**Subject:** C.SCIT 2515

Dear Ms.Frary,

In reply to WIPO Circular C.SCIT 2515, dated 13 October 2000, please find comments on the Proposal for the restructuring of the Standing Committee on Information Technologies (SCIT) as follows:

\*Option II corresponds to small intellectual property office needs (generation of intellectual property data suitable for inclusion in IPDLs, as well as access to and dissemination of intellectual property information) because meeting agendas could be more clearly targeted

\*Advisory Group on IT could give technical advice and policy guidance to the Director General on the overall IT strategy of WIPO and priority settings within WIPO's IT Strategic Implementation Plan

\*Standing Committee on Technical Standards and Documentation should adopt new or revised WIPO standards, policies, recommendations and statements of principle relating to intellectual property data, data dissemination and documentation and should report directly to the WIPO General Assembly

\*Working methods indicated in paragraphs 23 and 26 would increase efficiency of meetings.

Sincerely yours,  
Saule Daukuviene
