NOTE FOR FILING

MODEL FORM 3B (MF3B): PARTIAL PROVISIONAL REFUSAL OF PROTECTION

Rule 17(1) of the Regulations

Use this form to notify the International Bureau of a decision to refuse protection of the international registration for **only some of the goods and services** (partial refusal) in your territory, following *ex officio* examination (*ex officio* provisional refusal), opposition (provisional refusal based on opposition), or both.

Where the provisional refusal is based on an opposition, alone or together with *ex officio* refusal, the Office must provide the name and address of the opponent.

The Office must provide a clear indication of the goods and services that are affected or those that are **NOT** affected.

Where the *ex officio* provisional refusal is based on an earlier mark or where the opposition is based on an earlier mark, the information required under item VII may be given by annexing a printout from the register or database.

If the holder is required to accept a specific disclaimer to overcome the provisional refusal, the Office should indicate the disclaimer under item IX(v) "Other requirements, if any".

Once all procedures before the Office have been completed, the Office must send a statement regarding the final decision on the status of protection of the mark to the International Bureau. At that time, the Office should submit to the International Bureau a MF5 (Statement of total or partial grant of protection following a provisional refusal).
