July-August 2022 | No. 07-08/2022

Meeting of International Authorities

The 29th session of the Meeting of International Authorities under the PCT was held as a virtual meeting from WIPO Headquarters in Geneva, Switzerland, on 20 to 22 June 2022. The Summary by the Chair and working documents can be found on the WIPO website at:

https://www.wipo.int/meetings/en/details.jsp?meeting_id=69310

The topics discussed included:

- the results of the meeting of the Quality Subgroup, including agreement to continue reporting on quality management systems via the publication of quality reports, to perform again paired reviews of Quality Management Systems, as well as recommendations for further work on quality management; for further details, please refer to the Summary by the Chair (Annex II to document PCT/MIA/29/10);
- a status report on the PCT Minimum Documentation Task Force led by the European Patent Office (document PCT/MIA/29/4) and proposed amendments to the PCT Regulations and Administrative Instructions in relation to the work of this Task Force (document PCT/MIA/29/5). The proposals will introduce requirements to make documents in Office patent collections electronically available for searching by Authorities in order to be part of the PCT minimum documentation, and a procedure for regularly reviewing the list of non-patent literature in the PCT minimum documentation to cover all areas of subject matter and reflect advances in technology. New proposals, taking into account comments made by Authorities, will be prepared and presented at the fifteenth session of the PCT Working Group in October 2022;
- the evaluation phase of the IP5 PCT Collaborative Search and Examination pilot (document PCT/MIA/29/6). This phase has been extended to June 2023 to allow analysis of national phase examination for applications that are part of the pilot;
- a proposal to promote the improvement of the international search report and written opinion (document PCT/MIA/29/7), presented by the China National Intellectual Property Administration. Authorities noted particular interest in proposals to merge the international search report and written opinion so as to simplify them and reduce duplication of data entry and information;
- a proposal on the citation of non-written disclosures as relevant prior art in international search and preliminary examination, which would allow such disclosures to be

Don't miss out on our upcoming PCT Seminars, Webinars, and other PCT-related events – consult the PCT Seminar Calendar in this issue!

considered when preparing reasoned statements on novelty and inventive step in written opinions (document PCT/MIA/29/2). The International Bureau (IB) intends to bring this proposal to the PCT Working Group in October 2022, taking into account comments from Authorities;

- the issue of formalities checking in the PCT (document PCT/MIA/29/3). Authorities discussed the roles of receiving Offices, International Searching Authorities and the IB in formalities checking, and how the standard of “reasonably uniform publication” could be applied more consistently. This issue will be brought to the whole PCT membership at the PCT Working Group in October 2022;
- a report on the transition from WIPO Standard ST.25 to WIPO Standard ST.26 for sequence listings, including the development of an updated version of WIPO Sequence, a software tool enabling applicants to prepare sequence listings compliant with WIPO Standard ST.26 and to enable patent Offices to verify the compliance of filed sequence listing data with WIPO Standard ST.26 (document PCT/MIA/29/8); and
- a status report on PCT online services (document PCT/MIA/29/9). Future priorities for online services were discussed, including the use of XML for developing more efficient processes, and the elimination of paper for communications from Offices to applicants.

Budapest Treaty

Accession by Indonesia

Indonesia deposited its instrument of accession to the Budapest Treaty on the International Recognition of the Deposit of Microorganisms for the Purposes of Patent Procedure on 13 July 2022, bringing the total number of States party to that Treaty to 87. The Budapest Treaty will enter into force with respect to Indonesia on 13 October 2022. For further information, please refer to Budapest Notification No. 350 at:

https://www.wipo.int/treaties/en/notifications/budapest/treaty_budapest_350.html

Information about the Budapest Treaty

A document containing a summary of the Budapest Treaty and Regulations, as well as an explanation of the main advantages of the Treaty (WO/INF/12 Rev.29), is available in English, French and Spanish at, respectively:

https://www.wipo.int/treaties/en/registration/budapest/pdf/wo_inf_12.pdf

https://www.wipo.int/treaties/fr/registration/budapest/pdf/wo_inf_12.pdf

https://www.wipo.int/treaties/es/registration/budapest/pdf/wo_inf_12.pdf

European Patent Convention

Accession by Montenegro

Montenegro deposited its instrument of accession to the European Patent Convention (EPC) on 15 July 2022, and will become bound by that Convention on 1 October 2022. This will bring the number of Contracting States of the EPC to 39. Therefore, any international application filed on or after 1 October 2022 will include the designation of Montenegro for a European patent.

Furthermore, as from 1 October 2022, it will be possible for nationals and residents of Montenegro to file international applications with the European Patent Office (EPO) as receiving Office, in addition to the Ministry of Economic Development, Department for Intellectual Property (Montenegro) or the International Bureau of WIPO.

The extension agreement between Montenegro and the European Patent Organisation will terminate with the entry into force of the EPC in Montenegro on 1 October 2022. It will thereafter no longer be possible to extend European patent applications and patents to Montenegro as from that date. The extension system will, however, continue to apply to European and international applications filed prior to 1 October 2022, as well as to European patents granted in respect of such applications.

Further information on the accession to the EPC by Montenegro has been published on the EPO website at:

<https://www.epo.org/news-events/news/2022/20220727.html>

(Updating of the *PCT Applicant's Guide*, Annexes B1 (ME), B2 (EP) and C (EP) and the table entitled "PCT Contracting States for which a Regional Patent can be Obtained via the PCT" at: https://www.wipo.int/pct/en/texts/reg_des.html)

Withdrawal of Notification of Incompatibility of Certain PCT Rules with National Laws

European Patent Office

Following the entry into force on 1 November 2022 of new Rule 56a EPC, the European Patent Office, in its capacity as receiving Office (RO/EP) and designated Office (DO/EP) has notified the International Bureau of the withdrawal, with effect from 1 November 2022, of the notifications under PCT Rule 20.8(a-bis) and (b-bis) (please refer to *PCT Newsletter* No. 06/2006, page 3). As a consequence, PCT Rules 20.5bis(a)(ii) and (d), and 20.6 (concerning erroneously filed elements and parts of international applications) will be applied by RO/EP with effect from 1 November 2022, in respect of international applications filed on or after that date.

This information updates the table of "PCT Reservations, Declarations, Notifications and Incompatibilities" at:

https://www.wipo.int/pct/en/texts/reservations/res_incomp.html

Electronic Filing and Processing of International Applications

General Directorate of Industrial Property (GDIP) (Albania) to begin receiving and processing international applications in electronic form

The General Directorate of Industrial Property (GDIP) (Albania), in its capacity as receiving Office, has notified the IB under PCT Rule 89bis.1(d), that, with effect from 1 October 2022, it will accept international applications filed in electronic form using ePCT-Filing. The applicable electronic filing fee reductions listed in item 4 of the Schedule of Fees are indicated in Fee Table I(a).

The notification containing the requirements and practices of the Office with regard to the filing of international applications in electronic form was published in the *Official Notices (PCT Gazette)* on 11 August 2022, at:

https://www.wipo.int/pct/en/official_notices/index.html

(Updating of *PCT Applicant's Guide*, Annex C (AL))

ePCT Update

A new version of the ePCT system was deployed on 28 June 2022. For full details on the new ePCT features for applicants and for receiving Offices, designated Offices and International Authorities, please refer, respectively, to:

<https://www.wipo.int/pct/en/epct/learnmore.html?N=1633> and

https://www.wipo.int/pct/en/epct/pdf/epct_office_whats_new.pdf

A summary of the main new features follows.

What's new in ePCT for applicants?

- WIPO Standard ST.26 for sequence listings: ePCT has been updated to take into account the new WIPO Standard for the filing of sequence listings;
- adding a translation of the ST.26 sequence listing: if the language-dependent free text in the sequence listing does not match the language in which the international application will be published, a translation may be added at the time of filing using a shortcut button for this purpose;
- if the language-dependent free text in the sequence listing is not a language accepted by the ISA selected for international search, a translation may be added at the time of filing using a shortcut button for this purpose;
- if the Office with which the earlier application was filed is a DAS depositing Office, a new validation draws the attention of the user to the fact that DAS is a viable option if the user is in possession of the access code;
- if the application body is attached in PDF format, an information message is displayed advising the applicant to consider attaching a ZIP file containing the original files that were used to create the specification, in the event that conversion issues are discovered after filing;
- online Action – Article 19 amendments: when preparing a standard accompanying letter, an improved interface is available for filling in the relevant claim numbers and the corresponding basis for the amendment;
- clicking on the bell icon in the navigation bar now offers the option, in addition to the Notifications generated by ePCT, to go directly to the Messages page of the WIPO IP Portal and see all the messages generated by other WIPO IP services that have been integrated into the IP Portal, such as WIPO Pay; the basket icon is a shortcut to the WIPO Pay platform;

- the new strong authentication option—push notifications—is now available for selection on the login page when accessing ePCT (for further information on this new feature, please refer to *PCT Newsletter* No. 04/2022); and
- recovery e-mail: you now have the possibility to include a recovery e-mail address in your WIPO Account profile, in case you need to recover your Username or password and can no longer access the main e-mail address associated with your WIPO Account.

What's new in ePCT for Offices?

A number of changes have been implemented in ePCT for Offices, for international applications filed on or after 1 July 2022, to support the filing and processing of sequence listings in ST.26 XML format. For example, the document upload function, for upload to the International Bureau, receiving Office, International Searching Authority and International Preliminary Examining Authority of sequence listings for applications filed on or after 1 July 2022, has been updated to permit XML files, containing sequence listings, up to a maximum file size of 50MB, preferably in ZIP format. Also, updates to a number of Forms have been made in relation to ST.26 implementation.

Furthermore, improvements have been implemented for a number of features, and the following Forms are now available in additional languages: PCT/RO/106, 110, 111, 141 146, 152 and PCT/ISA/202 and 206.

As usual, Offices are encouraged to provide their feedback and to discuss their needs with the PCT International Cooperation Division at: pctid@wipo.int.

Questions about the ePCT system can be sent to the PCT eServices Support Team via the “Contact” link at:

<https://www.wipo.int/pct/en/epct/learnmore.html?N=769>

WIPO Digital Access Service for Priority Documents (DAS)

It is recalled that, by using the WIPO Digital Access Service for Priority Documents (DAS), a PCT applicant can request the International Bureau (IB) to retrieve a copy of an earlier application from DAS for use as a priority document, instead of providing or arranging for the provision of a certified copy. Note that, in order to be able to make use of the DAS service, it is the Office with which the earlier application was filed which needs to be a DAS depositing Office, and not necessarily the receiving Office with which the international application is filed.

Intellectual Property Center (Islamic Republic of Iran)

The Intellectual Property Center (Islamic Republic of Iran) has notified the IB that, with effect from 1 August 2022, it commenced operation as a depositing Office of the WIPO Digital Access Service for Priority Documents (DAS). As a depositing Office, it will deposit certified copies of patent applications as priority documents, including PCT applications filed at the Office, on and after 1 August 2022, which the applicant specifically requests be made available to the service.

The corresponding DAS Notification, which contains further information, is available at:

https://www.wipo.int/das/en/participating_offices/details.jsp?id=12533

Patent Office of the Republic of Poland

The Patent Office of the Republic of Poland has notified the IB that, with effect from 1 September 2022, it will commence operation as an accessing Office of the WIPO Digital Access Service for Priority Documents (DAS). As an accessing Office, it will recognize priority documents available to it through DAS including national and international patent applications, utility model applications, national and international industrial design applications, and national trademark applications.

The corresponding DAS Notification, which contains further information, is available at:

https://www.wipo.int/das/en/participating_offices/details.jsp?id=12536

WIPO Standard ST.26 Goes Live

Following the migration to ST.26 for the disclosure of nucleotide and/or amino acid sequences for all patent applications (national, regional and PCT) having a filing date on or after 1 July 2022, an article which explains why the standard was changed, what changed, how to generate ST.26-compliant sequence listings, how to file a PCT application containing a sequence listing and the applicability of the new Standard to priority applications, has been published at:

https://www.wipo.int/pct/en/news/2022/news_0039.html

Resolution of Technical Issues with WIPO Sequence Software

WIPO Sequence software was developed to help applicants generate standard-compliant nucleotide and/or amino acid sequence listings as part of their patent applications.

The International Bureau (IB) has become aware of certain technical issues when using versions 2.1.0 or 2.1.1 of the software which could cause potential problems in the resulting ST.26 sequence listings (for example, one or more sequences may have had feature tables missing in the exported sequence listing despite the fact that correct data had been entered into WIPO Sequence). The IB has subsequently released version 2.1.2 which has fixed those technical issues. Users are therefore encouraged to update WIPO Sequence when prompted with the auto-update message before authoring their next sequence listing, and to subscribe to the mailing list (<https://www.wipo.int/standards/en/sequence/signup.html>) for WIPO Sequence updates. Clicking 'yes' after the auto-update prompt should initiate the download, but if this fails, please download the latest version of the WIPO Sequence software at:

<https://www.wipo.int/standards/en/sequence/>

If you have filed any sequence listing using version 2.1.0 or 2.1.1, you are advised to validate the submitted sequence listing to determine whether your listing has been affected by the technical issue that omits feature tables for one or more sequences. If any sequence listing has been affected, you should urgently contact the relevant Office, drawing attention to the notice on the WIPO website at:

https://www.wipo.int/pct/en/news/2022/news_0040.html

For more information on other technical issues that have been reported to WIPO, please refer to the "Known Issues and Trouble-Shooting" page at:

<https://www3.wipo.int/confluence/display/WSSKB/Known+Issues+and+trouble-shooting>

Languages Accepted for Language-Dependent Free Text in Sequence Listings in accordance with PCT Rule 12.1(d)

As announced in *PCT Newsletter* No. 10/2021, amendments to PCT Rule 12.1(d) relating to language-dependent free text contained in the sequence listing part of the description of an international application entered into force on 1 July 2022, and a new paragraph (*a-bis*) was added to Section 332 of the Administrative Instructions under the PCT prescribing that each receiving Office shall notify the International Bureau (IB) of the language or languages of any language-dependent free text which it is prepared to accept.

The following receiving Offices have notified the following information to the IB in accordance with Section 332(*a-bis*):

- **AU Australian Patent Office:** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **AT Austrian Patent Office:** English, French or German. The Office also permits the language-dependent free text to be filed in both English and another filing language within a single sequence listing.
- **BG Patent Office of the Republic of Bulgaria:** the same language as used in the international application (Bulgarian, English or Russian). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **BR National Institute of Industrial Property (Brazil):** the same language as used in the international application (Portuguese, English or Spanish). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **CA Canadian Intellectual Property Office:** English or French. The Office also permits the language-dependent free text to be filed in both English and French within a single sequence listing.
- **CN China National Intellectual Property Administration (CNIPA):** Chinese or English. The Office also permits the language-dependent free text to be filed in both Chinese and English within a single sequence listing.
- **EP European Patent Office:** English or the same language as used in the international application (French or German). The Office also permits the language-dependent free text to be filed in both English and any other language within a single sequence listing.
- **GB Intellectual Property Office¹ (United Kingdom):** English or Welsh (same language as the international filing) or both.
- **IE Intellectual Property Office of Ireland:** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.

¹ Intellectual Property Office is an operating name of the Patent Office.

- **IT Italian Patent and Trademark Office:** English, French, German or Italian. The Office also permits the language-dependent free text to be filed in both English and another filing language within a single sequence listing.
- **JO Industrial Property Protection Directorate, Ministry of Industry, Trade and Supply (Jordan):** the same language as used in the international application (Arabic or English). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **LT State Patent Bureau of the Republic of Lithuania:** the same language as used in the international application (English or Lithuanian). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **LV Latvian Patent Office:** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **MX Mexican Institute of Industrial Property:** Spanish. The Office also permits the language-dependent free text to be filed in both Spanish and English within a single sequence listing.
- **MY Intellectual Property Corporation of Malaysia:** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **NZ Intellectual Property Office of New Zealand (IPONZ):** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **PL Patent Office of the Republic of Poland:** the same language as used in the international application (English, French, German or Polish). The Office also permits the language-dependent free text to be filed in both English and another filing language within a single sequence listing.
- **RS Intellectual Property Office (Serbia):** English. The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **SA Saudi Authority for Intellectual Property (SAIP):** the same language as used in the international application (Arabic or English). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **SE Swedish Intellectual Property Office (PRV):** Danish, English, Finnish, Norwegian or Swedish. The Office also permits the language-dependent free text to be filed in both English and another filing language.
- **SG Intellectual Property Office of Singapore:** the same language as used in the international application (Chinese or English). The Office does *not* permit the language-dependent free text to be filed in more than one language within a single sequence listing.

- **SK Industrial Property Office of the Slovak Republic:** the same language as used in the international application (English, French, German or Slovak). The Office does **not** permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **TN National Institute for Standardization and Industrial Property (INNORPI):** the same language as used in the international application (Arabic, French or English). The Office does **not** permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **UG Uganda Registration Services Bureau (URSB):** English. The Office does **not** permit the language-dependent free text to be filed in more than one language within a single sequence listing.
- **US United States Patent and Trademark Office (USPTO):** English. The Office does **not** permit the language-dependent free text to be filed in more than one language within a single sequence listing.

Filing and Processing in Electronic Form of International Applications

The following Offices have updated their e-filing notifications to take into account the change in the applicable format for the filing of sequence listings as from 1 July 2022 (from WIPO Standard ST.25 to ST.26):

- AT Austrian Patent Office
- AU Australian Patent Office
- BG Patent Office of the Republic of Bulgaria
- BR National Institute of Industrial Property (Brazil)
- CN China National Intellectual Property Administration (CNIPA)
- DK Danish Patent and Trademark Office
- EP European Patent Office (EPO)
- GB Intellectual Property Office² (United Kingdom)
- IE Intellectual Property Office of Ireland
- IT Italian Patent and Trademark Office
- JO Industrial Property Protection Directorate, Ministry of Industry, Trade and Supply (Jordan)
- LT State Patent Bureau of the Republic of Lithuania
- LV Latvian Patent Office
- MY Intellectual Property Corporation of Malaysia
- NZ Intellectual Property Office of New Zealand (IPONZ)

² Intellectual Property Office is an operating name of the Patent Office.

- PL Patent Office of the Republic of Poland
- QA Intellectual Property Department (Qatar)
- RS Intellectual Property Office (Serbia)
- SA Saudi Authority for Intellectual Property (SAIP)
- SE Swedish Intellectual Property Office (PRV)
- SG Intellectual Property Office of Singapore
- SK Industrial Property Office of the Slovak Republic
- TN National Institute for Standardization and Industrial Property (INNORPI)
- UG Uganda Registration Services Bureau (URSB)
- US United States Patent and Trademark Office (USPTO)

The corresponding changes were published in the *Official Notices (PCT Gazette)* on 14, 21, 28 July and 4, 11 August 2022 at:

https://www.wipo.int/pct/en/official_notices/officialnotices.pdf

Redirection of PCT-SAFE URL

As already announced in *PCT Newsletter* Nos. 07-08/2021, 01/2022, 05/2022 and 06/2022, as of 1 July 2022, the International Bureau no longer develops, distributes or supports the PCT-SAFE software. Please note that any bookmarks that you might have for PCT-SAFE will automatically redirect you to the PCT eServices page at:

<https://www.wipo.int/pct-eservices/en/index.html>

Any remaining PCT-SAFE users are strongly advised to transition to ePCT-Filing as soon as possible.

For further information on ePCT and to get started go to:

<https://pct.wipo.int>

or contact the PCT Operations Customer Support Section by e-mail at:

pct.eservices@wipo.int

For the list of Receiving Offices that accept ePCT-Filings, please refer to:

<https://pct.wipo.int/ePCTExternal/pages/EFilingServers.xhtml>

PCT Patent Prosecution Highway (PCT-PPH) Pilots

Australian Patent Office and European Patent Office formalize their PCT-PPH program

The two-way PCT-PPH pilot program between the Australian Patent Office and the European Patent Office (EPO), which ran from 1 July 2016 to 30 June 2022, has been extended for an indefinite period with effect from 1 July 2022.

It is recalled that, under this program, faster examination in the national phase in Australia or in the regional phase before the EPO, is available on the basis of a PCT application with a positive written opinion from either the ISA or the IPEA, or a positive international preliminary report on patentability (IPRP) (Chapter II) (that is, where at least one of the claims has been determined as patentable) issued by the other Office in its capacity as ISA/IPEA.

For further information, please refer to:

<https://www.ipaustralia.gov.au/about-us/news-and-community/news/patent-prosecution-highway-program-european-patent-office-continue> and

<https://www.epo.org/law-practice/legal-texts/official-journal/2022/06/a58/2022-a58.pdf>

New one-way PCT PPH pilot program (European Patent Office and Saudi Arabia)

On 1 July 2022, a new one-way PCT-PPH pilot program started between the European Patent Office (EPO) and the Saudi Authority for Intellectual Property (SAIP). Under this program, accelerated processing in the national phase before the SAIP is available on the basis of a PCT application with a positive written opinion from either the International Searching Authority (ISA) or the International Preliminary Examining Authority (IPEA), or a positive international preliminary report on patentability (IPRP) (Chapter II), issued by the EPO in its capacity as ISA/IPEA.

Further information is available at:

<https://www.epo.org/law-practice/legal-texts/official-journal/2022/06/a59.html>

New one-way PCT-PPH pilot program (Korean Intellectual Property Office and the National Institute of Industrial Property (INPI) (France)

On 1 September 2022, a new one-way PCT-PPH pilot program will start between the Korean Intellectual Property Office and the National Institute of Industrial Property (INPI) (France). Under this program, even though INPI has closed its national route, PCT work products with a positive written opinion from either the International Searching Authority (ISA) or the International Preliminary Examining Authority (IPEA), or a positive international preliminary report on patentability (IPRP) (Chapter II), issued by KIPO in its capacity as ISA/IPEA, could be used for requesting accelerated processing in parallel national filings at INPI. Further information is available at:

<https://www.inpi.fr/signature-d-un-accord-pph-avec-l-office-coreen-de-la-propriete-intellectuelle-kipo>

Similar programs already exist between INPI and the National Institute of Industrial Property (INPI) (Brazil), the Canadian Intellectual Property Office and the United States Patent and Trademark Office.

The PCT-PPH page of the PCT website has been updated to include information on these new pilots at:

https://www.wipo.int/pct/en/filing/pct_pph.html

Eligibility for Reductions in Certain PCT Fees

The lists of States discussed below, the nationals and/or residents of which are eligible for certain PCT fee reductions, have been updated with effect from 1 July 2022, as explained below, and are available at:

<https://www.wipo.int/pct/en/fees/index.html>

Applicability of 75% reduction in certain fees at the European Patent Office (EPO)

It is recalled that the fees for international search, supplementary international search and international preliminary examination are reduced by 75% if the international application, the request for supplementary international search or the demand for international preliminary examination is filed:

1. by a natural person who is a national of and resident in a state which is not a Contracting State of the European Patent Convention, and which on the date of filing of the application, or of payment of the supplementary international search or the international preliminary examination fee, is classed by the World Bank as a low-income or lower-middle-income economy; or
2. by a natural or legal person who is a national of and resident in a State in which a validation agreement with the EPO is in force.³

Lebanon⁴ has been added to the list of States which fall under 1., and Belize has been removed from the list.

Applicability of 75% reduction in certain fees at the Spanish Patent and Trademark Office

It is recalled that the search fee and preliminary examination fee payable to the Spanish Patent and Trademark Office are reduced by 75% if the applicant, or if there are two or more applicants, each applicant, is a natural person or a legal entity and is a national of and resides in a State not party to the European Patent Convention, and which is classified by the World Bank in the group of countries of “low-income”, “lower-middle-income” or “upper-middle-income”.

Palau⁴ has been added to the list of States which fall into that category and Panama has been removed from the list.

³ For further information, please refer to the *Official Journal* of the EPO, July 2022 at: <https://www.epo.org/law-practice/legal-texts/official-journal/2022/07/a72.html>

⁴ Note that this country is not a PCT Contracting State. It is recalled that, in order to file an international application, at least one applicant must be a national of, or a resident in, a PCT Contracting State (PCT Article 9(1)). Applicants from non-PCT Contracting States must therefore file a PCT application together with an applicant who is a national of and/or resides in a PCT Contracting State, and they may only benefit from a fee reduction if both (or all) applicants are entitled to the reduction.

New ISA and IPEA Agreement

Eurasian Patent Office

The Agreement between the Eurasian Patent Organization and the International Bureau of the World Intellectual Property Organization in relation to the functioning of the Eurasian Patent Office as an International Searching Authority and International Preliminary Examining Authority under the Patent Cooperation Treaty, as in force from 1 July 2022, has been published at:

https://www.wipo.int/pct/en/texts/agreements/ag_ea.pdf

Modified PCT Receiving Office Guidelines and the PCT International Search and Preliminary Examination Guidelines

The *PCT Receiving Office Guidelines* and the *PCT International Search and Preliminary Examination (ISPE) Guidelines* have been modified with effect from 1 July 2022. For further details please refer to Circular C. PCT 1644 at:

<https://www.wipo.int/pct/en/circulars/2022/1644.pdf>

The consolidated versions of the *PCT Receiving Office Guidelines* and the *PCT ISPE Guidelines* are available on the WIPO website at:

<https://www.wipo.int/pct/en/texts/gdlines.html>

Changes to the PCT Publication Schedule

Publication of 8 September 2022

Due to the fact that Thursday, 8 September 2022, will be a non-working day at WIPO, the PCT applications (as well as any *Official Notices (PCT Gazette)*) which would normally have been published on that day will be published on Friday, 9 September 2022. The date of completion of technical preparations for that publication will, however, remain unchanged, and any changes that should be taken into account for the purposes of international publication should be received by the International Bureau by midnight (Central European Time (CET)) on Tuesday, 23 August 2022.

PCT Information Update

AL Albania

For information on the acceptance, with effect from 1 October 2022, by the General Directorate of Industrial Property (GDIP) (Albania) as receiving Office of international applications filed using ePCT-Filing, as well as information on the electronic filing fee reductions listed in item 4 of the Schedule of Fees that will be applicable, please refer to “Electronic Filing and Processing of International Applications”, above.

AM Armenia (competent International Searching and Preliminary Examining Authorities)

The Intellectual Property Office of the Republic of Armenia has specified, with effect from 7 July 2022, the Eurasian Patent Office (EAPO), in addition to the European Patent Office and

the Federal Service for Intellectual Property (Rospatent) (Russian Federation), as competent International Searching Authority and International Preliminary Examining Authority for international applications filed with the Intellectual Property Office of the Republic of Armenia (or with the International Bureau (IB) as receiving Office by nationals and residents of Armenia.

(Updating of *PCT Applicant's Guide*, Annex C (AM))

AU Australia (types of physical media accepted by the Office)

The Australian Patent Office, in its capacity as International Searching Authority, has notified the IB of changes concerning the types of physical media accepted by the Authority for the furnishing of nucleotide and/or amino acid sequence listings in electronic form, under PCT Rule 13ter.1 and in accordance with Annex C of the Administrative Instructions under the PCT, as follows:

The entire printable copy of the sequence listing and identifying data should be contained within one text file (for applications with a filing date prior to 1 July 2022, WIPO Standard ST.25 applies) or one XML file (for applications filed on or after 1 July 2022, WIPO Standard ST.26 applies) on a single standard (ISO 9660) CD-ROM, CD-R, DVD or DVD-R.

(Updating of *PCT Applicant's Guide*, Annex D (AU))

EA Eurasian Patent Organization (EAPO) (fees)

The amount of the transmittal fee, payable to the Eurasian Patent Office (EAPO) as receiving Office has changed with effect from 1 July 2022. The amount payable is RUB 2,000.

The amounts of the following national fees, payable to the Eurasian Patent Office as designated (or elected) Office, have also changed with effect from the same date (other fees not indicated have not changed):⁵

Unitary procedural fee (for filing, search, publication and other processing): RUB 36,000

Claim fee for each claim:

- in excess of five:	RUB	4,800
- in excess of 20:	RUB	5,200
- in excess of 50:	RUB	6,500

Examination fee:

- for one invention:	RUB	40,000
----------------------------	-----	--------

⁵ These fees are reduced by 90% where the applicant or, if there are two or more applicants, each applicant is a natural person who is a national or resident of any of the States party to the Eurasian Patent Convention, by 70% where the applicant or, if there are two or more applicants, each applicant is a state science or a state educational organization of any of the States party to the Eurasian Patent Convention, by 10% where the applicant or, if there are two or more applicants, each applicant is a legal person with a principal place of business in any of the States party to the Eurasian Patent Convention and by 50% where the applicant or, if there are two or more applicants, each applicant is a natural person who is a national or resident of any of the states listed on the Office's website at: https://www.eapo.org/ru/documents/norm/prilposh_2019.html.

- for a group of inventions including one independent claim:.....RUB	40,000
additional fee for the second independent claim:.....RUB	25,000
additional fee for each independent claim in excess of two claims:RUB	13,000

The Office has also notified a change in the conditions for exemptions, reductions or refunds of the national fee which are now as follows – the unitary procedural fee is reduced by 25% where an international search report has been established, or by 40% where an international search report has been established by the EAPO.

(Updating of *PCT Applicant's Guide*, Annex C (EA) and National Chapter, Summary (EA))

GB United Kingdom (fees)

As from 1 September 2022, there will be a change in the equivalent amounts of the international filing fee and the fee per sheet over 30, payable in GBP to the Intellectual Property Office⁶ (United Kingdom) as receiving Office, as well as a change in the equivalent amount(s) in GBP of the applicable fee reductions listed in item 4 of the Schedule of Fees, as indicated in Fee Table I(a).

(Updating of *PCT Applicant's Guide*, Annex C (GB))

IQ Iraq (competent International Searching and Preliminary Examining Authorities)

The Iraqi Patent Office (IQPO) has specified, with effect from 20 June 2022, the Australian Patent Office, in addition to the Canadian Intellectual Property Office, the Egyptian Patent Office, the European Patent Office and the Turkish Patent and Trademark Office, as competent International Searching Authority and International Preliminary Examining Authority for international applications filed with the IQPO (or with the IB) as receiving Office by nationals and residents of Iraq.

(Updating of *PCT Applicant's Guide*, Annex C (IQ))

KG Kyrgyzstan (competent International Searching and Preliminary Examining Authorities)

The State Agency of Intellectual Property and Innovation under the Cabinet of Ministers of the Kyrgyz Republic (Kyrgyzpatent) has specified, with effect from 1 July 2022, the Eurasian Patent Office (EAPO), in addition to the European Patent Office and the Federal Service for Intellectual Property (Rospatent) (Russian Federation), as competent International Searching Authority and International Preliminary Examining Authority for international applications filed with Kyrgyzpatent (or with the IB) as receiving Office by nationals and residents of Kyrgyzstan.

(Updating of *PCT Applicant's Guide*, Annex C (KG))

⁶ Intellectual Property Office is an operating name of the Patent Office.

LT Lithuania (competent International Searching and Preliminary Examining Authorities)

The State Patent Bureau of the Republic of Lithuania in its capacity as receiving Office, has notified the International Bureau of a change concerning its specification of competent International Searching and Preliminary Examining Authorities: with effect from 12 July 2022, the European Patent Office (EPO) and the Visegrad Patent Institute (VPI) are now the only competent International Searching and Preliminary Examining Authorities for international applications filed by nationals and residents of Lithuania before the State Patent Bureau of the Republic of Lithuania, or before the receiving Office of the IB. Furthermore, the Office now accepts international applications filed only in Lithuanian or English and request forms only filed in English.

(Updating of *PCT Applicant's Guide*, Annex C (LT))

MY Malaysia (fees; requirements concerning the deposit of microorganisms and other biological material)

There has been a change in the amount of the following fees payable to the Intellectual Property Corporation of Malaysia as receiving Office with effect from 18 March 2022:

Transmittal fee:

- online or on paper:.....MYR	550
-------------------------------	-----

plus, in the case of paper filings:

- for one to ten pages:.....MYR	5
---------------------------------	---

- for 11 to 20 pages:.....MYR	10
-------------------------------	----

- for 21 to 50 pages:.....MYR	40
-------------------------------	----

- for 51 pages or more:MYR	60
----------------------------------	----

Fee for priority document:

- for the first ten pages:MYR	550
-------------------------------------	-----

- for each page in excess of ten:.....MYR	7
---	---

Fee for requesting restoration of the right of priority:MYR	150
---	-----

Furthermore, the Intellectual Property Corporation of Malaysia, in its capacity as designated (or elected) Office, has notified the IB of its requirements concerning the deposit of microorganisms and other biological material, as indicated in the *PCT Applicant's Guide*, Annex L.

(Updating of *PCT Applicant's Guide*, Annex C (MY) and Annex L)

NO Norway (fees)

As from 1 October 2022, there will be a change in the equivalent amounts of the international filing fee and the fee per sheet over 30, payable in NOK to the Norwegian Industrial Property Office as receiving Office, as well as a change in the equivalent amount in NOK of the applicable fee reductions listed in item 4 of the Schedule of Fees, as indicated in Fee Table I(a).

(Updating of *PCT Applicant's Guide*, Annex C (NO))

NZ New Zealand (fees)

As from 1 September 2022, there will be a change in the equivalent amounts of the international filing fee and the fee per sheet over 30, payable in NZD to the Intellectual Property Office of New Zealand (IPONZ) as receiving Office, as well as a change in the equivalent amount(s) in NZD of the applicable fee reductions listed in item 4 of the Schedule of Fees, as indicated in Fee Table I(a).

(Updating of *PCT Applicant's Guide*, Annex C (NZ))

TJ Tajikistan (competent International Searching and Preliminary Examining Authorities)

The National Center for Patents and Information under the Ministry of Economic Development and Trade of the Republic of Tajikistan has specified, with effect from 6 July 2022, the Eurasian Patent Office (EAPO), in addition to the European Patent Office and the Federal Service for Intellectual Property (Rospatent) (Russian Federation), as competent International Searching Authority and International Preliminary Examining Authority for international applications filed with National Center for Patents and Information under the Ministry of Economic Development and Trade of the Republic of Tajikistan (or with the IB) as receiving Office by nationals and residents of Tajikistan.

(Updating of *PCT Applicant's Guide*, Annex C (TJ))

ZA South Africa (fees)

As from 1 October 2022, there will be a change in the equivalent amounts of the international filing fee and the fee per sheet over 30, payable in ZAR to the Companies and Intellectual Property Commission (CIPC) (South Africa) as receiving Office, as well as a change in the equivalent amount in ZAR of the applicable fee reductions listed in item 4 of the Schedule of Fees, as indicated in Fee Table I(a).

(Updating of *PCT Applicant's Guide*, Annex C (ZA))

Search fee (various Offices)

As from 1 September 2022, there will be changes in the equivalent amounts payable in the currencies specified below for international searches carried out by the following Offices:

Eurasian Patent Office (EAPO)	EUR
Federal Service for Intellectual Property (Rospatent) (Russian Federation)	EUR
Indian Patent Office	USD
Intellectual Property Office of Singapore	JPY, KRW
Israel Patent Office	CHF
Japan Patent Office	SGD, USD
Korean Intellectual Property Office	SGD
National Institute of Industrial Property (Brazil).....	CHF

As from 1 October 2022, there will be changes in the equivalent amounts payable in the currencies specified below for international searches carried out by the following Offices:

Australian Patent Office	USD
Austrian Patent Office.....	USD
European Patent Office	USD
Finnish Patent and Registration Office (PRH)	USD
Intellectual Property Office of the Philippines	EUR
National Institute of Industrial Property (Chile)	EUR
National Institute of Industrial Property (Brazil).....	USD
National Intellectual Property Authority, State Enterprise “Ukrainian Intellectual Property Institute (Ukrpatent)”	USD
Nordic Patent Institute	USD
Spanish Patent and Trademark Office.....	USD
Swedish Intellectual Property Office (PRV)	USD
Turkish Patent and Trademark Office (Turkpatent)	USD
United States Patent and Trademark Office	EUR
Visegrad Patent Institute	USD

The new amounts are indicated in Fee Table I(b).

(Updating of *PCT Applicant’s Guide*, Annex D (AT, AU, BR, CL, EA, EP, ES, FI, IL, IN, JP, KR, PH, RU, SE, SG, TR, UA, US, XN, XV))

WIPO Fee Transfer Service

It is recalled that, since 1 July 2020, any receiving Office, International Searching Authority, Authority specified for supplementary international search or International Preliminary Examining Authority may participate in the WIPO Fee Transfer Service as a “participating Office”, in which PCT fees are transferred from one Office (the “collecting Office”) to another (the “beneficiary Office”) via the International Bureau (IB) (for further information, please refer to PCT/WG/12/20 at: https://www.wipo.int/meetings/en/doc_details.jsp?doc_id=436911).

The IB has published information on 7 July 2022 on the Offices that have notified the IB of their participation or of a change in the scope of their participation in the WIPO Fee Transfer Service in the *Official Notices (PCT Gazette)* (from page 174) at:

https://www.wipo.int/pct/en/official_notices/index.html

PCT Newsletter Editor Retires after 28 Years of Publishing

Copyright: WIPO. Photo: Emmanuel Berrod

Debra Collier, Editor of the *PCT Newsletter* since 1994, retires from WIPO at the end of August 2022.

Debra joined WIPO in 1987 and has worked in the PCT Legal and User Relations Division (and its predecessor Division) since 1993, with responsibility for the *PCT Newsletter* during that time. Because of Debra's dedicated work as the driving force behind the *Newsletter*, PCT users and staff of PCT Offices and Authorities have benefitted from the *Newsletter's* content.

Debra's PCT colleagues are grateful for her many years of service to the PCT and for her friendship, and wish her well on her retirement.

New/Updated PCT Resources

New webinar recordings

Webinar in English

A recording of the following webinar in English:

- “Everything you need to know about ePCT” webinar series: What's New for Applicants in ePCT 4.10 (19-21 July 2022) as well as the supporting documents, can be accessed at:

<https://www.wipo.int/pct/en/seminar/webinars/index.html>

Webinar in German

A recording of the following webinar in German:

- “Exploring the PCT” webinar series: International Search and Preliminary Examination (29 June 2022) as well as the supporting documents, can be accessed at:

<https://www.wipo.int/pct/de/seminar/webinars/index.html>

Webinar in Japanese

A recording of the following webinar in Japanese:

- “Exploring the PCT” webinar series: International Search and Preliminary Examination, and Amendments and rectifications of obvious mistakes (27 June 2022) as well as the supporting documents, can be accessed at:

<https://www.wipo.int/pct/ja/seminar/webinars/index.html>

Modified PCT Regulations (July 2022)

The Regulations under the PCT, as in force from 1 July 2022, are now available in Japanese at:

https://www.wipo.int/pct/ja/texts/pdf/pct_reggs.pdf

The modified Regulations in Chinese, English, French, German, Italian, Portuguese, Russian and Spanish were already announced in *PCT Newsletter* No. 06/2022.

PCT in the News

Links to the following articles in the *WIPO Magazine* (No. 2/2022) now feature on the “PCT in the News” page (https://www.wipo.int/pct/en/news/pct_news.html).

Eco Panplas: better recycling of lubricant containers

Monica Miglio Pedrosa (freelance writer) looks at how a Brazilian multi award-winning company, Eco Panplas, specializing in the decontamination and recycling of containers used for lubricating oil, is planning to use the PCT to facilitate its growth in the international market. In response to a question on the company’s target markets beyond Brazil, Felipe Cardoso, CEO of Eco Panplas, notes:

“There is clear market demand for our technology outside of Brazil. Latin America, Europe, China, the Middle East and India are potential candidates for our plan to expand into international markets. But first, we need to ensure the solutions we are currently developing are protected in those markets. That’s why we are looking to use the Patent Cooperation Treaty (PCT), as it simplifies the process of filing for patent protection in multiple countries and is a cost-effective way of doing so.”

Tech transfer at NASA: bringing NASA technology down to earth

With some 11,000 scientists and engineers, the National Aeronautics and Space Administration (NASA) is one of the most productive engines of innovation in the world. Technology transfer has been central to NASA’s mission since its creation. James Nurton (freelance writer) takes a look at how NASA’s well-established technology transfer program is enabling the uptake and use of its space-age inventions by a broader range of entrepreneurs and startups. In developing the potential of its inventions, NASA is reaching out to under-represented groups and sees scope for greater international collaboration. Citing Daniel Lockney, Technology Transfer Program Executive at NASA Headquarters in Washington, DC, Mr Nurton notes that:

“Another possible growth area is international collaboration. While the startup program is focused on the United States, NASA does license to companies overseas (except where

there are export restrictions on the technology). But for budget reasons, NASA rarely files patent applications outside of the US, so it expects non-domestic companies to come on board at an early stage and pay the international filing fees under the Patent Cooperation Treaty (PCT) [...] or other application fees.

Practical Advice

Corrigendum to the Practical Advice in the May 2022 issue of the *PCT Newsletter* (No. 05/2022)

The following erroneous sentence was included in the Practical Advice published on page 12 of the above-mentioned issue, and has been deleted:

“The JPO as IPEA will accept international applications filed with the USPTO and do not require that the international search be carried out by the JPO.”

Please note that the Japan Patent Office will only act as International Preliminary Examining Authority if the international search is or has been carried out by that Office.

Submitting a request for change for multiple international applications electronically without having access to the applications via ePCT

Q: I am the new agent for several PCT applications filed on behalf of the same applicant, and intend to submit to the International Bureau (IB) the corresponding requests for change of agent under PCT Rule 92bis. I would like to do this electronically but the IB does not accept documents via e-mail or fax and I do not yet have access rights to the applications in ePCT. How can I send the requests for change?

A: In order for you to be recorded as agent for the international applications concerned, please be advised that you will need to submit a power of attorney signed by the applicant, together with the request for change under PCT Rule 92bis.⁷

The ePCT system provides for the upload of documents to the IB even if the sender does not have access rights to the corresponding international applications. If you are new to ePCT, you will first need to create a WIPO Account if you do not already have one, as this is required to use WIPO's online services including ePCT (this is simple and should take less than two minutes). The step-by-step process for new users includes a short video tutorial explaining how to create a WIPO Account at:

<https://pct.wipo.int/ePCT/about-newusers.xhtml>

⁷ A power of attorney is required as the IB has specified that a power of attorney must be furnished upon appointment of, or for any paper submitted by, an agent or a common representative who was not indicated in the request form at the time of filing.

With a WIPO Account secured by a username and password, it is possible to login to ePCT and upload documents to the IB. After login, since you do not have access rights to the international applications in ePCT, you need to search for the first application on the list of cases concerned by the change of agent by typing the international application number in the search field and then the corresponding international filing date. Provided that the number and date match, you can now attach one or more documents in PDF format for upload to the IB.

When submitting a request for change in respect of multiple applications, you only need to upload the letter requesting the change and the power of attorney to the first application on the list. As document type you should select “Request for change under Rule 92*bis* (for multiple International Applications)” and attach a letter requesting the recording of change of agent, including the new agent’s name, address, e-mail, telephone number and file reference. As the IB generally no longer issues notifications in paper format, it is very important to indicate clearly and accurately the e-mail address to which the IB can send the confirmation of the recording of the change (Form PCT/IB/306) and any subsequent notifications.

The letter should also contain a list of all the other international applications concerned by this same change, although please note that you should not include international applications for which the 30-month time limit has expired, as the IB will not be able to take any action on those. If the change concerns applications filed with more than one receiving Office (RO), you are advised to list them by RO, that is, to group the list by international application number. This will assist the IB in processing the requested changes.

In addition to the letter requesting the recording of change of agent, you must also attach a power of attorney signed by the first-named applicant or the deemed common representative appointing you as agent for all the international applications concerned. Since you are submitting this request in respect of several applications, it would be preferable to submit a general power of attorney, rather than a separate power of attorney for each one, and you must ensure that you are entitled to represent the applicant before the RO(s) for which you wish to act as agent of record.

When the required documents are attached and ready for upload, you may sign the submission yourself as the authorized signatory by typing in a text string signature or by attaching an image signature. Alternatively, if someone other than yourself will upload the documents, for example, an assistant or paralegal, it is possible for that person to indicate that the required signature is included in the uploaded document(s) as long as you, as the new agent, have signed the attached letter requesting the change.

Once you are satisfied that all the required documents are attached and you have provided the correct signatures, clicking “Upload” will complete your submission and the documents will be routed electronically to the IB. You will be able to view the uploaded documents under “Documents” in the application in question and the IB will replicate them in the file of each of the other international applications on the list provided.

Further information about ePCT, including access to video tutorials and FAQs are available at:

https://www.wipo.int/pct/en/epct/pdf/pct_wipo_accounts_faq.html

In the unlikely event that the ePCT system is unavailable, the Contingency Upload Service is available at:

<https://pct.wipo.int/ePCTExternal/pages/UploadDocument.xhtml>

as a **contingency solution only**, since it does not include any of the validations offered by ePCT.

Please note that best practice is to set up strong authentication for your WIPO Account as this will enable you to request access rights to applications in the system and benefit from features such as personalized notifications, real-time validations and online “Actions” to manage your applications as efficiently as possible. Strong authentication is easy to set up and the most efficient options are push notifications or generation of a one-time password, either using an app or delivered via text message (SMS). Once set up, login with strong authentication gives access to the full suite of ePCT functions, including potential access rights to the full electronic record of your applications as held by the IB, and electronic communication of documents to the IB and over 70 Offices in various capacities as RO or International Searching Authority (ISA)/International Preliminary Examining Authority (IPEA).

A step-by-step guide entitled “Getting started” provides all the necessary information, available at:

<https://wipo.int/pct/en/epct/learnmore.html?N=588>

If you have any questions concerning the use of ePCT you can contact the PCT eServices Help Desk at WIPO at:

e-mail: pct.eservices@wipo.int

telephone: +41 22 338 9523

When Help Desk staff are available during WIPO opening hours, you may also submit your questions via the online Chat.

PCT Fee Tables

(amounts on 1 August 2022, unless otherwise indicated)

The following Tables show the amounts and currencies of the main PCT fees which are payable to the receiving Offices (ROs) and the International Preliminary Examining Authorities (IPEAs) during the international phase under Chapter I (Tables I(a) and I(b)) and under Chapter II (Table II). Fees which are payable only in particular circumstances are not shown; nor are details of certain reductions and refunds which may be available; such information can be found in the *PCT Applicant's Guide*, Annexes C, D and E. Note that all amounts are subject to change due to variations in the fees themselves or fluctuations in exchange rates. The international filing fee may be reduced by CHF 100, 200 or 300 where the international application, or part of the international application, is filed in electronic form, as prescribed under Item 4(a), (b) and (c) of the Schedule of Fees (annexed to the Regulations under the PCT) and the *PCT Applicant's Guide*, paragraph 5.189. A 90% reduction in the international filing fee (including the fee per sheet over 30), the supplementary search handling fee and the handling fee, as well as an exemption from the transmittal fee payable to the International Bureau as receiving Office, is also available to applicants from certain States—refer to footnotes 2 and 14. (Note that if the CHF 100, 200 or 300 reduction, as the case may be, and the 90% reduction are applicable, the 90% reduction is calculated **after** the CHF 100, 200 or 300 reduction.) The footnotes to the Fee Tables follow Table II.

[footnotes to fee tables follow]

Footnotes to fee tables:

- 1 Payable to the receiving Office in the currency or one of the currencies prescribed by it.
- 2 This fee is reduced by 90% where the applicant or, if there are two or more applicants, each applicant fulfills the criteria indicated on the PCT website at: www.wipo.int/pct/en/fees. Note that the PCT Assembly adopted an Understanding, with effect from 11 October 2017, which clarifies that this fee reduction is intended to apply only in the case where the applicants indicated in the request are the sole and true owners of the application and under no obligation to assign, grant, convey or license the rights in the invention to another party which is not eligible for the fee reduction.
- 3 Where the IA contains a sequence listing as a separate part of the description, this should preferably be furnished in accordance with Annex C, paragraph 40, of the Administrative Instructions under the PCT, that is, in compliance with WIPO Standard ST.25 text format; no additional fees are due for sequence listings filed in this format. Where, however, such sequence listings are filed in the form of an image file (e.g. PDF), fees are due for each page (refer to *PCT Newsletter* No. 06/2009, page 2 at: https://www.wipo.int/pct/en/newslett/2009/newslett_09.pdf).
- 4 For the search fee payable to the receiving Office, consult the entry in Table (b) for the competent International Searching Authority.
- 5 If the IA is filed in electronic form, the request not being in character coded format.
- 6 If the IA is filed in electronic form, the request being in character coded format.
- 7 If the IA is filed in electronic form, the request, description, claims and abstract being in character coded format.
- 8 This fee is reduced by 60% where the IA is filed by a natural person, a small or medium-sized enterprise, a cooperative, an academic institution, a non-profit-making entity or a public institution. For further details, refer to Official Resolution of the National Institute of Industrial Property (Brazil) No. 251 of 2 October 2019.
- 9 Paper filings are only accepted if received by mail. For further details, refer to the Official Resolution of the National Institute of Industrial Property (Brazil) No. 253 of 13 November 2019 (<http://revistas.inpi.gov.br/pdf/Comunicados2550.pdf>).
- 10 When calculating the USD equivalent amount in CLP, applicants should use the exchange rate fixed by the Central Bank of Chile on the day before the date of payment.
- 11 The EPO is available as International Searching and Preliminary Examining Authority as of 1 December 2020 for a duration of two years as a pilot project. For further details, please refer to the EPO's website at: <https://www.epo.org/service-support/faq/own-file/cnipa-epo-pilot.html> and to the CNIPA's website at: https://www.cnipa.gov.cn/art/2020/10/20/art_364_153578.html
- 12 This fee is reduced by 70% where the applicant is a natural person and by 90% where the applicant is a student or a retiree.
- 13 The first amount of the transmittal fee is applicable to individuals or entities employing less than 25 persons. The second amount is applicable to entities employing 25 persons or more.
- 14 This fee is not payable in respect of IAs filed by applicants fulfilling the conditions indicated on the PCT website at: www.wipo.int/pct/en/fees
- 15 The competent International Searching Authority(ies) for an IA filed with the International Bureau as receiving Office is (are) the Authority(ies) which would have been competent if the IA had been filed with the receiving Office of, or acting for, the Contracting State of which the applicant (or any of the applicants) is a resident or national. Refer also to the *PCT Applicant's Guide*, Annex C (IB).
- 16 The fee for paper filings for a natural person or startup or small entity(ies).
- 17 The fee for paper filings for other(s), alone or with natural person(s) or startup(s) or small entity(ies).
- 18 This fee is reduced if the application is filed in Japanese by applicants who are eligible for fee reductions, such as small or medium-sized enterprises, micro enterprises and academic institutions. Further details on eligibility for the fee reduction are available at: www.jpo.go.jp/system/process/tesuryo/genmen/genmen20190401/document/index/leaflet_e.pdf
- 19 This fee is reduced by 90% if the applicant is an individual. The amount does not include the postage/ mailing costs which must be paid by the applicant directly to the express delivery service (e.g. DHL). For non-residents of Kyrgyzstan, the equivalent amount of the fee can be paid in a freely convertible currency, in accordance with the exchange rate established by the National Bank of the Kyrgyz Republic and applicable on the date of payment.
- 20 The Japan Patent Office is competent only for IAs filed in Japanese or for which a translation into Japanese has been furnished under PCT Rule 12.3.
- 21 The amount of this fee is not yet known. The Office should be consulted for the applicable fee amount.
- 22 This fee is subject to a national tax of 16%.
- 23 Plus, for paper filings: MYR 5 for one to ten pages, MYR 10 for 11 to 20 pages, MYR 40 for 21 to 50 pages, MYR 60 for 51 pages or more.
- 24 This fee is reduced by 50% where the applicant is a natural person.
- 25 This fee is reduced by 50% for online filings.
- 26 Although there is no transmittal fee payable, the applicant must nevertheless pay the postage fee for the transmittal of the copy of the international application to the International Bureau and the International Searching Authority.
- 27 This fee is reduced by 90% where all applicants are also inventors and by 80% where all applicants are also non-profitable institutions and/or organizations. When the fee is payable with relation to an application made by both types of applicant, and all applicants are either also inventors, or non-profitable institutions and/or organizations, the fee is reduced by 80%.
- 28 Plus non-electronic filing fee portion for IAs filed other than by the Office electronic filing system of USD 400, or in the case of filings by small entities or micro entities: USD 200.
- 29 For further details about entitlement to and establishment of "small entity" status and "micro entity" status, refer to 37 CFR § 1.27 and 1.29 (pages R-41 and R-47), respectively, at: www.uspto.gov/web/offices/pac/mpep/consolidated_rules.pdf
- 30 Reductions may apply – for further details refer to the Office's website at: <http://ima.uz/ru/regulatory/tarify-i-poshliny/>
- 31 The fee is reduced by 75% where the applicant, or if there are two or more applicants, each applicant is a natural person and is a national of and resides in a State for which the Austrian Patent Office is an International Searching Authority (in the case of the search fee)/International Preliminary Examining Authority (in the case of the preliminary examination fee).
- 32 Applicable where the applicant is (a) a Chilean university, or (b) a foreign university headquartered in any of the States which benefit, in accordance with the Schedule of Fees under the PCT Regulations, from the 90% reduction of the international filing fee and authenticated by its legal representative, in a simple declaration signed in the presence of a notary, as constituted as a university in accordance with the law of that State, provided that, if there are several applicants, each must satisfy the criterion set out in either sub-item (a) or (b)). For details of applicants entitled to the 90% reduction, refer to: www.wipo.int/pct/en/fees
- 33 This fee is reduced by 25% where the applicant, or, if there are two or more applicants, each applicant is a natural person or a legal entity and is a national of and resides in a State which is classified by the World Bank in the group of countries of "low income", "lower middle income" or "upper middle income".
- 34 The search and preliminary examination fees payable to the European Patent Office (EPO) and the Spanish Patent and Trademark Office, and the supplementary search fee in the case of the EPO, are reduced by 75% under certain conditions. For further information, refer to the relevant footnotes in the *PCT Applicant's Guide*, Annexes D (EP and ES) and E (EP and ES) at: <https://www.wipo.int/pct/guide/en/index.html>
- 35 This fee is reduced for applications filed in Japanese, or for applications in respect of which a translation into Japanese has been furnished under PCT Rule 12.3, by applicants who are eligible for fee reductions, such as small or medium-sized enterprises, micro enterprises and academic institutions. For further details refer to: https://www.jpo.go.jp/system/process/tesuryo/genmen/genmen20190401/document/index/leaflet_e.pdf
- 36 This fee is reduced by 75% where the applicant, or if there are two or more applicants, each applicant is a national of, and has a residence or business domicile in, one of the following States: Cambodia, Colombia, Indonesia, Lao People's Democratic Republic, Malaysia, Mexico, Mongolia, Peru, the Philippines, Sri Lanka, Thailand, Viet Nam.
- 37 Applicable where the applicant is a small entity which refers to any natural or juridical person whose assets are worth not more than one hundred million pesos (P100M); or any entity, agency, office, bureau or unit of the Philippine government including government-owned or controlled corporations, state universities and colleges and government-owned or government-run schools.
- 38 Payable to the International Bureau in Swiss francs.
- 39 This fee applies where a declaration referred to in PCT Article 17(2)(a) has been made by the International Searching Authority because of subject matter referred to in PCT Rule 39.1(iv) (methods of treatment).
- 40 Payable to the International Preliminary Examining Authority in the currency or one of the currencies prescribed by it.
- 41 Payable when the international search report was not issued by the Australian Patent Office.
- 42 Payable when the international search report was established by the Federal Service for Intellectual Property (Rospatent) (Russian Federation).
- 43 In all cases where footnote 42 does not apply.
- 44 Payable when the international search was not carried out by the United States Patent and Trademark Office (USPTO) (provided that the USPTO is a competent International Preliminary Examining Authority in the particular case—refer to *PCT Applicant's Guide*, Annex C (US)).
