Madrid System Case Study Highlight: Panasonic, Branding for Further Growth and Greater Value

October 5, 2021

We continue with our highlights of key case studies giving you practical insights on how companies across various industries use the Madrid System globally to their advantage. Our latest study focuses on [Panasonic, the renowned Japanese electronics corporation](#).

Panasonic provides a wide range of products and services that are used in consumers' daily lives worldwide. These include home appliances, the electronic components used in them, housing and various services.

With more than a hundred years of experience, the company has been thoroughly committed to creating a better life for its users under the brand slogan of "A Better Life, A Better World".

Over the years, Panasonic introduced several business brands to achieve further growth and greater brand value in each area of business. In 2008, the corporation changed its name from the Matsushita Electric Industrial Co., Ltd to the Panasonic Corporation, consolidating its brand identity.

Discover how, with such a varied portfolio and an expansion strategy geared internationally, Panasonic uses the Madrid System to simplify the administrative procedures and greatly reduce costs.
