“Overall, the evaluation is of the opinion that the work of the Secretariat under Strategic Goal VI was efficient, effective and relevant and that the improvements made over the evaluation period (2010-2014) are sufficiently addressing the few challenges identified by the contributing Programs on an ongoing basis.

Based on the above conclusions and observations, there are no recommendations formulated for improvements which are specific to Program 17 or other contributing Programs. Suggested enhancements mentioned above are to the attention of the whole Organization. They were mentioned in previous oversight reports¹ and specific recommendations were formulated to address these.”
