Re: Survey to establish a technical inventory and a list of data elements to be exchanged via the Global Information Network (Task No. 35)

---

Madam,  
Sir,

At its first Plenary session held in June 1998, the Standing Committee on Information Technologies (SCIT), when considering technical requirements for the provision of network services for the intellectual property offices, decided that the International Bureau of WIPO should be entrusted with the task of assessing these requirements on the basis of existing information infrastructure of these offices by way of conducting a survey to establish a technical inventory and a list of data elements that intellectual property offices wish to exchange via the network (see Task No. 35).

./ Please fill out the questionnaire, which is enclosed as Annex to this Circular letter, and return it to the Secretariat not later than September 25, 1998. Your comments could also be sent to our e-mail address (scit.mail@wipo.int), indicating the number of this Circular.

Sincerely yours,

A handwritten signature in black ink, appearing to read 'Yo Takagi'.
