

# Implementation of WIPO ST.92 & DAS

CWS/13 | November 10-14, 2025 | Geneva

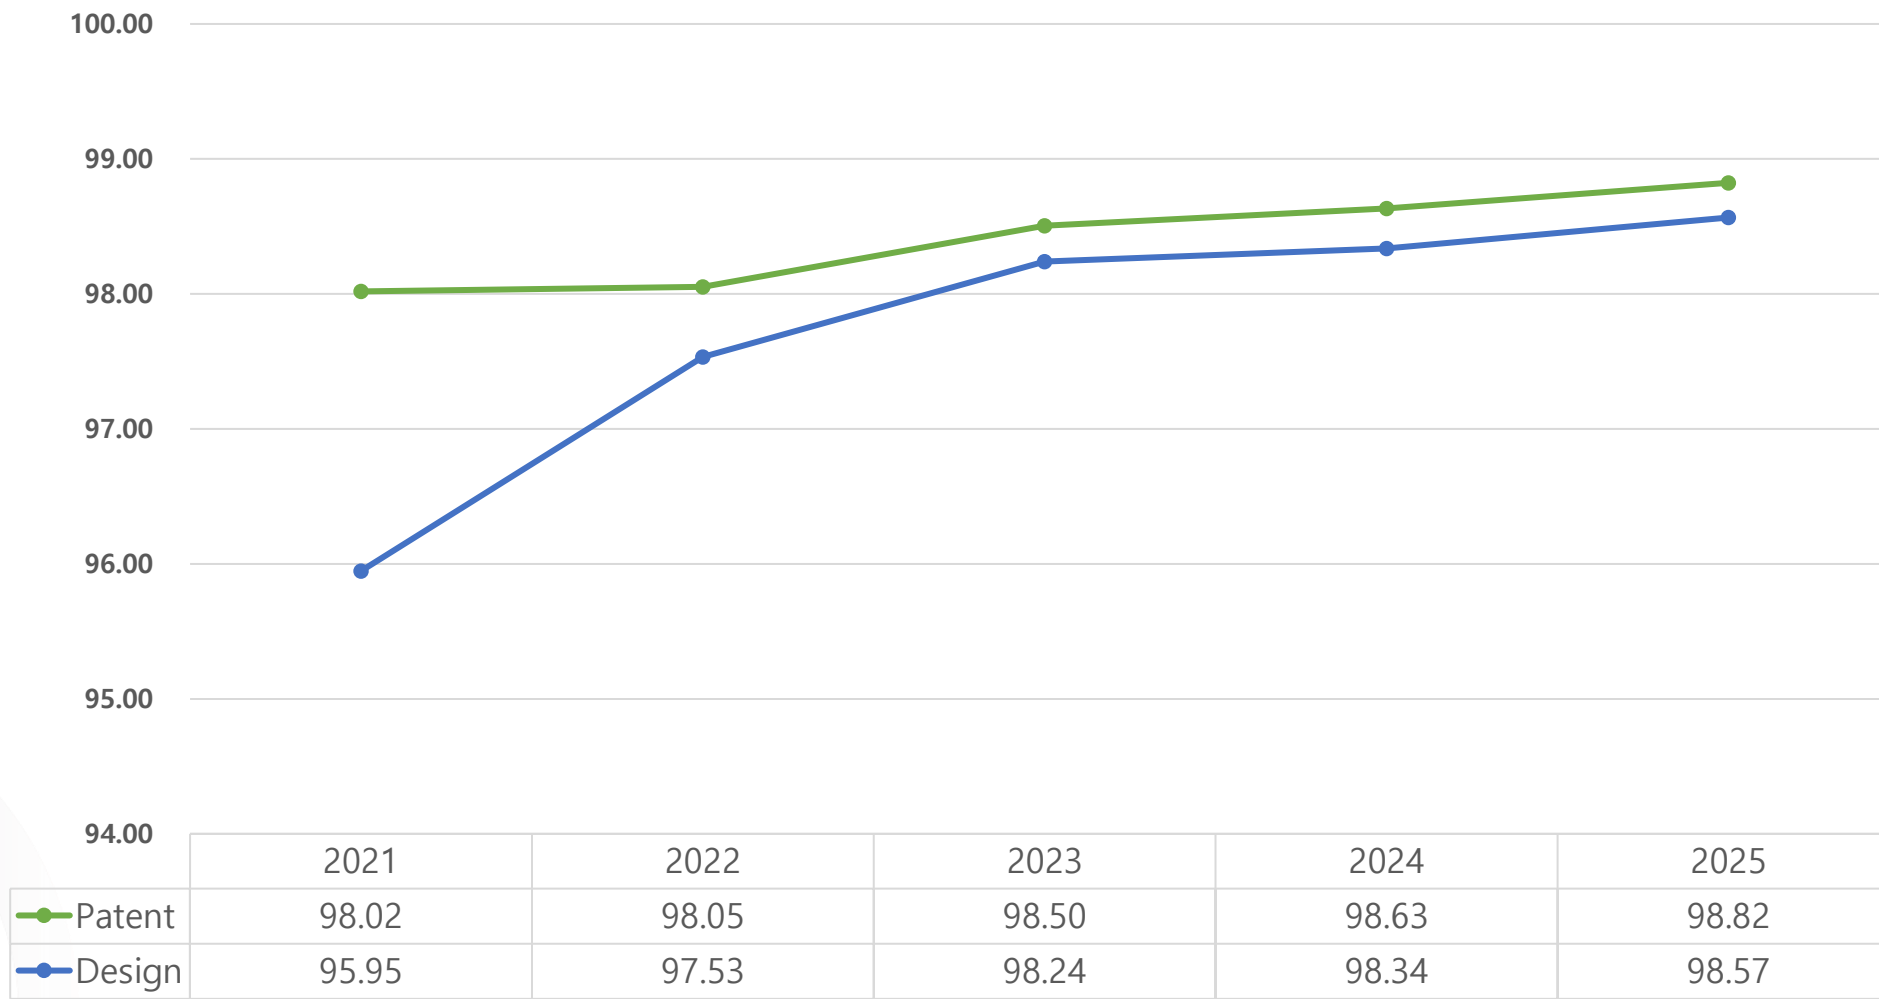

Ministry of  
Intellectual Property

# Progress at MOIP

- ❖ **Providing PDX(bilateral PD exchange) and DAS services in parallel**
- ❖ **Assigning DAS Access Code with Application number** (2020.7.1.-)
- ❖ **Preparing implementation of the new DAS system**(2026.-)

# Current Usage of PDX and DAS at MOIP

# Current and Future DAS System

## ❖ AS-IS

- Using the **SOAP protocol** for priority documents exchange
- Using the **PDF format** for transmission of priority documents

## ❖ TO-BE

- Plan to use the new exchange mechanism, **Restful API**
- Plan to configure the **data package format** in compliance with ST.92 standard for transmission of priority documents

# Implementation Plan

- ❖ Transition to the new electronic exchange method of priority documents

## REST API Model

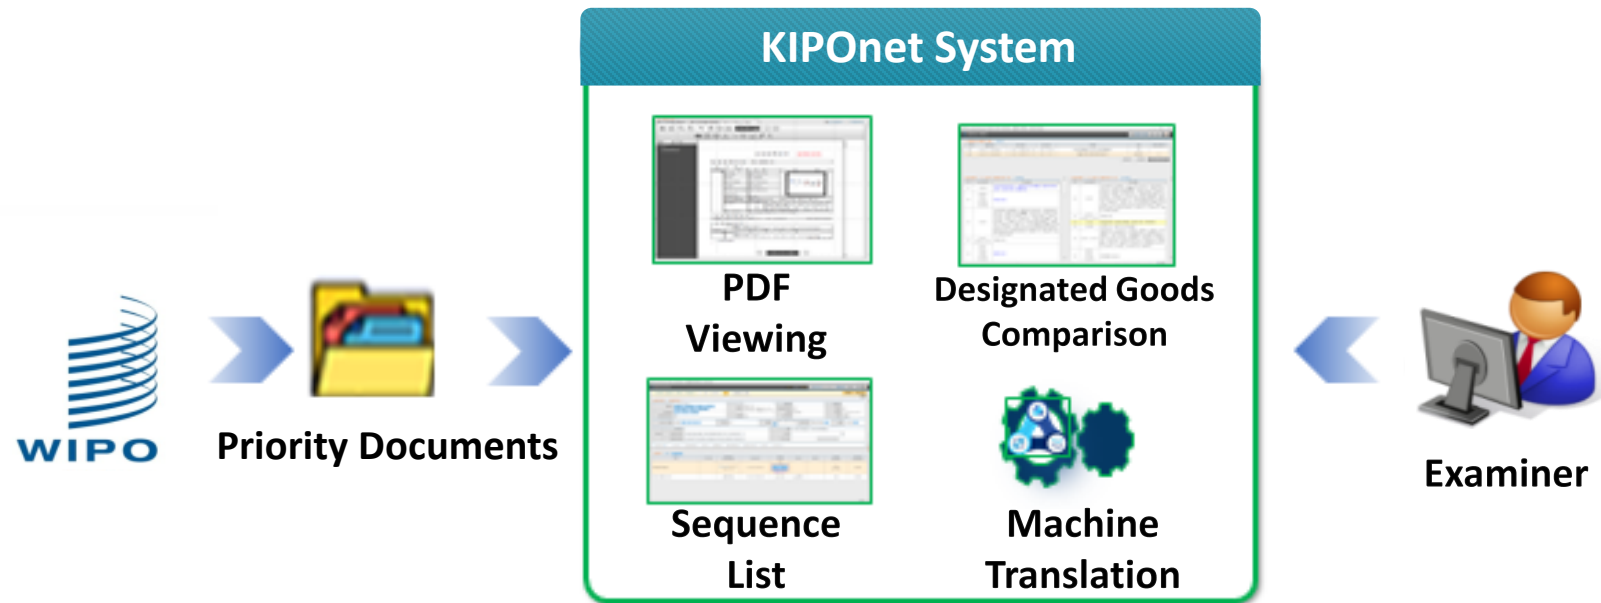

# Future Considerations

- ❖ **Implementation of the new electronic exchange system for trademark priority documents**
- ❖ **Electronic transition of the PCT international application**
- ❖ **Plan to enhance automated error checking**

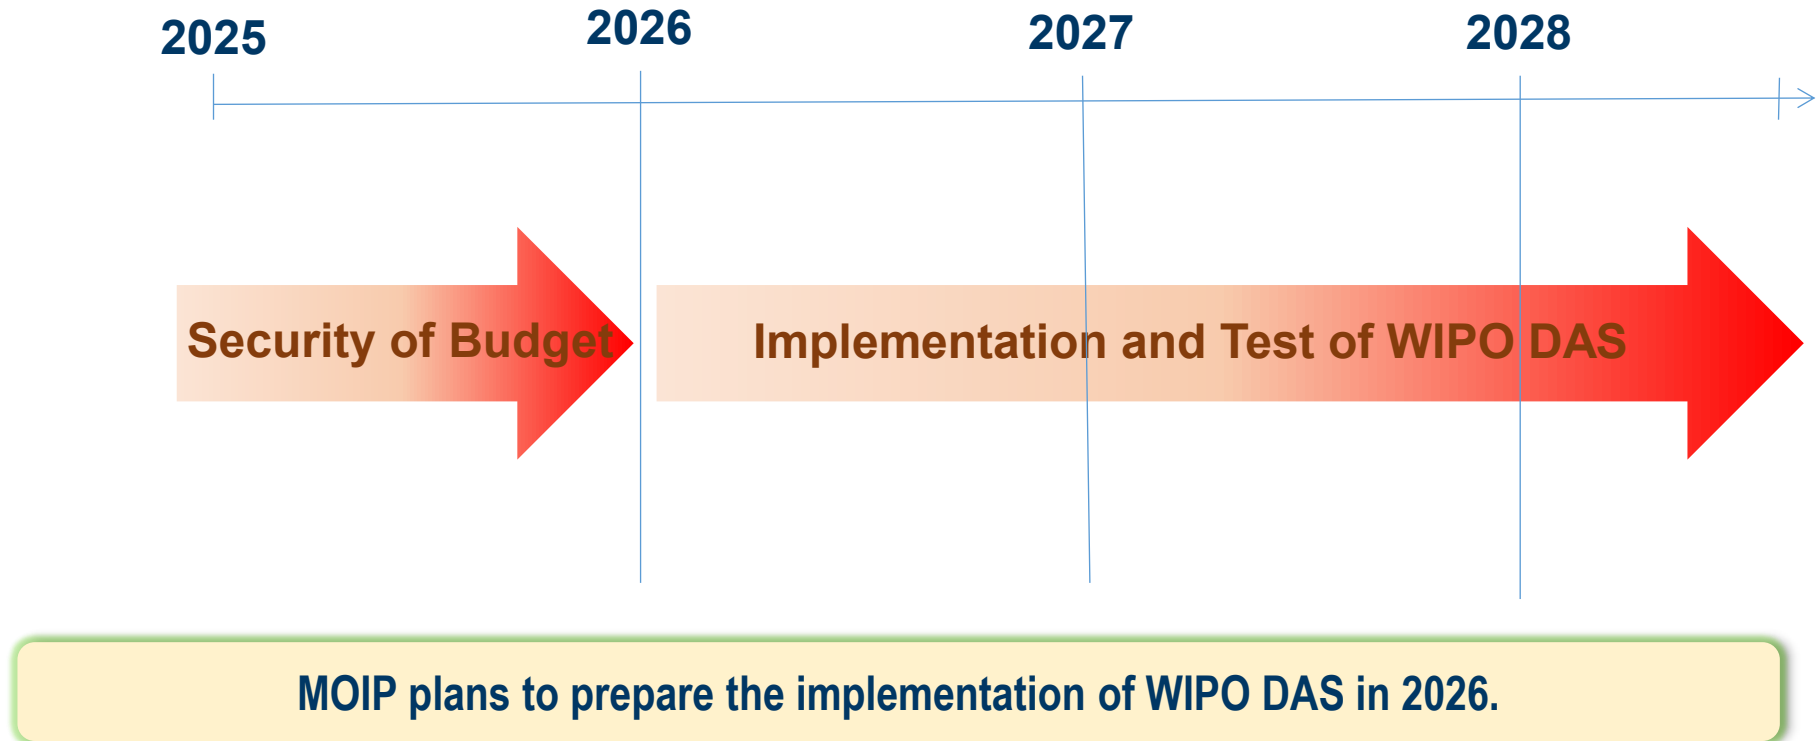

# Utilization Plan

## ❖ Utilization of priority documents in KIPOnet system

# Future Plan

## ❖ Implementation Plans for the new WIPO DAS

# MOIP's Proposals

- ❖ **Sufficient testing period for stable transition**
- ❖ **Parallel operation with the existing system for a certain period of time**

***Thank you!***
