MODEL FORM 16 (MF16): FINAL DECISION RELATING TO A DECLARATION THAT THE RECORDING OF A GIVEN LICENSE HAS NO EFFECT

Rule 20*bis*(5)(e) of the Regulations

Use this form when the Office has previously notified the International Bureau of a declaration under Rule 20*bis*(5) (using MF15), and it now wishes to notify the International Bureau of the final decision relating to that declaration.

Where the final decision changes the scope of the declaration, the Office must provide a clear indication of the goods and services for which the recording of the license has effect. Where all the goods or services included in a given class are concerned, the indication should read “all goods (or all services) in class X”.
