THE IPOPHL MOODLE JOURNEY

2019 ---- 2020 ---- 2021 ---- 2022 ---- 2023 ---- 2024

Installation of local Moodle site

Exploring Moodle features and capabilities

Creation of BOP Moodle team

- Moodle User Guide
- tutorial courses

Launch of local Moodle site

Engagement of BOP and BOT colleagues

Deployment to new patent examiners

- Moodle webinars
- creation of various Moodle courses

Engagement of all bureaus

- Moodle webinars and tutorials
- BOT launch of Moodle courses

WE ARE HERE!

All bureaus adapt Moodle LMS

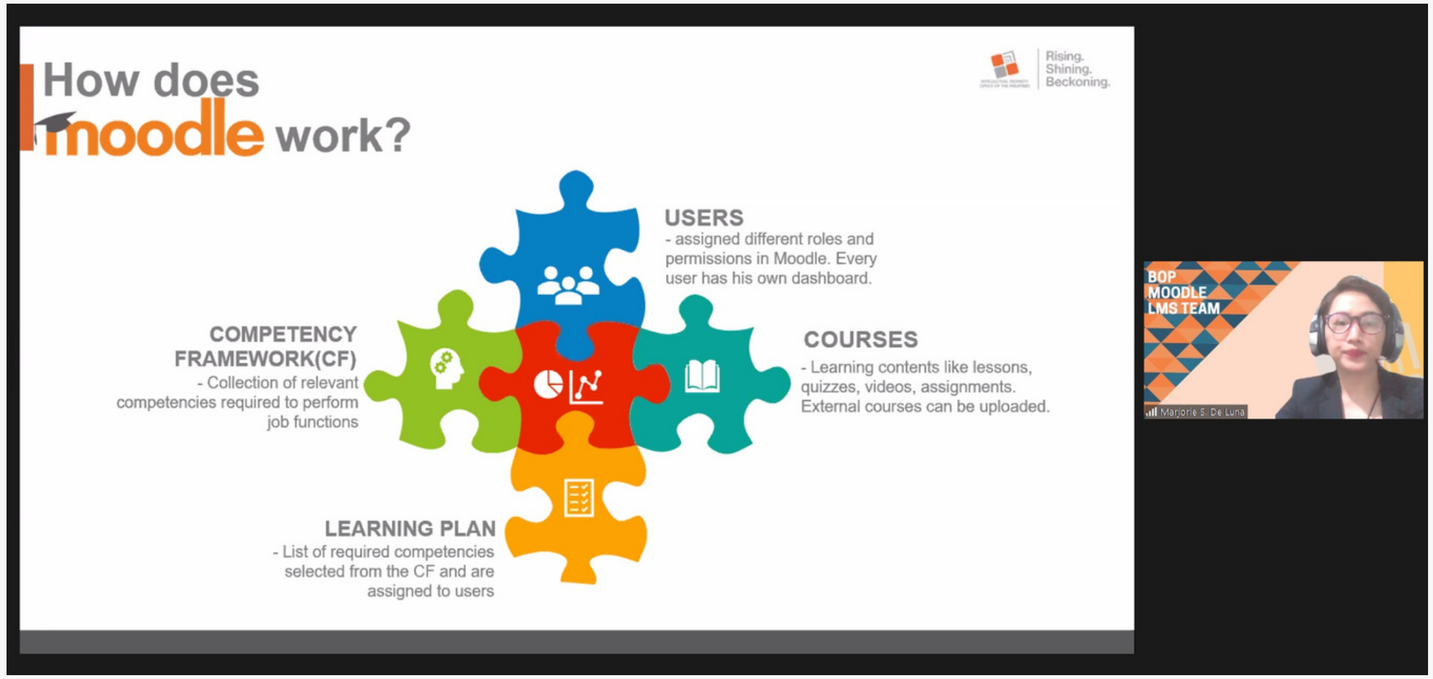
- managing training using Moodle LMS
- mobile app enabled

MILESTONES

OUR CURRENT PROGRESS

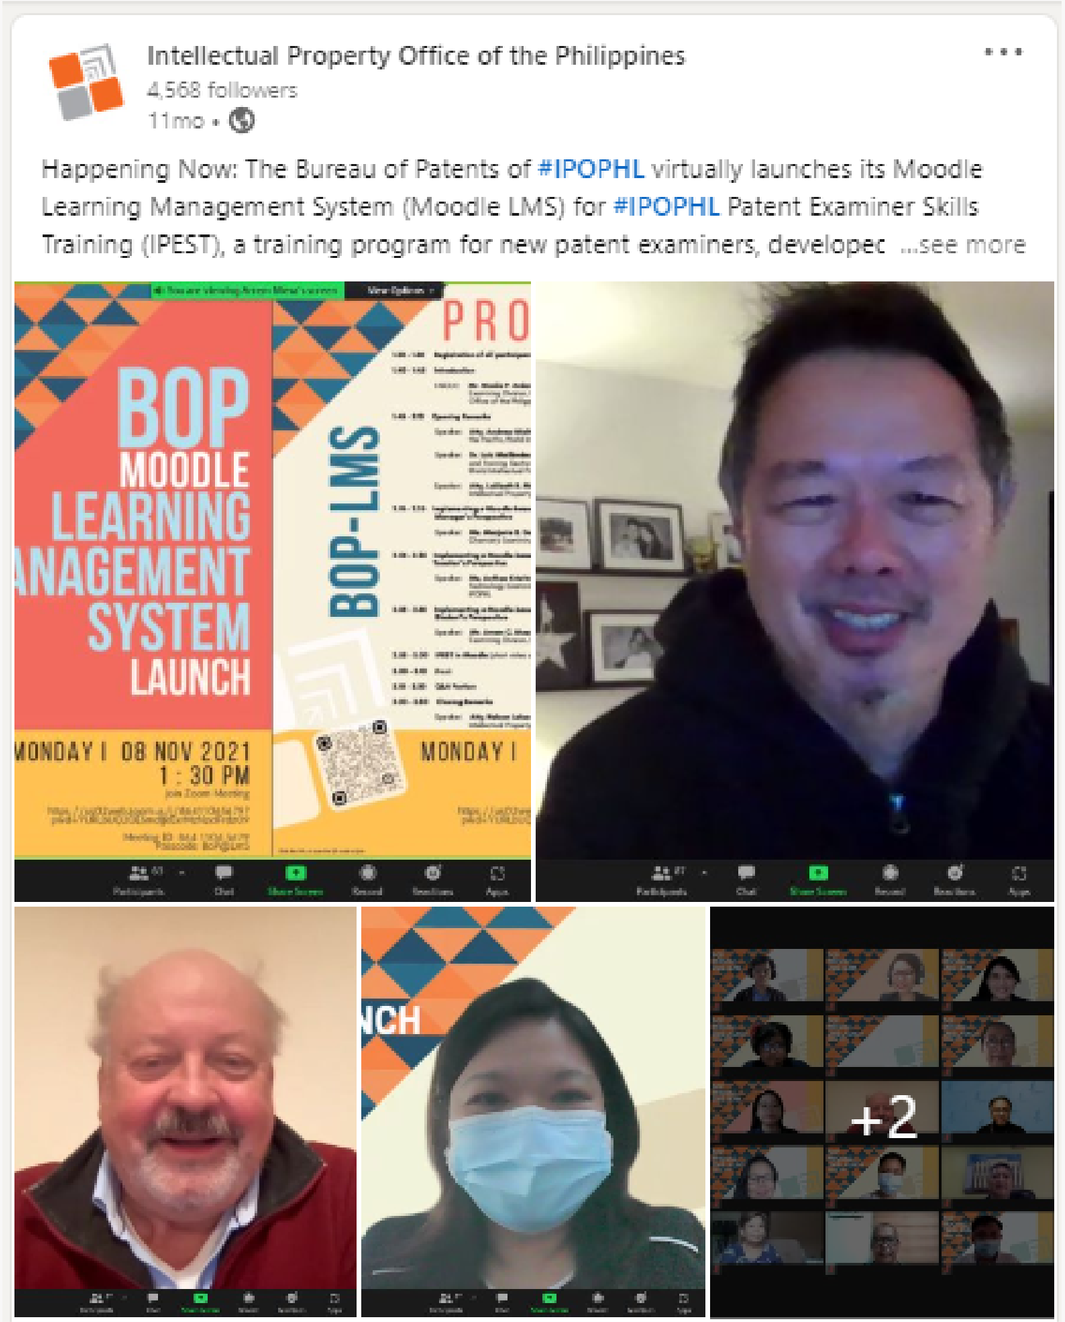
WE DECIPHERED MOODLE STRUCTURE

- dummy users, sample CF, sample learning plans, practice courses
- lots of trial and error and testing
- conduct of tutorial courses in Jan-Apr 2021



WE WERE ABLE TO LAUNCH OUR MOODLE SITE

- November 2021
- Andrew Ong and Yemin Than of WIPO ASPAC Division
- Lutz Mailander of WIPO PCT DIvision
- Almost 100% attendance of patent examiners



UPSKILLED MOODLE ADMINS

- Moodle Training for SIte Administrators
- Funded by WIPO ASPAC Division
- provided by certified Moodle partner
- 35-hour online course

LOOK: #IPOPHL held a Moodle Training for Site Administrators last November 5 to December 17, 2021.

With trainers from **Nephila Web Technology Inc.**, the course is among the formal Moodle training packages of the ongoing collaboration between IPOPHL and World Intellectual Property Organization – WIPO in developing a Moodle-based LMS for improving the coordination of patent examiner training.

Moodle-based Learning Management System serves as an important tool to enhance the overall quality framework of IPOPHL and a critical component of IPOPHL's holistic capacity-building approach in enhancing efficiency and quality of services in operations.

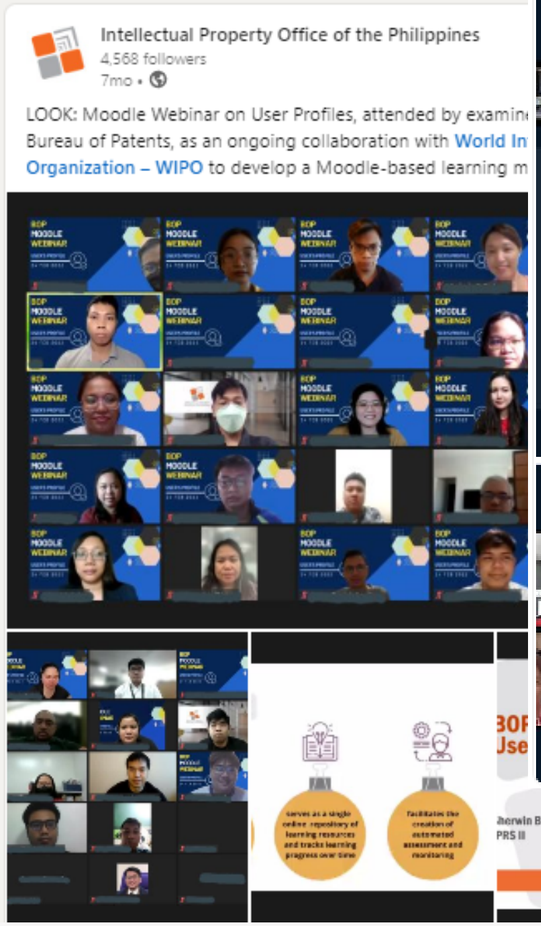
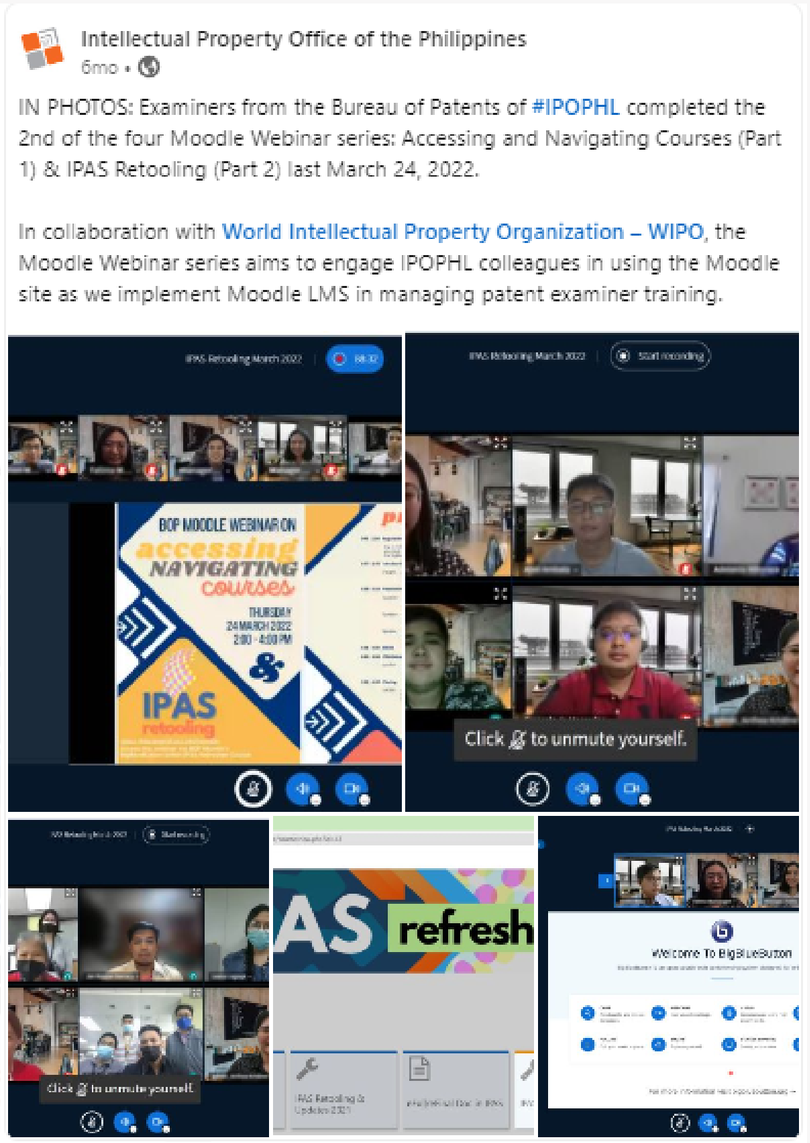
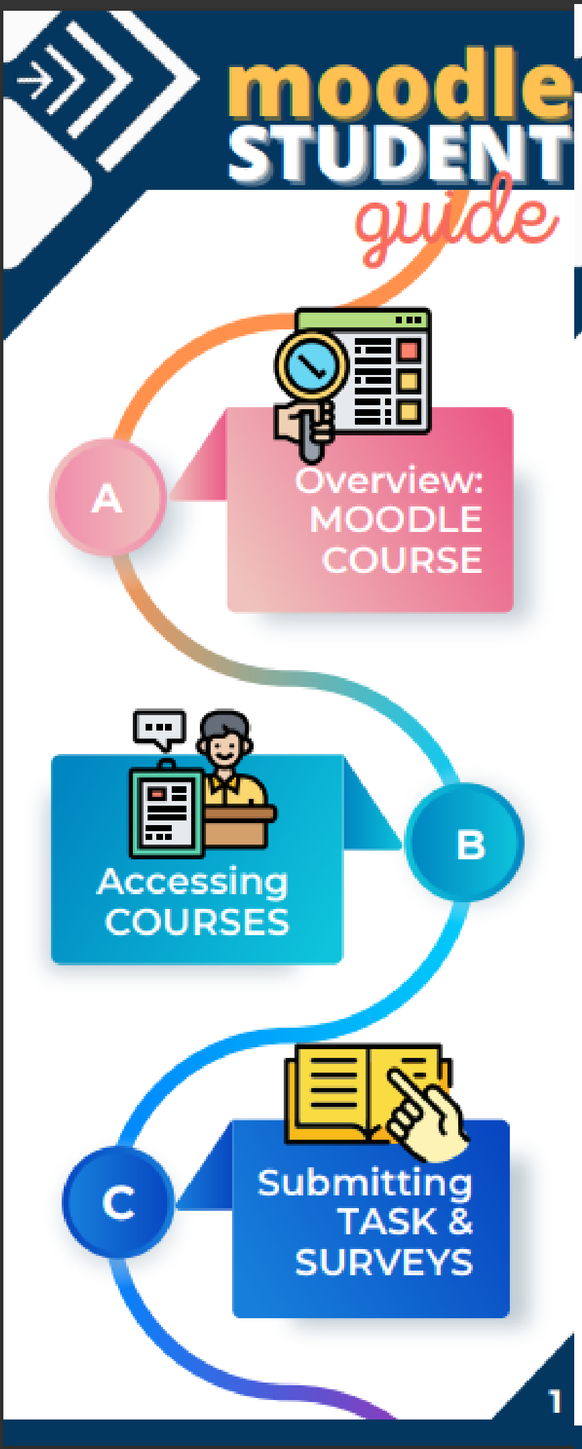
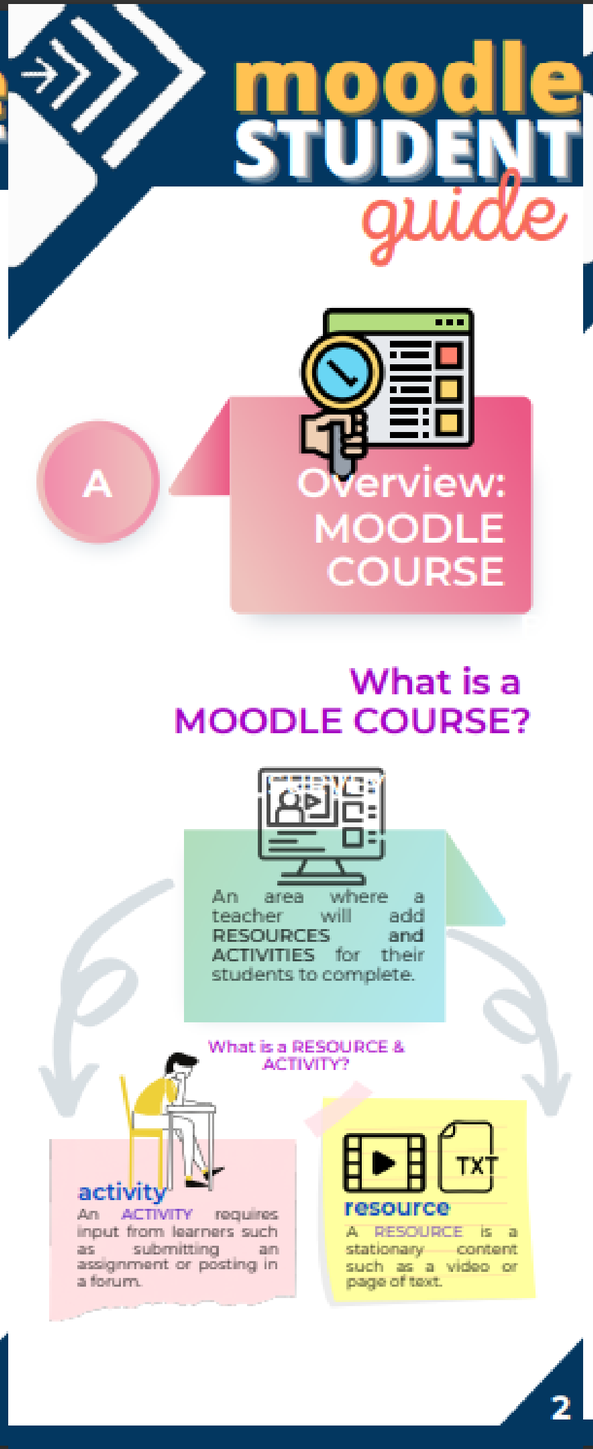
WE HAVE ENGAGED OUR PEERS

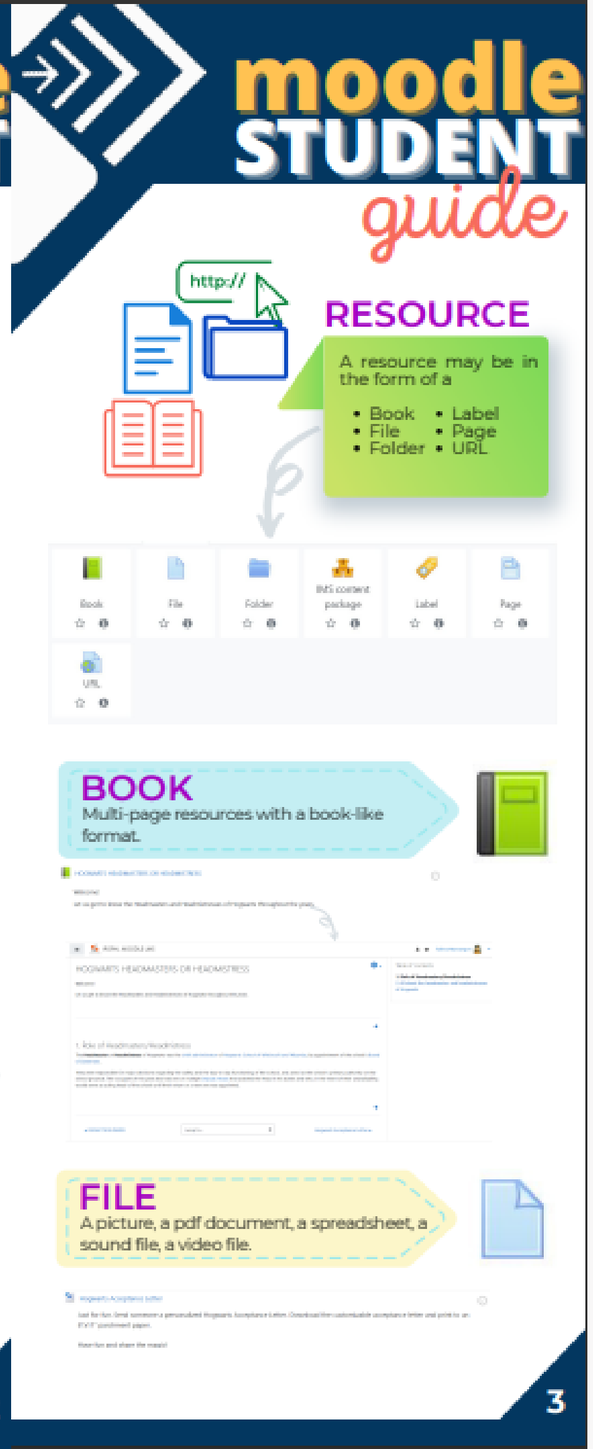
- Moodle webinars
- Moodle Brochures
- editing profile in Moodle site
- conducting online course in Moodle





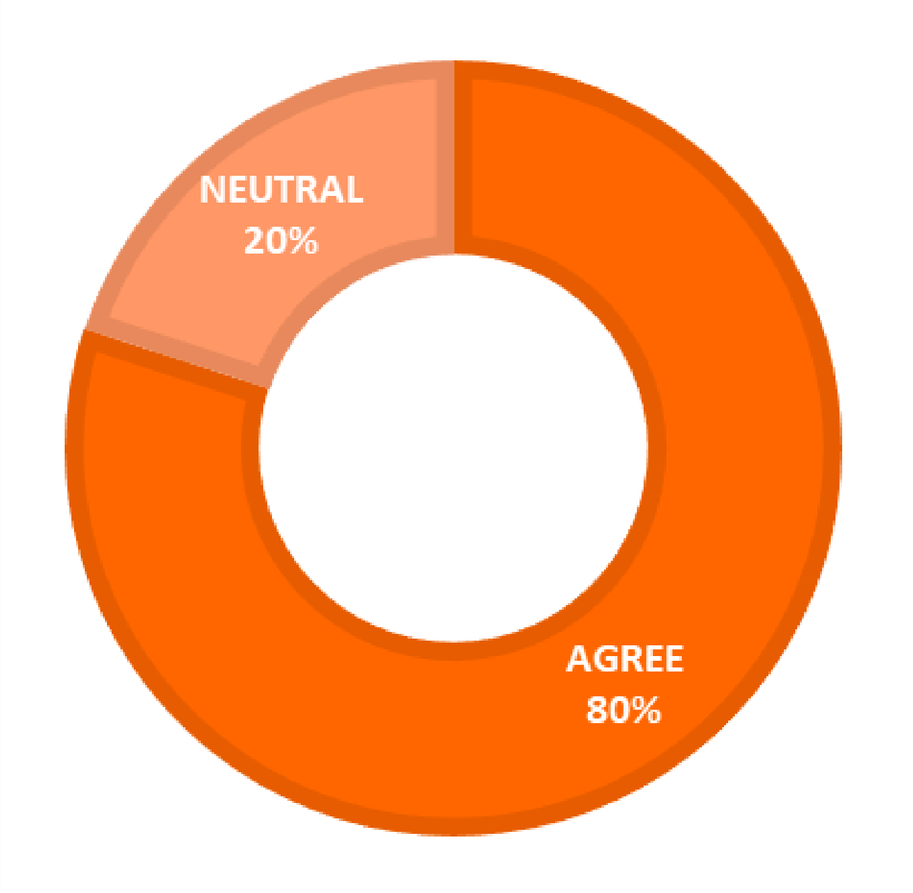






Our BOP colleagues find our Moodle brochures very informative and creative.

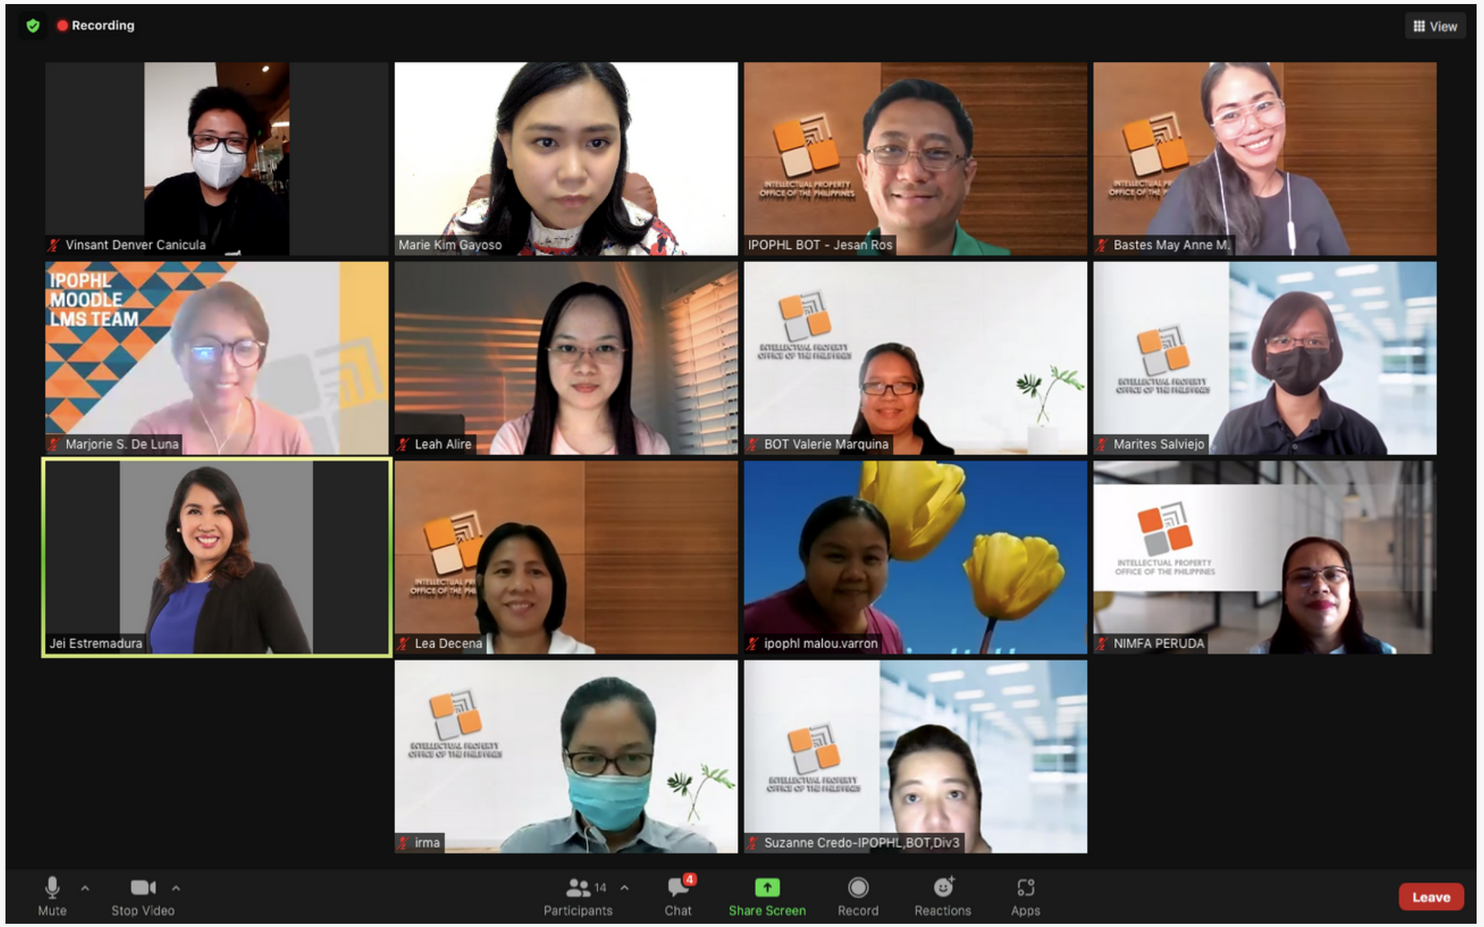
COLLEAGUE SATISFACTION



Our BOP colleagues find our Moodle site easy to navigate and are optimistic to use it for future learning.

BOT JOINS MOODLE JOURNEY

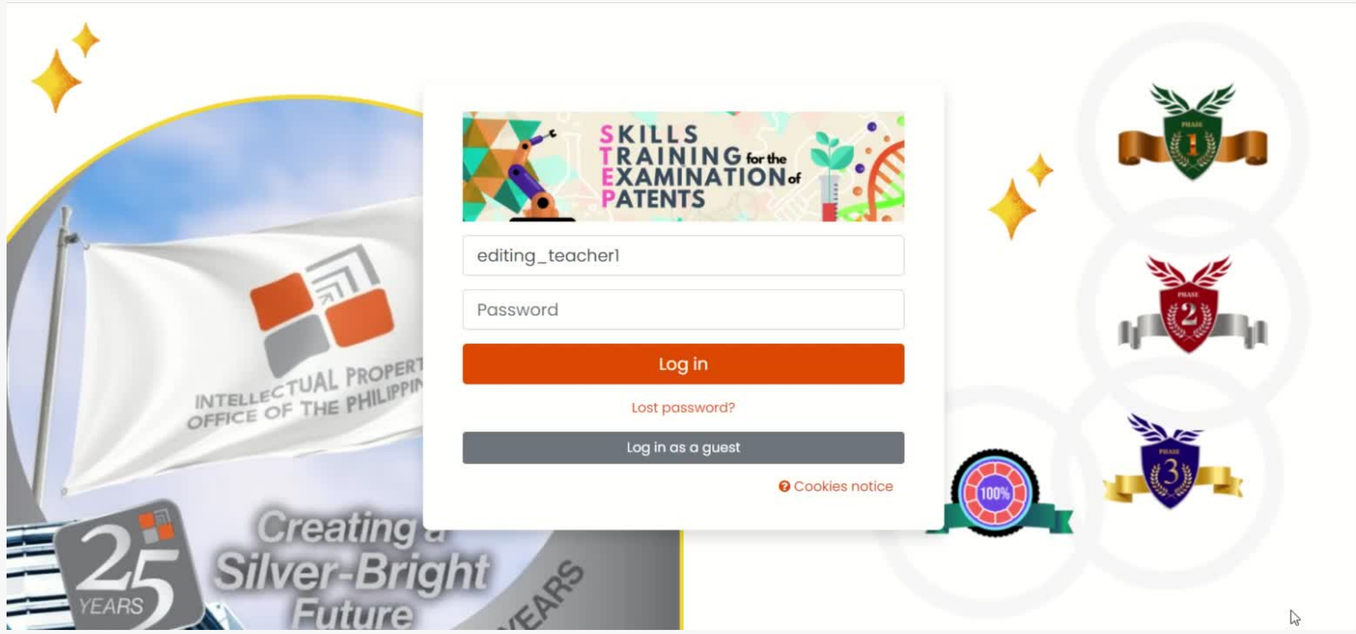
- May 2022
- BOT colleagues started developing their own CFs and courses on our Moodle site



Sharing of best practices with BOT colleauges

UPGRADE TO MOODLE 4.0

- August 2022
- updating of Moodle training courses and User Guides
- recreation of training modules for patent examiners in view of Revised IRR
- development of new courses (advanced examination topics, examination guidelines and training materials, HR onboarding, IT policies, etc.)



KEY TAKE AWAYS

WHAT DID WE LEARN SO FAR?

KEY TAKE AWAYS

INTELLECTUAL PROPERTY OFFICE OF THE PHILIPPINES

Rising.
Shining.
Beckoning.

Hands-on experience is required

- sample courses, dummy users, sample learning plans and CFs
- conduct of pilot courses

Given finite resources, develop own LMS by building on what is available

- customizing to local setting and requirements
- multitasking, working on top of regular responsibilities

Exploring Moodle is not an overnight process

- one milestone at a time
- Moodle champs
- Moodle Partner for capacity building

INTELLECTUAL PROPERTY OFFICE OF THE PHILIPPINES

Rising.
Shining.
Beckoning.

KEY TAKE AWAYS

Gradual introduction of the LMS concept

- Moodle webinar installments
- creative brochures

Colleague engagement is important

- Personalized emails
- Profile updates done by Moodle users
- Utilize forums for questions
- Use survey activity to ask Moodle experience

Work around Internet speed and IT restrictions

ASPIRATIONS

WHAT'S NEXT FOR US?

INTELLECTUAL PROPERTY OFFICE OF THE PHILIPPINES

Rising.
Shining.
Beckoning.

WIPO-IPOPHL collab on Moodle project

- Continuous development of IPOPHL Moodle site in support of the WIPO project for improving the coordination of patent examiner training
- IPOPHL as a Moodle tutor to interested offices

OUR ASPIRATIONS

Networking with Moodlers

Join MoodleMoots in order to engage with Moodle community and learn best practices

Continuous Capacity building

Continue capacity Building of IPOPHL LMS team, preferably with Moodle headquarters
