III. GENERAL COMMENTS

Any comments of general nature may be provided in the box below.

General Comments
<p>The government of Japan supports the promotion of WIPO Strategic Realignment under the strong initiative of the Director General. Japan encourages the WIPO Secretariat to make efforts to enhance the functions of WIPO without slowing down the speed of WIPO reform.</p> <p>The budget of WIPO consists mostly of the income from international (especially PCT) applications fees. Nevertheless, the percentage of WIPO's budget allotted to PCT activities is relatively small. Therefore, Japan recommends that a greater percentage of this budget should be used to enhance the convenience of the system and the existing services for the benefit of users.</p> <p>Also, the recent economic downturn has led to the reduction of the number of international applications, and this is expected to influence WIPO's income, so sufficient consideration is required for the utilization of reserve funds and the implementation of each program including the programs concerning the Development Agenda.</p>
