5. Types of IP data exchanged

. Which type of file formats are used when your Office provides and/or collects IP data?

Document and archive format

2D images

Audio, video and multimedia

3D model and 3D images

6. Types of IP data exchanged

. Please indicate the data format related to WIPO Standards implemented by your Office in providing or collecting IP data

WIPO Standard ST.96: Recommendation for the processing of intellectual property information using XML

WIPO Standard ST.97: Processing of Intellectual Property information using JSON

Other WIPO Standards

7. Reason for collecting IP data

. Why does your Office collect IP data from other Offices?

For internal use

For public dissemination

For external distribution

8. IP data delivery methods/means

Which methods and/or means does your Office currently use to provide IP data?

9. Challenges

6. What challenges does your Office face in relation to providing IP data to other Offices?

Organizational and technical challenges

Lack of IT resources (databases, tools, storage, etc.)

Legal and policy challenges

IP data should be shared in compliance with applicable personal data protection requirements
Legal concerns about ownership, redistribution and attribution (e.g: the partner Office redistributes, changes, or commercially use the received data in violation of or exceeding the terms which were bilaterally agreed or approved in written by both sides)
IP data is shared on condition that it is used for legitimate purposes
Legal concerns about hosting data outside the geographic area of my Office's jurisdiction (e.g., my Office cannot share IP data due to legal restrictions on hosting their IP data outside of my Office's geographic jurisdiction)

Financial challenges

Not applicable

7. What challenges does your Office face in relation to collecting IP data to other Offices?

Organizational and technical challenges

Not applicable

Legal and policy challenges

Not applicable

Financial challenges

Not applicable

10. Proposed solutions

8. What following proposed solutions could help your Office address the challenges your Office selected above?

Provide a portal to enhance communication between Offices to share experiences on IP data exchange
Build a global platform to be used as a hub for data exchange
Collect and share best practices for data exchange

11. Proposed solutions

. What recommendations should be included in the new WIPO standard on the recommendation for the exchange of IP data and its use?

Technical recommendation

Legal and policy recommendations on IP data use

Procedural and operational guidance

12. Legal and contractual framework for data exchange

9. Does your Office or your country have any national and/or regional laws or regulations that govern the transfer by your Office of IP data (including hosting or redistribution) outside of your jurisdiction?

Yes (please specify the relevant law, regulation, policy, national practice, strategy, or rule that the Office is required to comply with, including the title, reference number, and/or URL to the source of information): Industrial Property Rights Law 67/2008

10. Does your Office have formal written agreements (such as contracts/MoU/MoC/ToU/License Agreement) for data exchange with other IP Offices?

Not applicable, our Office does not exchange IP data

If possible, please provide template(s) of bilateral contract/MoU/MoC/ToU/License Agreement that your Office uses

11. Does your Office have formal written agreements for the provision of data to third parties? *(such as: MoU, MoC, ToU, contract, license agreement)*

Not applicable, our Office does not exchange IP data

13. Conditions for provision, use and dissemination of IP data

12. How does your Office currently authorize the use and dissemination of exchanged IP data?

Not applicable

13. How does your Office implement the reciprocity principle in practicing IP data exchange with other IP offices?

Not applicable, our Office does not exchange IP data

14. What reciprocity policy re-distribution would your Office support?

Other (please specify): our Office does not exchange IP data

15. Would your Office support a recommendation that Offices provide their IP data free of charge or at marginal cost to the general public and any third party?

Uncertain (please specify): our Office does not exchange IP data

14. Conditions for provision, use and dissemination of IP data

If your Office does not support free or marginal cost data provision, what barriers exist to implementing such recommendation?

15. Conditions for provision, use and dissemination of IP data

16. What level of internal use does your Office permit when sharing IP data with partner Offices?

Not applicable, our Office does not share IP data

16. Conditions for provision, use and dissemination of IP data

If permissible for certain applications or uses, which of the following internal uses are permitted?

17. Conditions for provision, use and dissemination of IP data

Does your Office permit partner Offices to provide IP data shared with them (including in bulk form) to third parties?

18. Conditions for provision, use and dissemination of IP data

Under what conditions would the provision of such data to third parties be permissible?

Please provide reasons why your Office does not permit the provision of such data to third parties

19. Data quality and error correction

17. Does your Office have mechanisms for checking data for assuring the quality of IP data before sharing them?

Not applicable, our Office does not share IP data

Which methods do you use on mechanisms for checking data for assuring the quality of IP data?

20. Data quality and error correction

Would your Office agree to partner Offices using their quality assurance mechanisms to detect errors in your IP data and providing them to your Office, for corrections at the source?

Would your Office permit partner Offices to correct errors in your IP data before they use internally, publish or share it?

Please provide details of permissible corrections

What would be the timeframe to make the corrections?

Is your Office able to make the corrections, or does the applicant need to be part of this process?

How will these corrections be tracked and managed?

21. Data quality and error correction

18. Does your Office apply any quality assurance mechanisms to the datacollected from other Offices?

Not applicable, our Office does not collect IP data

22. Update frequency

19. What update frequency can your Office as providing Office realistically support?

	Real-time	Daily	Weekly	Monthly	Quarterly	Annually	Not applicable
Patents							X
Trademarks							X
Industrial designs							X
Geographical indication							X

Other (please specify):

20. Please provide any additional information or comments.
