Official Notices (PCT Gazette) is part of the Gazette published by the International Bureau of the World Intellectual Property Organization in accordance with Article 55(4) of the Patent Cooperation Treaty (PCT) and Rule 86 of the Regulations under the PCT.

MODIFICATIONS OF THE ADMINISTRATIVE INSTRUCTIONS UNDER THE PCT

NOTE PREPARED BY THE INTERNATIONAL BUREAU

Following consultation with interested Offices and Authorities pursuant to PCT Rule 89.2(b), modifications to Sections 715 and 716 of the Administrative Instructions under the PCT, as set out below, are promulgated with effect from 1 January 2010.

These modifications are intended to implement provisions of the PCT Regulations which permit the applicant to request that priority documents be obtained by receiving Offices and the International Bureau from digital libraries rather than having to be supplied directly by the applicant (PCT Rules 17.1(b-*bis*), 17.1(d), 66.7(a) and 91.1(e)).

All modifications will apply to international applications filed on or after 1 January 2010.

The consolidated text of the Administrative Instructions (PCT/AI/10) as in force from 1 January 2010 is available on the WIPO website at: www.wipo.int/pct/en/texts/pdf/ai.pdf.

TEXT OF THE MODIFICATIONS OF THE ADMINISTRATIVE INSTRUCTIONS

(as in force from 1 January 2010)

Section 715

Availability of Priority Documents from Digital Libraries

(a) For the purposes of Rules 17.1(b-*bis*), 17.1(d) (where appropriate, as applicable by virtue of Rules 17.1(c) and 82*ter*.1(b)), 66.7(a) (where appropriate, as applicable by virtue of Rule 43*bis*.1(b)) and 91.1(e), a priority document shall be considered to be available from a digital library to the receiving Office, the International Bureau, a designated Office, the International Searching Authority or the International Preliminary Examining Authority, as the case may be:

(i) if the Office or Authority concerned has notified the International Bureau, or the International Bureau has declared, as the case may be, that it is prepared to obtain priority documents from that digital library; and

(ii) the priority document concerned is held in that digital library and the applicant has, to the extent required by the procedures for accessing the relevant digital library, authorized the Office or Authority concerned or the International Bureau, as the case may be, to access that priority document.

(b) A notification to the International Bureau under paragraph 12 of the Framework Provisions for the Digital Access Service for Priority Documents by

(i) the International Bureau; or

(ii) an Office in its capacity as receiving Office, designated Office, International Searching Authority or International Preliminary Examining Authority,

that it is prepared to obtain priority documents via the Digital Access Service shall be taken as a declaration or notification under paragraph (a)(i) that the International Bureau or Office acting in the relevant capacity will obtain priority documents through the Digital Access Service from any digital library which has been the subject of a notification in accordance with paragraph 10 of the Framework Provisions, including libraries for which such a notification is subsequently made with effect prior to the date on which the Office or Bureau is requested to retrieve the priority document.

(c) An Office or Authority which has given a notification to the International Bureau under paragraph (a)(i) or (b) shall notify the International Bureau of any change in the information so notified.

(d) The International Bureau shall promptly publish in the Gazette any notification received by it under paragraph (a)(i) or (b) of this Section, any declaration made by it under paragraph (a)(i) or (b), and any change in the information so declared.

(e) The effective date of any change published under paragraph (d) shall be as specified by the Office or Authority concerned or by the International Bureau, as the case may be, provided that any change which restricts the ability of the applicant to request the Office, the Authority or the International Bureau to obtain a priority document from the digital library shall, except in the case where priority documents are no longer held in the digital library, not be effective earlier than two months after the date of publication of the change in the Gazette.

Section 716

Request that Priority Document Be Obtained from a Digital Library under Rule 17.1(b-bis)

(a) Any request under Rule 17.1(b-bis):

(i) shall identify the priority document concerned in accordance with Rule 4.10(a);

(ii) where the priority document is held in connection with another application which relied upon that priority document to support a priority claim and that digital library is to be accessed other than through the Digital Access Service for Priority Documents, and if so required by the receiving Office or the International Bureau, shall indicate the number of that other application; and

(iii) where applicable, shall be accompanied by the fee referred to in Rule 17.1(b-bis).

(b) Where the applicant, in accordance with Rule 17.1(b-bis) and paragraph (a) of this Section, requests the receiving Office or the International Bureau to obtain a priority document which, in accordance with Section 715(a), is considered to be available from a digital library to that Office or the International Bureau, but that Office or the International Bureau finds that the priority document is in fact not available to it, that Office or the International Bureau, as the case may be, shall notify the applicant, giving the opportunity to furnish the priority document to it, or to ensure that the document is made available to it from a digital library, within a time limit of not less than two months from the date of the notification or within the time limit specified in Rule 17.1(a), whichever time limit expires later. Where the priority document is furnished or becomes available to the Office or the International Bureau within that time limit, the requirements of Rule 17.1(b-bis) shall be considered to have been met. If the priority document is not so furnished or does not become available within that time limit, the request that the document be obtained from a digital library shall be considered not to have been made.

(c) Where the applicant requests the receiving Office or the International Bureau under Rule 17.1(b-*bis*) to obtain a priority document from a digital library but that request does not comply with the requirements of that Rule and paragraph (a) of this Section, or the priority document concerned is not considered to be available to that Office or the International Bureau in accordance with Section 715(a), that Office or the International Bureau, as the case may be, shall promptly inform the applicant accordingly.

WIPO DIGITAL ACCESS SERVICE FOR PRIORITY DOCUMENTS (DAS)

Using DAS with the PCT

With effect since 1 January 2010, and in accordance with Section 715(b)(i) of the Administrative Instructions under the PCT, the International Bureau is able to retrieve priority documents through the WIPO Digital Access Service for Priority Documents (DAS) for use with international applications filed under the PCT. A notification to this effect can be found on the WIPO website at: www.wipo.int/patentscope/en/pdocforum/participating.html.

This means that the applicant can request the International Bureau to retrieve a copy of an earlier application from DAS for use as a priority document instead of having to provide a certified copy, as long as:

(i) the document in question has been added to DAS by a participating “depositing Office” (see below); and

(ii) the applicant has indicated that the International Bureau should have access to that document, using the applicant portal at: https://webaccess.wipo.int/priority_documents/en/.

Background

The Offices (“depositing Offices”) which currently allow applicants to make applications available to DAS are: the Australian Patent Office, the International Bureau (for international applications filed with the International Bureau as receiving Office), the Japan Patent Office, the Korean Intellectual Property Office, the Spanish Patent and Trademark Office, the United Kingdom Intellectual Property Office (an operating name of the Patent Office) and the United States Patent and Trademark Office (USPTO).

Several more Offices are expected to join this system in the near future. Details of how to request any particular depositing Office to make a document available to DAS are available from the respective websites of those Offices.

The legal basis for recognition of priority documents retrieved by the International Bureau through DAS is PCT Rule 17.1(b-*bis*)(ii) in conjunction with Sections 715 and 716 of the Administrative Instructions.

The service under Rule 17.1(b) whereby the receiving Office will prepare a copy of a priority document which would be issued by it and send it directly to the International Bureau continues to apply and is not affected by the addition of this complementary service.

Using DAS for International Applications under the PCT

The International Bureau will recognize requests to obtain documents from DAS for any international application for which the 16-month time limit under Rule 17.1(b-*bis*) has not yet expired on 1 January 2010, provided that the applicant has taken all the necessary steps to ensure that the application has been made available to the International Bureau through the Service. Notably, as well as making sure that the document is available to DAS, the applicant needs to check the box in the applicant Web portal indicating that the International Bureau is permitted access to that document. Otherwise, the Bureau cannot retrieve the document.

The International Bureau does not charge any fee for this service, though the depositing Office may charge a fee for making the priority document available to the system in the first place.

Making the Request

A request for the International Bureau to obtain a priority document from DAS can be made in the following ways:

Paper applications

Tick the relevant box(es) in item 6 of the request form PCT/RO/101, as in force since 1 January 2010, available from: www.wipo.int/pct/en/forms/request/ed_request_2010.pdf.

Electronic applications and PCT-EASY filings

Pending the implementation of equivalent check-boxes in PCT-SAFE, include a letter to the International Bureau, clearly requesting that some or all of the priority documents be retrieved using DAS. The content of the letter should preferably be as follows, with no other matters dealt with in the letter:

“The International Bureau is requested to retrieve the priority documents for this international application using the WIPO Digital Access Service for Priority Documents.”

If only certain of the documents are available through this system, the letter should specify which priority documents are to be retrieved that way and that the other documents will either be forwarded by the receiving Office or else provided as certified copies in the conventional way.

Such a letter can be included in an application prepared using PCT-SAFE as follows:

- (i) In the “Contents” tab, select “Accompanying Items”.
- (ii) Select “Other” from the drop-down list of item types and type “p-doc retrieval” into the box to describe the item.
- (iii)(a) If filing a fully electronic application using PCT-SAFE, double-click on the item which appears in the Content Details list to open a dialog box allowing the file containing the letter to be attached (this should preferably be in PDF format where this is accepted by the relevant receiving Office or JPEG or TIFF otherwise).
- (b) If filing a PCT-EASY or PCT EASY/EFS Web application, double-click on the item and indicate that the document is enclosed.

International applications which have already been filed

Send a letter, which must reach the International Bureau prior to 16 months from the priority date, quoting the international application number and clearly requesting that some or all of the priority documents be retrieved using DAS. The content of the letter should preferably be as follows and be clearly marked as a separate section if any other issues are dealt with.

“The International Bureau is requested to retrieve [the priority documents] [the following priority documents] for international application PCT/XXyyyy/nnnnnn using the WIPO Digital Access Service for Priority Documents.”

Help

Support is available from the PCT-SAFE Help Desk (pctsafe.help@wipo.int), which acts as focal point for DAS related issues as well as for PCT-SAFE.

**MODIFIED DIRECTIVES OF THE ASSEMBLY RELATING TO
THE ESTABLISHMENT OF EQUIVALENT AMOUNTS OF CERTAIN FEES**
(to enter into force on 1 July 2010)

The Assembly establishes in the following terms the directives relating to the establishment of equivalent amounts of the international filing fee, the handling fee, the search fee and the supplementary search fee (see Rules 15.2(d)(i), 16.1(d)(i), 45*bis*.3(b) and 57.2(d)(i)), it being understood that, in the light of experience, the Assembly may at any time modify these directives:

Establishment of Equivalent Amounts

(1) The equivalent amounts of the international filing fee and the handling fee in any currency other than Swiss franc, and of the search fee and the supplementary search fee in any currency other than the fixed currency, shall be established by the Director General, in the case of:

- (i) the international filing fee, after consultation with each receiving Office which prescribes payment of that fee in such currency;
- (ii) the search fee, after consultation with each receiving Office which prescribes payment of that fee in such currency;
- (iii) the handling fee, after consultation with each International Preliminary Examining Authority which prescribes payment of that fee in such currency.

In the case of the international filing fee, the search fee and the handling fee, the equivalent amounts shall be established according to the exchange rates prevailing on the day preceding the day on which the consultations are initiated by the Director General. In the case of the supplementary search fee, the equivalent amounts shall be established according to the exchange rates prevailing on the day on which the Director General receives the notification of the amount of the supplementary search fee or prevailing on the day two months prior to the entry into force of the supplementary search fee, whichever is the later.

- (2) The amounts so established shall be the equivalent, in round figures,
- (i) of the amount of the international filing fee and of the handling fee, respectively, in Swiss franc set out in the Schedule of Fees;
 - (ii) of the amount of the search fee and the supplementary search fee (if applicable) established by the International Searching Authority in the fixed currency.

They shall be notified by the International Bureau to each receiving Office, International Searching Authority and International Preliminary Examining Authority, as applicable, prescribing payment or establishing fees in the currency concerned and shall be published in the Gazette.

Establishment of New Equivalent Amounts Consequential on Changes in the Amount of the Fee Concerned

(3) Paragraphs (1) and (2) shall apply *mutatis mutandis* where the amount of the international filing fee, the handling fee, the search fee or the supplementary search fee is changed. The new equivalent amounts in the prescribed currencies shall be applied from the same date as the changed amount of the international filing fee or of the handling fee set out in the amended Schedule of Fees, or from the same date as the changed amount of the search fee or the supplementary search fee in the fixed currency.

Establishment of New Equivalent Amounts Consequential on Changes in Exchange Rates

(4) In the month of October of each year, the Director General shall, where applicable, after consultations with the Offices or Authorities referred to in paragraph (1), establish new equivalent amounts of the international filing fee, the handling fee, the search fee and the supplementary search fee according to the exchange rates prevailing on the first Monday in the

month of October. Unless otherwise decided by the Director General, any adjustment under this paragraph shall enter into force on the first day of the subsequent calendar year.

(5) Where, for more than four consecutive Fridays (midday, Geneva time), the exchange rate between Swiss franc (in the case of the international filing fee and the handling fee) or the fixed currency (in the case of the search fee and the supplementary search fee) and any applicable prescribed currency is by at least 5% higher, or by at least 5% lower, than the last exchange rate applied, the Director General shall, where applicable, after consultations with the Offices or Authorities referred to in paragraph (1), establish new equivalent amounts of the international filing fee, the search fee, the supplementary search fee and/or the handling fee, as applicable, according to the exchange rate prevailing on the first Monday following the expiration of the period referred to in the first sentence of this paragraph. The newly established amount shall become applicable two months after the date of its publication in the Gazette, provided that the receiving Offices or the International Preliminary Examining Authorities concerned, as applicable, and the Director General may agree on a date falling during the said two-month period, in which case the said amount shall become applicable from that date.

INFORMATION ON CONTRACTING STATES AND INTERGOVERNMENTAL ORGANIZATIONS

ME Montenegro

EP European Patent Organisation

Montenegro has concluded, on 13 February 2009, an agreement with the European Patent Organisation which provides for the extension of the effects of European patent applications and patents to Montenegro. The agreement enters into force on 1 March 2010. Under the agreement, it is possible to obtain patent protection in Montenegro by requesting the extension of a European patent to Montenegro. The extension procedure is also available, if the necessary requirements are met, via the PCT.

Montenegro (country code: ME) is not party to the European Patent Convention (EPC) and cannot be designated for a European patent (EP).

The extension of a European patent to Montenegro via the PCT is available in respect of international applications filed on or after 1 March 2010. A request for the extension of a European patent to Montenegro may be made if the designation of all PCT Contracting States under PCT Rule 4.9(a) in the international application is not withdrawn with respect to Montenegro under PCT Rule 90*bis*.2, and if the international filing fee is paid.

When, within 31 months (Chapter I or Chapter II of the PCT Regulations) from the priority date, the applicant enters the regional phase before the European Patent Office (EPO) and pays to the EPO the European extension fee for the extension of the European patent to Montenegro, a request for the extension of the European patent is deemed to have been made (no special indication concerning the extension should be made in the PCT request). If, however, the 31-month time limit has been missed, the extension fee may still be validly paid, with a surcharge of 50%, within a grace period of two months. The request for extension will be considered withdrawn if, upon entry into the regional phase before the EPO, the European extension fee is not paid within the applicable time limit.

The extension procedure is not available for international applications filed prior to 1 March 2010, or for any European patents resulting from such applications. For these older applications and patents, comparable effects may however be available under the cooperation and extension agreement between the former Federal Republic of Yugoslavia and the EPO which entered into force on 1 November 2004.

Further information about the extension of European patent applications and patents to Montenegro will be published in the EPO brochure “National law relating to the EPC” as soon as it is available.

EP European Patent Organisation

The **European Patent Office (EPO)** has notified changes in its requirements concerning the deposit of microorganisms and other biological material. The consolidated table of requirements reads as follows:

<p>Time (if any) earlier than 16 months from priority date by which applicant must furnish:</p> <p>the indications prescribed in Rule 13bis.3(a)(i) to (iii)</p>	<p>any additional matter specified in the adjacent right-hand column</p>	<p>Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned</p>

Deposits with CNCM can be made under the Budapest Treaty or, as far as the deposits of cell cultures, mycoplasma and rickettsiae are concerned, under a bilateral agreement with the EPO.

If the applicant wishes that, until the publication of the mention of the grant of a European patent or for 20 years from the date of filing if the application is refused or withdrawn or deemed to be withdrawn, the biological material shall be made available as provided in Rule 33(1) of the European Patent Convention (EPC) only by the issue of a sample to an expert nominated by the requester (EPC Rule 32(1)), the applicant must, by a written statement, inform the International Bureau accordingly before completion of technical preparations for publication of the international application. Such a statement must be separate from the description and the claims of the international application and must preferably be made on Form PCT/RO/134, referred to in Section 209 of the Administrative Instructions under the PCT and available on the WIPO website at: www.wipo.int/pct/en/forms/ro/editable/ed_ro134.pdf.

WARNING: Where the invention involves the use of or concerns biological material which is not available to the public at the date of filing the application and which has been deposited by a person other than the applicant, the reference to such a deposit must include the name and address of the depositor and a statement that the latter has authorized the applicant to refer to the deposited biological material in the application and has given his unreserved and irrevocable consent to the deposited material being made available to the public in accordance with EPC Rule 31(1)(d). Applicants are reminded that these indications (the name and address of the depositor, and the statement) must be furnished to the International Bureau within the applicable time limit under PCT Rule 13bis.4, that is, within 16 months from the priority date of the international application (this period is deemed to have been met if these indications are furnished before the technical preparations for international publication have been completed) or, if the applicant makes a request for early publication under PCT Article 21(2)(b), up to the date on which such a request is made. The failure to meet this time limit cannot be remedied upon entry into the European phase neither by re-establishment of rights nor by further processing. As a result, the application may have to be refused under EPC Article 97(2) in the course of examination proceedings for insufficient disclosure (EPC Article 83).

DEPOSITS OF MICROORGANISMS AND OTHER BIOLOGICAL MATERIAL: REQUIREMENTS OF DESIGNATED AND ELECTED OFFICES

EP European Patent Organisation

The **European Patent Office (EPO)** has notified changes in its requirements concerning the deposit of microorganisms and other biological material. The consolidated table of requirements reads as follows:

Time (if any) earlier than 16 months from priority date by which applicant must furnish:		Additional indications (if any) which must be given besides those prescribed in Rule 13bis.3(a)(i) to (iii) pursuant to notifications from the Offices concerned
the indications prescribed in Rule 13bis.3(a)(i) to (iii)	any additional matter specified in the adjacent right-hand column	
None	At the time of filing	To the extent available to the applicant, relevant information on the characteristics of the biological material

Deposits with CNCM can be made under the Budapest Treaty or, as far as the deposits of cell cultures, mycoplasma and rickettsiae are concerned, under a bilateral agreement with the EPO.

If the applicant wishes that, until the publication of the mention of the grant of a European patent or for 20 years from the date of filing if the application is refused or withdrawn or deemed to be withdrawn, the biological material shall be made available as provided in Rule 33(1) of the European Patent Convention (EPC) only by the issue of a sample to an expert nominated by the requester (EPC Rule 32(1)), the applicant must, by a written statement, inform the International Bureau accordingly before completion of technical preparations for publication of the international application where such publication takes place in one of the EPO official languages, i.e., English, French or German. Such a statement must be separate from the description and the claims of the international application and must preferably be made on Form PCT/RO/134, referred to in Section 209 of the Administrative Instructions under the PCT and available on the WIPO website at: www.wipo.int/pct/en/forms/ro/editable/ed_ro134.pdf.

WARNING: Where the invention involves the use of or concerns biological material which is not available to the public at the date of filing the application and which has been deposited by a person other than the applicant, the reference to such a deposit must include the name and address of the depositor and a statement that the latter has authorized the applicant to refer to the deposited biological material in the application and has given his unreserved and irrevocable consent to the

deposited material being made available to the public in accordance with EPC Rule 31(1)(d). Applicants are reminded that these indications (the name and address of the depositor, and the statement) must be furnished to the International Bureau within the applicable time limit under PCT Rule 13*bis*.4, that is, within 16 months from the priority date of the international application (this period is deemed to have been met if these indications are furnished before the technical preparations for international publication have been completed) or, if the applicant makes a request for early publication under PCT Article 21(2)(b), up to the date on which such a request is made. The failure to meet this time limit cannot be remedied upon entry into the European phase neither by re-establishment of rights nor by further processing. As a result, the application may have to be refused under EPC Article 97(2) in the course of examination proceedings for insufficient disclosure (EPC Article 83).
