CONSIDERATION OF THE WORK PROGRAM AND TASKS LIST OF THE CWS

Document prepared by the Secretariat

1. At its fifth session held from May 29 to June 2, 2017, the CWS approved the list of Tasks, as presented in Annex I to document CWS/5/20 and requested the Secretariat to update the list of Tasks in order to incorporate the agreements reached by the CWS at its fifth session (see paragraphs 114 to 116 of document CWS/5/22). On the basis of the agreements, the Secretariat prepared a new revised Task List for consideration by the CWS, which is reproduced in the Annex to this present document.
2. For each Task, the Annex includes the following information: description, task leader/task force leader, scheduled actions to be carried out, remarks and, where appropriate, proposals for consideration and decision by the CWS. It should be noted that the information about certain tasks as provided in the Annex may have to be reviewed and updated in order to reflect the agreements that the CWS may reach at this session.
3. In addition, the CWS approved the proposal for the CWS Work Program Overview presented by the Secretariat; and requested the Secretariat to publish the completed CWS Work Program Overview on WIPO's web site. (see paragraphs 117 and 118 of document CWS/5/22). The Program Overview is published on the WIPO's web site at: <http://www.wipo.int/cws/en/>.

4. *The CWS is invited to:*

(a) note information and plan contained in this document; and

(b) consider the Task List as reproduced in the Annex to this document and to agree on its final version for incorporation in the CWS Work Program.

The International Bureau is designated as the Task Leader. The CWS will further consider the appointment of Task Leaders upon specific requests for the revision of standards.

The revision of standards is considered an ongoing activity. As a means of expediting the standards revision process, the Secretariat may pass requests received for the revision of standards directly to an existing Task Force Leader, or present the request beforehand for consideration by the CWS at its next session. In the latter case, the CWS will be able to decide either on the adoption of the requested revision, or the creation of a new task, or whatever it considers appropriate. The Secretariat will inform the CWS of any revision request passed directly to a task force at its next session. If a specific request to revise a particular standard should be sent directly to an existing Task Force Leader, as long as it is possible, the Task Force would start work on it immediately; otherwise, the Task Force Leader would refer the request to the next session of the CWS for consideration. (See document CWS/1/9 and paragraph 53 of CWS/1/10.)

The Secretariat will review the recommended date format(s) in WIPO Standards and report the outcome to the CWS at its sixth session (see paragraphs 56 and 57 of document [CWS/5/22](#)).

4. *Remarks:*

(a) Task No. 33 is of an informative nature and a continuing activity (see paragraph 122 of document CWS/4BIS/16).

(See paragraph 28 of document CWS/3/14.)

(c) The CWS, at its third session, on the basis of a proposal regarding Supplementary Protection Certificates (SPC) presented by the German Patent and Trademark Office, adopted a revision of WIPO Standard ST.9 and approved the revision of the entry on SPC in the Glossary. 2. *Task Leader / Task Force Leader:*

The International Bureau is designated as the Task Leader.

3. *Scheduled actions to be carried out:*

The revision of WIPO Standards ST.3 is considered an ongoing activity. As a means of expediting the revision process, the International Bureau should follow the specific procedure adopted at the eleventh session of the SDWG. (See paragraph 35 of document SCIT/SDWG/11/14.)

4. *Remarks:*

The International Bureau informed IPOs and CWS Members about the changes on March 5, 2014.

(c) The CWS, at its reconvened fourth session, approved the revision of ST.3 in adding the new two-letter code "XX" and noted the revision of ST.3 in adding the new two-letter code "XV" for the Visegrad Patent Institute (VPI) and changing the name of the Office for Harmonization in the Internal Market (OHIM) to the European Union Intellectual Property Office (EUIPO) (see paragraphs 94 to 98 of documents CWS/4BIS/16).

2. *Task Leader / Task Force Leader:*
The International Bureau is designated as the Task Leader.
3. *Scheduled actions to be carried out:*
 - (a) The Task is of a continuous nature (see paragraph 116 of document [CWS/5/22](#)).

(See paragraph 4(a), below.)

4. *Remarks:*

- (a) As a means of ensuring continuous maintenance of WIPO Standard ST.96:
- (i) any proposal to revise WIPO Standard ST.96 presented to the Secretariat will be forwarded directly to the XML4IP Task Force for consideration and approval;
 - (ii) the XML4IP Task Force is temporarily authorized to adopt revisions of WIPO Standard ST.96;
 - (iii) a proposal to revise WIPO Standard ST.96 will be forwarded to the CWS for its consideration whenever a proposed revision becomes controversial, i.e., whenever it is not possible to reach consensus among the XML4IP Task Force members; and
 - (iv) the XML4IP Task Force Leader will inform the CWS of any revision of WIPO Standard ST.96 adopted by the Task Force at the first available session of the CWS.
(See paragraph 24 of document CWS/2/14.)
- (b) The CWS, at its second session, approved the roadmap for the development of WIPO Standards dealing with XML.
(See document CWS/2/3, and paragraphs 17 to 19 of CWS/2/14.)
- (c) The CWS, at its second session, adopted the new WIPO Standard ST.96, entitled "Recommendation for the processing of industrial property information using XML (eXtensible Markup Language)", along with its Annexes I to IV, and agreed that Task No. 41 be re-worded as indicated in paragraph 1, above.
(See paragraphs 20 to 23 of document CWS/2/14.)
- (d) The CWS, at its third session, noted the result of the work of the XML4IP Task Force and the report of the Task Force Leader. In particular, the CWS noted that the XML4IP Task Force planned to submit, for consideration and adoption at that session, proposals of Annexes V and VI which would refer to ST.96 XML Schema, version 1.0, which had been adopted at the second session of the CWS. However, considering the ongoing discussions on the revision of the XML Schema with potential major changes, the Task Force agreed to prepare the two Annexes based on the next version of the XML Schema instead of the version 1.0. Therefore, the finalization of the Annexes will depend on the progress on the revision of XML Schema, as well as available resources in the Task Force Member Offices and the International Bureau.
(See paragraph 22 of document CWS/2/14, 3 of CWS/3/5, and 42 of CWS/3/14.)
- (e) The CWS, at its third session, agreed that the work for the mapping and development of tools for the bi-directional transformation between WIPO Standards ST.96 and ST.36, ST.66 or ST.86 should continue. The work should be primarily carried out by the XML4IP Task Force along with ST.36, ST.66 and ST.86 Task Forces. The tools should be owned and maintained by the International Bureau with the assistance of the XML4IP Task Force, and ST.36, ST.66 and ST.86 Task Forces. The CWS welcomed the offer of the Delegation of the United States of America to assist in the development of the tools for bi-directional transformation. The CWS also agreed that this arrangement for assistance should be revisited at its next session.
(See paragraph 43 of document CWS/3/14.)
- (f) With regard to the statement provided in paragraphs 18 and 19 of document CWS/3/5, the CWS, at its third session, agreed that, for the time being, the Task Forces dealing with XML should not be reorganized.
(See paragraph 45 of document CWS/3/14.)

(g) The CWS, at its reconvened fourth session noted the progress reports presented by the Leader of XML4IP Task Force (see documents CWS/4/6 and CWS/4BIS/4) and adopted new Annexes V and VI. The CWS also approved the modification of Task No. 41 to read "Task No. 41: Ensure the necessary revisions and updates of WIPO Standard ST.96". The CWS assigned the modified Task No. 41 to the XML4IP Task Force. (See paragraph 99 to 103 of document CWS/4BIS/16.)

(h) The CWS, at its fifth session noted the progress reports presented by the Leader of XML4IP Task Force (see documents CWS/5/5)

2. *Task Leader / Task Force Leader:*

The International Bureau is designated as the Task Leader.

3. *Scheduled actions to be carried out:*

(b) The Task Leader will inform the CWS of any revision of WIPO Standard ST.86 adopted by the Task Force at the next session of the CWS.

(See paragraph 4(a), below.)

4. *Remarks:*

(a) As a means of ensuring continuous maintenance of WIPO Standard ST.86:

(i) any proposal to revise WIPO Standard ST.86 presented to the Secretariat will be forwarded directly to the ST.86 Task Force for consideration and approval;

(ii) the ST.86 Task Force is temporarily authorized to adopt revisions of WIPO Standard ST.86;

(iii) a proposal to revise WIPO Standard ST.86 will be forwarded to the CWS for its consideration whenever a proposed revision becomes controversial, i.e., whenever it is not possible to reach consensus among the ST.86 Task Force members; and

(iv) the ST.86 Task Force Leader will inform the CWS of any revision of WIPO Standard ST.86 adopted by the Task Force at the next meeting of the CWS.

(See paragraph 50 of document SCIT/SDWG/9/12, 52 and 53 of CWS/1/10, and 73 and 74 of CWS/3/14.)

(b) The CWS, at its third session, noted the oral report, by the Task Force Leader, on the revision of WIPO Standard ST.86 and the discussion on the proposal for revision PFR ST.86/2013/001.

(See paragraph 64 of document CWS/3/14.)

TASK NO. 43

1. *Description:*

Prepare guidelines, for implementation by industrial property offices, regarding paragraph numbering, long paragraphs, and consistent rendering of patent documents.

2. *Task Leader / Task Force Leader:*

The United States Patent and Trademark Office (USPTO) is designated as the Task Leader.

3. *Scheduled actions to be carried out:*
Task No. 43 is held in abeyance (see paragraph 4, below).
4. *Remarks:*
 - (a) At its ninth session, the SDWG requested the ST.36 Task Force to review the points elaborated by the Citation Practices Task Force in paragraph 12 of document SCIT/SDWG/9/3. At its eleventh session, after considering the review carried out by the ST.36 Task Force regarding the recommendations of the Citation Practices Task Force described in the Annex to document SCIT/SDWG/11/6, the SDWG agreed that there was a need for guidelines to uniquely identify the different parts of a patent document across different publication platforms and agreed to create the Task.
(See paragraph 35 of document SCIT/SDWG/9/12, and 45 to 47 of SCIT/SDWG/11/14.)
 - (b) In November 2009, the European Patent Office (EPO), JPO and USPTO presented the proposal PFR ST.36/2009/007 (Corrections and Changes in Patent Documents) for the revision of WIPO Standard ST.36 that is under discussion by the ST.36 Task Force at present. Certain aspects of this new Task are quite similar to some of the issues raised by the ST.36 Task Force during the discussion of PFR ST.36/2009/007 (at the moment of preparing this document, lack of business consensus has halted the discussion, see paragraph 5 of document CWS/1/6). There are also ongoing discussions on paragraph numbering, which includes business issues of amendment processing and the preferred paragraph numbering method within the framework of the PCT (e.g., in the 17th Meeting of the International Authorities under the PCT in February 2010; see documents PCT/MIA/17/9 and 11, and paragraphs 83 to 88 of PCT/MIA/17/12), and of the Trilateral/IP5.
 - (c) In view of paragraph 4(b), above, the Secretariat, after consulting the two Offices which had expressed the most interest in the Task, namely the EPO and the USPTO, considered that it would be premature to set up a Task Force to deal with this Task as the discussion on business issues has not progressed enough yet within individual offices. Therefore, it would be convenient to give more time to the IP5 to reach an agreement on harmonizing their business requirements for paragraph amendment and numbering. This task should also wait for further developments on these issues related to paragraphs in patent documents within the PCT framework before getting under way.
 - (d) The CWS, at its first session, agreed that Task No. 43 should be held in abeyance, subject to review in the light of progress made by the IP5 in harmonizing business requirements relating to the issues referred to in the Task description and in the light of developments of PCT discussions in this domain.
(See paragraphs 52 and 53 of document CWS/1/10, and 73 and 74 of CWS/3/14.)
 - (e) The CWS, at its reconvened fourth session, agreed to keep Task No. 43 in the CWS Task List for future discussion taking into account the proposal by the Secretariat as to whether to remove Task No. 43 from the CWS Task List or to revive the discussion on Task No. 43 (see paragraphs 116 and 117 of document CWS/4BIS/16).

TASK NO. 44

1. *Description:*
Support the International Bureau by providing users' requirements and feedback on the ST.26 authoring and validation software tool; Support the International Bureau in the consequential revision of the PCT Administrative Instructions; and Prepare necessary revisions of WIPO Standard ST.26 upon request by the CWS.
2. *Task Leader / Task Force Leader:*
The European Patent Office (EPO) is designated as the Task Leader.

3. *Scheduled actions to be carried out:*
A report on the progress of the Task will be presented for consideration by the CWS at its sixth session.
4. *Remarks:*
 - (a) Task No. 44 was created by the CWS at its first session. The CWS also established a Task Force (the SEQL Task Force) to handle the Task. The CWS requested the Task Force to liaise with the appropriate PCT body with regard to the possible impact of such standard on Annex C to the Administrative Instructions under the PCT. (See paragraphs 27 to 30 of document CWS/1/10.)
 - (b) The CWS, at its third session, noted the progress report by the Leader of the SEQL Task Force, including a roadmap to prepare the new standard. (See paragraphs 47 to 49 of document CWS/3/14.)
 - (c) The CWS, at its reconvened fourth session, noted progress report on this Task and approved the new WIPO Standard ST.26 (see documents CWS/4/7 and CWS/4/7 ADD. and paragraphs 49 to 53 of document CWS/4BIS/16). The CWS also noted further progress report on this Task and revised the Task's description and requested the SEQL Task Force to present a proposal for the transition provisions from ST.25 to ST.26. (See paragraphs 82 to 84 of document CWS/4BIS/16.)
 - (d) The CWS, at its fifth session, approved the revised Standard ST.26 and agreed on the transition provision from Standard ST.25 to ST.26 (see paragraphs 39 to 45 of document CWS/5/22).

3. *Scheduled actions to be carried out:*
 - (a) For the Legal Status Task Force:
A proposal for the list of detailed events and the guidance document for patent legal status will be presented for consideration and approval by the CWS at its sixth session along with the report on the progress of the preparation of recommendation for the exchange of legal status data on trademarks and industrial designs.
 - (b) For the XML4IP Task Force (in consultation with the Legal Status Task Force):
A report on the development of XML schema components for patent legal status data based on the new WIPO Standard ST.27 will be presented for consideration by the CWS at its sixth session (see paragraph 54 of document [CWS/5/22](#)).
4. *Remarks:*
 - (a) Task No. 47 was created by the CWS at its third session. The CWS also established a Task Force (the Legal Status Task Force) to handle the Task (see paragraphs 52 and 54 of document CWS/3/14).

(b) At its third session, the CWS also agreed that the development of the recommendations should initially be prepared by a platform-independent task force, as the recommendations should be independent of the format to be used. Then, on the basis of the outcome of that initial discussion, the existing Task Forces dealing with XML should be invited to implement the said result in XML.

(See paragraphs 50 to 54 of document CWS/3/14.)

(c) The CWS, at its reconvened fourth session, noted status report on this Task presented by the Legal Status Task Force (see paragraphs 54 to 59 of document CWS/4BIS/16).

(d) The CWS, at its fifth session, noted status report on this Task and adopted the new Standard ST.27 (see paragraphs 49 to 57 of document CWS/5/22).

5. *Proposal:*

Documents CWS/6/11 contains a progress report on this Task;

Documents CWS/6/12 a proposal for the revision of WIPO Standard ST.27; and

(b) At its third session, the CWS noted the survey results provided in the Annex to document CWS/3/8, including the list of 12 candidates proposed by the former Trademark Standards Task Force for further standardization. The CWS agreed to select the first two candidates from the said list for further standardization, namely:

(i) Recommendation for the electronic management of sound marks.

(ii) Recommendation for the electronic management of motion or multimedia marks.

The CWS also agreed that the work for the other 10 candidates, which are listed in the Annex to document CWS/3/8, should be held in abeyance until the standardization of the two selected candidates is completed.

(See paragraphs 55 to 62 of document CWS/3/14.)

(c) The CWS, at its reconvened fourth session, noted a status report and a calendar on the preparation of the new WIPO standard(s) regarding Task No.49 (see paragraphs 88 to 89 of document CWS/4BIS/16).

(d) The CWS, at its fifth session, noted the progress on Task No. 49, and agreed to postpone the development of the recommendations on electronic management of motion and multimedia marks until 2019 – the year of the expected implementation of the directive 2008/95/EC of October 22, 2008, by IPOs concerned. The CWS also agreed to hold Task No. 49 in abeyance until then. (See paragraphs 65 to 67 of document CWS/5/22.)
