Recap on limitations and exceptions
Background

**Action plan on limitations**

- Tipologies and brainstorming
- Studies on digital matters
- Regional seminars
- Conference on limitations and exceptions
Regional seminars

Asia Pacific
Singapore: April 29 and 30

Africa
Nairobi: June 12 and 13

Latin America and the Caribbean
Santo Domingo: July 4 and 5
Some examples

Libraries and cross-border

Archives and access

Museums and preservation

Education and reproduction
Ideas on archives

- More specific limitations and exceptions in the law
- Tariff setting
- Hybrid mechanism
- Liability of archivists
- Role of an instrument
- Provision of working tools
- Cross border issues
Ideas on museums

- International instrument
- High level guidance for digital preservation
- Updating national legislation
- Addition of specific exceptions for museums
- Building capacity of national CMOs
- Definition of museums
- Succession planning of works of artists
- International instrument
Ideas on libraries

- Minimum international standards for preservation
- Benchmarking and healthy monitoring of models that can be adopted globally
- National legislation
- Need for a legal framework which would allow evolving technical requisites
- Need for capacity building along with legislative framework
- Infrastructure and regional entities for cross-border
Ideas on education and research

- Review of national copyright legislations
- Creation of international principles framework by WIPO
- Liability of teachers
- Contractual override of exceptions provisions

Member States’ role

1. Develop a national balanced copyright system
2. Take full advantage of limitations and exceptions
3. Strengthen technical and institutional infrastructure
WIPO’s role

1. Continue the work in a holistic and forward looking way
2. Enhance legal capacity and technical assistance
3. Develop a range of tools with relevant information
