## **Standing Committee on Copyright and Related Rights**

**Forty-third Session  
Geneva, March 13 – 17, 2023**

### **ANNOTATED AGENDA**

*prepared by the Secretariat*

SCCR Background: The WIPO Standing Committee on Copyright and Related Rights (SCCR) was established in 1998, pursuant to a decision of the Assemblies of the Member States of WIPO to establish Standing Committees to take over the functions of existing committees of experts. The SCCR was “to consider emerging issues in this field,” so that “WIPO activities aimed at developing the international system for protecting copyright and related rights will be better harmonized, more thoroughly prepared and more transparent.” (SCCR/1/2). The Committee held its first session in 1998. Its 43<sup>rd</sup> session will be held from March 13-17, 2023.

Notional agenda and flexible approach: This annotated agenda sets out the Secretariat’s estimate of the proposed time allocation for the SCCR, taking into account the principle of respecting the balance of time between the two main substantive topics on the agenda, broadcasting and limitations and exceptions. Recalculations may be needed during the meeting to respect this balance, especially taking into account the Information Session on the Music Streaming Market requested by Member States, which is proposed to take place during the afternoon session on Thursday, March 16.

For information on the previous session, the Summary by the Chair (SCCR/42/SUMMARY BY THE CHAIR) and Statements submitted for SCCR/42 (SCCR/42/INF/3) are published on the SCCR/42 webpage under [https://www.wipo.int/meetings/en/details.jsp?meeting\\_id=69311](https://www.wipo.int/meetings/en/details.jsp?meeting_id=69311).

Starting with SCCR/42, in accordance with the decision of the General Assembly, the Secretariat is no longer preparing a report. Instead, the record of the previous meeting can be accessed via the WIPO webcast page as a video on demand under <https://webcast.wipo.int/home>. Machine-generated transcripts of the previous meeting are available for download on each session’s webcast page under the download icon on the right as well as under the following link: <https://www.wipo.int/s2t/SCCR42/sessions.html>.
