Madam,
Sir,

*Proposed modifications of certain International Searching Authority and International Preliminary Examining Authority Forms*

This Circular is addressed to your Office in its capacity as International Searching Authority (ISA) and International Preliminary Examining Authority (IPEA) under the Patent Cooperation Treaty (PCT) for the purposes of consultation under Rule 89.2(b). It concerns proposed modifications to certain forms relating to ISAs and IPEAs in order to take into account amendments of the Regulations under the PCT as adopted by the PCT Assembly at its thirty-first (18th extraordinary) session held from September 23 to October 1, 2002, (see document PCT/A/31/10), which will enter into force on January 1, 2004.

A number of modifications to the ISA and IPEA Forms are proposed with this Circular based on the amendments, as adopted by the PCT Assembly, which relate to the enhanced international search and preliminary examination system and the concept and operation of the designation system. Detailed explanations of the proposed modifications are set out in Annex I of this Circular. The proposed modified Forms are set out in Annex II (ISA Forms) and Annex III (IPEA Forms) of this Circular (the modifications are identified by vertical lines in the right margin of the sheets concerned).

*Comments on the proposed modifications of the Forms*

Noting that the Forms should be promulgated with effect from the date of entry into force of the amendments referred to above, that is, with effect from January 1, 2004, and that a further consultation may be required after...
consideration of any comments received in response to this Circular, you are invited to provide comments, if any, to the International Bureau by July 31, 2003, preferably by fax to (+41-22) 910 00 30 or by email to pct.legal@wipo.int.

Yours sincerely,

Francis Gurry
Assistant Director General

DETAILED EXPLANATIONS OF THE PROPOSED MODIFICATIONS TO CERTAIN ISA AND IPEA FORMS

General comment

The International Bureau proposes a number of minor editorial and layout changes with a view to, as the case may be, harmonizing and simplifying the Forms. One such example is to adjust the size of the Boxes in the Forms themselves. Such changes are not explained in detail below, however vertical lines in the right margin of the sheets concerned identify them.

Proposed modifications to the ISA Forms

(a) PCT/ISA/201 ("International-Type Search Report"). This form is not included in this Circular even though this Form should be proposed to be modified to the same extent as Form PCT/ISA/210 ("International Search Report") (see PCT Circular C.PCT 916). Since the consultation on Form PCT/ISA/210 has not yet been completed, it would seem unnecessary to consult with Offices again on the same modifications in respect of Form PCT/ISA/201. Form PCT/ISA/201 is therefore not included in this Circular. Once consultation on Form PCT/ISA/210 has been completed, Form PCT/ISA/201 will be modified accordingly.

(b) PCT/ISA/202 ("Notification of Receipt of Search Copy"). The added wording incorporates the new responsibility of the ISA under new Rule 43bis.1 to establish a written opinion together with the international search report.

(c) PCT/ISA/203 ("Declaration of Non-Establishment of International Search Report"). This Form does not need to be changed to reflect the new system of enhanced international search and preliminary examination. However, this opportunity has been taken to propose to reflect the recent modifications of Part 8 of the Administrative Instructions under the PCT (Instructions relating to international application containing large nucleotide and/or amino acid sequence listings and/or tables relating thereto), in the indication of the basis of the report where the international application includes sequence listings and/or tables relating thereto. For background information concerning Part 8 of the Administrative Instructions, please refer to circulars C.PCT 762 and 863 dated December 21, 2000, and September 2, 2002, respectively.

(d) PCT/ISA/209 ("Notification of Facts Which Should Have Precluded the According of an International Filing Date"). Previous item 5 (to the effect that the international application does not contain the designation of at least one Contracting State) is proposed to be deleted since the filing of the request will, as of January 1, 2004, constitute the designation of all States which are bound by the PCT on the international filing date.
(e) PCT/ISA/218 (“Notification Concerning Expressions, etc., Not to be Used in the International Application”). Some minor editorial changes are proposed to this form.

(f) PCT/ISA/219 (“Notification Concerning Documents Transmitted”). The proposed modification of the Form reflects the new responsibility of the ISA under new Rule 43bis.1 to establish written opinions and to transmit copies thereof to the International Bureau.

(g) PCT/ISA/220 (“Notification of Transmittal of the International Search Report or the Declaration and the Written Opinion of the International Searching Authority”). It is proposed that the wording be modified pursuant to amended Rule 44.1 to reflect that the ISA will establish both an international search report and a written opinion. In a case where no search report will be established, the ISA will nevertheless, pursuant to new Rule 43bis.1(b) which refers to Article 35(3), establish a written opinion, even though that opinion will not address the issue of novelty, inventiveness and industrial applicability of the claimed invention. The notes to that Form have been modified to inform applicants that for the purposes of international preliminary examination, the written opinion by the ISA will, except in certain cases, be considered to be the written opinion of the IPEA.

(h) PCT/ISA/225 (“Invitation to Furnish Nucleotide and/or Amino Acid Sequence Listing and/or Tables Related Thereto Complying with the Standard and/or Technical Requirements”). This Form does not need to be changed to reflect the new system. However, this opportunity has been taken to propose to reflect the recent modifications of Part 8 of the Administrative Instructions under the PCT.

(i) PCT/ISA/234 (“Notification of Transmittal of Demand to the International Bureau or to the Competent International Preliminary Examining Authority”). A warning is proposed to be added to this Form to remind applicants of the time limit under new Rule 54bis.1(a) to file a demand. If the ISA has itself established the international search report, they may indicate whether or not the time limit under Rule 54bis.1(a) has already expired at the time they have received the purported demand. If, however, they have not issued the international search report itself, they can only draw the attention of the applicant to new Rule 54bis.1(a) in general.

(j) PCT/ISA/235 (“Invitation to Indicate Competent International Preliminary Examining Authority”). See comment on Form PCT/ISA/234.

(k) PCT/ISA/236 (“Notification that Demand Considered not to Have Been Submitted”). Additional wording is proposed to be added for clarification only.
Proposed modifications to the IPEA Forms

(a) PCT/IPEA/404 (“Invitation to Correct Defects in the Demand”).

Previous item 1 (to the effect that the demand does not contain the election of at least one Contracting State bound by Chapter II of the PCT) is proposed to be deleted since, under new Rule 53.7, the filing of a demand constitutes the election of all Contracting States which have been designated and which are bound by Chapter II of the Treaty. A reference to new Rule 60.1(a-bis) and (a-ter) is proposed to be added to items 8 and 9. Since these new provisions no longer require the IPEA to invite to correct certain formal defects, it is proposed to modify the continuation boxes for items 8 and 9 accordingly. It is also proposed to add a reference to the time limit under new Rule 54bis.1(a). Certain consequential changes in light of the renumbering of the items are also proposed.

In relation to this Form, the proposal of the Working Group on Reform of the PCT to delete Rule 60.1(d) is noted (see document PCT/R/WG/4/4 Add.3 and paragraphs 6 and 11 of document PCT/R/WG/4/14). If this amendment is adopted by the Assembly, the result would be that the effect of failure to correct a defect in the demand would be the same in all cases, namely that the demand will be considered not to have been submitted. If the PCT Assembly approves the deletion of Rule 60.1(d) in September 2003, it is proposed that the last item (ii) on the first page of Form PCT/IPEA/404 will be deleted and that the defect referred to under point 8 will be included as one of the defects referred to under item (i) just above.

(b) PCT/IPEA/407 (“Notification of That Demand Considered not to Have Been Submitted”). The Form is proposed to be modified to include, as a reason for the IPEA to declare that a demand has not been submitted, that the time limit of new Rule 54bis.1(a) has already expired. As a consequence, some of the items would need to be renumbered.

(c) PCT/IPEA/416 (“Notification of Transmittal of the International Preliminary Report on Patentability (Chapter II of the Patent Cooperation Treaty)”).

This Form is proposed to be modified to reflect that according to new Rule 70.15(b), the international preliminary examination report will bear the title “international preliminary report on patentability” (IPRP). This opportunity has also been taken to propose to add a warning to this Form drawing the attention of the applicant to the fact that the IPRP is a non-binding legal opinion of the IPEA and does not preempt the decision of an elected Office as to whether a patent will be granted for the claimed invention.

(d) PCT/IPEA/425 (“Notification of Cancellation of Certain Elections”).

Since it will no longer be possible to individually elect designated States, this form is proposed to be deleted.

/...
(e) PCT/IPEA/436 (“Notification of Transmittal of Demand to the International Bureau or to the Competent International Preliminary Examining Authority”). See comments on Form PCT/ISA/234 above.

(f) PCT/IPEA/439 (“Notification That Certain Elections Considered not to Have Been Made”). For as long as Rule 60.1(d) has not been deleted (see comment under paragraph (a) above), the consequence for not having indicated the name of all applicants in the demand will continue to be that the election of the State for which no applicant has been indicated will be considered not to have been made and the IPEA will so declare.

The wording in respect of a missing signature is proposed to be deleted in light of new Rule 60.1(a-ter) which only requires the signature of at least one applicant who has the right to file a demand. If no such signature has been provided, forms PCT/IPEA/404 and PCT/IPEA/407 should be used.

If the PCT Assembly approves the deletion of Rule 60.1(d), it is proposed to delete Form PCT/IPEA/439 entirely.

(g) PCT/IPEA/441 (“Invitation to Furnish Nucleotide and/or Amino Acid Sequence Listing and/or Tables Related Thereto Complying with Standard and/or Technical Requirements”). This Form does not need to be changed to reflect the new system. However, this opportunity has been taken to propose to reflect the recent modifications of Part 8 of the Administrative Instructions under the PCT.

(h) PCT/IPEA/442 (“Invitation to Indicate Competent International Preliminary Examining Authority”). See comments on Forms PCT/ISA/234 and PCT/ISA/235 above.

(i) PCT/IPEA/444 (“Notification by Non-Competent International Preliminary Examining Authority that Demand Considered not to Have Been Submitted”). Additional wording is proposed to be added to clarify to the applicant the consequences of the notification.

   - In respect of other designated Offices, the time limit of 30 months (or later) will apply even if no demand is filed within 19 months.

   See the Annex to Form PCT/IB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant’s Guide, Volume II, National Chapters and the WIPO Internet site.

Form PCT/ISA/220 (DRAFT FOR CONSULTATION – January 2004) (See notes on accompanying sheet)
NOTES TO FORM PCT/ISA/220

These Notes are intended to give the basic instructions concerning the filing of amendments under Article 19. The Notes are based on the requirements of the Patent Cooperation Treaty, the Regulations and the Administrative Instructions under that Treaty. In case of discrepancy between these Notes and those requirements, the latter are applicable. For more detailed information, see also the PCT Applicant’s Guide, a publication of WIPO.

In these Notes, “Article,” “Rule” and “Section” refer to the provisions of the PCT, the PCT Regulations and the PCT Administrative Instructions, respectively.

INSTRUCTIONS CONCERNING AMENDMENTS UNDER ARTICLE 19

The applicant has, after having received the international search report and the written opinion of the International Searching Authority, one opportunity to amend the claims of the international application. It should however be emphasized that, since all parts of the international application (claims, description and drawings) may be amended during the international preliminary examination procedure, there is usually no need to file amendments of the claims under Article 19 except where, e.g. the applicant wants the latter to be published for the purposes of provisional protection or has another reason for amending the claims before international publication. Furthermore, it should be emphasized that provisional protection is available in some States only (see PCT Applicant’s Guide, Annexes B1 and B2).

What parts of the international application may be amended ?

Under Article 19, only the claims may be amended.

During the international phase, the claims may also be amended (or further amended) under Article 34 before the International Preliminary Examining Authority. The description and drawings may only be amended under Article 34 before the International Preliminary Examining Authority.

Upon entry into the national phase, all parts of the international application may be amended under Article 28 or, where applicable, Article 41.

When ?

Within 2 months from the date of transmittal of the international search report or 16 months from the priority date, whichever time limit expires later. It should be noted, however, that the amendments will be considered as having been received on time if they are received by the International Bureau after the expiration of the applicable time limit but before the completion of the technical preparations for international publication (Rule 46.1).

Where not to file the amendments ?

The amendments may only be filed with the International Bureau and not with the receiving Office or the International Searching Authority (Rule 46.2).

Where a demand for international preliminary examination has been filed, see below.

How ?

Either by cancelling one or more entire claims, by adding one or more new claims or by amending the text of one or more of the claims as filed.

A replacement sheet must be submitted for each sheet of the claims which, on account of an amendment or amendments, differs from the sheet originally filed.

All the claims appearing on a replacement sheet must be numbered in Arabic numerals. Where a claim is cancelled, no renumbering of the other claims is required. In all cases where claims are renumbered, they must be renumbered consecutively (Administrative Instructions, Section 205(b)).

The amendments must be made in the language in which the international application is to be published.

What documents must/may accompany the amendments ?

Letter (Section 205(b)):
The amendments must be submitted with a letter.

The letter will not be published with the international application and the amended claims. It should not be confused with the “Statement under Article 19(1)” (see below, under “Statement under Article 19(1)”).

The letter must be in English or French, at the choice of the applicant. However, if the language of the international application is English, the letter must be in English; if the language of the international application is French, the letter must be in French.
NOTES TO FORM PCT/ISA/220 (continued)

The letter must indicate the differences between the claims as filed and the claims as amended. It must, in particular, indicate, in connection with each claim appearing in the international application (it being understood that identical indications concerning several claims may be grouped), whether

(i) the claim is unchanged;
(ii) the claim is cancelled;
(iii) the claim is new;
(iv) the claim replaces one or more claims as filed;
(v) the claim is the result of the division of a claim as filed.

The following examples illustrate the manner in which amendments must be explained in the accompanying letter:

1. [Where originally there were 48 claims and after amendment of some claims there are 51]:
   “Claims 1 to 29, 31, 32, 34, 35, 37 to 48 replaced by amended claims bearing the same numbers; claims 30, 33 and 36 unchanged; new claims 49 to 51 added.”

2. [Where originally there were 15 claims and after amendment of all claims there are 11]:
   “Claims 1 to 15 replaced by amended claims 1 to 11.”

3. [Where originally there were 14 claims and the amendments consist in cancelling some claims and in adding new claims]:
   “Claims 1 to 6 and 14 unchanged; claims 7 to 13 cancelled; new claims 15, 16 and 17 added.” or
   “Claims 7 to 13 cancelled; new claims 15, 16 and 17 added; all other claims unchanged.”

4. [Where various kinds of amendments are made]:
   “Claims 1-10 unchanged; claims 11 to 13, 18 and 19 cancelled; claims 14, 15 and 16 replaced by amended claim 14; claim 17 subdivided into amended claims 15, 16 and 17; new claims 20 and 21 added.”

“Statement under Article 19(1)” (Rule 46.4)

The amendments may be accompanied by a statement explaining the amendments and indicating any impact that such amendments might have on the description and the drawings (which cannot be amended under Article 19(1)). The statement will be published with the international application and the amended claims.

It must be in the language in which the international application is to be published.

It must be brief, not exceeding 500 words if in English or if translated into English.

It should not be confused with and does not replace the letter indicating the differences between the claims as filed and as amended. It must be filed on a separate sheet and must be identified as such by a heading, preferably by using the words “Statement under Article 19(1).”

It may not contain any disparaging comments on the international search report or the relevance of citations contained in that report. Reference to citations, relevant to a given claim, contained in the international search report may be made only in connection with an amendment of that claim.

Consequence if a demand for international preliminary examination has already been filed

If, at the time of filing any amendments and any accompanying statement, under Article 19, a demand for international preliminary examination has already been submitted, the applicant must preferably, at the time of filing the amendments (and any statement) with the International Bureau, also file with the International Preliminary Examining Authority a copy of such amendments (and of any statement) and, where required, a translation of such amendments for the procedure before that Authority (see Rules 55.3(a) and 62.2, first sentence). For further information, see the Notes to the demand form (PCT/IPEA/401).

If a demand for international preliminary examination is made, the written opinion of the International Searching Authority will, except in certain cases where the Authority which established the written opinion does not also act as International Preliminary Examining Authority, be considered to be a written opinion of the International Preliminary Examining Authority. In this case, the applicant is invited to submit to the International Preliminary Examining Authority a written reply together, where appropriate, with amendments before the expiration of 3 months from the date of mailing of Form PCT/ISA/220 or before the expiration of 22 months from the priority date, whichever expires later (Rule 43bis.1(c)).

Consequence with regard to translation of the international application for entry into the national phase

The applicant’s attention is drawn to the fact that, upon entry into the national phase, a translation of the claims as amended under Article 19 may have to be furnished to the designated/elected Offices, instead of, or in addition to, the translation of the claims as filed.

For further details on the requirements of each designated/elected Office, see the PCT Applicant’s Guide, Volume II.

   - [ ] **ATTENTION:** That date of receipt is **after** the expiration of 19 months from the priority date. Consequently, in respect of some Offices, the demand does not have the effect of postponing the entry into the national phase until 30 months from the priority date (or later in some Offices) (Article 39(1)) and the acts for entry into the national phase must therefore be performed within 20 months from the priority date (or later in some Offices). **However,** in respect of some other Offices, the time limit of 30 months (or later) may nevertheless apply. 1. This International Searching Authority has received on the date indicated below a demand for international preliminary examination of the international application: ____________________________ (date of receipt)

2. The applicant is hereby invited, within the time limit indicated above, to indicate the competent International Preliminary Examining Authority to which the demand should be transmitted (Rule 59.3(c)(ii)). Failure to respond to this invitation, within the time limit indicated above, will result in this Authority declaring that the demand is considered not to have been submitted (Rule 59.3(d)).

3. The date of receipt indicated above has been marked on the demand; provided the applicant responds to this invitation within the time limit indicated above, the demand will, in accordance with Rule 59.3(e), be considered to have been received by the competent International Preliminary Examining Authority on that date of receipt.

ATTENTION: That date of receipt is after the expiration of 19 months from the priority date. Consequently, in respect of some Offices, the demand does not have the effect of postponing the entry into the national phase until 30 months from the priority date (or later in some Offices) (Article 39(1)) and the acts for entry into the national phase must therefore be performed within 20 months from the priority date (or later in some Offices). However, in respect of some other Offices, the time limit of 30 months (or later) may nevertheless apply. See the Annex to Form PCT/IB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant's Guide, Volume II, National Chapters and the WIPO Internet site.

ATTENTION: That date of receipt is after the expiration of the applicable time limit under Rule 54bis.1(a). Any demand made after the expiration of said time limit shall be considered as if it had not been submitted and the International Preliminary Examining Authority shall so declare (Rule 54bis.1(b)).

This International Searching Authority is not in a position to determine whether that date of receipt is after the expiration of the applicable time limit under Rule 54bis.1(a), that is, three months from the date of transmittal to the applicant of the international search report (or of the declaration referred to in Article 17(2)(a)) and the written opinion established under Rule 43bis.1 or 22 months from the priority date, whichever expires later.

(If applicable) The applicant has already been informed accordingly by telephone, facsimile transmission or in person, on: ___________________________________________________________________________________________
NOTIFICATION THAT DEMAND CONSIDERED NOT TO HAVE BEEN SUBMITTED

(PCT Rule 59.3(d) and (f))

1. The applicant is hereby notified that this International Searching Authority declares that the demand is considered not to have been submitted since the applicant has not furnished within the time limit referred to in the Invitation (Form PCT/ISA/235) the indication of the competent International Preliminary Examining Authority to which the demand should have been transmitted.

2. Consequently, this Authority will refund to the applicant any amount paid in respect of the demand and no international preliminary examination will be carried out.

3. ATTENTION

Since the demand is considered not to have been submitted, it does not have the effect, in respect of some Offices, of postponing the entry into the national phase until 30 months from the priority date (or later in some Offices) (Article 39(1)) and the acts for entry into the national phase must therefore be performed within 20 months from the priority date (or later in some Offices). However, in respect of some other Offices, the time limit of 30 months (or later) may nevertheless apply. See the Annex to Form PCT/IB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant’s Guide, Volume II, National Chapters and the WIPO Internet site.

4. A copy of this notification has been sent to the International Bureau.
The applicant is hereby invited within the time limit indicated above to correct the following defects which this International Preliminary Examining Authority has found in the demand for international preliminary examination:

1. It does not permit identification of the international application to which it relates (Rule 60.1(b)).
2. It does not contain the required petition (Rules 53.2(a)(i) and 53.3).
3. It does not contain the required indications concerning the agent as specified in the Annex (Rules 53.2(a)(ii) and 53.5).
4. It does not contain the required indications concerning the international application as specified in the Annex (Rules 53.2(a)(iii) and 53.6).
5. It is not submitted in the required language which is: _________________________________________ (Rule 55.1).
6. It is not made on the printed form (Rule 53.1(a)).
7. It is presented as a computer print-out the particulars of which do not comply with the Administrative Instructions (Rule 53.1(a)).
8. It does not contain the required indications concerning the applicant as specified in the Annex (Rules 53.2(a)(ii), 53.4 and 60.1(a-bis)).
9. It does not contain the required signature as specified in the Annex (Rules 53.2(b), 53.8 and 60.1(a-ter)).
10. Other observations (if necessary):

Effect of the date of receipt of the corrections on the date of receipt of the demand:

(i) If the defect noted under item 1 is corrected within the time limit indicated above, the notice will be considered to have been received on the date when the corrections are received (Rule 60.1(b)).
   If that date is later than the expiration of 19 months from the priority date, entry into the national phase in those elected Offices will NOT be postponed until the expiration of 30 months from the priority date, but only in respect of some designated Offices. In respect of other designated Offices, the time limit of 30 months (or later) may apply even if that date of receipt is later than the expiration of 19 months. See the Annex to Form PCT/IIB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant’s Guide, Volume II, National Chapters and the WIPO Internet site.
   If that date is later than the expiration of the time limit referred to in Rule 54bis.1(a), the demand shall be considered as if it had not been submitted and the IPEA shall so declare.

(ii) If the defects noted under items 2 to 9 are corrected within the time limit indicated above, the demand shall be considered as if it had been received on the actual filing date (Rule 60.1(b)).

Effect of failure to correct the defects within the time limit indicated above:

(i) In the case of defects noted under items 1 to 7 and 9, this Authority will declare that the demand is considered as if it had not been submitted.
(ii) In the case of defects noted under item 8, this Authority will declare that the election(s) of the State(s) concerned is (are) considered as if it (they) had not been made.

NOTIFICATION THAT DEMAND CONSIDERED NOT TO HAVE BEEN SUBMITTED

(PCT Rules 54.4, 54bis.1, 55.2(d) and 61.1(b), second sentence)

1. The applicant is hereby notified that the demand is declared by this International Preliminary Examining Authority not to have been submitted for the following reason:

   - in full
   - partially, in the amount of _________________________

3. ATTENTION
   Since the demand is considered not to have been submitted, it does not have the effect, in respect of some Offices, of postponing the entry into the national phase until 30 months from the priority date (or later in some Offices) (Article 39(1)) and the acts for entry into the national phase must therefore be performed within 20 months from the priority date (or later in some Offices).
   However, in respect of some other Offices, the time limit of 30 months (or later) may nevertheless apply. See the Annex to Form PCT/IB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant’s Guide, Volume II, National Chapters and the WIPO Internet site.

NOTIFICATION OF TRANSMITTAL OF INTERNATIONAL PRELIMINARY REPORT ON PATENTABILITY
(Chapter II of the Patent Cooperation Treaty)

(PCT Rule 71.1)

1. The applicant is hereby notified that this International Preliminary Examining Authority transmits herewith the international preliminary report on patentability and its annexes, if any, established on the international application.

2. A copy of the report and its annexes, if any, is being transmitted to the International Bureau for communication to all the elected Offices.

3. Where required by any of the elected Offices, the International Bureau will prepare an English translation of the report (but not of any annexes) and will transmit such translation to those Offices.

4. REMINDER

The applicant must enter the national phase before each elected Office by performing certain acts (filing translations and paying national fees) within 30 months from the priority date (or later in some Offices) (Article 39(1)) (see also the reminder sent by the International Bureau with Form PCT/IB/301).

Where a translation of the international application must be furnished to an elected Office, that translation must contain a translation of any annexes to the international preliminary examination report. It is the applicant’s responsibility to prepare and furnish such translation directly to each elected Office concerned.

For further details on the applicable time limits and requirements of the elected Offices, see Volume II of the PCT Applicant’s Guide.

The applicant’s attention is drawn to Article 33(5), which provides that the criteria of novelty, inventive step and industrial applicability described in Article 33(2) to (4) merely serve the purposes of international preliminary examination and that “any Contracting State may apply additional or different criteria for the purposes of deciding whether, in that State, the claimed invention is patentable or not” (see also Article 27(5)). Such additional criteria may relate, for example, to exemptions from patentability, requirements for enabling disclosure, clarity and support for the claims.

1. The applicant is hereby notified that this International Preliminary Examining Authority declares that the demand is considered not to have been submitted since the applicant has not furnished within the time limit referred to in the invitation (Form PCT/IPEA/442) the indication of the competent International Preliminary Examining Authority to which the demand should have been transmitted.

2. Consequently, this Authority will refund to the applicant any amount paid in respect of the demand and no international preliminary examination will be carried out.

3. **ATTENTION**
   Since the demand is considered not to have been submitted, it does not have the effect, in respect of some Offices, of postponing the entry into the national phase until 30 months from the priority date (or later in some Offices) (Article 39(1)) and the acts for entry into the national phase must therefore be performed within 20 months from the priority date (or later in some Offices). **However**, in respect of some other Offices, the time limit of 30 months (or later) may nevertheless apply. See the Annex to Form PCT/IB/301 and, for details about the applicable time limits, Office by Office, see the PCT Applicant’s Guide, Volume II, National Chapters and the WIPO Internet site.

4. A copy of this notification has been sent to the International Bureau.
