The International Bureau will publish an up-to-date CWS Work Program Overview on the WIPO website at: <https://www.wipo.int/cws/en> after this session.

3. *The CWS is invited to:*

(a) *note the content of the present document; and*

The revision of standards is considered an ongoing activity. As a means of expediting the standards revision process, the Secretariat may pass requests received for the revision of standards directly to an existing Task Force Leader, or present the request beforehand for consideration by the CWS at its next session. In the latter case, the CWS will be able to decide either on the adoption of the requested revision, or the creation of a new task, or whatever it considers appropriate. The Secretariat will inform the CWS of any revision request passed directly to a task force at its next session. If a specific request to revise a particular standard should be sent directly to an existing Task Force Leader, as long as it is possible, the Task Force would start work on it immediately; otherwise, the Task Force Leader would refer the request to the next session of the CWS for consideration (see document CWS/1/9 and paragraph 53 of CWS/1/10).
4. *Remarks:*
  - (a) Task No. 33 is of an informative nature and a continuing activity (see paragraph 122 of document CWS/4BIS/16).

The proposed revisions to ST.60 were approved by the CWS, and agreed to keep date formats unchanged (see paragraphs 129 to 130 and 133 to 135 of document CWS/6/34). The proposed revisions to ST.60 were approved by the CWS, and agreed to keep date formats unchanged (see paragraphs 129 to 130 and 133 to 135 of document CWS/6/34).
  - (f) At its seventh session, the CWS considered a proposal to split INID code 551 of WIPO ST.60 and referred the matter back to the Trademark Standardization Task Force for further consideration (see paragraphs 161 to 162 of document CWS/7/29).

The International Bureau informed IPOs and CWS Members about the changes on March 5, 2014.

(c) The CWS, at its reconvened fourth session, approved the revision of ST.3 in adding the new two-letter code "XX" and noted the revision of ST.3 in adding the new two-letter code "XV" for the Visegrad Patent Institute (VPI) and changing the name of the Office for Harmonization in the Internal Market (OHIM) to the European Union Intellectual Property Office (EUIPO) (see paragraphs 94 to 98 of documents CWS/4BIS/16).

(d) The CWS, at its sixth session, noted the information regarding the revision of WIPO Standard ST.3 (see document CWS/6/5).

(e) In 2019 the International Bureau prepared and circulated a draft amendment of WIPO Standard ST.3 in which the two letter code "EU" was incorporated for consultation following the established procedure for revision. The revision was approved by the seventh session of the CWS.

- (c) The Task Force will review ST.96 components by comparing them with the corresponding XML components of the older XML Standards: ST.36, ST.66 and ST.86, to determine which ST.96 elements should be mandatory.
- (d) The Task Force will decide whether XML schema components for a particular Standard referring to ST.96 should reside in ST.96 or the indicated Standard, such as ST.37 and report its decisions and the changes in ST.96 and other WIPO Standards using XML to the eighth session of the CWS.
- (e) The Task Force will create a new developers' forum so that developers working with IPOs can provide direct feedback on relevant WIPO Standards.
- (f) The International Bureau will create a centralized repository to host Office-specific implementations of ST.96.
- (g) The International Bureau will organize regular monthly meetings of the XML4IP Task Force on a day and time agreed by the members.
- (h) The Task Force Leader will inform the CWS of any revision of WIPO Standard ST.96 adopted by the Task Force at the eighth session of the CWS.

4. *Remarks:*

- (a) As a means of ensuring continuous maintenance of WIPO Standard ST.96:
  - i. any proposal to revise WIPO Standard ST.96 presented to the Secretariat will be forwarded directly to the XML4IP Task Force for consideration and approval;
  - ii. the XML4IP Task Force is temporarily authorized to adopt revisions of WIPO Standard ST.96;
  - iii. a proposal to revise WIPO Standard ST.96 will be forwarded to the CWS for its consideration whenever a proposed revision becomes controversial, i.e., whenever it is not possible to reach consensus among the XML4IP Task Force members; and
  - iv. the XML4IP Task Force Leader will inform the CWS of any revision of WIPO Standard ST.96 adopted by the Task Force at the first available session of the CWS. (See paragraph 24 of document CWS/2/14).
- (b) The CWS, at its second session, approved the roadmap for the development of WIPO Standards dealing with XML (see document CWS/2/3, and paragraphs 17 to 19 of CWS/2/14).
- (c) The CWS, at its second session, adopted the new WIPO Standard ST.96, entitled "Recommendation for the processing of industrial property information using XML (eXtensible Markup Language)", along with its Annexes I to IV (see paragraphs 20 to 23 of document CWS/2/14).
- (d) The CWS, at its third session, noted the result of the work of the XML4IP Task Force and the report of the Task Force Leader. In particular, the CWS noted that the XML4IP Task Force planned to submit, for consideration and adoption at that session, proposals of Annexes V and VI which would refer to ST.96 XML Schema, version 1.0, which had been adopted at the second session of the CWS. However, considering the ongoing discussions on the revision of the XML Schema with potential major changes, the Task Force agreed to prepare the two Annexes based on the next version of the XML Schema instead of version 1.0. Therefore, the finalization of the Annexes will depend on the progress on the revision of the XML Schema, as well as available resources in the Task Force Member Offices and the International Bureau (see paragraph 22 of document CWS/2/14, 3 of CWS/3/5, and 42 of CWS/3/14).

- (e) The CWS, at its third session, agreed that the work for the mapping and development of tools for the bi-directional transformation between WIPO Standards ST.96 and ST.36, ST.66 or ST.86 should continue. The work should be primarily carried out by the XML4IP Task Force along with ST.36, ST.66 and ST.86 Task Forces. The tools should be owned and maintained by the International Bureau with the assistance of the XML4IP Task Force, and ST.36, ST.66 and ST.86 Task Forces. The CWS welcomed the offer of the Delegation of the United States of America to assist in the development of the tools for bi-directional transformation. The CWS also agreed that this arrangement for assistance should be revisited at its next session (see paragraph 43 of document CWS/3/14).
- (f) With regard to the statement provided in paragraphs 18 and 19 of document CWS/3/5, the CWS, at its third session, agreed that, for the time being, the Task Forces dealing with XML should not be reorganized (see paragraph 45 of document CWS/3/14).
- (g) The CWS, at its reconvened fourth session noted the progress reports presented by the Leader of XML4IP Task Force (see documents CWS/4/6 and CWS/4BIS/4) and adopted new Annexes V and VI. The CWS also approved the modification of Task No. 41 to read "Task No. 41: Ensure the necessary revisions and updates of WIPO Standard ST.96". The CWS assigned the modified Task No. 41 to the XML4IP Task Force (see paragraph 99 to 103 of document CWS/4BIS/16).
- (h) The CWS, at its fifth session noted the progress reports presented by the Leader of XML4IP Task Force (see documents CWS/5/5).
- (i) The CWS, at its sixth session agreed on the fixed release dates of April 1 and/or October 1. The CWS also noted that the Republic of Korea would host the XML4IP Task Force meeting in person in Seoul, Republic of Korea in 2019 (see paragraphs 52 to 54 of document CWS/6/34).
- (j) At its seventh session, the CWS approved the use of a centralized repository for custom ST.96 schemas from IPOs and an external developers forum. The CWS also reassigned Task No. 63 to the Digital Transformation Task Force (see paragraphs 23 to 40 of document CWS/7/29).
5. *Proposal:*  
Document CWS/8/14 contains a progress report on this Task, including the release of versions 3.2 and 4.0 of ST.96, the addition of geographical indication and copyright schemas, and a plan to develop XML components for trademark and industrial design legal status data, based on relevant WIPO Standards.

#### TASK NO. 42

1. *Description:*  
Ensure the necessary revisions and updates of WIPO Standard ST.86.
2. *Task Leader / Task Force Leader:*  
International Bureau.
3. *Scheduled actions to be carried out:*
  - (a) The Task is of a continuous nature (see paragraph 191 of document CWS/6/34).
  - (b) The Task Leader will inform the CWS of any revision of WIPO Standard ST.86 adopted by the Task Force at the next session of the CWS.
4. *Remarks:*
  - (a) As a means of ensuring continuous maintenance of WIPO Standard ST.86:
  - (b) any proposal to revise WIPO Standard ST.86 presented to the Secretariat will be forwarded directly to the ST.86 Task Force for consideration and approval;

- (c) the ST.86 Task Force is temporarily authorized to adopt revisions of WIPO Standard ST.86;
- (d) a proposal to revise WIPO Standard ST.86 will be forwarded to the CWS for its consideration whenever a proposed revision becomes controversial, i.e., whenever it is not possible to reach consensus among the ST.86 Task Force members; and
- (e) the ST.86 Task Force Leader will inform the CWS of any revision of WIPO Standard ST.86 adopted by the Task Force at the next meeting of the CWS. (See paragraph 50 of document SCIT/SDWG/9/12, 52 and 53 of CWS/1/10, and 73 and 74 of CWS/3/14.)
- (f) The CWS, at its third session, noted the oral report, by the Task Force Leader, on the revision of WIPO Standard ST.86 and the discussion on the proposal for revision PFR ST.86/2013/001 (see paragraph 64 of document CWS/3/14).

#### TASK NO. 43

1. *Description:*  
Prepare guidelines, for implementation by industrial property offices, regarding paragraph numbering, long paragraphs, and consistent rendering of patent documents.
2. *Task Leader / Task Force Leader:*  
United States Patent and Trademark Office (USPTO).
3. *Scheduled actions to be carried out:*  
Task No. 43 is held in abeyance.
4. *Remarks:*
  - (a) At its ninth session, the SDWG requested the ST.36 Task Force to review the points elaborated by the Citation Practices Task Force in paragraph 12 of document SCIT/SDWG/9/3. At its eleventh session, after considering the review carried out by the ST.36 Task Force regarding the recommendations of the Citation Practices Task Force described in the Annex to document SCIT/SDWG/11/6, the SDWG agreed that there was a need for guidelines to uniquely identify the different parts of a patent document across different publication platforms and agreed to create the Task (see paragraph 35 of document SCIT/SDWG/9/12, and 45 to 47 of SCIT/SDWG/11/14).
  - (b) In November 2009, the European Patent Office (EPO), JPO and USPTO presented the proposal PFR ST.36/2009/007 (Corrections and Changes in Patent Documents) for the revision of WIPO Standard ST.36 that is under discussion by the ST.36 Task Force at present. Certain aspects of this new Task are quite similar to some of the issues raised by the ST.36 Task Force during the discussion of PFR ST.36/2009/007 (at the moment of preparing this document, lack of business consensus has halted the discussion, see paragraph 5 of document CWS/1/6). There are also ongoing discussions on paragraph numbering, which includes business issues of amendment processing and the preferred paragraph numbering method within the framework of the PCT (e.g., in the 17th Meeting of the International Authorities under the PCT in February 2010; see documents PCT/MIA/17/9 and 11, and paragraphs 83 to 88 of PCT/MIA/17/12), and of the Trilateral/IP5.
  - (c) In view of paragraph 4(b), above, the Secretariat, after consulting the two Offices which had expressed the most interest in the Task, namely the EPO and the USPTO, considered that it would be premature to set up a Task Force to deal with this Task as the discussion on business issues has not progressed enough yet within individual offices. Therefore, it would be convenient to give more time to the IP5 to reach an agreement on harmonizing their business requirements for paragraph amendment and numbering. This task should also wait for further developments on these issues related to paragraphs in patent documents within the PCT framework before getting under way.

(d) The CWS, at its first session, agreed that Task No. 43 should be held in abeyance, subject to review in the light of progress made by the IP5 in harmonizing business requirements relating to the issues referred to in the Task description and in the light of developments of PCT discussions in this domain (see paragraphs 52 and 53 of document CWS/1/10, and 73 and 74 of CWS/3/14).

(e) The CWS, at its reconvened fourth session, agreed to keep Task No. 43 in the CWS Task List for future discussion taking into account the proposal by the Secretariat as to whether to remove Task No. 43 from the CWS Task List or to revive the discussion on Task No. 43 (see paragraphs 116 and 117 of document CWS/4BIS/16).

#### TASK NO. 44

3. *Scheduled actions to be carried out:*

(a) A report on the progress of the Task will be presented for consideration by the CWS at its eighth session.

4. *Remarks:*

(a) Task No. 44 was created by the CWS at its first session. The CWS also established a Task Force (the SEQL Task Force) to handle the Task. The CWS requested the Task Force to liaise with the appropriate PCT body with regard to the possible impact of such a standard on Annex C to the Administrative Instructions under the PCT (see paragraphs 27 to 30 of document CWS/1/10).

(b) The CWS, at its third session, noted the progress report by the Leader of the SEQL Task Force, including a roadmap to prepare the new standard (see paragraphs 47 to 49 of document CWS/3/14).

(c) The CWS, at its reconvened fourth session, noted progress report on this Task and approved the new WIPO Standard ST.26 (see documents CWS/4/7 and CWS/4/7 ADD. and paragraphs 49 to 53 of document CWS/4BIS/16). The CWS also noted further progress report on this Task and revised the Task's description and requested the SEQL Task Force to present a proposal for the transition provisions from ST.25 to ST.26 (see paragraphs 82 to 84 of document CWS/4BIS/16).

- (f) At its seventh session, the CWS noted the classification of free-text qualifiers into language-dependent and language-independent categories and approved the revision to WIPO ST.26 (see paragraphs 130 to 133 of document CWS/7/29).
5. *Proposal:*  
Document CWS/8/6 proposes revisions to Standard ST.26 and proposes that IPOs share their implementation plan to transition from WIPO ST.25 to ST.26 with the International Bureau. The document also notes that the International Bureau plans to provide online trainings for ST.26 and WIPO Sequence.
