248         |
| R0244     | Rings (Stuffing -)                                                                   | B0023         |
| R0246     | Rings (Water-tight -)                                                                | B0023         |
| R0249     | Rings of rubber                                                                      | A0557         |
| R0336     | Rubber (Synthetic -)                                                                 | C0198         |
| R0339     | Rubber material for recapping tyres                                                  | R0125         |
| R0341     | Rubber sleeves for protecting parts of machines                                      | M0087         |
| R0343     | Rubber stoppers                                                                      | B0660         |
| R0345     | Rubber, raw or semi-worked                                                           | C0195         |
| S0020     | Safety curtains (Asbestos -)                                                         | G0243         |
| S0151     | Screens for firemen (Asbestos -)                                                     | R0302         |
| S0176     | Sealants for joints                                                                  | P0133         |
| S0187     | Seals                                                                                | M0185         |
| S0213     | Self-adhesive tapes, other than stationery and not for medical or household purposes | J0044         |
| S0285     | Sheets (Asbestos -)                                                                  | A0821         |
| S0289     | Sheets of reclaimed cellulose, other than for packing                                | D0284         |
| S0319     | Shock absorbing buffers of rubber                                                    | C0357         |
| S0502     | Slag wool [insulator]                                                                | T0085         |
| S0504     | Slate asbestos                                                                       | L0032         |
| S0518     | Sleeves for fixing screws (Expanding -)                                              | A0679         |
| S0519     | Sleeves of rubber for protecting parts of machines                                   | M0088         |
| S0600     | Soldering threads of plastic                                                         | M0087         |
| S0604     | Soles (Asbestos -)                                                                   | S0378         |
| S0635     | Sound-proofing materials                                                             | S0195         |
| S0890     | Stoppers (Rubber -)                                                                  | I0095         |
| S0894     | Stops of rubber                                                                      | B0660         |
| S0958     | Stuffing of rubber or plastic                                                        | B0893         |
| S1051     | Synthetic resins [semi-finished products]                                            | C0202         |
|           |                                                                                      | R0248         |

| SERIAL No | INDICATION OF GOODS                                                                 | SERIAL No (F) |
