**NOTICE CONCERNING THE POSSIBILITY TO RENEW AN INTERNATIONAL REGISTRATION
(ARTICLE 7(3) OF THE MADRID PROTOCOL)**

International Registration No: 879539
Holder's ref.:

Geneva, 4 May 2015

Dear Sir or Madam,

We are pleased to remind you that international registration No. 879539 (PATENTSCOPE) will expire on 27 December 2015.

You may renew the international registration by paying the required amounts of the renewal fees, in full, no later than the abovementioned date. You may also renew it by paying those amounts within a grace period of six-months following the said date, with a surcharge.

Before renewing the international registration, you may consider bringing it up-to-date by requesting the recording of changes or cancellations so the international registration is renewed according to the holder's current interests and reflecting the holder's current information. Please, present these requests as early as possible, bearing in mind that these changes or cancellations must be already recorded by the time you renew your international registration so they can be taken into account.

When you are ready to renew the international registration, we invite you to use our electronic renewal system for payment by credit card or with a WIPO current account (E-Renewal). E-Renewal allows users to select the designated Contracting Parties in respect of which to renew the international registration, it presents a statement with the required amounts and provides for a secure online payment platform. Please, be aware that E-Renewal is only available as from three months before the date on which the international registration will expire. E-Renewal is also available during the six-month grace period, but, in this case, it will automatically require the payment of a surcharge.

You may also renew the international registration by transferring the required amounts, in full, to a WIPO postal account or bank account. In this case, you are requested to send your renewal instructions and detailed transfer information using the official form MM11, which will expedite the processing of your payment. Please, take into account that transfer of funds may take time and that some banks may deduct charges from the transferred amount.

You can find further information on how to calculate the renewal fees and how to renew an international registration as well as links to E-Renewal, the official form MM11, the Schedule of fees and the Fee Calculator at: http://www.wipo.int/madrid/en/how_to/manage/renewal.html.

Yours faithfully,

The International Bureau of the
World Intellectual Property Organization
(WIPO)
