## PANEL 1: DATA, BEYOND AI IN A FULLY INTERCONNECTED WORLD

### MODERATOR

Mr. Dean Jolliffe

Dean Jolliffe is a Lead Economist in the Development Data Group of the World Bank and member of the LSMS-ISA team. He has extensive experience in the design and implementation of household surveys and is currently managing ongoing LSMS-ISA work in Ethiopia. He has also worked in the South Asia region at the Bank on poverty assessments for Afghanistan, Bangladesh and Nepal.

Previously, he was a Research Economist at the Economic Research Service of USDA, an Adjunct Professor at the Johns Hopkins University School of Advanced International Studies, an Assistant Professor at the Center for Economic Research and Graduate Education in Prague, and a Post-doctoral Fellow at the International Food Policy Research Institute. Dean holds appointments as a Research Fellow with the Institute for the Study of Labor in Bonn, and as a Research Affiliate with the National Poverty Center at the University of Michigan. He received his Ph.D. in economics from Princeton University.

### PANELISTS

Ms. Diane Coyle

Professor Diane Coyle is the Bennett Professor of Public Policy at the University of Cambridge. Diane co-directs the Bennett Institute where she heads research under the themes of progress and productivity. Her new book 'Cogs and Monsters' looks at how economics needs to change, while her previous book, 'Markets, State and People – Economics for Public Policy' examines how societies reach decisions about the use and allocation of economic resources.

Diane is also a Director of the Productivity Institute, a Fellow of the Office for National Statistics, an expert adviser to the National Infrastructure Commission, and Senior Independent Member of the ESRC Council. She has served in public service roles including as Vice Chair of the BBC Trust, member of the Competition Commission, of the Migration Advisory Committee and of the Natural Capital Committee. Diane was Professor of Economics at the University of Manchester until March 2018 and was awarded a CBE for her contribution to the public understanding of economics in the 2018 New Year Honours.

Diane's research interests include economic statistics and the digital economy, competition policy and digital markets, economics of new technologies, natural capital, and infrastructure.

Ms. Aruba Khalid

Aruba Khalid is an economic researcher and analyst at the Dubai Future Foundation in the UAE and has worked for over 10 years in private and public sector entities in the UAE.

Aruba's primary research interests include the growth and competitiveness of science, technology and innovation hubs in emerging economies. At the Dubai Future Foundation, Aruba has led research on the data economy as a critical sector for the future GDP and its key role in enabling technologies driving

Industry 4.0.

## PANEL 2: THE REGULATORY MATRIX OF DATA

### MODERATOR

Mr. Aaron Shull

As CIGI's managing director and general counsel, Aaron Shull acts as a strategic liaison between CIGI's research initiatives and other departments while managing CIGI's legal affairs and advising senior management on a range of legal, operational and policy matters.

Aaron is an expert on cyber security issues. He coordinated the CIGI essay series *Governing Cyberspace during a Crisis in Trust*. In his introduction, he argues that more robust

international norms for cyber security are a national imperative for Canada.

Prior to joining CIGI, Aaron practised law for a number of organizations, focusing on international, regulatory and environmental law. He has taught courses at the University of Ottawa, Faculty of Law, and the Norman Paterson School of International Affairs and was previously a staff editor for the *Columbia Journal of Transnational Law*.

Aaron graduated from the University of Waterloo, placing first in his class as a departmental scholar, with a B.A. (honours) in history and political science. His keen interest in international affairs and political history led him to pursue an M.A. in international affairs at Carleton University's Norman Paterson School of International Affairs, where he graduated with distinction. He concurrently pursued his LL.B. from the University of Ottawa, where he graduated cum laude with first class honours. Aaron received his LL.M. from Columbia Law School, where he graduated as a Harlan Fiske Stone scholar.

## PANELISTS

**Mr. Jiro Kokuryo**

Professor Jiro Kokuryo is a Professor at the Faculty of Policy Management of Keio University, where he served as Dean from 2009 to 2013. He also served as a Vice President from 2013 to 2021 and played a key role in the execution of the digital transformation of the university. Professor Kokuryo's research and teaching interests are focused on developing business and social models that maximize the benefits of information technologies to society.

Professor Kokuryo graduated from the University of Tokyo in 1982. While an employee of Nippon Telegraph and Telephone Corporation between 1982 and 1993, he obtained a Master of Business Administration (MBA) in 1988 and Doctor of Business Administration (DBA) in 1992, both from Harvard Business School.

**Ms. Dafna Feinholz**

Dafna Feinholz has a PhD in Research Psychology (UIA Mexico) and a Master in Bioethics (Universidad Complutense, Madrid, Spain). She was the Head of the Reproductive Epidemiology Department at the Mexican National Institute of Perinatology, and the Director for Research and Planning of the Women and Health Programme, at the Ministry of Health (Mexico). She successively occupied the posts of Academic Coordinator of the National Commission of Human Genome at the Ministry of Health and Executive Director of the National Commission of Bioethics.

Among her achievements, she ensured a more independent legal status for the National Bioethics Committees (NBC); contributed to define their mission as promoters of a bioethics culture; encouraged them to provide society and decision makers with the necessary elements to understand and tackle ethical issues. She drafted the first national guidelines for Research Ethics Committees and Clinical Bioethics Committees; and promoted the law that established and differentiated both types of committees (law approved and currently in vigour).

She was Mexico's representative at the Intergovernmental Committee of Experts in charge of drafting and negotiating the UNESCO's Universal Declaration on Bioethics and Human Rights.

Since September 2009, Dafna Feinholz is the Chief of the Bioethics and Ethics of Science Section, within UNESCO's Social and Human Science Sector.

**Mr. Kung-Chung Liu**

Dr. Kung-Chung Liu is currently Professor of Law (Practice), Lead, Intellectual Property Initiative, Center for AI and Digital Governance, School of Law, Singapore Management University/Renmin University of China/Visiting Professor, National Law University Delhi, India and Adjunct Chair Professor, Shandong University, China.

His research interests focus on intellectual property law, its intersection with antitrust and unfair competition law, with a geographic focus on Asia and Greater China. Prof Liu has edited and co-edited 15 books, two latest of which are Jyh-An Lee/Reto Hilty/Kung-Chung Liu/ (eds.), *Artificial Intelligence & Intellectual Property*, Oxford University Press (2021) and Kung-Chung Liu/Reto Hilty (eds.), *Trade Secret Protection—Asia at a Crossroads*, Kluwer (2021). Prof. Liu got his LLB and LLM from National Taiwan University and his LLD from University of Munich, Germany.

**Ms. Caroline Wanjiru Muchiri**

Caroline is an intellectual property expert currently working as a Research Fellow at Centre for Intellectual Property and Information Technology (CIPIT)-Strathmore University in charge of IP and innovation research;

She is also the Manager CIPIT IP Legal Aid Clinic; Member, Intellectual Property & Commercialisation Board Committee, Young Scientists Kenya (YSK); and Judge, Trainer, Coach and Mentor for entrepreneurs at @iBizAfrica, Kenya. Caroline's research interests in Law include Innovation and Intellectual Property; Agriculture and the Law; African Feminism; Gender, Women and the Law.

Caroline is a Mentor. Mentee. A Rotarian. Amateur Farmer.

**PANEL 3: DATA AND BUSINESS MODELS – A BUSINESS VIEW**

**MODERATOR**

**Ms. Clara Neppel**

Dr. Clara Neppel is the Senior Director of the IEEE European office in Vienna, where she is responsible for the growth of IEEE's operations and presence in Europe, focusing on the needs of industry, academia, and government. Clara serves as a point of contact for initiatives with regard to technology, engineering and related public policy issues that help implementing IEEE's continued global commitment to fostering technological innovation for the benefit of humanity.

Clara joined IEEE after many years with the European Patent Office where she was involved in various aspects relating to innovation, intellectual property and public policy in the field of information and communication technologies. She co-authored publications both in the field of patentability of computer implemented inventions as well as possible future scenarios of the patent system. Before joining the Office she worked in research, in the area of parallel database optimization, and in industry, as program manager for archiving solutions.

She holds a Ph.D. in Computer Science from the Technical University of Munich and a Master in Intellectual Property Law and Management from the University of Strasbourg.

## PANELISTS
