

# WIPO-ASEAN Mediation Programme (AMP+)

As part of the collaboration between WIPO and ASEAN under the WIPO-ASEAN Memorandum of Understanding, ASEAN parties can benefit from the WIPO-ASEAN Mediation Programme (AMP+).

**AMP+** offers funding for intellectual property, commercial, and technology-related mediations administered by the WIPO Arbitration and Mediation Center's (**WIPO Center's**) Office in Singapore.

## Funding covers two types of situations:

- 1. Mediation for Disputes:** Funding is provided for cases where parties are involved in an IP or technology dispute.
- 2. Deal Mediation:** Funding is also available to facilitate contract or licensing negotiations where parties cannot agree on contractual terms.

Funding for both mediation types administered by the WIPO Center is available to Parties according to the following schedule of fees:

<b>Type of Case</b>	<b>Funding Amount</b>	<b>Administration Fee</b>
<i>Any existing IP/technology negotiation or dispute involving a party who is an ASEAN national or entity</i>	<i>Up to SGD 5,000*</i>	<i>Waived</i>
<i>Where a Singapore-based mediator is appointed, the Intellectual Property Office of Singapore (IPOS) makes available additional funding of up to SGD 2,000.</i>		
<i>(* The maximum amount of SGD 5,000 (or SGD 7,000 where a Singapore-based mediator is appointed) to be funded by the AMP+ will first cover the mediator's fees, and any remaining balance may be applied towards parties' legal fees or, for unrepresented parties, other mediation-related expenses. Reimbursement is available upon compliance with the AMP+ conditions and submission of the relevant invoices</i>
