

NCL(10-2013):
COMPLETE ALPHABETICAL LIST IN ENGLISH AND FRENCH,
WITH INDICATION OF CHANGES
(Entry into force: January 1, **2013**)

The Excel document in Annex 2 of this project (NC013) contains the whole Alphabetical List of the Nice Classification, 10th edition, version 2013, in English and French. The changes that were introduced in this edition-version against the 10th edition currently in force are indicated in the columns "Action EN" for the English text and "Action FR" for the French text, as follows:

- Wherever there is a change in any of the entries belonging to the same (in NCL(10) already existing) basic number, either in English or in French, the entries that were modified in their wording are indicated as "*Changed*", those that were deleted as "*Deleted*", those that were added as "*Added*" and those that stayed unchanged as "*Unchanged*".
- "*Deleted WE*" (Whole Entry) means that the whole indication of good or service, together with the basic number, has been completely deleted from the alphabetical list.
- "*New*" refers to a completely new indication with new basic number.

By selecting "Non Blanks" in the EN/FR Action columns, all the changes that were introduced into NCL(10-2013) can be extracted.

Please, note that as from NCL(10-2013) the indications of goods and services in the Alphabetical List of the Nice Classification will continue to be linked to a basic number but will not have a serial number any longer.
