

Ms. Carola Streul

Carola studied law at the Berlin Freie Universität followed by practical training at the Kammergericht.

After collecting experience as solicitor in Strasbourg and in Bielefeld she started as Head of Legal at VG Bild-Kunst in Bonn, the German collective management organisation for visual artists.

She moved to Brussels and has been managing EVA, the European umbrella association for Collective Management Organisations for European visual artists since 1998.

She is member of the International Public Lending Right Steering Committee.

Mr. Robin Groenevelt

Robin is AIR (automatic image recognition) Project Manager.

Robin has a PhD in Computer Science and Mathematics and has been a technology consultant and R&D manager for the last 15 years. He pushed the boundaries of what's possible and loves solving real world problems that make the world a better place.

His clients have gone from start-ups to unicorns and the projects can go very deep (create patents, R&D, create start-ups) are they also very diverse (banking, retail, healthcare, travel, casinos, marketing, social media, and right management).

His personality can best be described as outgoing and he is a unique mix of someone can be extremely technical and at the same time loves being with and working with people. In his free time he can be found underneath one of his three young boys, taking pictures and videos, or on some crazy adventure somewhere (usually all three at the same time).
