

MADRID PROTOCOL

NOTE FOR FILING

MODEL FORM 14 (MF14): FINAL DECISION RELATING TO A DECLARATION THAT A LIMITATION HAS NO EFFECT

Rule 27(5)(e) of the Regulations

Use this form when the Office has previously notified the International Bureau of a declaration under Rule 27(5) (using MF13) and it now wishes to notify the International Bureau of the final decision relating to that declaration.

If the final decision changes the scope of the declaration, the Office must provide a clear indication of the goods and services to which the limitation relates. Where all the goods or services included in a given class are concerned, the indication should read “all goods (or all services) in class X”.

[End]
