Registration of the International Trademark

The trademark application has been published in the International Trademark System - MADRID, which is edited by Bureau of the World Intellectual Property Organization. The publishing forms the basis of this offer. Please note, registration is not affiliated with the publication of the official International Trademark Application registration and is not a registration by a government entity. By signing or by paying this Agreement, the Applicant signs a binding "Registration WIPTO database" service provided by the provider specified in the General Business Term clause 1.5. and undertakes to pay the provider price stated on this form. Given that this form is exclusively an offer for the conclusion of a contract, the contractual relationship created by this contract arises at the moment of the delivery of this contract to the provider. Effective delivery is deemed to be the delivery of the contract to the address of the provider. By signing this contract or making payment, the Contracting Authority agrees that the contractual relationship is governed by the General Business Terms of the provider, which are listed on the other side of this Form and are governed by Swiss Law. The Applicant declares that he has read General Business Terms and the scope of the service provided, and he further declares that they agree with their wording.
