In collaboration with IB Lisbon agreed on the practical definition of GI

- Geographical Indications are indications, which identify a good as originating in the territory of a country, region or locality in that territory. The indication relates to where a given quality, reputation or other characteristic of the good is essentially attributable to its geographical origin

Equivalent to the definition of a Geographical Indication given by Article 22.1 of the TRIPS Agreement and Article 2(1)(ii) of the Geneva Act of the Lisbon Agreement

In collaboration with EUIPO, IB Lisbon and CIPO

- Defined 40 product categories of the GI

Overview of the GI in the Russian Federation

At the moment protection is granted only to Appellations of Origin

Geographical Indications are considered an important tool for promotion of the regional brands

A new legislation for Geographical Indications is now under review by the Parliament of the Russian Federation

Work Plan

Dec 2018 – June 2019

- Prepare and discuss the final draft of the GI schema in the Task Force

2019 (CWS/7)
