Madam,
Sir,

Modified Request Form (PCT/RO/101)

As a result of the amendments of the Regulations under the PCT which will enter into force on January 1, 2004, the Request Form and the Notes to the Request Form have been modified with effect from January 1, 2004.

The draft modified version of the Request Form and of the Notes thereto were submitted to receiving Offices, International Searching Authorities, International Preliminary Examining Authorities and/or designated and/or elected Offices and to certain non-governmental organizations for the purposes of consultation as Annex II to Circular C.PCT 917, dated May 2, 2003.

Furthermore, the Fee Calculation Sheet and the Notes thereto have been modified so as to take into account the amendments of the Regulations under the PCT which were adopted by the PCT Assembly at its thirty-first (18th extraordinary) session held from September 23 to October 1, 2002 (see report of the session, document PCT/A/31/10), which will enter into force on January 1, 2004, as well as the amendment of the Schedule of Fees annexed to the PCT Regulations as adopted by the PCT Assembly at its thirty-second (14th ordinary) session held from September 22 to October 1, 2003 (see report of the session, document PCT/A/32/8), which will enter into force on January 1, 2004.

In addition to the modifications proposed in Circular C.PCT 917 and in response to certain comments received during the consultation, the following parts of the Request Form and the Notes thereto have been modified (noting that modifications of a mere editorial nature or of layout only are not specifically identified below):

(i) Supplemental Box, items 2 and 3;

(ii) Box No. V (Designations);

/...
(iii) Box No. IX (Check List), items relating to sequence listing;

(iv) Notes to Boxes Nos. II and III;

(v) Notes to Box No. IV;

(vi) Notes to Box No. V;

(vii) Notes to Box No. X; and

(viii) Notes to Supplemental Box.

The Fee Calculation Sheet and the Notes thereto have been modified by introducing “international filing fee” instead of “basic fee” and “designation fee”, by deleting the reference to the payment of the designation fees and by introducing in the Notes the different amounts and categories of reduction of the international filing fee where the international application is filed in electronic form. Also the Notes relating to the reduction of the international filing fee for qualifying applicants from certain States have been modified to take into account the reduction available to applicants from least developed countries in addition to the case presently covered.

Modified Demand Form (PCT/IPEA/401)

The Demand Form and the Notes to the demand form have also been modified with effect from January 1, 2004, having been submitted to receiving Offices, International Searching Authorities, International Preliminary Examining Authorities and/or designated and/or elected Offices and to certain non-governmental organizations for the purposes of consultation as Annex III to Circular C.PCT 917, dated May 2, 2003.

In addition to the modifications proposed in Circular C.PCT 917 and in response to certain comments received during the consultation, the following parts of the Demand Form and the Notes thereto have been modified (noting that modifications of a mere editorial nature or of layout only are not specifically identified below):

(i) Box No. VI (Check List), items relating to sequence listing;

(ii) Notes under Important general information;

(iii) Notes to Box No. II;
(iv) Notes to Box No. IV; and

(v) Notes to Box No. VII.

Finally, the Notes to the Fee Calculation Sheet have been modified so as to take into account the amendment of the Schedule of Fees annexed to the PCT Regulations, which will enter into force on January 1, 2004. Namely, the Notes relating to the reduction of the handling filing fee for qualifying applicants from certain States have been modified to take into account the reduction available to applicants from least developed countries in addition to the case presently covered.

Modified Forms Enclosed

Modified Part V of the PCT Forms (Annex A to the Administrative Instructions Under the PCT), containing the modified Request and Demand Forms, applicable as from January 1, 2004, is submitted herewith, noting that all sheets of the Forms bear “January 2004” as date of issuance or of reprinting of the sheet. These Forms are also available in PDF format from the WIPO website, via the link “Request and Demand Forms in force from January 2004” at: http://www.wipo.int/pct/en/forms/index.htm.

As from January 1, 2004, only the updated versions of the Request and Demand Forms should be distributed to applicants.

Yours sincerely,

Francis Gurry

NOTES TO THE REQUEST FORM (PCT/RO/101)

These Notes are intended to facilitate the filling in of the request form. For more detailed information, see the PCT Applicant’s Guide, a WIPO publication, which is available, together with other PCT related documents, at WIPO’s Website: www.wipo.int/pct/en/index.html. The Notes are based on the requirements of the Patent Cooperation Treaty (PCT), the Regulations and the Administrative Instructions under the PCT. In case of any discrepancy between these Notes and those requirements, the latter are applicable.

In the request form and these Notes, “Article”, “Rule” and “Section” refer to the provisions of the PCT, the PCT Regulations and the PCT Administrative Instructions, respectively.

Please use a typewriter; check-boxes may be marked by hand with black ink (Rule 11.9(a) and (b)).

The request form and these Notes may be downloaded from WIPO’s Website at the address given above.

WHERE TO FILE
THE INTERNATIONAL APPLICATION

The international application (request, description, claims, abstract and drawings, if any) must be filed with a competent receiving Office (Article 11(1)(i))—that is, subject to any applicable prescriptions concerning national security, at the choice of the applicant, either:

(i) the receiving Office of, or acting for, a PCT Contracting State of which the applicant or, if there are two or more applicants, at least one of them, is a resident or national (Rule 19.1(a)(i) or (ii) or (b)), or

(ii) the International Bureau of WIPO in Geneva, Switzerland, if the applicant or, if there are two or more applicants, at least one of the applicants is a resident or national of any PCT Contracting State (Rule 19.1(a)(iii)).

APPLICANT’S OR AGENT’S FILE REFERENCE

A file reference may be indicated, if desired. It should not exceed 12 characters. Characters in excess of 12 may be disregarded by the receiving Office or any International Authority (Rule 11.6(f) and Section 109).

BOX No. I

Title of Invention (Rules 4.3 and 5.1(a)): The title must be short (preferably two to seven words when in English or translated into English) and precise. It must be identical with the title heading the description.

BOXES Nos. II AND III

General: At least one of the applicants named must be a resident or national of a PCT Contracting State for which the receiving Office acts (Articles 9 and 11(1)(i) and Rules 18 and 19). If the international application is filed with the International Bureau under Rule 19.1(a)(iii), at least one of the applicants must be a resident or national of any PCT Contracting State.

Indication Whether a Person is Applicant and/or Inventor (Rules 4.5(a) and 4.6(a) and (b)):

All of the inventors must be named also as applicants for the purposes of the designation of the United States of America (see “Different Applicants for Different Designated States”, below).

Check-box “This person is also inventor” (Box No. II): Mark this check-box if the applicant named is also the inventor or one of the inventors; do not mark this check-box if the applicant is a legal entity.

Check-box “applicant and inventor” (Box No. III): Mark this check-box if the person named is both applicant and inventor; do not mark this check-box if the person is a legal entity.

Check-box “applicant only” (Box No. III): Mark this check-box if the person named is a legal entity or if the person named is not also inventor.

Check-box “inventor only” (Box No. III): Mark this check-box if the person named is inventor but not also applicant. This would be the case in particular where the inventor is deceased or the particular inventor is not an inventor for the purposes of the designation of the United States of America. Do not mark this check-box if the person is a legal entity.

In Box No. III, one of the three check-boxes must always be marked for each person named.

A person must not be named more than once in Boxes Nos. II and III, even where that person is both applicant and inventor.

Different Applicants for Different Designated States (Rules 4.5(d), 18.3 and 19.2): It is possible to indicate different applicants for the purposes of different designated States. At least one of all the applicants named must be a national or resident of a PCT Contracting State for which the receiving Office acts, irrespective of the designated State(s) for the purposes of which that applicant is named. All of the inventors must be named also as applicants for the United States of America (except as indicated above) and the check-boxes “This person is also inventor” (in Box No. II) and/or “applicant and inventor” (in Box No. III) must be marked.

For the indication of the designated States for which a person is applicant, mark the applicable check-box (only one for each person). The check-box “the States indicated in the Supplemental Box” must be marked where none of the other three check-boxes fits the circumstances; in such a case, the name of the person must be repeated in the Supplemental Box with an indication of the States for which that person is applicant (see item I(ii) in that Box).

Naming of Inventor (Rule 4.1(a)(v) and (c)(i)): The inventor’s name and address must be indicated since the national law of the United States of America requires that the name of the inventor be furnished at the time of filing. It is strongly recommended to always name the inventor. For details, see the PCT Applicant’s Guide, Volume I/A, Annexes B1 and B2.

Different Inventors for Different Designated States (Rule 4.6(c)): Different persons may be indicated as inventors for different designated States (for example, where, in this respect, the requirements of the national laws of the designated States are not the same); in such a case, the Supplemental Box must be used (see item I(iii) in that Box). In the absence of any indication, it will be assumed that the inventor(s) named is (are) inventor(s) for all designated States.

Names and Addresses (Rule 4.4): The family name (preferably in capital letters) must be indicated before the given name(s). Titles and academic degrees must be omitted. Names of legal entities must be indicated by their full official designations.
The address must be indicated in such a way that it allows prompt postal delivery; it must consist of all the relevant administrative units (up to and including the indication of the house number, if any), the postal code (if any), and the name of the country.

Only one address may be indicated per person. For the indication of a special “address for correspondence”, see the notes to Box No. IV.

Telephone, Facsimile and/or Teleprinter Numbers should be indicated for the person named in Box No. II in order to allow rapid communication with the applicant. Any such number should include the applicable country and area codes.

Applicant’s Registration Number with the Office (Rule 4.5(e)): Where the applicant is registered with the national or regional Office acting as receiving Office, the request may indicate the number or other indication under which the applicant is so registered.

Nationality (Rules 4.5(a) and (b) and 18.1): For each applicant, the nationality must be indicated by the name or two-letter code of the State (that is, country) of which the person is a national. A legal entity constituted according to the national law of a State is considered a national of that State. The indication of the nationality is not required where a person is inventor only.

Residence (Rules 4.5(a) and (c) and 18.1): For each applicant, the residence must be indicated by the name or two-letter code of the State (that is, country) of which the person is a resident. If the State of residence is not indicated, it will be assumed to be the same as the State indicated in the address. Possession of a real and effective industrial or commercial establishment in a State is considered residence in that State. The indication of the residence is not required where a person is inventor only.

Names of States (Section 115): For the indication of names of States, the two-letter codes appearing in WIPO Standard ST.3 and in the PCT Applicant’s Guide, Volume I/B, Annex K, may be used.

BOX No. IV

Who Can Act as Agent (Article 49 and Rule 83.1bis): For each of the receiving Offices, information as to who can act as agent is given in the PCT Applicant’s Guide, Volume I/B, Annex C.

Agent or Common Representative (Rules 4.7, 4.8, 90.1 and 90.2 and Section 108): Mark the applicable check-box in order to indicate whether the person named is (or has been) appointed as “agent” or “common representative” (the “common representative” must be one of the applicants). For the manner in which name(s) and address(es) (including names of States) must be indicated, see the notes to Boxes Nos. II and III. Where several agents are listed, the agent to whom correspondence should be addressed is to be listed first. If there are two or more applicants but no common agent is appointed to represent all of them, one of the applicants who is a national or resident of a PCT Contracting State may be appointed by the other applicants as their common representative. If this is not done, the applicant first named in the request who is entitled to file an international application with the receiving Office concerned will be considered to be the common representative.

Manner of Appointment of Agent or Common Representative (Rules 90.4 and 90.5 and Section 106): The appointment of an agent or a common representative may be effected by designating the agent or common representative in Box No. IV and by the applicant signing the request or a separate power of attorney. Where there are two or more applicants, the appointment of a common agent or common representative must be effected by each applicant signing, at his choice, the request or a separate power of attorney. If the separate power of attorney is not signed, or if the required separate power of attorney is missing, or if the indication of the name or address of the appointed person does not comply with Rule 4.4, the power of attorney will be considered non-existent unless the defect is corrected. However, the receiving Office may waive the requirement that a separate power of attorney be submitted to it (for details about each receiving Office, see the PCT Applicant’s Guide, Volume I/B, Annex C).

Where a general power of attorney has been filed and is referred to in the request, a copy thereof must be attached to the request. Any applicant who did not sign the general power of attorney must sign either the request or a separate power of attorney, unless the receiving Office has waived the requirement that a separate power of attorney be submitted to it (for details, see the PCT Applicant’s Guide, Volume I/B, Annex C).

Agent’s Registration Number with the Office (Rule 4.7(b)): Where the agent is registered with the national or regional Office that is acting as receiving Office, the request may indicate the number or other indication under which the agent is so registered.

Address for Correspondence (Rule 4.4(d) and Section 108): Where an agent is appointed, any correspondence intended for the applicant will be sent to the address indicated for that agent (or for the first-mentioned agent, if more than one is appointed). Where one of two or more applicants is appointed as common representative, the address indicated for that applicant in Box No. IV will be used.

Where no agent or common representative is appointed, any correspondence will be sent to the address, indicated in Box No. II or III, of the applicant (if only one person is named as applicant) or of the applicant who is considered to be common representative (if there are two or more persons named as applicants). However, if the applicant wishes correspondence to be sent to a different address in such a case, that address must be indicated in Box No. IV instead of the designation of an agent or common representative. In this case, and only in this case, the last check-box of Box No. IV must be marked (that is, the last check-box must not be marked if either of the check-boxes “agent” or “common representative” has been marked).

BOX No. V

Designations (Regional and national patents) (Rule 4.9): Upon filing of the request, the applicant will obtain an automatic and all-inclusive coverage of all designations available under the PCT on the international filing date, in respect of every kind of protection available and, where applicable, in respect of both regional and national patents. If the applicant wishes the international application to be treated, in a certain designated or elected State, as an application not for a patent but for another kind of protection available under the national law of the designated or elected State concerned, the applicant will have to indicate his choice directly to the designated or elected Office when performing the acts, referred to in Articles 22 or 39(1), for entry into the national phase. For details about various kinds of protection available in designated or elected States, see the PCT Applicant’s Guide, Volume I/A, Annexes B1 and B2.

However, for the reasons explained below, it is possible to indicate, by marking the applicable check-box(es), that DE Germany, KR Republic of Korea and/or RU Russian Federation are not designated for any kind of national protection. Each of those States has notified the International Bureau that Rule 4.9(b) applies to it since its national law provides that the filing of an international application which contains the designation of that State and claims the priority of an earlier national application (for DE: for the same kind of protection) having effect in that State shall have the result that the earlier national application ceases, where applicable, after the expiration of certain time limits, to have effect with the same consequences as the withdrawal of the earlier national application. The designation of DE Germany for the purposes of a EP European patent and of
RU Russian Federation for the purposes of a EA Eurasian patent are not affected by what is said above. For details see the PCT Applicant’s Guide, Volume I/A, in the relevant Annex B1.

Even though no other State has notified the International Bureau that Rule 4.9(b) applies to it, note that the consequences described above with respect to the earlier national application whose priority is claimed may also apply to other States, for example, JP Japan. For details, see the PCT Applicant’s Guide, Volume I/A, in the relevant Annex B1. Therefore, the applicant may wish to consider submitting, separately from the request, a separate notice of withdrawal of the designation concerned.

**Important: Should a notice of withdrawal be filed, that notice will have to be signed by the applicant or, if there are two or more applicants, by all of them (Rule 90bis.5(a)), or by an agent or a common representative whose appointment has been effected by each applicant signing, at his choice, the request, the demand or a separate power of attorney (Rule 90.4(a)).**

**BOX No. VI**

Priority Claim(s) (Rule 4.10): If the priority of an earlier application is claimed, the declaration containing the priority claim must be made in the request.

The request must indicate the date on which the earlier application from which priority is claimed was filed and the number it was assigned. Note that that date must fall within the period of 12 months preceding the international filing date.

Where the earlier application is a national application, the country party to the Paris Convention for the Protection of Industrial Property, or the Member of the World Trade Organization that is not a party to that Convention, in which that earlier application was filed must be indicated. Where the earlier application is a regional application, the regional Office concerned must be indicated. Where the earlier application is an international application, the receiving Office with which that earlier application was filed must be indicated.

Where the earlier application is a regional application (other than an ARISO application), or an international application, the priority claim may also, if the applicant so wishes, indicate one or more countries party to the Paris Convention for which that earlier application was filed (Rule 4.10(b)(i)); such an indication is not, however, mandatory. Where the earlier application is an ARISO application, at least one country party to the Paris Convention or one Member of the World Trade Organization for which that earlier application was filed must be indicated (Rule 4.10(b)(ii)).

As to the possibility of correcting or adding a priority claim, see Rule 26bis and the PCT Applicant’s Guide, Volume I/A, General Part.

Certified Copy of Earlier Application (Rule 17.1): A certified copy of each earlier application the priority of which is claimed (priority document) must be submitted by the applicant, irrespective of whether that earlier application is a national, regional or international application. The priority document must be submitted to the receiving Office or to the International Bureau before the expiration of 16 months from the (earliest) priority date or, where an early start of the national phase is requested, not later than at the time such request is made. Any priority document received by the International Bureau after the expiration of the 16-month time limit but before the date of international publication shall be considered to have been received on the last day of that time limit (Rule 17.1(a)).

Where the priority document is issued by the receiving Office, the applicant may, instead of submitting the priority document, request the receiving Office (not later than 16 months after the priority date) to prepare and transmit the priority document to the International Bureau (Rule 4.1(c)(ii)). Such request may be made by marking the applicable check-boxes which identify the respective documents. **Attention: where such a request is made, the applicant must, where applicable, pay to the receiving Office the fee for priority document, otherwise, the request will be considered not to have been made (see Rule 17.1(b)).**

**Dates (Section 110): Dates must be indicated by the Arabic number of the day, the name of the month and the Arabic number of the year—in that order; after, below or above such indication, the date should be repeated in parentheses, using two-digit Arabic numerals each for the number of the day and for the number of the month followed by the number of the year in four digits, in that order and separated by periods, slants or hyphens, for example, “20 March 2004 (20.03.2004)” “20 March 2004 (20/03/2004)” or “20 March 2004 (20-03-2004)”.**

**BOX No. VII**

Choice of International Searching Authority (ISA) (Rules 4.1(b)(iv) and 4.1bis): If two or more International Searching Authorities are competent for carrying out the international search in relation to the international application—depending on the language in which that application is filed and the receiving Office with which it is filed—the name of the competent Authority chosen by the applicant must be indicated in the space provided, either by its full name or two-letter code.

**Request to Use Results of Earlier Search: Reference to that Search (Rules 4.11(a)(i) and (ii) and 41.1): The earlier search, if any, must be identified in such a manner that the ISA can retrieve the results easily. Where those results can be used, the ISA may refund the international search fee or a portion thereof.**

**BOX No. VIII**

Declarations Containing Standardized Wording (Rules 4.1(c)(iii) and 4.17): At the option of the applicant, the request may, for the purposes of the national law applicable in one or more designated States, contain one or more of the following declarations:

(i) declaration as to the identity of the inventor;

(ii) declaration as to the applicant’s entitlement, as at the international filing date, to apply for and be granted a patent;

(iii) declaration as to the applicant’s entitlement, as at the international filing date, to claim the priority of the earlier application;

(iv) declaration of inventors’hip (only for the purposes of the designation of the United States of America);

(v) declaration as to non-prejudicial disclosures or exceptions to lack of novelty;

which must conform to the standardized wording provided for in Sections 211 to 215, respectively, and which must be set forth in Boxes Nos. VIII (i) to (v), as detailed below. Where any such declarations are included, the appropriate check-boxes in Box No. VIII should be marked and the number of each type of declaration should be indicated in the right-hand column. As to the possibility of correcting or adding a declaration, see Rule 26ter, Section 216 and the PCT Applicant’s Guide, Volume I/A, General Part.

If the circumstances of a particular case are such that the standardized wordings are not applicable, the applicant should not attempt to make use of the declarations provided for in Rule 4.17 but rather will have to comply with the national requirements concerned upon entry into the national phase.

The fact that a declaration is made under Rule 4.17 does not of itself establish the matters declared; the effect of those matters in the designated States concerned will be determined by the designated Offices in accordance with the applicable national law.
Even if the wording of a declaration does not conform to the standardized wording provided for in the Administrative Instructions pursuant to Rule 4.17, any designated Office may accept that declaration for the purposes of the applicable national law, but is not required to do so.

Details as to National Law Requirements: For information on the declarations required by each designated Office, see the PCT Applicant’s Guide, Volume II, in the relevant National Chapter.

Effect in Designated Offices (Rule 51bis.2): Where the applicant submits any of the declarations provided for in Rule 4.17(i) to (iv) containing the required standardized wording (either with the international application, or to the International Bureau within the relevant time limit under Rule 26ter, or directly to the designated Office during the national phase), the designated Office may not, in the national phase, require further documents or evidence on the matter to which the declaration relates, unless that designated Office may reasonably doubt the veracity of the declaration concerned.

Incompatibility of Certain Items of Rule 51bis.2(a) with National Laws (Rule 51bis.2(c)): Certain designated Offices listed below have informed the International Bureau that the applicable national law is not compatible in respect of certain declarations provided in Rule 4.17(i), (ii) and (iii). Those designated Offices are therefore entitled to require further documents or evidence on the matters to which those declarations relate. For regularly updated information on such Offices, see the WIPO Website: http://www.wipo.int/pct/en/texts/reservations/res_incomp.pdf.

BOXES Nos. VIII (i) to (v) (IN GENERAL)

Different Declaration Boxes: There are six different declaration boxes in the pre-printed request form—one box for each of the five different types of declarations provided for in Rule 4.17 (Box No. VIII (i) to Box No. VIII (v)) and a continuation sheet (Continuation of Box No. VIII (i) to (v)) to be used in case any single declaration does not fit in the corresponding box. The title of each type of declaration which is found in the standardized wording provided for in the Administrative Instructions is pre-printed on the appropriate sheet of the request.

Separate Sheet for Each Declaration: Each declaration must start on a separate sheet of the request form in the appropriate Declaration Box.

Titles, Items, Item Numbers, Dotted Lines, Words in Parentheses and Words in Brackets: The prescribed standardized wording of the declarations includes titles, various items, item numbers, dotted lines, words in parentheses and words in brackets. Except for Box No. VIII (iv) which contains the pre-printed standardized wording, only those items which are applicable should be included in a declaration where necessary to support the statements in that declaration (that is, omit those items which do not apply) and item numbers need not be included. Dotted lines indicate where information is required to be inserted. Words in parentheses are instructions to applicants as to the information which may be included in the declaration depending upon the factual circumstances. Words in brackets are optional and should appear in the declaration without the brackets if they apply; if they do not apply, they should be omitted together with the corresponding brackets.

Naming of Several Persons: More than one person may be named in a single declaration. In the alternative, with one exception, a separate declaration may be made for each person. With respect to the declaration of inventorship set forth in Box No. VIII (iv), which is applicable only for the purposes of the designation of the United States of America, all inventors must be indicated in a single declaration (see Notes to Box No. VIII (iv), below). The wording of declarations to be set forth in Boxes Nos. VIII (i), (ii), (iii) and (v) may be adapted from the singular to the plural as necessary.

Designated States to Which the Declarations Apply: Each declaration must indicate the designated States to which it applies. In this regard, the standardized wording of the declaration of inventorship (Box No. VIII (iv); see also Rule 4.17(iv) and Section 214) indicates in the title that it is for the purposes of the designation of the United States of America. The other declarations include prescribed wording to indicate whether the declaration is made for all designations or specific designations; one of these choices should always be included in the declaration. Where the declaration is for more than one person, the declaration may include separate statements indicating whether the declaration is made for all designations or specific designations with respect to each separate applicant. For example, this may be expected to occur where the request indicates different applicants for different States in accordance with Rule 4.5(d). However, in such a case, it is advisable to include a separate declaration for each person.

BOX No. VIII (i)

Declaration as to the Identity of the Inventor (Rule 4.17(i) and Section 211): The declaration must be worded as follows:

“Declaration as to the identity of the inventor (Rules 4.17(i) and 51bis.1(a)(i)):

(i) ... (name) of ... (address) is the inventor of the subject matter for which protection is sought by way of [the] [this] international application

(ii) this declaration is made for the purposes of (include as applicable):

(a) all designations [except the designation of the United States of America]

(b) the following designations for national and/or regional patents: …”

Such a declaration is not necessary in respect of any inventor who is indicated as such (either as inventor only or applicant and inventor) in Box No. II or No. III in accordance with Rule 4.5 or 4.6. However, where the inventor is indicated as applicant in Box No. II or No. III in accordance with Rule 4.5, a declaration as to the applicant’s entitlement to apply for and be granted a patent (Rule 4.17(ii)) may be appropriate for the purposes of all designated States except the United States of America. Where indications regarding the inventor in accordance with Rule 4.5 or 4.6 are not included in Box No. II or No. III, this declaration may be combined with the prescribed wording of the declaration as to the applicant’s entitlement to apply for and be granted a patent (Rule 4.17(ii)). For details on such a combined declaration, see Notes to Box No. VIII (ii), below. For details as to the declaration of inventorship for the purposes of the designation of the United States of America, see Notes to Box No. VIII (iv), below.

BOX No. VIII (ii)

Declaration as to the Applicant’s Entitlement to Apply for and Be Granted a Patent (Rule 4.17(ii) and Section 212): The declaration must be worded as follows, with such inclusion, omission, repetition and re-ordering of the matters listed as items (i) to (viii) as is necessary to explain the applicant’s entitlement:

“Declaration as to the applicant’s entitlement, as at the international filing date, to apply for and be granted a patent (Rules 4.17(ii) and 51bis.1(a)(ii)), in a case where the declaration under Rule 4.17(iv) is not appropriate:
in relation to [this] international application [No. PCT/…].

... (name) is entitled to apply for and be granted a patent by virtue of the following:

(i) ... (name) of ... (address) is the inventor of the subject matter for which protection is sought by way of [the] [this] international application

(ii) ... (name) is [was] entitled as employer of the inventor, ... (inventor’s name)

(iii) an agreement between ... (name) and ... (name), dated ...

(iv) an assignment from ... (name) to ... (name), dated ...

(v) consent from ... (name) in favor of ... (name), dated ...

(vi) a court order issued by ... (name of court), effecting a transfer from ... (name) to ... (name), dated ...

(vii) transfer of entitlement from ... (name) to ... (name) by way of ... (specify kind of transfer), dated ...

(viii) the applicant’s name changed from ... (name) to ... (name) on ... (date)

(ix) this declaration is made for the purposes of (include as applicable):

(a) all designations [except the designation of the United States of America]

(b) the following designations for national and/or regional patents: ...

Either (a) or (b) of item (ix) should always be included in the declaration. The remainder of the items may be incorporated as is necessary to explain the applicant’s entitlement. This declaration is only applicable to those events which have occurred prior to the international filing date. The possible kinds of transfer of entitlement in item (vii) include merger, acquisition, inheritance, donation, etc. Where there has been a succession of transfers from the inventor, the order in which transfers are listed should follow the actual succession of transfers, and items may be included more than once, as necessary to explain the applicant’s entitlement. Where the inventor is not indicated in Box No. II or No. III, this declaration may be presented as a combined declaration explaining the applicant’s entitlement to apply for and be granted a patent and identifying the inventor. In such a case, the introductory phrase of the declaration must be as follows:

“Combined declaration as to the applicant’s entitlement, as at the international filing date, to apply for and be granted a patent (Rules 4.17(ii) and 51bis.1(a)(ii)) and as to the identity of the inventor (Rules 4.17(i) and 51bis.1(a)(i)), in a case where the declaration under Rule 4.17(iv) is not appropriate.”

The remainder of the combined declaration must be worded as indicated in the preceding paragraphs.

For details as to the declaration as to the identity of the inventor, see the Notes to Box No. VIII (i), above.

**BOX No. VIII (iii)**

**Declaration as to the Applicant’s Entitlement to Claim Priority of the Earlier Application (Rule 4.17(iii) and Section 213):** The declaration must be worded as follows, with such inclusion, omission, repetition and re-ordering of the matters listed as items (i) to (viii) as is necessary to explain the applicant’s entitlement:

“Declaration as to the applicant’s entitlement, as at the international filing date, to claim the priority of the earlier application specified below, where the applicant is not the applicant who filed the earlier application or where the applicant’s name has changed since the filing of the earlier application (Rules 4.17(iii) and 51bis.1(a)(iii)):

... (name) is entitled to claim priority of earlier application No. ... by virtue of the following:

(i) the applicant is the inventor of the subject matter for which protection was sought by way of the earlier application

(ii) ... (name) is [was] entitled as employer of the inventor, ... (inventor’s name)

(iii) an agreement between ... (name) and ... (name), dated ...

(iv) an assignment from ... (name) to ... (name), dated ...

(v) consent from ... (name) in favor of ... (name), dated ...

(vi) a court order issued by ... (name of court), effecting a transfer from ... (name) to ... (name), dated ...

(vii) transfer of entitlement from ... (name) to ... (name) by way of ... (specify kind of transfer), dated ...

(viii) the applicant’s name changed from ... (name) to ... (name) on ... (date)

(ix) this declaration is made for the purposes of (include as applicable):

(a) all designations

(b) the following designations for national and/or regional patents: ...

Either (a) or (b) of item (ix) should always be included in the declaration. The remainder of the items may be incorporated as is necessary to explain the applicant’s entitlement. This declaration is only applicable to those events which have occurred prior to the international filing date. In addition, this declaration is only applicable where the person or name of the applicant is different from that of the applicant who filed the earlier application from which priority is claimed. For example, this declaration may be applicable where only one applicant out of five is different from the applicants indicated in respect of an earlier application. The possible kinds of transfer of entitlement in item (vii) include merger, acquisition, inheritance, donation, etc. Where there has been a succession of transfers from the applicant in respect of the earlier application, the order in which transfers are listed should follow the actual succession of transfers, and items may be included more than once, as necessary to explain the applicant’s entitlement.

**BOX No. VIII (iv)**

**Declaration of Inventorship (Rule 4.17(iv) and Section 214):** The standardized wording for the declaration is pre-printed in Box No. VIII (iv).

All inventors must be named in the declaration, even if they do not all sign the same (copy of) the declaration (Section 214(b)). Bibliographic data, such as address of residence and citizenship, must be included for each inventor. Where the declaration is included in the request, the inventor(s) need not sign and date the declaration if they have signed in Box No. X of the request. If there are more than two inventors, those other inventors must be indicated on the “continuation sheet for declaration.” In such a case, write “Continuation of Box No. VIII (iv),” and indicate only the bibliographical data in respect of each inventor. The text of the declaration itself should not be repeated on that continuation sheet. The inventor(s) identified on the continuation sheet must sign and date such sheet, unless the declaration, including the continuation sheet, is included with the request and the inventor(s) has (have) signed in Box No. X of the request.
BOX No. VIII (v)

Declaration as to Non-prejudicial Disclosures or Exceptions to Lack of Novelty (Rule 4.17(v) and Section 215): The declaration must be worded as follows, with such inclusion, omission, repetition and re-ordering of the matters listed as items (i) to (iv) as is necessary:

“Declaration as to non-prejudicial disclosures or exceptions to lack of novelty (Rules 4.17(v) and Section 215):

in relation to [this] international application [No. PCT/…], … (name) declares that the subject matter claimed in [the] [this] international application was disclosed as follows:

(i) kind of disclosure (include as applicable):
   (a) international exhibition
   (b) publication
   (c) abuse
   (d) other: … (specify)

(ii) date of disclosure: …

(iii) title of disclosure (if applicable): …

(iv) place of disclosure (if applicable): …

(v) this declaration is made for the purposes of (include as applicable):
   (a) all designations
   (b) the following designations for national and/or regional patents: …”

Either (a), (b), (c) or (d) of item (i) should always be included in the declaration. Item (ii) should also always be included in the declaration. Either (a) or (b) of item (v) should always be included in the declaration. Items (iii) and (iv) may be incorporated depending upon the circumstances.

BOX No. IX

Items Constituting the International Application: The number of sheets of the various parts of the international application must be given in the check list in Arabic numerals. Sheets containing any of Boxes Nos. VIII (i) to (v) must be counted as part of the request.

Where the application contains disclosure of one or more nucleotide and/or amino acid sequences, the applicant has the following three options.

First, the applicant may choose to file the sequence listing and/or tables related thereto in paper form only ("option (a)") in which case the number of sheets of the listing and/or tables, respectively, must be indicated under item (a) in the left column of Box No. IX (and therefore included in the total number of sheets), noting that a copy of the sequence listing and/or a copy of the tables, in computer readable form, may accompany the international application but only for the purposes of international search under Rule 13ter and/or Section 802(b- bis). The number of the administrative instructions containing the said indications concerning deposited microorganisms and/or other biological material is required by the ISA under Rule 13ter.

Second, the applicant may choose to file the sequence listing and/or tables related thereto in computer readable form only, under Section 801(a)(ii) ("option (b)"). In which case check-boxes (i) and/or (ii) must be marked for the purposes of international search only. The type and number of carriers must also be indicated on the dotted line at the bottom of the left column; in addition, check-boxes Nos. 9, 9(ii) and/or 10(ii) and, where applicable, 9(iii) and/or 10(iii) must be marked if additional copies of the sequence listing and/or tables in computer readable form are furnished.

Third, the applicant may choose to file the sequence listing and/or tables related thereto both in computer readable form and in paper form, under Section 801(a)(iii) ("option (c)"), in which case the number of sheets (in paper form) of the sequence listing and/or tables, respectively, must be indicated under item (a) in the left column of Box No. IX (although those numbers of sheets will not be taken into account for calculation of the international filing fee) and check-boxes c(i) and/or c(ii), respectively, must be marked: the type and number of carriers must also be indicated on the dotted lines at the bottom of the left column; in addition, check-boxes Nos. 9, 9(ii) and/or 10(ii) and, where applicable, 9(iii) and/or 10(iii) must be marked if additional copies of the sequence listing and/or tables in computer readable form are furnished.

Under all three options described above, the sequence listing must be presented as a separate part of the description ("sequence listing part of description") in accordance with the standard contained in Annex C of the Administrative Instructions. Also, tables related to sequence listing must be presented in accordance with the standard contained in Annex C- bis of the Administrative Instructions.

Items Accompanying the International Application: Where the international application is accompanied by certain items, the applicable check-boxes must be marked, any applicable indication must be made on the dotted line after the applicable item, and the number of such items should be indicated at the end of the relevant line; detailed explanations are provided below only in respect of those items which so require.

Check-box No. 4: Mark this checkbox where a copy of a general power of attorney is filed with the international application: where the general power of attorney has been deposited with the receiving Office, and that Office has acceded to it a reference number, that number may be indicated.

Check-box No. 5: Mark this check-box where a statement explaining the lack of signature of an inventor/applicant for the purposes of the United States of America is furnished together with the international application (see also Notes to Box No. X).

Check-box No. 6: Mark this check-box where a translation of the international application for the purposes of international search (Rule 12.3) is filed together with the international application and indicate the language of that translation.

Check-box No. 8: Mark this check-box where a filled-in Form PCT/RO/134 or any separate sheet containing indications concerning deposited microorganisms and/or other biological material is filed with the international application. If Form PCT/RO/134 or any sheet containing the said indications is included as one of the sheets of the description (as required by certain designated States (see the PCT Applicant’s Guide, Volume I/B, Annex L)), do not mark this check-box (for further information, see Rule 13bis and Section 209).

Check-box No. 9: Where the international application contains a sequence listing and a copy thereof in computer readable form is required by the ISA under Rule 13ter, the applicant may furnish the listing in computer readable form (together with the required statement) to the receiving Office with the international application, in which case check-boxes Nos. 9, 9(i) and, where applicable, 9(ii) must be marked. Where the applicant has chosen option (b) or option (c) mentioned above, and an additional copy or copies of the sequence listing in computer readable form are required under Section 804, the applicant may furnish such additional copies together with the international application, in which case check-boxes Nos. 9, 9(ii) and, where applicable, 9(iii) must be marked. In all cases mentioned above, the applicant should indicate at the end of each applicable entry the type and number of diskettes, CD-ROMs, CD-Rs, or other data carriers furnished.

Check-box No. 10: Where the international application contains tables related to a sequence listing and a copy thereof in computer readable form is required by the ISA under Section 802(b- quater), the applicant may furnish the tables in...
computer readable form (together with the required statement) to the receiving Office with the international application, in which case check-boxes Nos. 10, 10(i) and, where applicable, 10(iii) must be marked. Where the applicant has chosen option (b) or option (c) mentioned above, and an additional copy or copies of the tables in computer readable form are required under Section 804, the applicant may furnish such additional copies together with the international application, in which case check-boxes Nos. 10, 10(ii) and, where applicable, 10(iii) must be marked. In all cases mentioned above, the applicant should indicate at the end of each applicable entry the type and number of diskettes, CD-ROMs, CD-Rs, or other data carriers furnished.

Language of Filing of the International Application (Rules 12.1(a) and 20.4(c) and (d)): With regard to the language in which the international application is filed, for the purposes of according an international filing date, it is, subject to the following sentence, sufficient that the description and the claims are in the language, or one of the languages, accepted by the receiving Office for the filing of international applications; that language should be indicated in that check-box (as regards the language of the abstract and any text matter in the drawings, see Rule 26.3(a) and (b); as regards the language of the request, see Rules 12.1(c) and 26.3a(c) and (d)). Note that where the international application is filed with the United States Patent and Trademark Office as receiving Office, all elements of the international application (request, description, claims, abstract, text matter of drawings) must, for the purposes of according an international filing date, be in English except that the free text in any sequence listing part of the description, complying with the standard set out in Annex C of the Administrative Instructions, may be in a language other than English.

BOX No. X
Signature (Rules 4.1(d), 4.15, 26.2bis(a), 51bis.1(a)(vi), 90 and 90bis.5): The signature must be that of the applicant; if there are several applicants, all must sign. However, if the signature of one or more of the applicants is missing, the receiving Office will not invite the applicant to furnish the missing signature(s) provided that at least one of the applicants signed the request.

Important: Should a notice of withdrawal be filed at any time during the international phase, that notice will have to be signed by the applicant or, if there are two or more applicant’s by all of them (Rule 90bis.5(a)), or by an agent or a common representative whose appointment has been effected by each applicant signing, at his choice, the request, the demand or a separate power of attorney (Rule 90.4(a)).

Furthermore, for the purposes of the national phase processing, each designated Office will be entitled to require the applicant to furnish the confirmation of the international application by the signature of any applicant for the designated State concerned, who has not signed the request.

Where the signature on the request is not that of the applicant but that of the agent, or the common representative, a separate power of attorney appointing the agent or the common representative, respectively, or a copy of a general power of attorney already in the possession of the receiving Office, must be furnished. If the power is not filed with the request, the receiving Office will invite the applicant to furnish it, unless it has waived the requirement for a separate power of attorney (for details about each receiving Office, see the PCT Applicant’s Guide, Volume I/B, Annex C).

If an inventor/applicant for the designation of the United States of America refused to sign the request or could not be found or reached after diligent effort, a statement explaining the lack of signature may be furnished. It should be noted that this applies only where there are two or more applicants and the international application has been signed by at least one other applicant. The statement must satisfy the receiving Office. If such a statement is furnished with the international application, check-box No. 5 in Box No. IX should be marked.

SUPPLEMENTAL BOX
The cases in which the Supplemental Box may be used and the manner of making indications in it are explained in the left column of that Box.

Items 2 and 3: Even if an indication is made in respect of items 2 and 3 under Rule 49bis.1(a), (b) or (d), the applicant will be required to make an indication to this effect upon entry into the national phase before the designated offices concerned.

If the applicant wishes to specify that the international application be treated in any designated State as an application for a utility model, see Notes to Box No. V.

GENERAL REMARKS
Language of Correspondence (Rule 92.2 and Section 104): Any letter from the applicant to the receiving Office must be in the language of filing of the international application provided that, where the international application is to be published in the language of a translation required under Rule 12.3, such letter should be in the language of that translation; however, the receiving Office may authorize the use of another language.

Any letter from the applicant to the International Bureau must be in the same language as the international application if that language is English or French; otherwise, it must be in English or French, at the choice of the applicant.

Any letter from the applicant to the ISA must be in the same language as the international application, provided that, where a translation of the international application for the purposes of international search has been transmitted under Rule 23.1(b), such letter is in the language of that translation. However, the ISA may authorize the use of another language.

Arrangement of Elements and Numbering of Sheets of the International Application (Rule 11.7 and Section 207): The elements of the international application must be placed in the following order: the request, the description (excluding the sequence listing part, if any), the claim(s), the abstract, the drawings (if any), the sequence listing part of the description (if any).

All sheets of the description (excluding the sequence listing part), claims and abstract must be numbered in consecutive Arabic numerals, which must be placed at the top or bottom of the sheet, in the middle, but not in the margin which must remain blank. The number of each sheet of the drawings must consist of two Arabic numerals separated by an oblique stroke, the first being the sheet number and the second being the total number of sheets of drawings (for example, 1/3, 2/3, 3/3). For numbering of the sheets of the sequence listing part of the description, see Section 207.

Indication of the Applicant’s or Agent’s File Reference on the sheets of the description (excluding the sequence listing part, if any), claim(s), abstract, drawings and sequence listing part of the description (Rule 11.6(d)): The file reference indicated on the request may also be indicated in the left-hand corner of the top margin, within 1.5 cm from the top of any sheet of the international application.
This sheet is not part of and does not count as a sheet of the international application.

NOTES TO THE FEE CALCULATION SHEET
(ANNEX TO FORM PCT/RO/101)

The purpose of the fee calculation sheet is to help the applicant to identify the prescribed fees and to calculate the amounts to be paid. It is strongly recommended that the applicant complete the sheet by entering the appropriate amounts in the boxes provided and submit the fee calculation sheet at the time of filing the international application. This will help the receiving Office to verify the calculations and to identify any error in them.

Information about the applicable fees payable can be obtained from the receiving Office. The amounts of the international filing and search fees may change due to currency fluctuations. Applicants are advised to check what are the latest applicable amounts. All fees must be paid within one month from the date of receipt of the international application.

CALCULATION OF PRESCRIBED FEES

Box T: Transmittal Fee for the benefit of the receiving Office (Rule 14.1): The amount of the transmittal fee, if any, is fixed by the receiving Office. It must be paid within one month from the date of receipt of the international application by the receiving Office. Information about this fee is contained in the PCT Applicant’s Guide, Volume I/B, Annex C.

Box S: Search Fee for the benefit of the International Searching Authority (ISA) (Rule 16.1): The amount of the search fee is fixed by the ISA. It must be paid within one month from the date of receipt of the international application by the receiving Office. Information about this fee is contained in the PCT Applicant’s Guide, Volume I/B, Annex D.

Where two or more ISAs are competent, the applicant must indicate his choice in the space provided for this purpose and pay the amount of the international search fee fixed by the ISA chosen. Information on the competent ISA and whether the applicant has a choice between two or more ISAs is contained in the PCT Applicant’s Guide, Volume I/B, Annex C.

Box I: International Filing Fee for the benefit of the International Bureau (Rule 15): The amount of the international filing fee is as set out in Swiss francs in the Schedule of Fees and the applicable amount of this fee in other currencies is as published in the PCT Gazette (Rule 15.2). Information about this fee is also contained in the PCT Applicant’s Guide, Volume I/B, Annex C.

Reduction of the International Filing Fee Where PCT-EASY Software Is Used: A fee reduction of 100 Swiss francs (or the equivalent in the currency in which the international filing fee is paid to the receiving Office) is available in certain cases where the PCT-EASY software is used to prepare the request, provided that the necessary conditions are met. For further details, see the PCT Applicant’s Guide, Volume I/A, General Part, and Volume I/B, Annex C, as well as information published in the PCT Gazette and the PCT Newsletter. Since applicants using the PCT-EASY software will file the Request Form and Fee Calculation Sheet in the form of a printout prepared using that software, no provision is made for this fee reduction in the Fee Calculation Sheet annexed to Form PCT/RO/101.

Reduction of the International Filing Fee Where the International Application Is Filed in Electronic Form: The international filing fee is reduced by 200 Swiss francs (or the equivalent in the currency in which the international filing fee is paid to the receiving Office) if the international application is, in accordance with and to the extent provided for in Part 7 and Annex F of the Administrative Instructions, filed in electronic form where the text of the description, claims and abstract is not in character coded format, or by 300 Swiss francs (or the equivalent in the currency in which the international filing fee is paid to the receiving Office) where the international application is filed in electronic form where the text of the description, claims and abstract is in character coded format. For further details, see the PCT Applicant’s Guide, Volume I/A, General Part, and Volume I/B, Annex C, as well as information published in the PCT Gazette and the PCT Newsletter.

Reduction of the International Filing Fee for Applicants from Certain States: An applicant who is a natural person and who is a national of and resides in a State whose per capita national income is below 3,000 US dollars (according to the average per capita national income figures used by the United Nations for determining its scale of assessments for the contributions payable for the years 1995, 1996 and 1997) or an applicant, whether a natural person or not, who is a national of and resides in a State that is classed as a least developed country by the United Nations, is entitled, to a reduction of 75% of certain PCT fees including the international filing fee. If there are several applicants, each must satisfy the above-mentioned criteria. The reduction of the international filing fee is automatically available to any applicant (or applicants) who is (or are) so entitled on the basis of the indications of name, nationality and residence given in Boxes Nos. II and III of the request.

The fee reduction is available even if one or more of the applicants are not from PCT Contracting States, provided that each of them is a national and resident of a State that meets the above-mentioned requirements and that at least one of the applicants is a national or resident of a PCT Contracting State and thus is entitled to file an international application.

Information about PCT Contracting States whose nationals and residents are entitled to a reduction of 75% of certain PCT fees, including the international filing fee, is contained in the PCT Applicant’s Guide, Volume I/B, Annex C and on the WIPO Website (see http://www.wipo.int/pct/en/index.html), and is also published and regularly updated in the PCT Gazette and the PCT Newsletter.

Calculation of the International Filing Fee in Case of Fee Reduction: Where the applicant is (or all applicants are) entitled to a reduction of the international filing fee, the total to be entered in box I is 25% of the international filing fee (see below).

Box I: International Filing Fee: The amount of the international filing fee depends on the number of sheets of the international application indicated under item (a) of Box No. IX of the request as explained below.

That number is the Total number of sheets where items (b) and (c) of Box No. IX of the request do not apply (that is, where the international application either does not contain a sequence listing and/or tables related thereto or where it contains such listing and/or tables but not filed in computer readable form under Section 801(a)(i) or (ii)); in such a case, item “13” must not be filled in.
Otherwise, where items (b) and/or (c) of Box No. IX of the request apply (that is, where the international application contains a sequence listing and/or tables related thereto which are filed in computer readable form only, under Section 801(a)(i), or both in that form and in paper form under Section 801(a)(ii)), the number of sheets to be used for the purpose of calculating the amount of the international filing fee is the Sub-total number of sheets. In such a case, item “i3” must be filled in on the basis that the sequence listing and/or tables related thereto in computer readable form are considered to be equal to 400 sheets (see Section 803).

The international filing fee must be paid within one month from the date of receipt of the international application by the receiving Office.

Box P: Fee for Priority Document (Rule 17.1(b)): Where the applicant has requested, by marking the applicable check-box in Box No. VI of the request, that the receiving Office prepare and transmit to the International Bureau a certified copy of the earlier application the priority of which is claimed, the amount of the fee prescribed by the receiving Office for such service may be entered (for information, see the PCT Applicant’s Guide, Volume I/B, Annex C).

If that fee is not paid at the latest before the expiration of 16 months from the priority date, the receiving Office may consider the request under Rule 17.1(b) as not having been made.

Total Box: The total of the amounts entered in boxes T, S, I and P should be entered in this box. If the applicant so wishes, the currency in which the fees are paid may be indicated next to or in the total box.

MODE OF PAYMENT

In order to help the receiving Office identify the mode of payment of the prescribed fees, it is recommended that the applicable check-box(es) be marked.

AUTHORIZATION TO CHARGE
(OR CREDIT) DEPOSIT ACCOUNT

The receiving Office will not charge (or credit) fees to deposit accounts unless the deposit account authorization is signed and indicates the deposit account number.
The demand must be filed directly with the competent International Preliminary Examining Authority or, if two or more Authorities are competent, with the one chosen by the applicant. The full name or two-letter code of that Authority may be indicated by the applicant on the line below:

NOTES TO THE DEMAND FORM (PCT/IPEA/401)

These Notes are intended to facilitate the filling in of the demand form and to give some information concerning international preliminary examination under Chapter II of the Patent Cooperation Treaty (PCT). For more detailed information, see the PCT Applicant’s Guide, a WIPO publication, which is available, together with other PCT related documents, at WIPO’s Website: www.wipo.int/pct/en/index.html. The Notes are based on the requirements of the PCT, the Regulations and the Administrative Instructions under the PCT. In case of any discrepancy between these Notes and those requirements, the latter are applicable.

In the demand form and these Notes, “Article”, “Rule” and “Section” refer to the provisions of the PCT, the PCT Regulations and the Administrative Instructions, respectively.

Please use a typewriter; check-boxes may be marked by hand with dark ink (Rules 11.9(a) and (b) and 11.14).

The demand form and these Notes may be downloaded from WIPO’s Website at the address given above.

IMPORTANT GENERAL INFORMATION

Who May File a Demand? (Article 31(2)(a) and Rule 54): A demand (for international preliminary examination) may only be filed by an applicant who is a national or resident of a PCT Contracting State which is bound by Chapter II of the PCT; furthermore, the international application must have been filed with a receiving Office of, or acting for, a State bound by Chapter II. Where there are two or more applicants (for the same or different elected States) at least one of them must qualify.

Where Must the Demand Be Filed? (Article 31(6)(a)): The demand must be filed with a competent International Preliminary Examining Authority (IPEA). The receiving Office with which the international application was filed will, upon request, give information about the competent IPEA (or see the PCT Applicant’s Guide, Volume I/B, Annex C). If several IPEAs are competent, the applicant has the choice and the demand must be filed with (and the fees must be paid to) the IPEA chosen by the applicant. The IPEA chosen by the applicant may be identified, preferably by an indication of the name or two-letter code of the IPEA, at the top of the first sheet of the demand in the space provided for that purpose.

When Must the Demand Be Filed? (Article 39(1) and Rule 54bis.1): As long as certain designated Offices are still not bound by the 30-month time limit under Article 22 for entry into the national phase, the demand—because it contains the required election of designated States—must be filed within 19 months from the priority date if the applicant wishes to postpone entry into the national phase from 20 to 30 months from the priority date in respect of those designated Offices. For updated information about those Offices, see the PCT Applicant’s Guide, Volume II, National Chapters, Summaries, available on the WIPO Website at the address indicated above. It is recalled that the time limit of 30 months from the priority date applies to all other designated Offices regardless of whether or not a demand is filed.

If the applicant wishes to file a demand, but not because of the reason explained above, the applicable time limit for filing such demand is three months from the date of transmittal of the international search report or of the declaration referred to in Article 17(2)(a), and the written opinion established by the International Searching Authority or 22 months from the priority date, whichever expires later (see Rule 54bis.1(a)).

Any demand made after the expiration of the applicable time limit will be considered as if it had not been submitted and the IPEA shall so declare.

In Which Language Must the Demand Be Filed? (Rule 55.1): The demand must be filed in the language in which international preliminary examination will be carried out (see Notes to Box No. IV).

What is the Language of Correspondence? (Rules 66.9 and 92.2 and Section 104): Any letter from the applicant to the IPEA must be in the same language as the international application to which it relates. However, where the international preliminary examination will be carried out on the basis of a translation (see Notes to Box No. IV), any letter from the applicant to the IPEA must be in the language of the translation. The IPEA may authorize the use of other languages for letters which do not contain or relate to amendments of the international application. Any letter from the applicant to the International Bureau must be in English or French, at the choice of the applicant. However, if the language of the international application is English, the letter must be in English; if the language of the international application is French, the letter must be in French.

BOX No. I

Applicant’s or Agent’s File Reference: A file reference may be indicated, if desired. It should not exceed 12 characters. Characters in excess of 12 may be disregarded (Section 109).

Identification of the International Application (Rule 53.6): The international application number must be indicated in Box No. I. Where the demand is filed at a time when the international application number has not yet been notified by the receiving Office, the name of that Office must be indicated instead of the international application number.

International Filing Date and (Earliest) Priority Date (Section 110): Dates must be indicated by the Arabic number of the day, the name of the month and the Arabic number of the year—in that order; after, below or above such indication, the date should be repeated in parentheses, using two-digit Arabic numerals each for the number of the day and for the number of the month followed by the number of the year, in that order, and separated by periods, slants or hyphens, for example, “20 March 2004 (20.03.2004)”, “20 March 2004 (20/03/2004)” or “20 March 2004 (20-03-2004)”. Where the international application claims the priority of several earlier applications, the filing date of the earliest application whose priority is claimed must be indicated as the priority date.
Title of the Invention: If a new title has been established by the International Searching Authority, that title must be indicated in Box No. I.

BOX No. II

Applicant(s) (Rule 53.4): All the applicants for the elected States must be indicated in the demand. It should be noted that the persons named as “inventor only” in the request need not be named in the demand.

Make in Box No. II of the demand the required indications as appearing in Boxes Nos. II and III of the request. The Notes to the request apply mutatis mutandis. If there are two or more applicants for the States elected in the demand, give the required indications for each of them: if there are more than three applicants, make the required indications on the “Continuation Sheet”.

If different applicants were indicated in the request for different designated States, there is no need to again indicate in the demand the States for which a person is applicant, because those indications have been made in the request.

Applicant’s registration number with the Office (Rule 53.4): Where the applicant is registered with the national or regional Office that is acting as International Preliminary Examining Authority, the demand may indicate the number or other indication under which the applicant is so registered.

BOX No. III

Agent or Common Representative (Rules 53.5, 90.1 and 90.2): Mark the applicable check-boxes to indicate first whether the person named in this Box is agent or common representative, then whether that person has been appointed earlier (i.e., during the procedure under Chapter I), or is appointed in the demand and any earlier appointment of another person is revoked, or is appointed specifically for the procedure before the IPEA (without revocation of any earlier appointment), in addition to the person(s) appointed earlier.

Where an additional person is appointed specifically for the procedure before the IPEA, all notifications issued by the IPEA will be addressed only to that additional person.

A separate power of attorney must be filed with the IPEA, the International Bureau or the receiving Office, if the person appointed at the time the demand is filed (i.e., was not appointed earlier) signs the demand on behalf of the applicant (Rule 90.4). However, the receiving Office, the International Bureau or the IPEA may waive the requirement that a separate power of attorney be filed. For details, see the PCT Applicant’s Guide, Volume I/A, Annex B2(IB), and Volume I/B, Annexes C and E.

Agent’s registration number with the Office (Rule 53.5): Where the agent is registered with the national or regional Office that is acting as International Preliminary Examining Authority, the demand may indicate the number or other indication under which the agent is so registered.

Address for Correspondence (Rule 4.4(d) and Section 108): Where an agent is appointed, any correspondence intended for the applicant will be sent to the address indicated for that agent (or for the first-mentioned agent, if more than one is appointed). Where one of two or more applicants is appointed as common representative, the address indicated for that applicant in Box No. III will be used.

Where no agent or common representative is appointed, any correspondence will be sent to the address, indicated in Box No. II, of the applicant (if only one person is named as applicant) or of the applicant who is considered to be common representative (if there are two or more persons named as applicants). However, if the applicant wishes correspondence to be sent to a different address in such a case, that address may be indicated in Box No. III instead of the designation of an agent or common representative. In this case, and only in this case, the last check-box of Box No. III must be marked (that is, the last check-box must not be marked if either of the check-boxes “agent” or “common representative” in Box No. III has been marked).

BOX No. IV

Statement Concerning Amendments (Rules 53.2(a)(v), 53.9, 62, 66.1 and 69.1): The international preliminary examination will start on the basis of the international application as filed or, if amendments have been filed, as amended. Mark the appropriate check-box(es) to enable the IPEA to determine when and on what basis it can start international preliminary examination.

Mark the corresponding check-box(es) under No. I where the international preliminary examination should start on the basis of the international application as originally filed or where amendments are to be taken into account, as the case may be. Where amendments are to be taken into account, the applicant must submit with the demand a copy of amendments to the claims under Article 19 (Rule 53.9(a)(i)) and/or the amendments of the international application under Article 34 (Rule 53.9(c)), as the case may be. If a check-box is marked but the demand is not accompanied by the documents referred to, the start of international preliminary examination will be delayed until the IPEA receives them.

Mark check-box No. 2 if amendments of the claims under Article 19 have been filed with the International Bureau during the Chapter I procedure, but the applicant wishes those amendments to be considered reversed by an amendment under Article 34 (Rule 53.9(a)(iii)).

Mark check-box No. 3 where the time limit for filing amendments of the claims under Article 19 has not expired at the time the demand is filed and the applicant wants to keep the option for the filing of such amendments open; the IPEA is thus requested to postpone the start of international preliminary examination (Rules 53.9(b) and 69.1(d)). It should be noted that the examination will start in any event after the expiration of the applicable time limit under Rule 54bis.1(a) even where the time limit for filing amendments has not yet expired or no amendments have been received by the IPEA.

Mark check-box No. 4 if the applicant wishes that the international preliminary examination start earlier than at the expiration of the applicable time limit under Rule 54bis.1(a).

Where the ISA and IPEA are not the same Authority, examination will not commence until the IPEA is in possession of the international search report, or a notice of the declaration under Article 17(2)(a) and the written opinion established by the ISA.

The applicable time limit under Rule 54bis.1(a) is three months from the date of transmittal of the international search report or of the declaration referred to in Article 17(2)(a), and the written opinion established by the International Searching Authority, or 22 months from the priority date, whichever expires later.
If no check-box is marked, refer to the footnote at the bottom of the Box.

**Language for the Purposes of International Preliminary Examination** (Rule 55.2): Where neither the language in which the international application is filed nor the language in which the international application is published is accepted by the IPEA that is to carry out the international preliminary examination, the applicant must furnish with the demand a translation of the international application into a language which is both a language accepted by that Authority and a language of publication.

Where such translation has already been furnished to the International Searching Authority for the purposes of carrying out international search and the IPEA is part of the same Office or intergovernmental organization as the International Searching Authority, the applicant need not furnish another translation. In such a case the international preliminary examination is carried out on the basis of the translation furnished for the purposes of international search.

The language for the purposes of international preliminary examination should be indicated in Box No. IV, on the dotted line, and the corresponding check-box should be marked.

**Language of Amendments** (Rules 55.3 and 66.9): Amendments and letters relating thereto must be in the same language as that in which the international preliminary examination is carried out, as explained in the preceding paragraphs.

**Time Limit for Furnishing Translation of the International Application** (Rule 55.2): Any required translation of the international application should be furnished (by the applicant) together with the demand. If it is not so furnished, the IPEA will invite the applicant to furnish it within a time limit which shall not be less than one month from the date of the invitation. That time limit may be extended by the IPEA.

**BOX No. V**

**Election of States** (Rule 53.7): The making of a demand shall constitute the election of all States which have been designated and which are bound by Chapter II of the PCT.

**BOX No. VI**

**Check List:** It is recommended that this Box be filled in carefully in order for the IPEA to determine as soon as possible whether it is in possession of the documents on the basis of which the applicant wishes international preliminary examination to start.

Where the international application contains disclosure of one or more nucleotide and/or amino acid sequences, and a copy of the sequence listing in computer readable form complying with the standard provided for in the Administrative Instructions is required by the IPEA, the applicant may furnish the listing in computer readable form to the IPEA with the demand. If this is the case, check-box No. 6 must be marked.

Similarly, where such an application contains tables related to the sequence listing, and a copy of the tables in computer readable form complying with the standard provided for in the Administrative Instructions is required by the IPEA, the applicant may furnish the tables in computer readable form to the IPEA with the demand. If this is the case, check-box No. 7 must be marked.

**BOX No. VII**

**Signature** (Rules 53.8, 60.1(a-ter), 90.3(a) and 90.4(a) and (d): The demand must be signed by the applicant or by his agent: if there are several applicants, the demand must be signed by all of them, or by the common agent or the common representative of all of them. However, if the signature(s) of one or more applicants is missing, the IPEA will not invite the applicants to furnish the missing signature(s) provided that at least one of the applicants has signed the demand.

Important: Should a notice of withdrawal be filed at any time during the international phase, that notice will have to be signed by the applicant or, if there are two or more applicant’s by all of them (Rule 90bis.5(a)), or by an agent or a common representative whose appointment has been effected by each applicant signing, at his choice, the request, the demand or a separate power of attorney (Rule 90.4(a)).

NOTES TO THE FEE CALCULATION SHEET
(ANNEX TO FORM PCT/IPEA/401)

The purpose of the fee calculation sheet is to help the applicant to identify the prescribed fees and to calculate the amounts to be paid. It is strongly recommended that the applicant complete, by entering the appropriate amounts in the boxes provided, and submit the fee calculation sheet at the time of filing of the demand. This will help the International Preliminary Examining Authority (IPEA) to verify the calculations and to identify any error in them.

CALCULATION OF PRESCRIBED FEES

Two fees must be paid for international preliminary examination:

(i) the preliminary examination fee for the benefit of the IPEA (Rule 58.1);

(ii) the handling fee for the benefit of the International Bureau (Rule 57).

Both fees must be paid to the IPEA within one month from the date on which the demand is submitted. The amount payable is the amount applicable on the date of submittal (Rules 57.3 and 58.1(b)). The fees must be paid in a currency acceptable to the IPEA.

Information about the amount of those fees or about equivalent amounts in other currencies can be obtained from the IPEA or the receiving Office. This information is also published in the PCT Applicant’s Guide, Volume I/B, Annex E, and from time to time in Section IV of the PCT Gazette.

Box P: The amount of the preliminary examination fee must be entered in Box P.

Box H: The amount of the handling fee must be entered in Box H.

Reduction of the Handling Fee for Applicants from Certain States: An applicant who is a natural person and who is a national of and resides in a State whose per capita national income is below 3,000 US dollars (according to the average per capita national income figures used by the United Nations for determining its scale of assessments for the contributions payable for the years 1995, 1996 and 1997) or an applicant, whether a natural person or not, who is a national of and resides in a State that is classed as a least developed country by the United Nations, is entitled, in accordance with the Schedule of Fees, to a reduction of 75% of certain PCT fees including the handling fee. If there are several applicants, each must satisfy the above-mentioned criteria. The reduction of the handling fee will be automatically available to any applicant (or applicants) who is (or are) so entitled on the basis of the indications of name, nationality and residence given in Box No. II of the demand.

The fee reduction will be available even if one or more of the applicants are not from PCT Contracting States, provided that each of them is a national and resident of a State that meets the above-mentioned requirements and that at least one of the applicants is a national or resident of a PCT Contracting State and thus is entitled to file an international application.

Information about PCT Contracting States whose nationals and residents are entitled to a reduction of 75% of certain PCT fees, including the handling fee, is contained in the PCT Applicant’s Guide, Volume I/B, Annex C and on the WIPO Website (see http://www.wipo.int/pct/en/index.html), and is also published and regularly updated in the PCT Gazette and the PCT Newsletter.

Calculation of the Handling Fee in Case of Fee Reduction: Where the applicant is (or all applicants are) entitled to a reduction of the handling fee, the total to be entered at Box H is 25% of the handling fee.

Total Box: The total of the amounts inserted in Boxes P and H is the amount which must be paid to the IPEA.

MODE OF PAYMENT

In order to help the IPEA identify the mode of payment of the prescribed fees, it is recommended to mark the applicable check-box(es).

AUTHORIZATION TO CHARGE (OR CREDIT) DEPOSIT ACCOUNT

The applicant should check whether the IPEA allows the use of deposit accounts for payment of PCT fees. In addition, it is recommended that the applicant check what are the specific conditions applicable to the use of deposit accounts with the IPEA since not all IPEAs provide the same services.

Finally, if the IPEA is not the same national Office or intergovernmental organization as that with which the international application was filed, the deposit account with the receiving Office cannot be charged for the purpose of paying the preliminary examination and handling fees due to the IPEA.

The IPEA will not charge fees to deposit accounts unless the deposit account authorization is signed and indicates the deposit account number.
