## **MAPPING OF SOUTH-SOUTH ACTIVITIES supported by WIPO (2019)**

### **I. INTRODUCTION**

1. The South-South Activities mapping was prepared by the ODDG, Development Sector, to provide with an overview of the IP-related activities undertaken by the Secretariat in the context of South-South Cooperation (SSC) covering the period 2019.

2. The mapping presented in the Annex of this document contains lists of activities for the period 2019, undertaken by the Organization where both beneficiary and provider country/ies were developing countries or LDCs, and where all or the majority of speakers/experts attending the event, came from a developing country or LDC.

3. Excluded from this mapping are activities that took place a) at WIPO Headquarters in Geneva; b) in relation to countries with economies in transition ; b) with funding from developed countries, including under Funds-in-Trust from developed countries; c) with the involvement of only one country (national activities, with national participants and speakers).

The present mapping exercise was carried out using WIPO's IP-Technical Assistance Database (IP-TAD) as a source of data on the activities undertaken by the Organization.

### **II. MAPPING OF SOUTH-SOUTH ACTIVITIES**

4. This mapping exercise identifies and groups activities, which may be considered as SSC according to the UN definitions<sup>1</sup>, according to Member States comments and observations, as well as being in line with the WIPO mandate. 62 activities were identified for the period 2019 facilitated by WIPO.

5. All the activities included in this document resulted from requests by Member States and respond to the criteria of SSC. For the purpose of this mapping exercise, activities were grouped into eight types of technical assistance. Within each grouping, they are listed by chronological order.

6. The lists in the Annex provide categories of grouping by type or nature of the activity as indicated below:

- IP Forum - Policy Dialogue
- National IP Strategies and Policies
- Development of a legal IP Framework
- Awareness and training on IP Administration
- Building respect on IP
- Higher Education
- Training on IP Management
- Global Registrations Systems

7. In addition, for each activity listed in the Annex, following information are provided:

- Title
- Date
- IP Field
- Objective
- Expected result
- Place / Venue / Host Country
- Beneficiary country/ies
- Region(s)
- Number of participants
- Language(s) used
- Cost

8. It is recalled that the United Nations Joint Inspection Unit (JIU) recommended that “[t]he legislative and governing bodies of the United Nations system organizations should request the Executive Heads to apportion a specific percentage – not less than 0.5 per cent – of core budget resources for the promotion of South-South cooperation (SSC) in their respective areas of competence, in consultation with program countries”.

9. The total expenditure entailed in carrying out these SSC activities amounted to 3’790’267 Swiss Francs for the period 2019. This amount includes 2’512’234 Swiss Francs from the regular budget and 1’278’033 Swiss Francs from the Funds in Trust administered and implemented by WIPO. This represented 2.5 percent of the total non-personnel expenditure in 2019, including FIT expenditure.<sup>2</sup> The FITs contribution corresponds to FIT/Korea (61.1 %), FIT/Japan (27.6 %), FIT/France (6.1 %), FIT/China (3.4 %), and FIT/Spain (1.8 %).

10. The information contained in the Annex to this document may also be found on the South-South IP Technical Assistance web page <http://www.wipo.int/sscip/tad>

---

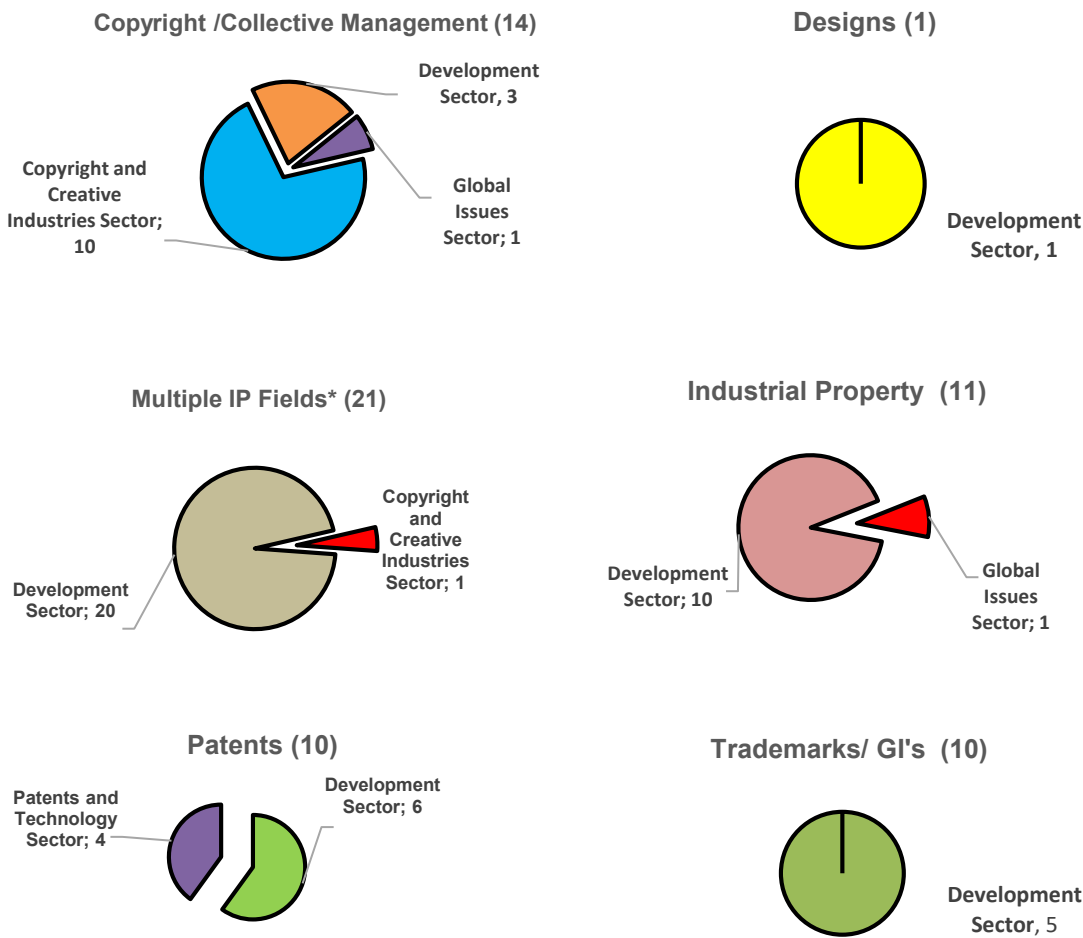

<sup>2</sup> In an annex of this document, there are included two activities financed under the scheme of triangular cooperation from FITs provided by developed countries for the year 2017. This contribution amounted to 107.500 CHF. Since the amount provided by FITs from developing countries for 2017 amounted to 339.000 CHF, the amount provided by FITs from developed countries would represent 42% of the total.
