THE PROCEDURE IN THE NATIONAL PHASE

CA.01 FORM FOR ENTERING THE NATIONAL PHASE. The Office has available a form for entering the national phase (see Annex CA.II). This form should preferably (but need not) be used.

CA.02 TRANSLATION (CORRECTION). Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003).

CA.03 LANGUAGE OF PROCEEDINGS. The language of correspondence is either English or French at the choice of the applicant, irrespective of the language of the international application or its translation.

CA.04 FEE REDUCTION FOR “SMALL ENTITY.” PCT applicants that qualify as a “small entity” under section 3.01 of the Canadian Patent Rules (see definition in Annex CA.III) are entitled to pay certain fees at a reduced rate. In order to be entitled to benefit from the “small entity” fee schedule, a signed “small entity” declaration must be submitted in accordance with section 3.01 of the Canadian Patent Rules within the applicable time limit set out in section 3. Paragraph 5 of the special form referred to in paragraph CA.01 (see Annex CA.II) indicates the kind of statement to be made in order to pay certain fees at the “small entity” level.

CA.05 FEES (MANNER OF PAYMENT). The manner of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex CA.I.

CA.06 COMPLETION OF REQUIREMENTS AFTER NATIONAL PHASE ENTRY. The applicant must, within three months of entering the national phase in Canada, provide the following (if applicable) in order to have a complete application: a sequence listing complying with 111(1) CPR, an appointment of a patent agent and an appointment of an associate patent agent.

CA.07 APPOINTMENT OF AGENT. An agent may be appointed by submitting to the Commissioner a notice in accordance with subsection 20(2) of the CPR. Where the appointed agent does not reside in Canada, the agent shall appoint, as associate agent, a patent agent who resides in Canada by submitting to the Commissioner a notice in accordance with subsection 21(3) of the CPR.

CA.08 MAINTENANCE FEES. Maintenance fee payments are due on or before each anniversary of the international filing date, starting with the second anniversary. Where the applicant fails to pay by the due date, payment may still be made, together with a request for reinstatement and reinstatement fee (for an application) or an additional fee for late payment (for a patent), within 12 months following the due date. It is to be noted that, where the 30-month time limit under PCT Article 22 or 39(1) and Section 58(3)(a) of the Canadian Patent Rules applies, or where the 42-month time limit under PCT Article 22 or 39(1) and Section 58(3)(b) applies, a maintenance fee which is or maintenance fees which are due at an earlier date can be paid without a surcharge up to the expiry of the 30-month time limit or 42-month time limit, respectively. The maintenance fees can be paid yearly or for any number of years in advance. The amount of the maintenance fees is indicated in Annex CA.I.

CA.09 REQUEST FOR EXAMINATION. A patent will be granted only after examination as to patentability which may be requested by the applicant or by a third party. There is no special form for the request.
CA.10 **TIME LIMIT FOR REQUESTING EXAMINATION.** Examination must be requested within five years from the international filing date. If the request for examination is not received within that period, the application becomes abandoned. It may be reinstated within 12 months of abandonment on payment of the fee for requesting examination together with the request for reinstatement and the reinstatement fee. The amounts of both fees are indicated in Annex CA.I.

CA.11 **FEE FOR REQUESTING EXAMINATION.** The request for examination is effective only if the fee for requesting examination has been paid. The amount of the fee is indicated in Annex CA.I.

CA.12 **FEE FOR GRANT.** A “final fee” and a fee for each page of specification and drawings in excess of 100 pages must be paid within six months after the date of the notice of allowance of patent. The amounts of the fees are indicated in Annex CA.I.

CA.13 **AMENDMENT OF THE APPLICATION; TIME LIMITS.** Amendments may be made in the national phase:

(i) up to allowance of the application either on the applicant’s own volition or in response to an action by the examiner, provided that no new matter is introduced into the disclosure of the invention;

(ii) after allowance, but before payment of the final fee, amendments may be made at no cost to correct a clerical error that is obvious on the face of the application and, upon payment of a fee, amendments may be made only if the changes would not require further search by the examiner and if they would not make the application not compliant with the CPA and the CPR.

CA.14 **REVIEW UNDER ARTICLE 25 OF THE PCT.** The applicable procedure is outlined in paragraphs 6.018 to 6.021 of the National Phase. If, upon review under PCT Article 25, the Office denies an error or omission on the part of the receiving Office or the International Bureau, an appeal against this decision may be lodged with the Federal Court.

CA.15 **EXCUSE OF DELAYS IN MEETING TIME LIMITS.** Reference is made to paragraphs 6.022 to 6.027 of the National Phase.

CA.16 Reinstatement may be requested where the applicant failed to comply with a time limit before the Office. A request for reinstatement must be made within 12 months of the expiry of the time limit (see the following paragraphs) and the applicant must complete the omitted act and pay the reinstatement fee (indicated in Annex CA.I).

CA.17 In the case of failure to comply with the time limit applicable under PCT Article 22 or 39(1) for entering the national phase, the applicant may comply by paying the additional fee for late payment within 12 months of the time limit.

CA.18 In the case of failure to comply with the time limits before the Office, other than the time limit applicable under PCT Article 22 or 39(1) for entering the national phase (see paragraph CA.16, above), reinstatement may be requested before the expiry of 12 months after the time limit.

CA.19 Subject to certain exceptions, including time limits for payment of application and patent maintenance fees and for requests for examination, extension of a time limit may be requested provided the time limit is prescribed by the Patent Rules or fixed by the Commissioner. An extension of time may be requested before the expiry of the time limit and on payment of a fee (the amount of which is indicated in Annex CA.I). The request must satisfy the Commissioner that the circumstances justify the extension.
