

Mr. Fernando Portugal

Director of Intellectual Property, Legal and International Affairs, Mexican Association of Innovative Pharmaceutical Industries, Mexico

Fernando Portugal Pescador is the Director of Intellectual Property and International Affairs in the Mexican Association of Innovative Pharmaceutical Industries (AMIIF).

He is in charge of proposing and developing strategies to improve the investment environment for health innovation in Mexico and the region.

He graduated from Universidad Autónoma del Estado de Morelos with a bachelor's degree in law. He holds a Master in Business Law from the Francisco de Vitoria University (Spain).

From 2005 to 2018 he worked for the Ministry of Economy and for the Mexican Institute of Industrial Property where he led the international affairs unit. In his capacity as an official in both agencies, he participated in the negotiations of the intellectual property chapter of the USMCA, the TPP, and the modernized FTA between Mexico and the EU, among others.

Mr. Chi-wang Lam

Coordinator, Public Health & Pharmaceutical Crime, Illicit Goods and Global Health Programme, INTERPOL

Chi-wang Lam is the Operations Coordinator of INTERPOL's Illicit Goods and Global Health Programme. He is seconded from Hong Kong Customs and has been leading a team to support INTERPOL's 195 member countries in fighting counterfeiting, smuggling of illicit goods and pharma crime since January 2021. He oversees INTERPOL's operations in these crime areas including INTERPOL's Operation Pangea at global level and other regional operational activities against illicit medicine.
