REVISED WIPO INTERNAL OVERSIGHT CHARTER

A. INTRODUCTION

1. This Charter constitutes the framework for the Internal Audit and other Oversight functions¹ of the World Intellectual Property Organization (hereinafter referred to as “WIPO”) and establishes its mission: to examine and evaluate, in an independent manner, WIPO’s control and business systems and processes, and to provide recommendations for improvement, thus providing assurance and assistance to management and staff in the effective discharge of their responsibilities and the achievement of WIPO’s mission, vision, objectives, outcomes and goals. The purpose of this Charter is also to help strengthen accountability, value for money, stewardship, internal control and corporate governance in WIPO.

B. OVERSIGHT DEFINITIONS

2. (a) Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organization’s operations. It helps an organization to accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.²

(b) Evaluation is a systematic, objective and impartial assessment focused on whether expected accomplishments and results have been achieved. It aims at determining the relevance, impact, effectiveness, efficiency and sustainability of WIPO objectives, programs and activities.³ Evaluation provides evidence-based information that is credible, reliable and useful, with findings, recommendations and lessons learnt, informing the learning and decision-making processes of WIPO and helping to hold WIPO accountable to its Member States⁴.

(c) Investigation is a formal fact finding inquiry to examine allegations of misconduct and wrongdoing in order to determine whether they have occurred and if so, the person or persons responsible.

(d) An inspection is a review conducted on an ad hoc basis whenever there is a strong indication that a wasteful use of resources or poor management of performance has occurred. The review provides a diagnosis of the issues concerned and proposes remedial measures.

¹ The oversight functions of Internal Audit, Inspection, Evaluation and Investigation. Evaluation is also the subject of a specific policy framework outside this Charter.

² This is the official definition of Internal Auditing, as established by the Institute of Internal Auditors (IIA). The Code of Ethics and the Auditing Standards for Internal Auditing applied at WIPO are those of the IIA. For Evaluation, Investigation and Inspection the standards applied are those developed and used by the UN, e.g. by UNEG, the JIU and the Uniform Guidelines for Investigations.

³ Evaluation of extra-budgetary activities may be carried out at the request of, and in cooperation with, concerned parties.

⁴ This definition draws on Regulation 7.1 of Article VII of ST/SGB/2000/8 and from the widely accepted Principles for Evaluation of the Development Assistance Committee of the Organization for Economic Cooperation and Development (OECD DAC).

C. MANDATE

3. The Internal Audit and Oversight function provides the Management of WIPO with systematic assurance, analyses, appraisals, recommendations, advice and information, through the undertaking of independent internal audits, evaluations, inspections and investigations. Its objectives include endeavoring to ensure cost-effective control, and identifying means for improving WIPO's effectiveness, efficiency, economy and rationalization of the internal procedures and use of resources, as well as ensuring compliance with WIPO's Financial Regulations and Rules, Staff Regulations, Staff Rules, relevant General Assembly decisions, the applicable accounting standards and the Standards of Conduct for the International Civil Service, as well as best practice.⁵
