THE PROCEDURE IN THE NATIONAL PHASE

AU.01 **TRANSLATION (VERIFICATION).** A verification of the translation of the international application or of any amendments under PCT Articles 19 or 34 need only be furnished to the Office if the Commissioner specifically requires the applicant to do so. This only occurs if there is a reasonable belief that the translation into English does not accurately reflect the document in its original language. The required certificate of verification of the translation of the international application consists of a simple signed and dated statement, which can be made by any person.

AU.02 **TRANSLATION (CORRECTION).** Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003). This can be done when the applicant becomes aware of an error or omission, or in response to the Commissioner requiring verification of a translation.

AU.03 **FEES (MANNER OF PAYMENT).** The manner of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex AU.I.

AU.04 **ADDRESS FOR SERVICE.** An applicant, irrespective of whether or not he is a national of or a resident in Australia, is not required to be represented by an agent, but he is required to have an address for service (of notices and other communications) in Australia or New Zealand. The applicant must supply such an address in order to continue proceedings before the Office. Any applicant may be represented by a patent attorney authorized to practice before the Office and the address for service should normally be that of a registered patent attorney. A list of registered patent attorneys is available upon request from the Office.

AU.05 **RENEWAL FEE.** A continuation (renewal) fee must be paid to maintain the application. The first continuation fee falls due four years from the international filing date (fourth anniversary fee); thereafter a continuation fee becomes due on each anniversary of the international filing date. Payment can be made at any time up to the due date or together with the payment of a fee for extension of time, within six months from the final date. The amounts of the continuation fees and of the fees for extension of time are indicated in Annex AU.I.

AU.06 **REQUEST FOR EXAMINATION.** The Office will grant a standard patent only after examination as to patentability, the procedure for which is started only upon request.

AU.07 **TIME LIMIT FOR REQUESTING EXAMINATION.** Examination must be requested within five years from the international filing date or, where the Office directs the applicant to request examination, within two months of the date of the notice of the Office to that effect.

AU.08 **FEE FOR REQUESTING EXAMINATION.** The request for examination is only effective if a fee for requesting examination has been paid. The amount of this fee is indicated in Annex AU.I.

AU.09 **TIME LIMIT TO HAVE AN APPLICATION ACCEPTED.** An application for which an examination request has been made before 15 April 2013 has to have been accepted within 21 months from the date of the first examination report. An application for which an examination request has been made on or after 15 April 2013 has to have been accepted within 12 months from the date of the first examination report.
AU.10 FEE FOR RESPONDING TO AN EXAMINATION REPORT. For applications for which an examination request has been made on or after 15 April 2013, no response fees are payable.

AU.11 ACCEPTANCE FEE. A fee is required to be paid upon acceptance of the application. The amount of this fee is indicated in Annex AU.1.

AU.12 ENTITLEMENT. All requests for examination filed on or after 15 April 2013 must include a statement or notice as to the applicant’s entitlement to apply for and be granted a patent, and to claim priority of the earlier application. These requirements may be taken to have been met if the applicant includes in the request the relevant declarations in accordance with PCT Rule 4.17.

AU.13 PRIORITY DOCUMENT (TRANSLATION). A verified translation into English (see paragraph AU.01) of any priority document need only be furnished to the Office if the Commissioner specifically requests the applicant to do so. This will only occur when the translation is necessary to determine the validity of the application.

Verification of the translated priority document is only required to be furnished to the Office if the Commissioner specifically requires the applicant to do so. This only occurs if there is a reasonable belief that the translation into English does not accurately reflect the priority document in its original language. The required certificate of verification of the translation of the priority document consists of a simple signed and dated statement, which can be made by any person.

AU.14 AMENDMENT OF THE APPLICATION; TIME LIMITS. The applicant may make the following modifications to his application before the Office (subject, in the case of voluntary amendment, to the payment of the fee for voluntary amendments indicated in Annex AU.1):

(i) prior to acceptance:
   — correction of clerical errors and obvious mistakes;
   — such modifications as do not result in the claiming or disclosure of new matter (beyond the disclosure of the international application as filed);

(ii) after acceptance:
   — correction of clerical errors and obvious mistakes;
   — such modifications as do not result in the claiming or disclosure of new matter (beyond the disclosure of the international application as filed) and do not broaden the scope of the claims existing before the modifications.

AU.15 REVIEW UNDER ARTICLE 25 OF THE PCT. The applicable procedure is outlined in paragraphs 6.018 to 6.021 of the National Phase. Before any adverse decision is made, the applicant is always afforded the opportunity of being heard. Review of an adverse decision can be obtained from the Federal Court of Australia.

AU.16 EXCUSE OF DELAYS IN MEETING TIME LIMITS. Reference is made to paragraphs 6.022 to 6.027 of the National Phase.

AU.17 If, due to an error or omission on the part of the applicant, his agent or attorney, or due to circumstances beyond the control of the person concerned, the applicant has failed to observe a time limit which is prejudicial to his rights, or the Commissioner is satisfied that the person took due care as required by the circumstances, to ensure the doing of the act within that time, he may request the Office to extend the time limit even though that time has already expired. The request must be presented in writing, and establish the facts on which the request is based in a declaration and also must be accompanied by a fee (for the amount of the fee, see Annex AU.1).

(19 March 2020)
AU18  **RESTORATION OF THE RIGHT OF PRIORITY.** A request for restoration of the right of priority will be treated under national law requirements, at the option of the applicant, as an application for an extension of time on the basis of the relevant act not being done despite due care, not being done due to circumstances beyond the control of the person concerned or because of an error or omission on the part of the person concerned or by his or her agent or attorney. Fees and other requirements associated with the request vary according to the criterion against which it is made. A request for restoration should be presented in writing, should indicate the criterion against which the request is made and be accompanied by the relevant fee (see “Fee for extension of time limit” in Annex AU.I). Preferably it should also be accompanied by a declaration setting out the circumstances and facts on which the request is based.
