PROBLEM

No **automated** solution for businesses to provide **services** to their **Deaf and Hard of Hearing** employees and customers.

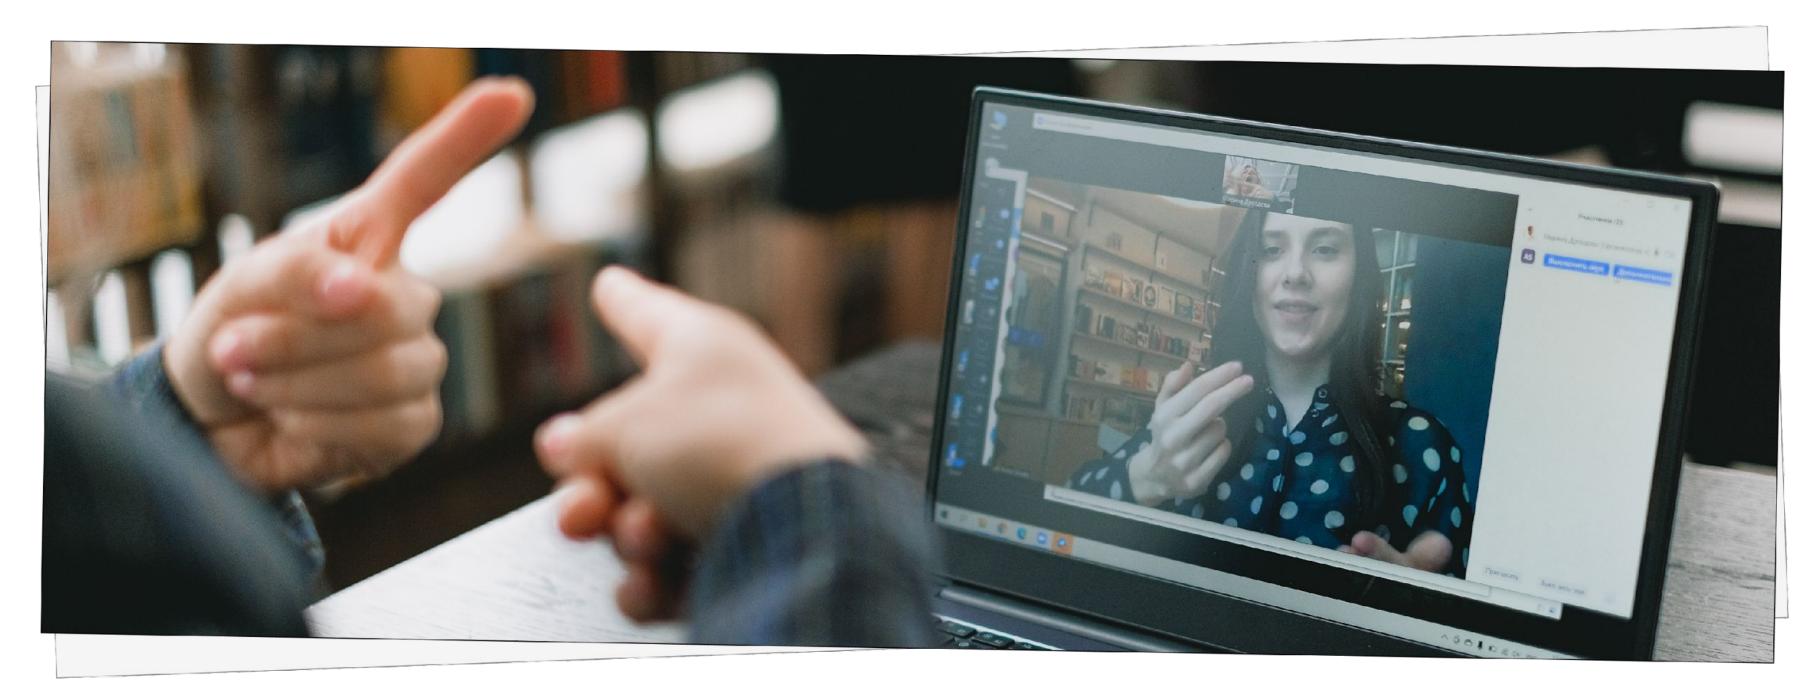

eaker: hello how are you

Deaf/Hard of Hearing **individuals** in the **world**

Billions

of purchasing power

annually

100%

of organizations must be **accessible** to this **population**

AI MAKING AN IMPACT

Prioritize transparency in data collection, usage, and storage. Ensuring user trust and compliance with privacy regulations.

Tailor interfaces and features to provide an intuitive and inclusive user experience empowering ALL users to use the provided service

AI-powered tools can make services accessible to diverse communities and give a cost effective infrastructure where there is none.
