9. Does your Office publish the color drawings they receive, if they are permitted during the filing of a patent application?

No

3. Digitization activities

10. Does your Office perform digitization of documents you receive before publication or data dissemination, for one or more IP rights, or has experience of digitization of documents associated with IP rights?

Yes

- 10.1. How are or were these documents or associated data transformed from the format you received? e.g., paper document manually scanned and OCR'd or DOCX converted to XML.

paper documents - manually scanned and OCR

patent document - DOCX converted to XML (internal tool)

- 10.2. If you rely or relied on a third party to perform the digitization of your documents, why did you reach this decision?

n/a

- 10.3. Does your Office use or did you use any IT tools, in particular AI tools, in the digitization process that you find particularly useful?

SIPO doesn't have AI tools for the digitization process

- 10.4. What are or were the biggest technical challenges you have experienced in digitizing your documents? e.g., extracting drawings or chemical formulae from a patent application. Please provide further details in the comments box below, including how you overcame these challenges and the relevant IP right type.

bad print, chemical formulas, tables, handwriting

4. Digitization activities

11. If your Office is considering future digitization activities, please provide details regarding the tools you are considering, in particular AI tools, and include your reasons for selecting them for potential use in digitization.

We are currently analyzing the possibility of introducing an EPO/WIPO AI tool for OCR.

12. Please provide any other feedback regarding capacity building for the digitization of IP document collections.
