Ulrike Till
Director
Division of Artificial Intelligence Policy

Dear Ulrike Till:

I will like to take this time to thank you for giving me this opportunity. I had no idea that there were concerns as those that are in the draft issues paper. The draft issues paper, in my opinion, suggest opportunities for criminal acts that can destroy

Do I agree on the draft issues paper? Well, first I need to know if Batman, a fictional superhero has copyrights in the name Batman, if Batman has trademark(s) in the name Batman, and if Batman has patent(s) in the name Batman. DC Comics is the owner of the fictional superhero, Batman; and owns everything that relates to Batman. Artificial Intelligence should not be rated as a qualifier to owning property, especially since it will not be viewed greater than other universal recognized created things.

Sincerely,

Robin Suber
