11. Does your Office publish the color drawings they receive, if they are permitted during the filing of a patent application?

No

4. Digitization activities

12. Does your Office perform digitization of documents you receive before publication or data dissemination, for one or more IP rights, or has experience of digitization of documents associated with IP rights?

Yes

12.1. How are or were these documents or associated data transformed from the format you received? e.g., paper document manually scanned and OCR'd or DOCX converted to XML.

Paper document manually scanned (for about 5% of the Belgian patent applications that are still filed on paper).

12.2. If you rely or relied on a third party to perform the digitization of your documents, why did you reach this decision?

The BE Office does not rely on a third party to perform the digitization of its documents.

12.3. Does your Office use or did you use any IT tools, in particular AI tools, in the digitization process that you find particularly useful?

12.4. What are or were the biggest technical challenges you have experienced in digitizing your documents? e.g., extracting drawings or chemical formulae from a patent application. Please provide further details in the comments box below, including how you overcame these challenges and the relevant IP right type.

5. Digitization activities

13. If your Office is considering future digitization activities, please provide details regarding the tools you are considering, in particular AI tools, and include your reasons for selecting them for potential use in digitization.

14. Please provide any other feedback regarding capacity building for the digitization of IP document collections.
