africarare

Africa's First Metaverse

Exclusive digital experiences, land, art and avatars in an immersive Africa-inspired virtual world.

Metaverse marketplace showcasing the best of African creativity & connecting Africa to the global digital economy.

Using the **$UBUNTU Token (UBU)** all digital assets can be bought, traded or kept as well as used for various experiences such as **retail, games, entertainment and social experiences**.

The Africarare Marketplace

African Art

Discover Unique African Artists from all areas.

Ubuntuland

Purchase your piece of Ubuntu land, create your own application on top of it.

Avatars & Skins

Create your own unique avatars that can be traded along with unique skins such as hats, jackets and even shoes.

Digital Assets

Various Africarare NFT digital assets and services will be released.

Ubuntuland Village

Build your own environment or application on digital land with roots in Africa.

(Ubuntu - I am, because we are)

Land is divided up into tokenized plots of land, and larger villages which can be purchased, rented out, and developed by players.

1x1 Single plots of land (24576)

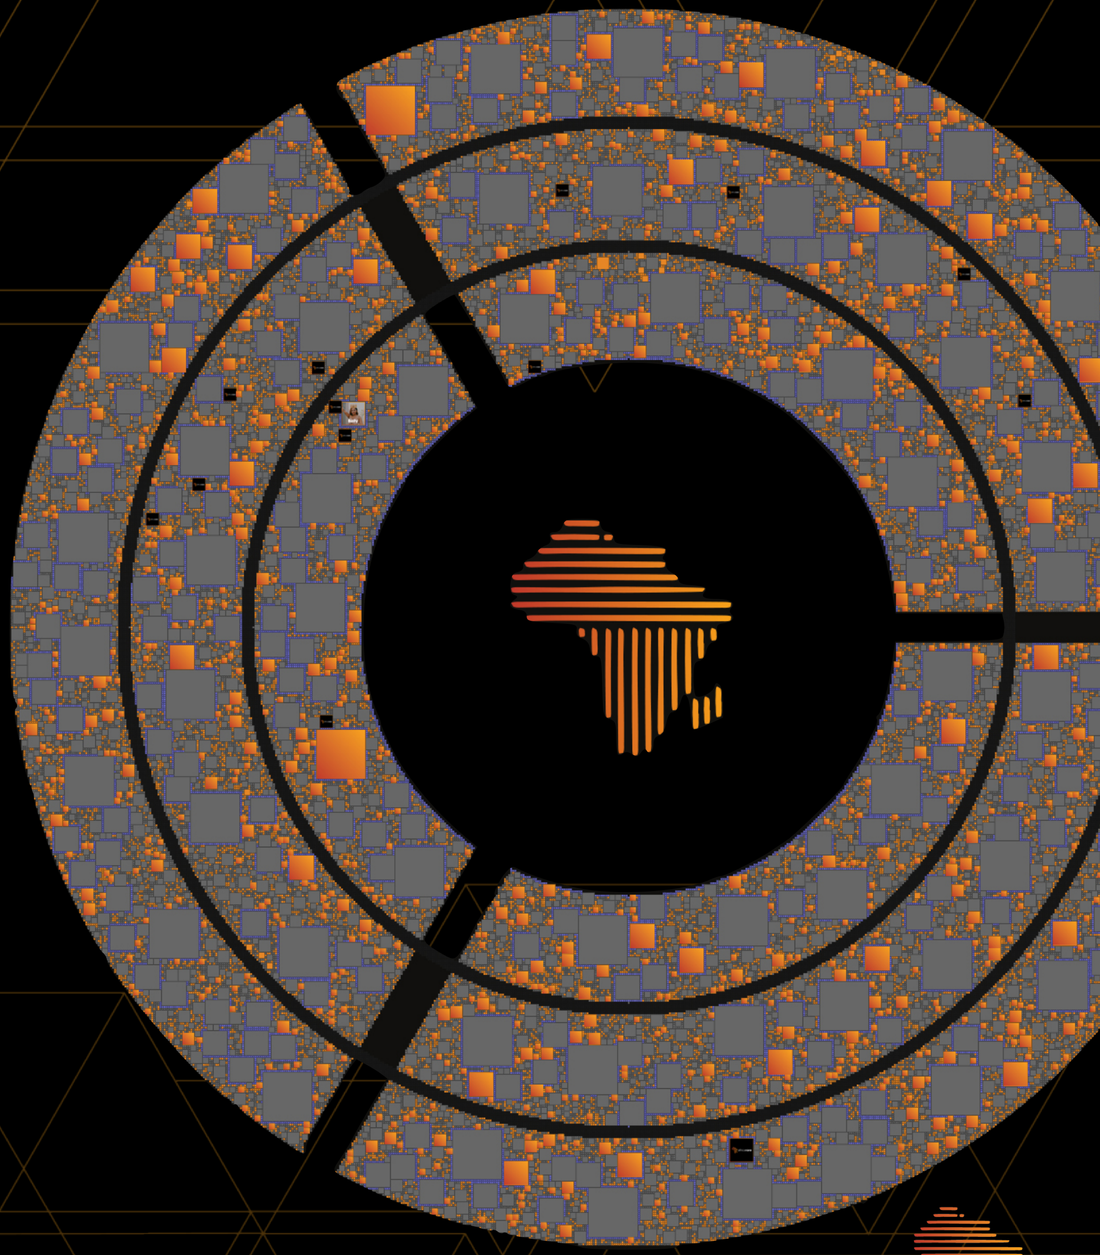
1x1 Precious plots of land (includes digital assets other NFT such as furniture) (15360)

3x3 Villages (3840)

6x6 Villages (960)

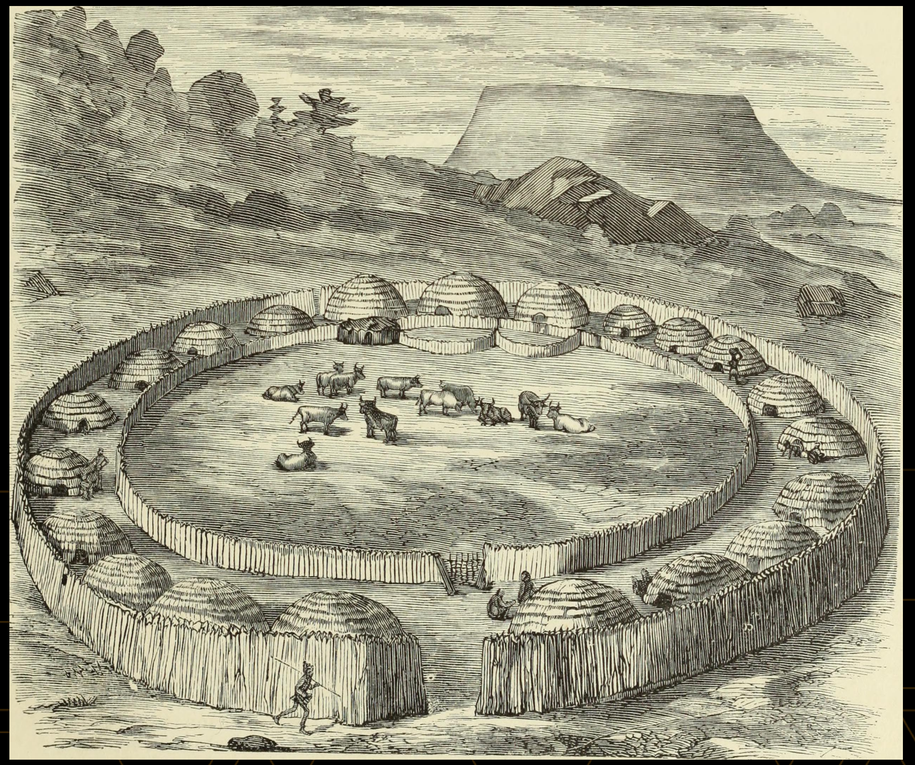
12x12 Villages (240)

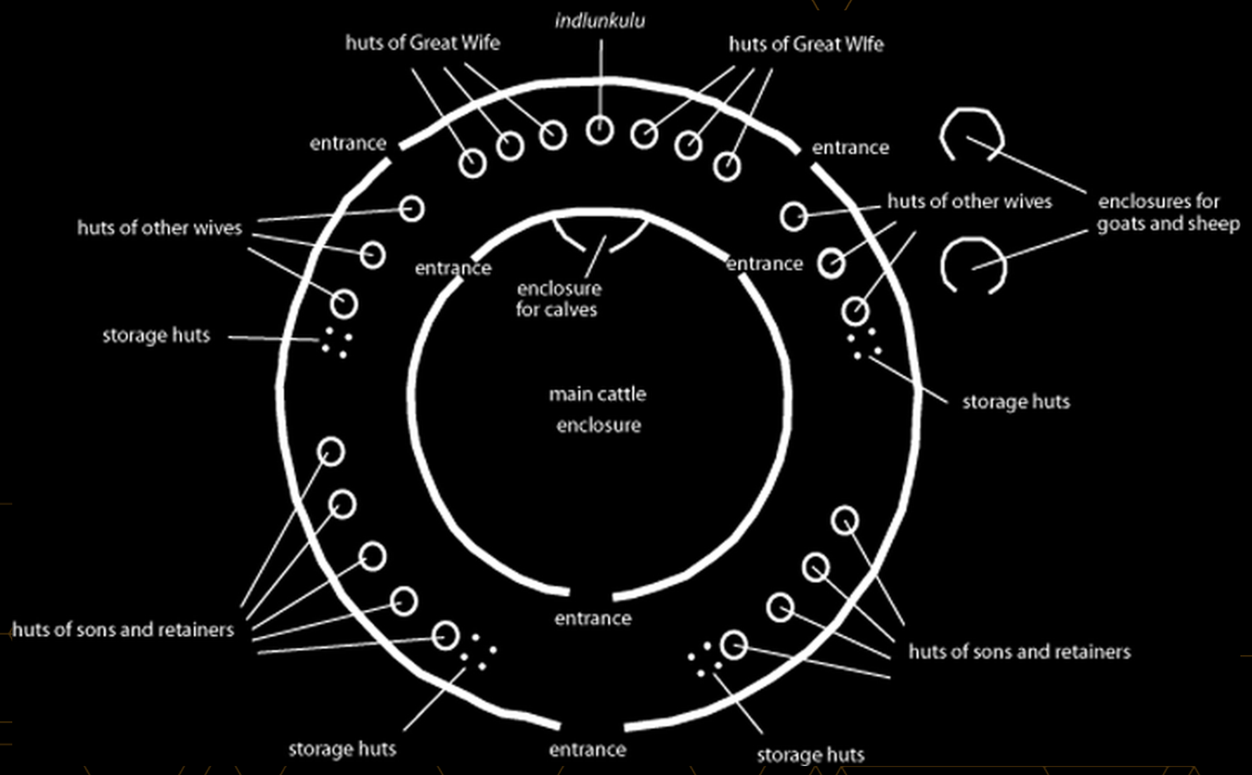
24x24 Villages (60)



Inspired by Traditional African Architecture

Traditional African architecture often employs circular enclosures to house communities and secure wealth.





References: Design and layout of a traditional Zulu kraal

Ubuntuland Parcels

3 bands of land - separated by 2 main roads - encircle a central communal area

Transport Route

3 rivers flow from the mountains to the central space

Central communal area

Reserved land for public spaces, eg. galleries, stadiums, universities, etc

Early virtual land owners are already moving in...

MTN

This is an exciting moment for us as we lead businesses on the continent to enter the metaverse marketplace.

Bernice Samuels

MTN Group Executive

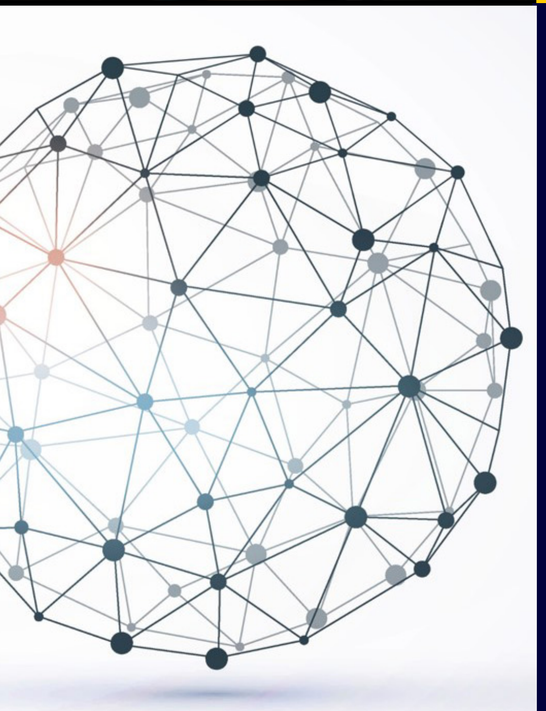
M&CSAATCHI ABEL

The unique afro-themed metaverse establishes local representation in a growing global digital universe and will open our continent up to significant digital and economic growth opportunities for both talent, clients and industry colleagues to come together to solve business and even societal challenges with creativity.

Mike Abel

M&C Saatchi Group South Africa

Founding Partner and CEO



WORLD DATA LAB

"With our entry into Africarare, we are taking our mission 'Making everyone count' to the next level, by being one of the pioneering companies in the digital realm of metaverse"

Homi Kharas

Co-founder and

Chief Data Officer of **World Data Lab**

NEDBANK

"As Nedbank we want to remain at the forefront of the technologies that will enable the next wave of digital business models, so we're investing in web 3.0 and the newer open source technologies on which the Metaverse is built.

Fred Swanepoel

Chief Information Officer, Nedbank
