The States party to this Protocol (hereinafter referred to as “the Contracting States”), even where they are not party to the Madrid Agreement Concerning the International Registration of Marks as revised at Stockholm in 1967 and as amended in 1979 (hereinafter referred to as “the Madrid (Stockholm) Agreement”), and the organizations referred to in Article 14(1)(b) which are party to this Protocol (hereinafter referred to as “the Contracting Organizations”) shall be members of the same Union of which countries party to the Madrid (Stockholm) Agreement are members. Any reference in this Protocol to “Contracting Parties” shall be construed as a reference to both Contracting States and Contracting Organizations.

(i) where the basic application has been filed with the Office of a Contracting State or where the basic registration has been made by such an Office, the person in whose name that application or registration stands is a national of that Contracting State, or is domiciled, or has a real and effective industrial or commercial establishment, in the said Contracting State,

Furthermore, the said Office shall indicate,

The registration shall bear the date of the application for international registration in the country of origin, provided that the application has been received by the International Bureau within a period of two months from that date. If the application has not been received within that period, the International Bureau shall record it as at the date on which it received the said application. The International Bureau shall notify such registration without delay to the Offices concerned. Registered marks shall be published in a periodical journal issued by the International Bureau, on the basis of the particulars contained in the application for registration. In the case of marks comprising a figurative element or a special form of writing, the Regulations shall determine whether a printing block must be supplied by the applicant.

(5) With a view to the publicity to be given in the contracting countries to registered marks, each Office shall receive from the International Bureau a number of copies of the said publication free of charge and a number of copies at a reduced price, in proportion to the number of units mentioned in Article 16(4)(a) of the Paris Convention for

(2) Such notification shall not take effect until six months after the date of the communication thereof by the Director General to the other contracting countries.

Article 3ter

(1) Any request for extension of the protection resulting from the international registration to a country which has availed itself of the right provided for in Article 3bis must be specially mentioned in the application referred to in Article 3(1).

(2) Any request for territorial extension made subsequently to the international registration must be presented through the intermediary of the Office of the country of origin on a form prescribed by the Regulations. It shall be immediately registered by the International Bureau, which shall notify it without delay to the Office or Offices concerned. It shall be published in the periodical journal issued by the International Bureau. Such territorial extension shall be effective from the date on which it has been recorded in the International Register; it shall cease to be valid on the expiration of the international registration of the mark to which it relates.

of copies at a reduced price, under the conditions fixed by the Assembly referred to in Article 10 (hereinafter referred to as “the Assembly”). Such publicity shall be deemed to be sufficient for the purposes of all the Contracting Parties, and no other publicity may be required of the holder of the international registration.

Article 3bis

Territorial Effect

The protection resulting from the international registration shall extend to any Contracting Party only at the request of the person who files the international application or who is the holder of the international registration. (2) A request for territorial extension may also be made subsequently to the international registration. Any such request shall be presented on the form prescribed by the Regulations. It shall be immediately recorded by the International Bureau, which shall notify such recordal without delay to the Office or Offices concerned. Such recordal shall be published in the periodical gazette of the International Bureau. Such territorial extension shall be effective from the date on which it has been recorded in the International Register; it shall cease to be valid on the expiry of the international registration to which it relates.

(continued on page 19)

Article 4

[Effects of International Registration]

(1) From the date of the registration so effected at the International Bureau in accordance with the provisions of Articles 3 and 3ter, the protection of the mark in each of the contracting countries concerned shall be the same as if the mark had been filed therein direct. The indication of classes of goods or services provided for in Article 3 shall not bind the contracting countries with regard to the determination of the scope of the protection of the mark.

(2) Every mark which has been the subject of an international registration shall enjoy the right of priority provided for by Article 4 of the Paris Convention for the Protection of Industrial Property, without requiring compliance with the formalities prescribed in Section D of that Article.

Article 4bis

[Substitution of International Registration for Earlier National Registrations]

(1) When a mark already filed in one or more of the contracting countries is later registered by the International Bureau in the name of the same proprietor or his successor in title, the international registration shall be deemed to have replaced the earlier national registrations, without prejudice to any rights acquired by reason of such earlier registrations.

(2) The national Office shall, upon request, be required to take note in its registers of the international registration.

(continued on page 20)

Article 4***Effects of International Registration***

(1) (a) From the date of the registration or recordal effected in accordance with the provisions of Articles 3 and 3ter, the protection of the mark in each of the Contracting Parties concerned shall be the same as if the mark had been deposited direct with the Office of that Contracting Party. If no refusal has been notified to the International Bureau in accordance with Article 5(1) and (2) or if a refusal notified in accordance with the said Article has been withdrawn subsequently, the protection of the mark in the Contracting Party concerned shall, as from the said date, be the same as if the mark had been registered by the Office of that Contracting Party.

(b) The indication of classes of goods and services provided for in Article 3 shall not bind the Contracting Parties with regard to the determination of the scope of the protection of the mark.

(2) Every international registration shall enjoy the right of priority provided for by Article 4 of the Paris Convention for the Protection of Industrial Property, without it being necessary to comply with the formalities prescribed in Section D of that Article.

Article 4bis***Replacement of a National or Regional Registration by an International Registration***

(1) Where a mark that is the subject of a national or regional registration in the Office of a Contracting Party is also the subject of an international registration and both registrations stand in the name of the same person, the international registration is deemed to replace the national or regional registration, without prejudice to any rights acquired by virtue of the latter, provided that

(continued on page 21)

(i) *the protection resulting from the international registration extends to the said Contracting Party under Article 3ter(1) or (2),*

(ii) *all the goods and services listed in the national or regional registration are also listed in the international registration in respect of the said Contracting Party,*

(iii) *such extension takes effect after the date of the national or regional registration.*

(2) *The Office referred to in paragraph (1) shall, upon request, be required to take note in its register of the international registration.*

Article 5

[Refusal by National Offices]

(1) In countries where the legislation so authorizes, Offices notified by the International Bureau of the registration of a mark or of a request for extension of protection made in accordance with Article 3ter shall have the right to declare that protection cannot be granted to such mark in their territory. Any such refusal can be based only on the grounds which would apply, under the Paris Convention for the Protection of Industrial Property, in the case of a mark filed for national registration. However, protection may not be refused, even partially, by reason only that national legislation would not permit registration except in a limited number of classes or for a limited number of goods or services.

(2) Offices wishing to exercise such right must give notice of their refusal to the International Bureau, together with a statement of all grounds, within the period prescribed by their domestic law and, at the latest, before the expiration of one year from the date of the international registration of the mark or of the request for extension of protection made in accordance with Article 3ter.

(3) The International Bureau shall, without delay, transmit to the Office of the country of origin and to the proprietor of the mark, or to his agent if an agent has been mentioned to the Bureau by the said Office, one

Article 5

Refusal and Invalidation of Effects of International Registration in Respect of Certain Contracting Parties

(1) *Where the applicable legislation so authorizes, any Office of a Contracting Party which has been notified by the International Bureau of an extension to that Contracting Party, under Article 3ter(1) or (2), of the protection resulting from the international registration shall have the right to declare in a notification of refusal that protection cannot be granted in the said Contracting Party to the mark which is the subject of such extension. Any such refusal can be based only on the grounds which would apply, under the Paris Convention for the Protection of Industrial Property, in the case of a mark deposited direct with the Office which notifies the refusal. However, protection may not be refused, even partially, by reason only that the applicable legislation would permit registration only in a limited number of classes or for a limited number of goods or services.*

(2) (a) *Any Office wishing to exercise such right shall notify its refusal to the International Bureau, together with a statement of all grounds, within the period prescribed by the law applicable to that Office and at the latest, subject to subparagraphs (b) and (c), before the expiry of one year from the date on which the notification of the extension referred to in paragraph (1) has been sent to that Office by the International Bureau.*

(continued on page 23)

of the copies of the declaration of refusal so notified. The interested party shall have the same remedies as if the mark had been filed by him direct in the country where protection is refused.

(4) The grounds for refusing a mark shall be communicated by the International Bureau to any interested party who may so request.

(5) Offices which, within the aforesaid maximum period of one year, have not communicated to the International Bureau any provisional or final decision of refusal with regard to the registration of a mark or a request for extension of protection shall lose the benefit of the right provided for in paragraph (1) of this Article with respect to the mark in question.

(6) Invalidation of an international mark may not be pronounced by the competent authorities without the proprietor of the mark having, in good time, been afforded the opportunity of defending his rights. Invalidation shall be notified to the International Bureau.

(b) Notwithstanding subparagraph (a), any Contracting Party may declare that, for international registrations made under this Protocol, the time limit of one year referred to in subparagraph (a) is replaced by 18 months.

(c) Such declaration may also specify that, when a refusal of protection may result from an opposition to the granting of protection, such refusal may be notified by the Office of the said Contracting Party to the International Bureau after the expiry of the 18-month time limit. Such an Office may, with respect to any given international registration, notify a refusal of protection after the expiry of the 18-month time limit, but only if

(i) it has, before the expiry of the 18-month time limit, informed the International Bureau of the possibility that oppositions may be filed after the expiry of the 18-month time limit, and

(ii) the notification of the refusal based on an opposition is made within a time limit of one month from the expiry of the opposition period and, in any case, not later than seven months from the date on which the opposition period begins.

(d) Any declaration under subparagraphs (b) or (c) may be made in the instruments referred to in Article 14(2), and the effective date of the declaration shall be the same as the date of entry into force of this Protocol with respect to the State or intergovernmental organization having made the declaration. Any such declaration may also be made later, in which case the declaration shall have effect three months after its receipt by the Director General of the Organization (hereinafter referred to as "the Director General"), or at any later date indicated in the declaration, in respect of any international registration whose date is the same as or is later than the effective date of the declaration.

(e) Upon the expiry of a period of ten years from the entry into force of this Protocol, the Assembly shall examine the operation of the system established by subparagraphs (a) to (d). Thereafter, the provisions of the said subparagraphs may be modified by a unanimous decision of the Assembly.*

(3) The International Bureau shall, without delay, transmit one of the copies of the notification of refusal to the holder of the international registration. The said holder shall have the same remedies as if the mark had been deposited by him direct with the Office which has notified its refusal. Where the International Bureau has received information under paragraph (2)(c)(i), it shall, without delay, transmit the said information to the holder of the international registration.

(4) The grounds for refusing a mark shall be communicated by the International Bureau to any interested party who may so request.

(5) Any Office which has not notified, with respect to a given international registration, any provisional or final refusal to the International Bureau in accordance with paragraphs (1) and (2) shall, with respect to that international registration, lose the benefit of the right provided for in paragraph (1).

(6) Invalidation, by the competent authorities of a Contracting Party, of the effects, in the territory of that Contracting Party, of an international registration may not be pronounced without the holder of such international registration having, in good time, been afforded the opportunity of defending his rights. Invalidation shall be notified to the International Bureau.

* Interpretative statement adopted by the Assembly of the Madrid Union:

"Article 5(2)(e) of the Protocol is understood as allowing the Assembly to keep under review the operation of the system established by subparagraphs (a) to (d), it being also understood that any modification of those provisions shall require a unanimous decision of the Assembly."

Article 6

[Period of Validity of International Registration. Independence of International Registration. Termination of Protection in Country of Origin]

(1) Registration of a mark at the International Bureau is effected for twenty years, with the possibility of renewal under the conditions specified in Article 7.

(2) Upon expiration of a period of five years from the date of the international registration, such registration shall become independent of the national mark registered earlier in the country of origin, subject to the following provisions.

(3) The protection resulting from the international registration, whether or not it has been the subject of a transfer, may no longer be invoked, in whole or in part, if, within five years from the date of the international registration, the national mark, registered earlier in the country of origin in accordance with Article 1, no longer enjoys, in whole or in part, legal protection in that country. This provision shall also apply when legal protection has later ceased as the result of an action begun before the expiration of the period of five years.

(7) (a) Any Contracting Party may declare that, in connection with each international registration in which it is mentioned under Article 3ter, and in connection with the renewal of any such international registration, it wants to receive, instead of a share in the revenue produced by the supplementary and complementary fees, a fee (hereinafter referred to as "the individual fee") whose amount shall be indicated in the declaration, and can be changed in further declarations, but may not be higher than the equivalent of the amount which the said Contracting Party's Office would be entitled to receive from an applicant for a ten-year registration, or from the holder of a registration for a ten-year renewal of that registration, of the mark in the register of the said Office, the said amount being diminished by the savings resulting from the international procedure. (3) Any amendment to the Articles referred to in paragraph (1) shall enter into force one month after written notifications of acceptance, effected in accordance with their respective constitutional processes, have been received by the Director General from three-fourths of the countries members of the Assembly at the time it adopted the amendment. Any amendment to the said Articles thus accepted shall bind all the countries which are members of the Assembly at the time the amendment enters into force, or which become members thereof at a subsequent date.

Article 14

[Ratification and Accession. Entry into Force. Accession to Earlier Acts. Reference to Article 24 of Paris Convention (Territories)]

(1) Any country of the Special Union which has signed this Act may ratify it, and, if it has not signed it, may accede to it.

(continued on page 60)

(2) *Amendments to the Articles referred to in paragraph (1) shall be adopted by the Assembly. Adoption shall require three-fourths of the votes cast, provided that any amendment to Article 10, and to the present paragraph, shall require four-fifths of the votes cast.*

(3) *Any amendment to the Articles referred to in paragraph (1) shall enter into force one month after written notifications of acceptance, effected in accordance with their respective constitutional processes, have been received by the Director General from three-fourths of those States and intergovernmental organizations which, at the time the amendment was adopted, were members of the Assembly and had the right to vote on the amendment. Any amendment to the said Articles thus accepted shall bind all the States and intergovernmental organizations which are Contracting Parties at the time the amendment enters into force, or which become Contracting Parties at a subsequent date.*

Article 14

Becoming Party to the Protocol; Entry into Force

(1) (a) *Any State that is a party to the Paris Convention for the Protection of Industrial Property may become party to this Protocol.*

(b) *Furthermore, any intergovernmental organization may also become party to this Protocol where the following conditions are fulfilled:*

(i) *at least one of the member States of that organization is a party to the Paris Convention for the Protection of Industrial Property;*

(ii) *that organization has a regional Office for the purposes of registering marks with effect in the territory of the organization, provided that such Office is not the subject of a notification under Article 9quater.*

(continued on page 61)

(2) (a) Any country outside the Special Union which is party to the Paris Convention for the Protection of Industrial Property may accede to this Act and thereby become a member of the Special Union.

(b) As soon as the International Bureau is informed that such a country has acceded to this Act, it shall address to the Office of that country, in accordance with Article 3, a collective notification of the marks which, at that time, enjoy international protection.

(c) Such notification shall, of itself, ensure to the said marks the benefits of the foregoing provisions in the territory of the said country, and shall mark the commencement of the period of one year during which the Office concerned may make the declaration provided for in Article 5.

(d) However, any such country may, in acceding to this Act, declare that, except in the case of international marks which have already been the subject in that country of an earlier identical national registration still in force, and which shall be immediately recognized upon the request of the interested parties, application of this Act shall be limited to marks registered from the date on which its accession enters into force.

(e) Such declaration shall dispense the International Bureau from making the collective notification referred to above. The International Bureau shall notify only those marks in respect of which it receives, within a period of one year from the accession of the new country, a request, with the necessary particulars, to take advantage of the exception provided for in subparagraph (d).

(f) The International Bureau shall not make the collective notification to such countries as declare, in acceding to this Act, that they are availing themselves of the right provided for in Article 3*bis*. The said countries may also declare at the same time that the application of this Act shall be limited to marks registered from the day on which their accessions enter into force; however, such limitation shall not affect international marks which have already been the subject of an earlier identical national registration in those countries, and which could give rise to requests for extension of protection made and notified in accordance with Articles 3*ter* and 8(2)(c).

(2) Any State or organization referred to in paragraph (1) may sign this Protocol. Any such State or organization may, if it has signed this Protocol, deposit an instrument of ratification, acceptance or approval of this Protocol or, if it has not signed this Protocol, deposit an instrument of accession to this Protocol.

(3) The instruments referred to in paragraph (2) shall be deposited with the Director General.

(4) (a) This Protocol shall enter into force three months after four instruments of ratification, acceptance, approval or accession have been deposited, provided that at least one of those instruments has been deposited by a country party to the Madrid (Stockholm) Agreement and at least one other of those instruments has been deposited by a State not party to the Madrid (Stockholm) Agreement or by any of the organizations referred to in paragraph (1)(b).

(b) With respect to any other State or organization referred to in paragraph (1), this Protocol shall enter into force three months after the date on which its ratification, acceptance, approval or accession has been notified by the Director General.

(5) Any State or organization referred to in paragraph (1) may, when depositing its instrument of ratification, acceptance or approval of, or accession to, this Protocol, declare that the protection resulting from any international registration effected under this Protocol before the date of entry into force of this Protocol with respect to it cannot be extended to it.

(g) Registrations of marks which have been the subject of one of the notifications provided for in this paragraph shall be regarded as replacing registrations effected direct in the new contracting country before the date of entry into force of its accession.

(3) Instruments of ratification and accession shall be deposited with the Director General.

(4) (a) With respect to the first five countries which have deposited their instruments of ratification or accession, this Act shall enter into force three months after the deposit of the fifth such instrument.

(b) With respect to any other country, this Act shall enter into force three months after the date on which its ratification or accession has been notified by the Director General, unless a subsequent date has been indicated in the instrument of ratification or accession. In the latter case, this Act shall enter into force with respect to that country on the date thus indicated.

(5) Ratification or accession shall automatically entail acceptance of all the clauses and admission to all the advantages of this Act.

(6) After the entry into force of this Act, a country may accede to the Nice Act of June 15, 1957, only in conjunction with ratification of, or accession to, this Act. Accession to Acts earlier than the Nice Act shall not be permitted, not even in conjunction with ratification of, or accession to, this Act.

(7) The provisions of Article 24 of the Paris Convention for the Protection of Industrial Property shall apply to this Agreement.

Article 15

[Denunciation]

(1) This Agreement shall remain in force without limitation as to time.

Article 15

Denunciation

(1) *This Protocol shall remain in force without limitation as to time.*

(2) *Any Contracting Party may denounce this Protocol by notification addressed to the Director General.*

(2) Any country may denounce this Act by notification addressed to the Director General. Such denunciation shall constitute also denunciation of all earlier Acts and shall affect only the country making it, the Agreement remaining in full force and effect as regards the other countries of the Special Union.

(3) Denunciation shall take effect one year after the day on which the Director General has received the notification.

(4) The right of denunciation provided for by this Article shall not be exercised by any country before the expiration of five years from the date upon which it becomes a member of the Special Union.

(5) International marks registered up to the date on which denunciation becomes effective, and not refused within the period of one year provided for in Article 5, shall continue, throughout the period of international protection, to enjoy the same protection as if they had been filed direct in the denouncing country.

(3) *Denunciation shall take effect one year after the day on which the Director General has received the notification.*

(4) *The right of denunciation provided for by this Article shall not be exercised by any Contracting Party before the expiry of five years from the date upon which this Protocol entered into force with respect to that Contracting Party.*

(5) (a) *Where a mark is the subject of an international registration having effect in the denouncing State or intergovernmental organization at the date on which the denunciation becomes effective, the holder of such registration may file an application for the registration of the same mark with the Office of the denouncing State or intergovernmental organization, which shall be treated as if it had been filed on the date of the international registration according to Article 3(4) or on the date of recordal of the territorial extension according to Article 3ter(2) and, if the international registration enjoyed priority, enjoy the same priority, provided that*

(i) such application is filed within two years from the date on which the denunciation became effective,

(ii) the goods and services listed in the application are in fact covered by the list of goods and services contained in the international registration in respect of the denouncing State or intergovernmental organization, and

(iii) such application complies with all the requirements of the applicable law, including the requirements concerning fees.

(b) The provisions of subparagraph (a) shall also apply in respect of any mark that is the subject of an international registration having effect in Contracting Parties other than the denouncing State or intergovernmental organization at the date on which denunciation becomes effective and whose holder, because of the denunciation, is no longer entitled to file international applications under Article 2(1).

Article 16

[Application of Earlier Acts]

(1) (a) This Act shall, as regards the relations between the countries of the Special Union by which it has been ratified or acceded to, replace, as from the day on which it enters into force with respect to them, the Madrid Agreement of 1891, in its texts earlier than this Act.

(b) However, any country of the Special Union which has ratified or acceded to this Act shall remain bound by the earlier texts which it has not previously denounced by virtue of Article 12(4) of the Nice Act of June 15, 1957, as regards its relations with countries which have not ratified or acceded to this Act.

(2) Countries outside the Special Union which become party to this Act shall apply it to international registrations effected at the International Bureau through the intermediary of the national Office of any country of the Special Union not party to this Act, provided that such registrations satisfy, with respect to the said countries, the requirements of this Act. With regard to international registrations effected at the International Bureau through the intermediary of the national Offices of the said countries outside the Special Union which become party to this Act, such countries recognize that the aforesaid country of the Special Union may demand compliance with the requirements of the most recent Act to which it is party.

(1) [*General Principle and Exceptions*] The designation of a Contracting Party shall be governed by the Agreement or by the Protocol depending on whether the Contracting Party has been designated under the Agreement or under the Protocol. However,

(i) where, with regard to a given international registration, the Agreement ceases to be applicable in the relations between the Contracting Party of the holder and a Contracting Party whose designation is governed by the Agreement, the designation of the latter shall become governed by the Protocol as of the date on which the Agreement so ceases to be applicable, insofar as, on that date, both the Contracting Party of the holder and the designated Contracting Party are parties to the Protocol, and

(ii) where, with regard to a given international registration, the Protocol ceases to be applicable in the relations between the Contracting Party of the holder and a Contracting Party whose designation is governed by the Protocol, the designation of the latter shall become governed by the Agreement as of the date on which the Protocol so ceases to be applicable, insofar as, on that date, both the Contracting Party of the holder and the designated Contracting Party are parties to the Agreement.

(2) [*Recording*] The International Bureau shall record in the International Register an indication of the treaty governing each designation.

*Rule 2**Communication with the International Bureau*

Communications addressed to the International Bureau shall be effected as specified in the Administrative Instructions.

*Rule 3**Representation Before the International Bureau*

(1) [*Representative; Number of Representatives*] (a) The applicant or the holder may have a representative before the International Bureau.

(b) The applicant or the holder may have one representative only. Where the appointment indicates several representatives, only the one indicated first shall be considered to be a representative and be recorded as such.

(c) Where a partnership or firm composed of attorneys or patent or trademark agents has been indicated as representative to the International Bureau, it shall be regarded as one representative.

(2) [*Appointment of the Representative*] (a) The appointment of a representative may be made in the international application, or in a subsequent designation or a request under Rule 25.

(b) The appointment of a representative may also be made in a separate communication which may relate to one or more specified international applications or international registrations of the same applicant or holder. The said communication shall be presented to the International Bureau

(i) by the applicant, the holder or the appointed representative,
or

(ii) by the Office of the Contracting Party of the holder.

The communication shall be signed by the applicant or the holder, or by the Office through which it was presented.

(3) [*Irregular Appointment*] (a) Where the International Bureau considers that the appointment of a representative under paragraph (2) is irregular, it shall notify accordingly the applicant or holder, the purported representative and, if the sender or transmitter is an Office, that Office.

(b) As long as the relevant requirements under paragraph (2) are not complied with, the International Bureau shall send all relevant communications to the applicant or holder himself.

(4) [*Recording and Notification of Appointment of a Representative; Effective Date of Appointment*] (a) Where the International Bureau finds that the appointment of a representative complies with the applicable requirements, it shall record the fact that the applicant or holder has a representative, as well as the name and address of the representative, in the International Register. (b) The International Bureau shall notify the recording referred to in subparagraph (a) to both the applicant or holder and, in the latter case, the Offices of the designated Contracting Parties, as well as the representative. Where the appointment was made in a separate communication presented through an Office, the International Bureau shall also notify the recording to that Office.

(b) Except where these Regulations expressly require that an invitation, notification or other communication be addressed to both the applicant or holder and the representative, the International Bureau shall address to the representative recorded under paragraph (4)(a) any invitation, notification or other communication which, in the absence of a representative, would have to be sent to the applicant or holder; any invitation, notification or other communication so addressed to the said representative shall have the same effect as if it had been addressed to the applicant or holder.

(c) Any communication addressed to the International Bureau by the representative recorded under paragraph (4)(a) shall have the same effect as if it had been addressed to the said Bureau by the applicant or holder.

The recording shall be cancelled *ex officio* by the International Bureau where a new representative is appointed or, in case a change in ownership has been recorded, where no representative is appointed by the new holder of the international registration.

(ii) that the mailing of the communication was registered, or details of the mailing were recorded, by the postal service at the time of mailing, and

(iii) in cases where all classes of mail do not normally reach the International Bureau within two days of mailing, that the communication was mailed by a class of mail which normally reaches the International Bureau within two days of mailing or by airmail.

Possibility of Notification of a Provisional Refusal Based on an Opposition Under Article 5(2)(c) of the Protocol

(1) [*Information Relating to Possible Oppositions and Time Limit for Notifying Provisional Refusal Based on an Opposition*] (a) Subject to Article 9*sexies*(1)(b) of the Protocol, where a declaration has been made by a Contracting Party pursuant to Article 5(2)(b) and (c), first sentence, of the Protocol, the Office of that Contracting Party shall, where it has become apparent with regard to a given international registration designating that Contracting Party that the opposition period will expire too late for any provisional refusal based on an opposition to be notified to the International Bureau within the 18-month time limit referred to in Article 5(2)(b), inform the International Bureau of the number, and the name of the holder, of that international registration.

(b) Where, at the time of the communication of the information referred to in subparagraph (a), the dates on which the opposition period begins and ends are known, those dates shall be indicated in the communication. If such dates are not yet known at that time, they shall be communicated to the International Bureau as soon as they are known¹.

¹ In adopting this provision, the Assembly of the Madrid Union understood that if the opposition period is extendable, the Office may communicate only the date the opposition period begins.

(c) Where subparagraph (a) applies and the Office referred to in the said subparagraph has, before the expiry of the 18-month time limit referred to in the same subparagraph, informed the International Bureau of the fact that the time limit for filing oppositions will expire within the 30 days preceding the expiry of the 18-month time limit and of the possibility that oppositions may be filed during those 30 days, a provisional refusal based on an opposition filed during the said 30 days may be notified to the International Bureau within one month from the date of filing of the opposition.

(2) [*Recording and Transmittal of the Information*] The International Bureau shall record in the International Register the information received under paragraph (1) and shall transmit that information to the holder.

Rule 17
Provisional Refusal

(1) [*Notification of Provisional Refusal*] (a) A notification of provisional refusal may comprise a declaration stating the grounds on which the Office making the notification considers that protection cannot be granted in the Contracting Party concerned (“*ex officio* provisional refusal”) or a declaration that protection cannot be granted in the Contracting Party concerned because an opposition has been filed (“provisional refusal based on an opposition”) or both.

(b) A notification of provisional refusal shall relate to one international registration, shall be dated and shall be signed by the Office making it.

(2) [*Content of the Notification*] A notification of provisional refusal shall contain or indicate

(i) the Office making the notification,

(ii) the number of the international registration, preferably accompanied by other indications enabling the identity of the international registration to be confirmed, such as the verbal elements of the mark or the basic application or basic registration number,

(iii) [Deleted]

(iv) all the grounds on which the provisional refusal is based, together with a reference to the corresponding essential provisions of the law,

(v) where the grounds on which the provisional refusal is based relate to a mark which has been the subject of an application or registration and with which the mark that is the subject of the international registration appears to be in conflict, the filing date and number, the priority date (if any), the registration date and number (if available), the name and address of the owner, and a reproduction, of the former mark, together with the list of all or the relevant goods and services in the application or registration of the former mark, it being understood that the said list may be in the language of the said application or registration,

(vi) either that the grounds on which the provisional refusal is based affect all the goods and services or an indication of the goods and services which are affected, or are not affected, by the provisional refusal,

(vii) the time limit, reasonable under the circumstances, for filing a request for review of, or appeal against, the *ex officio* provisional refusal or the provisional refusal based on an opposition and, as the case may be, for filing a response to the opposition, preferably with an indication of the date on which the said time limit expires, and the authority with which such request for review, appeal or response should be filed, with the indication, where applicable, that the request for review, the appeal or the response has to be filed through the intermediary of a representative whose address is within the territory of the Contracting Party whose Office has pronounced the refusal.

(3) [*Additional Requirements Concerning a Notification of Provisional Refusal Based on an Opposition*] Where the provisional refusal of protection is based on an opposition, or on an opposition and other grounds, the notification shall, in addition to complying with the requirements referred to in paragraph (2), contain an indication of that fact and the name and address of the opponent; however, notwithstanding paragraph (2)(v), the Office making the notification must, where the opposition is based on a mark which has been the subject of an application or registration, communicate the list of the goods and services on which the opposition is based and may, in addition, communicate the complete list of goods and services of that earlier application or registration, it being understood that the said lists may be in the language of the earlier application or registration.

(4) [*Recording; Transmittal of Copies of Notifications*] The International Bureau shall record the provisional refusal in the International Register together with the data contained in the notification, with an indication of the date on which the notification was sent or is regarded under Rule 18(1)(d) as having been sent to the International Bureau and shall transmit a copy thereof to the Office of origin, if that Office has informed the International Bureau that it wishes to receive such copies, and, at the same time, to the holder.

(5) [*Declarations Relating to the Possibility of Review*] (a) [Deleted]

(b) [Deleted]

(c) [Deleted]

(d) The Office of a Contracting Party may, in a declaration, notify the Director General that, in accordance with the law of the said Contracting Party,

- (i) any provisional refusal that has been notified to the International Bureau is subject to review by the said Office, whether or not such review has been requested by the holder, and
- (ii) the decision taken on the said review may be the subject of a further review or appeal before the Office.

Where this declaration applies and the Office is not in a position to communicate the said decision directly to the holder of the international registration concerned, the Office shall, notwithstanding the fact that all procedures before the said Office relating to the protection of the mark may not have been completed, send the statement referred to in Rule 18^{ter}(2) or (3) to the International Bureau immediately following the said decision. Any further decision affecting the protection of the mark shall be sent to the International Bureau in accordance with Rule 18^{ter}(4).

(e) The Office of a Contracting Party may, in a declaration, notify the Director General that, in accordance with the law of the said Contracting Party, any *ex officio* provisional refusal that has been notified to the International Bureau is not open to review before the said Office. Where this declaration applies, any *ex officio* notification of a provisional refusal by the said Office shall be deemed to include a statement in accordance with Rule 18ter(2)(ii) or (3).

Rule 18
Irregular Notifications of Provisional Refusal

(1) [*Contracting Party Designated Under the Agreement*] (a) A notification of provisional refusal communicated by the Office of a Contracting Party designated under the Agreement shall not be regarded as such by the International Bureau

(i) if it does not contain any international registration number, unless other indications contained in the notification permit the international registration to which the provisional refusal relates to be identified,

(ii) if it does not indicate any grounds for refusal, or

(iii) if it is sent too late to the International Bureau, that is, if it is sent after the expiry of one year from the date on which the recording of the international registration or the recording of the designation made subsequently to the international registration has been effected, it being understood that the said date is the same as the date of sending the notification of the international registration or of the designation made subsequently.

(b) Where subparagraph (a) applies, the International Bureau shall nevertheless transmit a copy of the notification to the holder, shall inform, at the same time, the holder and the Office that sent the notification that the notification of provisional refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

- (c) If the notification
 - (i) is not signed on behalf of the Office which communicated it, or does not otherwise comply with the requirements of Rule 2 or with the requirement applicable under Rule 6(2),
 - (ii) does not contain, where applicable, the details of the mark with which the mark that is the subject of the international registration appears to be in conflict (Rule 17(2)(v) and (3)),
 - (iii) does not comply with the requirements of Rule 17(2)(vi),
 - (iv) does not comply with the requirements of Rule 17(2)(vii), or
 - (v) [Deleted]
 - (vi) does not contain, where applicable, the name and address of the opponent and the indication of the goods and services on which the opposition is based (Rule 17(3)),

the International Bureau shall, except where subparagraph (d) applies, nonetheless record the provisional refusal in the International Register. The International Bureau shall invite the Office that communicated the provisional refusal to send a rectified notification within two months from the invitation and shall transmit to the holder copies of the irregular notification and of the invitation sent to the Office concerned.

(d) Where the notification does not comply with the requirements of Rule 17(2)(vii), the provisional refusal shall not be recorded in the International Register. If however a rectified notification is sent within the time limit referred to in subparagraph (c), it shall be regarded, for the purposes of Article 5 of the Agreement, as having been sent to the International Bureau on the date on which the defective notification had been sent to it. If the notification is not so rectified, it shall not be regarded as a notification of provisional refusal. In the latter case, the International Bureau shall inform, at the same time, the holder and the Office that sent the notification that the notification of provisional refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

(e) Any rectified notification shall, where the applicable law so permits, indicate a new time limit, reasonable under the circumstances, for filing a request for review of, or appeal against, the *ex officio* provisional refusal or the provisional refusal based on an opposition and, as the case may be, for filing a response to the opposition, preferably with an indication of the date on which the said time limit expires.

(f) The International Bureau shall transmit a copy of any rectified notification to the holder.

(2) [*Contracting Party Designated Under the Protocol*]

(a) Paragraph (1) shall also apply in the case of a notification of provisional refusal communicated by the Office of a Contracting Party designated under the Protocol, it being understood that the time limit referred to in paragraph (1)(a)(iii) shall be the time limit applicable under Article 5(2)(a) or, subject to Article 9*sexies*(1)(b) of the Protocol, under Article 5(2)(b) or (c)(ii) of the Protocol.

(b) Paragraph (1)(a) shall apply to determine whether the time limit before the expiry of which the Office of the Contracting Party concerned must give the International Bureau the information referred to in Article 5(2)(c)(i) of the Protocol has been complied with. If such information is given after the expiry of that time limit, it shall be regarded as not having been given and the International Bureau shall inform the Office concerned accordingly.

(c) Where the notification of provisional refusal based on an opposition is made under Article 5(2)(c)(ii) of the Protocol without the requirements of Article 5(2)(c)(i) of the Protocol having been complied with, it shall not be regarded as a notification of provisional refusal. In such a case, the International Bureau shall nevertheless transmit a copy of the notification to the holder, shall inform, at the same time, the holder and the Office that sent the notification that the notification of provisional refusal is not regarded as such by the International Bureau, and shall indicate the reasons therefor.

Rule 18bis
Interim Status of a Mark in a Designated Contracting Party

(1) [*Ex Officio Examination Completed but Opposition or Observations by Third Parties Still Possible*] (a) An Office which has not communicated a notification of provisional refusal may, within the period applicable under Article 5(2) of the Agreement or Article 5(2)(a) or (b) of the Protocol, send to the International Bureau a statement to the effect that the *ex officio* examination has been completed and that the Office has found no grounds for refusal but that the protection of the mark is still subject to opposition or observations by third parties, with an indication of the date by which such oppositions or observations may be filed².

(b) An Office which has communicated a notification of provisional refusal may send to the International Bureau a statement to the effect that the *ex officio* examination has been completed but that the protection of the mark is still subject to opposition or observations by third parties, with an indication of the date by which such oppositions or observations may be filed.

(2) [*Recording, Information to the Holder and Transmittal of Copies*] The International Bureau shall record any statement received under this Rule in the International Register, inform the holder accordingly and, where the statement was communicated, or can be reproduced, in the form of a specific document, transmit a copy of that document to the holder.

² Interpretative statement endorsed by the Assembly of the Madrid Union:
“The references in Rule 18bis to observations by third parties apply only to those Contracting Parties whose legislation provides for such observations.”

*Rule 18ter**Final Disposition on Status of a Mark in a Designated Contracting Party*

(1) [*Statement of Grant of Protection Where No Notification of Provisional Refusal Has Been Communicated*]³ When, before the expiry of the period applicable under Article 5(2) of the Agreement or Article 5(2)(a), (b) or (c) of the Protocol, all procedures before an Office have been completed and there is no ground for that Office to refuse protection, that Office shall, as soon as possible and before the expiry of that period, send to the International Bureau a statement to the effect that protection is granted to the mark that is the subject of the international registration in the Contracting Party concerned⁴.

(2) [*Statement of Grant of Protection Following a Provisional Refusal*] Except where it sends a statement under paragraph (3), an Office which has communicated a notification of provisional refusal shall, once all procedures before the said Office relating to the protection of the mark have been completed, send to the International Bureau either

(i) a statement to the effect that the provisional refusal is withdrawn and that protection of the mark is granted, in the Contracting Party concerned, for all goods and services for which protection has been requested, or

(3) [*Confirmation of Total Provisional Refusal*] An Office which has sent to the International Bureau a notification of a total provisional refusal shall, once all procedures before the said Office relating to the protection of the mark have been completed and the Office has decided to confirm refusal of the protection of the mark in the Contracting Party concerned for all goods and services, send to the International Bureau a statement to that effect.

³ In adopting this provision, the Assembly of the Madrid Union understood that a statement of grant of protection could concern several international registrations and take the form of a list, communicated electronically or on paper, that permits identification of these international registrations.

⁴ In adopting paragraphs (1) and (2) of this rule, the Assembly of the Madrid Union understood that where Rule 34(3) applies, the grant of protection will be subject to the payment of the second part of the fee.

(4) [*Further Decision*] Where a notification of provisional refusal has not been sent within the applicable time limit under Article 5(2) of the Agreement or of the Protocol, or, where following the sending of a statement under paragraph (1), (2) or (3), a further decision, taken by the Office or other authority, affects the protection of the mark, the Office shall, to the extent that it is aware of that decision, without prejudice to Rule 19, send to the International Bureau a further statement indicating the status of the mark and, where applicable, the goods and services for which the mark is protected in the Contracting Party concerned⁵.

(5) [*Recording, Information to the Holder and Transmittal of Copies*] The International Bureau shall record any statement received under this Rule in the International Register, inform the holder accordingly and, where the statement was communicated, or can be reproduced, in the form of a specific document, transmit a copy of that document to the holder.
