Rfees: Rules relating to Fees (of the European Patent Office)

**Summary of requirements for entry into the national phase**

| Time limits applicable for entry into the national phase: | Under PCT Article 22(3): 31 months from the priority date  
| Under PCT Article 39(1)(b): 31 months from the priority date |
| Translation of international application required into: | English, French or German |
| Required contents of the translation for entry into the national phase: | Under PCT Article 22: Description, claims (if amended, both as originally filed and as amended, if the applicant wishes the amendments to form the basis for the proceedings, together with any statement under PCT Article 19), any text matter of drawings, abstract  
| Under PCT Article 39(1): Description, claims, any text matter of drawings (if any of those parts has been amended, both as originally filed and as amended by the annexes to the international preliminary report on patentability (Chapter II) and claims amended under PCT Article 19, if the applicant wishes these amendments to form the basis for the proceedings, together with any statement under PCT Article 19), abstract |
| Is a copy of the international application required? | No |
| National fee: | Currency: Euro (EUR)  
| Filing fee: | EUR 125 (130)  
| – for online filings: | EUR 260 (270)  
| – for non-online filings: | EUR 16  
| Additional fee for pages in excess of 35 for the 36th and each subsequent page: | EUR 610 (630)  
| Designation fee for one or more EPO Contracting States designated: | EUR 102 |

[Continued on next page]

---

1. Where the applicant furnishes only one translation of the international application, or any part of it, either as originally filed or as amended, the Office will invite the applicant to furnish the missing translation within a reasonable time limit. If the translation of the amended part or of the international application as initially filed is missing and is not furnished, the international application will be considered withdrawn. However, it should be noted that, if the translation of the claims as amended under PCT Article 19(1) is not furnished in due time, only those claims will be disregarded (PCT Rule 49.5(c-bis)) and the international application will not be considered withdrawn.

2. Must be paid within 31 months from the priority date. For claims fees see also paragraph EP.08 of National Chapter EP.

4. The amount in parentheses is applicable as from 1 April 2022.

5. The designation, extension and validation fees are payable within 31 months from the priority date or six months after the date of publication of the international search report, whichever expires later.

6 See footnote 5.
7 Validation of the European patent in Cambodia is only available for international applications filed on or after 1 March 2018. See OJ EPO 2/2018, A16. (It should be noted that under the Law on Patents in force in Cambodia, pharmaceutical products are excluded from patent protection).
8 Validation of the European patent in Morocco is only available for international applications filed on or after 1 March 2015. See OJ EPO 2/2015, A18-A20.
9 Validation of the European patent in the Republic of Moldova is only available for international applications filed on or after 1 November 2015. See OJ EPO 10/2015, A85.
10 Validation of the European patent in Tunisia is only available for international applications filed on or after 1 December 2017. See OJ EPO 10/2017, A85.
11 See footnote 4.
12 See footnote 2.
13 A request for examination must be made and the examination fee must be paid within the time limit applicable under PCT Article 22 or 39(1) and EPC Rule 159(1) or six months after the date of publication of the international search report, whichever expires later.
14 This fee is due before the expiration of the month containing the second anniversary (24 months) of the international filing date; it is due within 31 months from the priority date if that 31-month time limit expires later.

**Exemptions, reductions or refunds of fees:**

15 No search fee is payable

- where the international search report has been established by the EPO;
- where the international application has been filed before 1 July 2005 and the international search report has been established by the Austrian Patent Office, the Spanish Patent and Trademark Office or the Swedish Intellectual Property Office (PRV);
- where the international application has been filed between 1 April 2005 and 30 June 2005 and the international search report has been established by the Finnish Patent and Registration Office (PRH).

The search fee is reduced

- by EUR 1,150 (1,185) for international applications for which the international search report or a supplementary international search report has been established by the Austrian Patent Office, or in accordance with the Protocol on Centralisation by the Finnish Patent and Registration Office (PRH), the Nordic Patent Institute, the Spanish Patent and Trademark Office, the Swedish Intellectual Property Office (PRV), the Turkish Patent and Trademark Office (Turkpatent) or the Visegrad Patent Institute.

The search fee is refunded fully or in part where the supplementary European search report is based on an earlier search report prepared by the Office.

The examination fee is reduced by 75% where the international preliminary report on patentability (Chapter II) has been established by the EPO.18

Furthermore, in certain cases the examination fee is reduced by 30% for language reasons.18

**Special requirements of the Office (PCT Rule 51bis):**

19 Name, country and place of residence of the inventor if they have not been furnished in the “Request” part of the international application or in a declaration in accordance with PCT Rule 4.17(i)

Address, nationality and residence of the applicant if they have not been furnished in the “Request” part of the international application.

Appointment of an agent if the applicant has neither a residence nor his principal place of business within the territory of one of the Contracting States of the European Patent Convention.

Furnishing of a nucleotide and/or amino acid sequence listing in electronic form if it is not otherwise available to the EPO.

---

16 See the Decision of the EPO’s Administrative Council dated 15 December 2021 (CA/D 13/21), OJ EPO 2022, A2.

17 See footnote 4.

18 See also paragraph EP.14 of National Chapter EP and OJ EPO 2/2014, A23.

19 If not already complied with within the time limit applicable under PCT Article 22 or 39(1) (31 months from the priority date), the Office will invite the applicant to comply with the requirement within two months. In respect of nucleotide and/or amino acid sequence listings, see also OJ EPO 6/2011, page 372 and OJ EPO 11/2013, page 542.

(17 March 2022)
THE PROCEDURE IN THE NATIONAL PHASE

Detailed information on the procedure before the EPO as designated Office and as elected Office can also be found in Chapter 5 of the “Euro-PCT Guide” (“PCT procedure before the EPO”), available on the EPO website www.epo.org/applying/international.html

EP.01 FORM FOR ENTERING THE NATIONAL PHASE. The EPO has available a special form for entering the national phase (EPO Form 1200–see Annex EP.II).

The EPO strongly recommends that applicants use the latest version of this form which contains detailed explanatory notes. The form is also available on the EPO’s website: www.epo.org/applying/forms-fees/forms.html. The form may be filed electronically (using EPO Online Filing (OLF), Online Filing 2.0 or the EPO Web-Form Filing service (see OJ EPO 2021, A42).

EP.02 LANGUAGE OF PROCEEDINGS. The language of proceedings is one of the EPO official languages (English, French or German). If the international application has been published in one of those languages, this language is the language of proceedings; if not, the language of the translation which must be submitted upon entry into the European phase will be the language of the proceedings (see paragraph EP.03). The language of proceedings cannot be changed subsequently.

In written proceedings, the applicant may use any official language of the EPO. However, amendments (see paragraph EP.18) to the application itself must be filed in the language of the proceedings.

EP.03 TRANSLATION OF THE APPLICATION. If the Euro-PCT application was not published by the International Bureau in an official language of the EPO (English, French, German), the applicant must, within the 31-month time limit, submit to the EPO a translation of the application into one of the official languages (Form 1200, Section 7).

In addition to those elements of the translation which must be furnished within the time limit of 31 months from the priority date (the description, the claims and any text in the drawings as originally filed and the abstract as published), the following elements should also be included:

if the EPO acts as designated Office:

– any amendments made to the claims under PCT Article 19 in the form of a translation of the complete set of claims furnished in replacement of all claims originally filed only if the applicant wishes such amendments to form the basis of further proceedings. The amendments must be submitted together with, if submitted to the International Bureau, the statement under PCT Article 19(1) explaining the amendments and, in every case, the accompanying letter under PCT Rule 46.5(b) in an official language of the EPO. If a translation of the complete set of claims submitted under PCT Article 19 is not furnished or not accompanied by a translation of, if submitted to the International Bureau, the statement under PCT Article 19(1) and, in every case, the accompanying letter under PCT Rule 46.5(b), the amendments under PCT Article 19 will be disregarded for the further proceedings. If only the statement under PCT Article 19(1) is not available in an official language, only that document will be disregarded;

– any indication under PCT Rule 13bis.3 and 13bis.4, i.e., separately furnished reference to deposited biological material;

– any nucleotide and amino acid sequence listing under PCT Rule 5.2(a), unless the text in the sequence listing is available to the EPO in English;

– any request for rectification referred to in PCT Rule 91.3(d) as published in accordance with PCT Rule 48.2(a)(vii).
if the EPO acts as **elected Office**:

- translation of any annexes to the international preliminary report on patentability (Chapter II), i.e. regardless of whether protection is sought for the same version of the application documents as was the subject of that report. If any amendments under PCT Article 19 are annexed to the IPRP (Chapter II), a translation of those amendments must also always be filed.

If the applicant wishes the amendments to the claims made before the IB under PCT Article 19 to form the basis of the procedure before the EPO as elected Office, and these amendments are not annexed to the IPRP (Chapter II) (for instance because they were considered reversed by an amendment under PCT Article 34), then these amendments must also be furnished in translated form, as otherwise they will be disregarded for the further proceedings. Any statement under PCT Article 19(1) and, in every case, the letter under Rule PCT 46.5(b) must also be furnished in an official language of the EPO. If only the statement under PCT Article 19(1) is not available in an official language, only that document will be disregarded.

If the translation of all annexes to the IPRP (Chapter II) is not filed in due time, the applicant is invited to furnish the missing translation within two months of notification of a communication. If the applicant fails to comply, the Euro-PCT application is deemed to be withdrawn. The applicant may request further processing (or re-establishment of rights under PCT Rule 49.6 if the application is deemed withdrawn because the translation was not filed in due time. However, the fee is higher and stricter requirements apply. Therefore, this remedy has only advantages if the period for requesting further processing has already expired).

**EP.04  TRANSLATION (CORRECTION).** Errors in the translation of the international application can be corrected with reference to the text of the international application as filed (see National Phase, paragraphs 6.002 and 6.003).

**EP.05  FEES (METHOD OF PAYMENT).** The method of payment of the fees indicated in the Summary and in this Chapter is outlined in Annex EP.1. Payments via a deposit account held with the EPO are only accepted if made online, i.e. in an electronically processable format (XML), using, e.g. the electronic EPO filing forms, the Online Fee Payment in Online services or the Central Fee Payment service (see OJ EPO 2021, A61). This also applies to automatic debit orders. Furthermore, any refund instructions to a deposit account must also be filed in an electronic processable format. For more details, see Extract from the Arrangements for deposit accounts (ADA) and their annexes in Annex EP.1 and the Supplementary publication 4 to OJ EPO 2019.

**EP.05a  FILING FEE.** Within the 31-month time limit the European filing fee must be paid. This fee is composed of a basic fee and an additional fee which is due for the 36th and each subsequent page of the application. The additional fee is referred to as the “page fee”. The basic fee is reduced where EPO Form 1200 is filed via EPO Online Filing, Online Filing 2.0 or the EPO Web-Form Filing service. If the basic filing fee and/or, where applicable, the page fee, is not paid in full in due time, the application will be deemed withdrawn. In addition, the Euro-PCT application will not be considered as comprised in the state of the art under EPC Article 54(3).

**EP.05b  PAGE FEE.** As a general rule, the page fee is based on the international application as published, regardless of the language of publication. The pages of the description, claims and drawings are counted, plus one page in total for any pages with the bibliographic data and the abstract. Amended claims under PCT Article 19 and/or PCT Article 34 are also considered part of the international publication and must be taken into account unless the applicant has indicated that the procedure in the European phase is not to be based on them. If (parts of) the description and/or claims are amended on entry into the European phase, the amended pages of the description and the amended set of claims replace the equivalent pages of the international application as published and, consequently, form the basis for calculating the page fee.

However, the calculation of the page fee cannot be based on pages of the description or of the claims drafted partly in an official language of the EPO and partly in another language. Thus, special rules for calculating the page fee apply if the international application was not published in one of the official languages of the EPO and amendments are filed upon entry into the European phase. Detailed information regarding the correct calculation of the page fee in such
case is provided in OJ EPO 2009, 338 and in the Guidelines for Examination in the EPO, A-III, 13.2. Completion of section 6 of EPO Form 1200 and the related table serves applicants to clearly indicate to the EPO the documents on which the further proceedings are to be based and to correctly compute the page fee.

Pages with amendments filed after expiry of the 31-month time limit are not taken into account in calculating the page fee. Furthermore, page fees will not be refunded if the number of pages is reduced during the proceedings before the EPO.

EP.06 EUROPEAN DESIGNATION FEE. A (flat) designation fee must be paid within six months from the publication by the International Bureau of the international search report or before the expiration of the time limit applicable under PCT Articles 22(3) and 39(1)(b) and EPC Rule 159 (31 months from the filing date or, if priority has been claimed, the earliest priority date), whichever time limit expires later. If the designation fee is not paid in due time, the Euro-PCT application will be deemed withdrawn.

EP.07 EXTENSION/VALIDATION. International applications entering into the national phase at the EPO (European phase) can be extended to or validated in certain States which have concluded an Extension or Validation Agreement to that effect with the European Patent Organisation (they are indicated in the Summary), provided the Extension/Validation Agreement with the EPO was in force at the international filing date, the State concerned was designated for a national patent in the international application and the respective extension/validation fees have been paid, the amount of which is indicated in Annex EP.I. For payment of the extension/validation fee, the provisions for payment of the European designation fees apply mutatis mutandis. The request for extension/validation for a state is deemed withdrawn if the extension/validation fee is not paid to the EPO within the time limit laid down in the EPC for the payment of the designation fee (EPC Rule 159(1)(d) and EPC Rule 39(1), see paragraph EP.06). If the designation fee was paid but none of the extension/validation fees have been paid, no communication pointing out the failure to observe the time limit for payment of the extension/validation fees is issued. However, the applicant may still pay an extension/validation fee after expiry of the (basic) time limit for payment of the designation fee and the extension/validation fees with a 50% surcharge within a grace period of two months as from expiry of the basic time limit. Furthermore, where in the absence of payment of the designation fee in due time further processing can be requested in respect of the designation fee, the applicant may within two months from notification of the communication of the loss of rights also pay the extension/validation fee(s) with a 50% surcharge (see Guidelines for Examination in the EPO, A-III, 12.2). When an extension State accedes to the EPC, the Extension Agreement remains applicable to international applications filed prior to the date of accession.

EP.08 CLAIMS FEES. If the application documents on which the European grant procedure is to be based contain more than fifteen claims, a claims fee is payable within the 31-month period in respect of the sixteenth and each subsequent claim. A higher claims fee is payable in respect of the 51st and each subsequent claim. The claims fees must be calculated on the basis of the number of claims specified to form the basis for the further proceedings on entry into the national phase (that is, where amendments have been filed, the claims as amended under PCT Article 19 or 34(2) or the claims as submitted by the applicant under PCT Article 28 or 41 upon entering the national phase), unless the applicant uses the opportunity to amend the claims in response to the communication pursuant to EPC Rules 161 and 162 referred to in paragraph EP.18, the claims thus amended being then used as the basis for calculation of the claims fee and for the further proceedings. Where the applicant fails to pay the correct amount of the claims fees within the 31-month time limit, the EPO will invite him to pay the missing amount within the non-extendable six-month time limit set in the communication under EPC Rules 161 and 162. Where the number of claims changes as a consequence of a later (further) amendment filed in response to the communication pursuant to Rules 161 and 162, that number is to be used as the basis for calculating the amount of the claims fees to be paid. Where a claim fee is not paid in due time, a noting of loss of rights (EPC Rule 112(1)) is issued, giving the applicant the opportunity to request further processing (EPC Article 121) by paying the missing claims fee(s) together with the applicable fee for further processing within a period of two months from notification of the communication. If
not paid within that period, the claim(s) concerned shall be deemed to be abandoned. Features of a claim deemed to have been abandoned and which are not otherwise to be found in the description or drawings cannot subsequently be reintroduced into the application and, in particular, the claims.

EP.09 DESIGNATION OF THE INVENTOR. A designation of inventor must only be filed upon entry into the European phase if within the 31-month time limit the inventor has not been designated or certain information, e.g. the country or place of residence, is missing. If not filed upon entry, the EPO will invite the applicant to file the missing information within two months from the notification of a communication under Rule 163(1) or (4) EPC. If the missing information is not furnished within the two-month time limit, the application is refused. For further details, see the form for such designation in Annex EP.III. Legalization is not required.

EP.10 APPOINTMENT OF AN AGENT AND POWER OF ATTORNEY. Natural and legal persons having either their residence or their principal place of business within the territory of one of the EPC contracting states may act on their own behalf in proceedings before the EPO (EPC Article 133(1)). Natural and legal persons not having either a residence or their principal place of business within the territory of one of the EPC contracting states must be represented by a professional representative and act through him in all proceedings established by the EPC (see the Summary, “Who can act as agent?”). In case of failure to appoint the required professional representative, the applicant will be invited by the EPO to do so within two months. If the deficiency is not corrected in due time, the application is refused. Nevertheless, the applicant may act on his own behalf within the 31-month time limit applicable under PCT Articles 22(3) and 39(1)(b) and EPC Rule 159(1). Under no circumstances, however, may the applicant act through his agent appointed during the international phase if the latter is not an agent entitled to practice before the EPO. Payments can be made by anybody. A power of attorney (“Authorisation” or “General Authorisation”), see samples given in Annexes EP.IV and EP.V, respectively, generally, need not be filed by an agent who is a professional representative entered on the list maintained by the EPO. It is, however, necessary that he informs the EPO of his appointment. This applies even if the professional representative was appointed for the international phase, unless he was at the same time also explicitly appointed for the European phase before the EPO acting as Receiving Office. Legal practitioners entitled to practice before the EPO and employees representing an applicant under EPC Article 133(3) who are not professional representatives must always file a signed authorization or a reference to a general authorization already on file (for details, see the Decision of the President of the EPO dated 12 July 2007 on the filing of authorizations, OJ EPO 2007, Special edition No. 3, 128 et seq.). Only where the EPO acted as receiving Office and the authorization expressly empowered the legal practitioner or employee to act before the EPO in the national phase, is a new authorization not required. In the cases where a power of attorney is required, the EPO will invite the applicant or agent to file it within a period to be specified. If the authorization is not filed in due time, any procedural steps taken by the agent will be deemed not to have been taken.

EP.11 RENEWAL FEES. They are payable for the third and each subsequent year following the international filing date. Payment must be made before the expiration of the month containing the anniversary of the international filing date. Payment can then still be made, together with a 50% surcharge for late payment, before the expiration of the sixth month after the month containing the anniversary of the international filing date. It is to be noted that a renewal fee which is due within the 31-month time limit applicable under PCT Articles 22(3) and 39(1)(b) can be paid without surcharge up to the expiration of the 31-month time limit. The renewal fee can still validly be paid within six months after the expiration of the 31-month time limit, subject to the payment of the 50% surcharge. If the renewal fee is not paid within the six-month period, the application is deemed to be withdrawn. The failure to meet the time limit for paying the renewal fee with surcharge may be remedied by filing a request for re-establishment of rights (EPC Article 122, EPC Rule 136). The amounts of the renewal fees are indicated in Annex EP.I. For the calculation of aggregate time limits, see OJ EPO 1993, 229, point II-3. The renewal fee in respect of the third year may not be validly paid more than six months before it falls due. All other renewal fees may not be validly paid more than three months before they fall due.
EP.12 **REQUEST FOR EXAMINATION.** A European patent will be granted only if the substantive examination of the application shows it to meet the requirements of the EPC. Examination will only start upon explicit request. The request may be made by using the form referred to in paragraph EP.01 (see pre-crossed box 4.1 of EPO Form 1200, Annex EP.II). The request for examination is not deemed to be filed until after the examination fee has been paid.

EP.13 **TIME LIMIT FOR REQUESTING EXAMINATION.** Examination must be requested within six months from the publication by the International Bureau of the international search report or before the expiration of the time limit applicable under PCT Articles 22(3) and 39(1)(b) and EPC Rule 159(1) (31 months from the filing date or, if priority has been claimed, from the earliest priority date), whichever time limit expires later. If the request for examination is not filed or the examination fee (see paragraph EP.14) is not paid in due time, the Euro-PCT application is deemed to be withdrawn.

EP.14 **FEE FOR EXAMINATION.** The request for examination is only effective if the examination fee has been paid. That fee must therefore be paid within the time limits set out in paragraph EP.13. The amount of the said fee is indicated in Annex EP.I.

(i) It is reduced by 75% where an international preliminary report on patentability (Chapter II) has been established by the EPO. If the report was established on certain parts of the international application, the reduction is allowed only if examination is to be performed on subject matter covered by the report.

(ii) Furthermore, a 30% reduction in the examination fee is available to SMEs, natural persons, non-profit organizations, universities or public research organizations having their residence or principal place of business in a EPC contracting state with an official language other than English, French or German if they file the request for examination in an official language of that state (“admissible non-EPO language”) and declare themselves to be entitled to do so (EPC Rule 6(6)). Since the request for examination is only effective if the examination fee has been paid, the request for examination in an admissible non-EPO language may still be filed up until the examination fee is paid. If the request for examination in an admissible non-EPO language is filed subsequently, it must be accompanied by a translation of the request for examination in the procedural language. (See Annex EP.II, EPO Form 1200, page 2, box 4).

(iii) If the conditions for both reductions are fulfilled, the examination fee is first reduced by 75%. The 30% reduction is applied to the resulting total and not to the full fee. Therefore, the total reduction in relation to the full fee is 82.50%.

The examination fee is refunded in full if the application is withdrawn, refused or deemed to be withdrawn before substantive examination has begun. Fifty percent of the examination fee is refunded if the application is withdrawn, refused or deemed to be withdrawn after the examining division has begun but before expiry of the time limit for replying to the first invitation under Article 94(3) EPC issued by the examining division, or if no such invitation has been issued, before the date of the communication under Rule 71(3) EPC.

EP.15 **CONSEQUENCES OF NON-FULFILMENT OF CERTAIN REQUIREMENTS.** EPC Rule 160 provides that if either the translation of the international application or the request for examination is not filed in due time or if the filing fee, including any additional fee for pages exceeding 35, the search fee, the examination fee or the designation fee is not paid in due time, the European patent application is deemed withdrawn. In these circumstances, the applicant will be informed of the deemed withdrawal and EPC Rule 112(2) shall apply. However, the loss of rights shall be deemed not to have occurred if, within two months of the EPO notification, further processing is requested by payment of the respective fee(s) for further processing and the omitted act is completed.

If the applicant neither files the request for examination nor pays the examination fee in due time, further processing must be requested in respect of both omissions, i.e. in respect of filing the request for examination and payment of the examination fee. It follows that the applicant must file the request for examination and pay the examination fee together with two fees for further processing: a flat fee for further processing in respect of the request for examination and 50% of the examination fee.
EP.16a **SUPPLEMENTARY EUROPEAN SEARCH.** As a rule, a supplementary European search must be performed for each international application entering the European phase and a search fee must be paid.

The supplementary European search will be based on the last set of (amended) claims available to the EPO on the date of expiry of the time limit set under EPC Rule 161(2). Thus, any amendment to the claims which has been filed up to that date will be taken into account (see paragraph EP.18).

Where the request for examination was filed before transmittal of the supplementary European search report, which is usually the case, the EPO invites the applicant, after transmittal of the supplementary European search report, to indicate whether he wishes to proceed further with the application before the EPO. The applicant may waive the right to receive such communication by informing the EPO thereof in due time.

- If the applicant does not wish to proceed further, he may withdraw the application or he may refrain from answering the invitation within the time limit fixed in it and the application is deemed to be withdrawn. If the applicant wishes to proceed further, he must notify the EPO accordingly. He may, at the same time, respond to the supplementary European search report by filing amendments and/or comments on his application. The applicant is required to reply to a search opinion within the time limit set by the EPO in its communication under EPC Rule 70a(2) if the EPO has issued a negative written opinion (see Guidelines for Examination in the EPO, B-XI, 8 and EP.18).

No supplementary European search performed:

Dispensation applies and no search fee is to be paid if the international search report (or supplementary international search report)\(^1\) was established by the EPO. In this case the applicant will be invited to comment on the written opinion of the ISA or on the IPRP (Chapter II), or on the supplementary international search report and to correct, if appropriate, any deficiencies noted therein and to amend the application within six months\(^2\) from notification of the invitation (EPC Rule 161(1)); see Guidelines for Examination in the EPO, E-IX, 3.2 for more details.

EP.16b **SEARCH FEE.** If a supplementary European search report is to be established, the search fee must be paid within the 31-month time limit, and may be reduced as follows:

by EUR 1,150 where the international search report was drawn up by the Austrian Patent Office, the Finnish Patent and Registration Office, the Nordic Patent Institute, the Spanish Patent and Trademark Office, the Swedish Intellectual Property Office (PRV), the Turkish Patent and Trademark Office (Turkpatent) or the Visegrad Patent Institute. This reduction also applies when a supplementary international search was established by the Austrian Patent Office, the Finnish Patent and Registration Office, the Nordic Patent Institute, the Swedish Intellectual Property Office (PRV), the Turkish Patent and Trademark Office (Turkpatent) or the Visegrad Patent Institute.

If the application claims the priority of an earlier application for which a search was carried out by the EPO, (a part of) the fee paid for the supplementary European search may be refunded. The level of any refund depends on the type of the earlier search and the extent to which the EPO benefits from the earlier search report when carrying out the supplementary search.

EP.17 **NUCLEOTIDE AND AMINO ACID SEQUENCES.** If a Standard-compliant sequence listing in TXT format is contained in the international application under PCT Rule 5.2, furnished to the EPO acting as ISA/SISA or IPEA under PCT Rule 13ter.1(a) or made accessible to the EPO by other means, the applicant does not have to submit the Standard-compliant sequence listing again in TXT format on entry into the regional phase before the EPO as designated or elected Office.

Where, however, a Standard-compliant sequence listing in TXT format is not available to the EPO on the expiry of the period under Rule 159(1) EPC, the applicant will be invited to file a Standard-compliant sequence listing in TXT format within a non-extendable period of two

---

1 Applicable as from 1 July 2010 (see OJ EPO 12/2009, 594).
2 Applicable as from 1 May 2011 (see OJ EPO 12/2010, 634).
EP.18 AMENDMENT OF THE APPLICATION; TIME LIMITS. For the purpose of the procedure before the EPO as designated/elected Office the applicant may always file (voluntary) amendments within the 31-month time limit, and if he subsequently changes his mind he may file (further) amendments until expiry of the time limit set in the combined communication under EPC Rules 161 and 162. The applicant may also be required to file (mandatory) amendments to and/or comments on the application within the time limit set in the communication under EPC Rules 161 and 162. Whether or not a response is mandatory is clearly stated in the communication, its wording thus differing depending on the case (EPO Forms 1226AA, 1226BB or 1226CC).

The communication under EPC Rules 161 and 162 is issued for each application promptly once the application has entered the European phase and on condition that the ISR is available to the EPO. This means that it is also issued if the applicant has already filed, with Form 1200 or thereafter, amendments and/or comments to form the basis for the procedure in the European phase. Pursuant to EPC Rules 161 and 162 the time limit set in the communication is six months. This time limit cannot be extended.

In order to accelerate the grant procedure the applicant can waive his right to the Rule 161/162 communication by crossing the box in Section 12.2, first checkbox, of EPO Form 1200. The waiver will only be effective if any claims fees due for the set of claims indicated as the basis for the procedure in the European phase have been paid and any mandatory substantive response to the WO-ISA / the IPRP (Chapter II) / the SISR, established by the EPO, was filed on entry into the European phase.

After expiry of the six-month time limit further possibilities for amending the application are limited. If no supplementary European search is carried out, it is at the discretion of the examining division to allow amendments. If a supplementary European search is carried out, the applicant always has one further opportunity to submit amendments upon receipt of the report. Thus, after issuance of the supplementary European search report the applicant may, first of all, comment on both the report and the search opinion and file (voluntary) amendments to the description, claims and drawings within the period specified in the communication under EPC Rule 70a(2) for indicating whether he wishes to proceed further with the application. Secondly, if any deficiencies are noted in the search opinion, the applicant will be required under EPC Rule 70a(2) to respond to the objections made. The application will be deemed withdrawn if the applicant does not submit a substantive reply to the communication under EPC Rule 70a(2) (“mandatory response”). The loss of rights can be remedied by requesting further processing. Amendments made thereafter require the consent of the examining division.

Amendments may under no circumstances go beyond the disclosure in the international application as filed.

Whenever amendments are filed, the applicant must identify them and indicate their basis in the

(10 March 2022)
application as filed. If he fails to do so, the examining division may issue a communication requesting correction of the omission within a non-extendable time limit of one month. If the deficiency is not remedied in due time, the application will be deemed withdrawn under EPC Article 94(4). The loss of rights can be remedied by requesting further processing.

EP.19 **GRANTING OF THE EUROPEAN PATENT.** Prior to the decision to grant the European patent, the applicant will receive a communication containing both the text in which the Examining Division intends to grant the European patent and an invitation to pay the grant and printing fees and to supply a translation of the claims in the two other official languages of the EPO. Performance of these acts implies approval of the text.³ If applicable, the communication will also include an invitation to pay additional claims fees.

EP.20 **FEE FOR GRANT, INCLUDING FEE FOR PUBLISHING AND CLAIMS FEE.** The amounts of the fees are indicated in Annex EP.I. They must be paid within four months from the communication pursuant to EPC Rule 71(3) referred to in paragraph EP.19.

EP.21 **TRANSLATION OF CLAIMS.** Within the same period, the claims must be translated into the two official languages of the EPO which are not the language of proceedings (see paragraphs EP.02 and EP.19).

EP.22 **EARLY PROCESSING OF NATIONAL PHASE.** If the applicant wishes the processing and the examination of his application to start earlier than the expiration of the time limit applicable under PCT Article 22(3) or 39(1)(b), he must file an express request for early processing. The request can be made by ticking the checkbox outlined in paragraphs 6.018 to 6.021 of the National Phase. At the request of the applicant, the EPO may review whether a refusal by the receiving Office to accord a filing date, or a declaration on the part of the receiving Office that a Euro-PCT application or the designation of a state is considered withdrawn, or a finding by the International Bureau under PCT Article 12(3) is the result of an error or omission on the part of the authority concerned, in which case the Euro-PCT application can proceed as a European application.

To obtain such a review by the EPO as designated/elected Office, applicants must, within the two-month time limit under PCT Rule 51.1, request the International Bureau under PCT Article 25(1) to send copies of documents in the files promptly to the EPO as designated Office. Furthermore, the filing fee under EPC Rule 159(1)(c) must be paid and, where required, a translation of the Euro-PCT application furnished within the same two-month time limit (PCT Rule 51.3).

Applicants are recommended to undertake the remaining steps for entry into the European phase under EPC Rule 159(1) at the same time.

If, upon review under PCT Article 25, the EPO denies an error or omission on the part of the receiving Office or the International Bureau, a notice of appeal against this decision may be lodged within two months from the date of receipt of the decision. Within the same two-month time limit, a fee for appeal must be paid (for the amount, see Annex EP.I). Within four months from the date of receipt of the decision, grounds substantiating the notice of appeal must be filed. The Board of Appeal will then decide on the appeal.

EP.24 **EXCUSE OF DELAYS IN MEETING TIME LIMITS.** Reference is made to paragraphs 6.022 to 6.028 of the National Phase and to paragraph EP.15.

EP.25 **FURTHER PROCESSING.** Further processing of the application may be requested where the applicant has missed a time limit during the international or the national phase in respect of which further processing is not ruled out under Rule 135(2). If the request is granted, this has the effect that the legal consequence of the failure to observe the time limit

³ For information concerning amended Rule 71 and new Rule 71a EPC, see the Notice from the European Patent Office dated 13 December 2011, OJ EPO 2/2012, 52.
is deemed not to have ensued. It must be made by completing the omitted act(s), as applicable, and payment of the fee(s) for further processing, the amount of which is indicated in Annex EP.I, within two months of the notification of the notiﬁcation of loss of rights (EPC Rule 112(1)). The fee for further processing varies depending on whether the loss of rights occurred due to an omitted act (flat rate fee) or the late payment of a fee (50% of that fee). In some cases, both fees for further processing have to be paid, e.g. if further processing is requested for the late ﬁling of the request for examination and the late payment of the examination fee (see paragraph EP.15).

EP.26 RE-ESTABLISHMENT OF RIGHTS. Re-establishment of rights may be requested where the applicant lost any right because, in spite of all due care required by the circumstances having been taken, he was unable to observe a time limit during the international or the national phase. An application for re-establishment must be ﬁled in writing within two months from the removal of the cause of non-compliance with the time limit(s) but not later than one year from the expiration of the time limit(s) which have not been observed. Within the said two months, the omitted act(s) must be completed, the respective fee(s) for re-establishment of rights (see Annex EP.I) must be paid and the request must state the grounds on which it is based and must set out the facts on which it relies. However, re-establishment of rights is ruled out in respect of any period for which further processing under EPC Article 121 is available. See Guidelines for Examination in the EPO, E-IX, 3 for more details.

EP.27 PRIORITY DOCUMENTS. Where the priority of an earlier application is claimed for a Euro-PCT application, the priority document is sent by the International Bureau to the EPO, if the International Bureau received the priority document from the receiving Ofﬁce or directly from the applicant or was able to retrieve it from a digital library. The EPO will, at the request of the applicant, include free of charge in the ﬁle of the European patent application a copy of the previous application from which priority is claimed, if it can be retrieved via the WIPO Digital Access Service (DAS), using the indicated DAS access code. Where for any reason the priority document has not been submitted by the time of entry into the national phase, the applicant will be invited to furnish the missing document(s) within two months from the date of the notification under EPC Rule 163(2). This time limit cannot be extended. If the priority document or the application number is not submitted within that time limit, the priority right is lost. The loss of rights may be remedied by requesting further processing.

A priority document may be ﬁled in electronic form with the EPO only if it is digitally signed by the issuing authority and the signature is accepted by the EPO. A priority document cannot be ﬁled by fax or Web-Form Filing.

No obligation to furnish the priority document:

The EPO as designated/elected Ofﬁce will include a copy of the priority document free of charge in the ﬁle of a Euro-PCT application even without having received a copy from the International Bureau if the priority application is:

- a European patent application;
- an international application ﬁled with the EPO as receiving Ofﬁce.

For Euro-PCT applications having entered the European phase before 1 January 2022, the EPO will also include, free of charge, a copy of the priority document if the priority application is a patent or utility model application ﬁled with the USPTO, KIPO or CNIPA.

For Euro-PCT applications entering the European phase on or after 1 January 2022, the EPO will discontinue to include US, Korean or Chinese priority documents in the ﬁle of the Euro-PCT application due to termination of the respective Agreements for the electronic exchange of priority documents (PDX). If for these cases the priority document is still missing on entry of the European phase, the applicant will be notiﬁed thereof and may submit the US, Korean or Chinese priority document via DAS or by ﬁling the certiﬁed copy under Rule 53(1) EPC.

Where the language of priority documents is not one of the oﬃcial languages of the EPO (English, French or German) and the validity of the priority claim is relevant to the determination of the patentability of the invention concerned, the applicant is invited to ﬁle, within the time limit speciﬁed by the EPO, a translation in one of these three languages or a declaration that the international application is a complete translation of the priority application. Failure to comply with this invitation will result in the loss of the right of the relevant priority.

(10 March 2022)
For further information see Guidelines for Examination in the EPO, A-III, 6.8.

**EP.28 RESTORATION OF PRIORITY.** If the international application was filed more than 12 months from the filing date of the earlier application whose priority is claimed, the applicant may file or resubmit a request for restoration of priority with the EPO as designated/elected Office.

A request for restoration of the right of priority under PCT Rule 49ter.2 may be granted provided the following requirements are met:

- the filing date is within two months from the date on which the priority period expired (PCT Rule 26bis.2(c)(iii));
- the failure to claim the right of priority within the priority period occurred in spite of all due care required by the circumstances having been taken; thus, the requirement of due care is applied by the EPO in accordance with its standing practice under EPC Article 122;
- the request for restoration of priority is filed within one month from the date on which the 31-month time limit for entry into the European phase expired (PCT Rule 49ter.2(b)(i)), or within one month from the receipt of a request for early processing (PCT Articles 23(2) or 40(2));
- the fee for restoration of priority levied by the EPO is duly paid within the same time limit (PCT Rule 49ter.2(b)(iii));
- the request for restoration of priority is accompanied by a statement of reasons for the failure and is preferably accompanied by any declaration or other evidence in support of the statement of reasons (PCT Rule 49ter.2(b)(ii)).

**EP.29 PROOF OF ENTITLEMENT TO CLAIM PRIORITY.** The applicant claiming the priority from a previous application must be the applicant of the latter or the successor in title to the applicant who filed the previous application. If the previous application was not filed by the applicant and the previous application or the priority right was transferred to him, the transfer (of the previous application or of the priority right) must have taken place before the filing date of the international application and must be a transfer valid under the applicable national law.

If the previous application was filed by several applicants, all the applicants for the previous application must be applicants for the international application or have transferred their rights to the applicant, or (at least) one of the applicants, of the international application. It is not sufficient if only one of several applicants of the previous application is named as applicant for the international application.

Proof of entitlement to claim the priority of an earlier application must be submitted in the proceedings before the EPO (only) if the validity of the priority right claimed becomes relevant. However, in order to enjoy in proceedings before the EPO a priority right as successor in title a transfer of the previous application or of the priority right must have taken place before the filing date of the international application. Any deficiencies cannot be remedied in the national phase before the EPO. Thus, applicants claiming the priority of a previous application and planning to enter the national phase before the EPO are strongly advised to ensure that on the international filing date all applicants of the previous application are either designated as applicants for the international application or have validly transferred their rights to the applicant, or (at least) one of the applicants, of the international application.

**EP.30 LACK OF UNIT.** If upon expiry of the time limit set in the communication under EPC Rules 161 and 162 for filing amendments, the documents that serve as the basis for the supplementary European search or for examination contain claims relating to an invention that was not searched by the EPO, and the application documents do not meet the requirement of unity of invention, the procedure under EPC Rule 164 applies (see OJ EPO 2014, A70).
The EPO did not act as (S)ISA:

- In this case the EPO draws up a partial supplementary European search report on those parts of the application which relate to the invention first mentioned in the claims and informs the applicant that, for the supplementary European search report to cover the other inventions, a further search fee must be paid in respect of each invention involved, within two months.

The EPO acted as (S)ISA:

- Where the supplementary European search report is dispensed with (see EP.16a) and the examining division considers that in the application documents which are to serve as the basis for examination an invention is claimed which was not searched by the EPO as (S)ISA, the examining division shall inform the applicant that a search will be performed in respect of any such invention for which a search fee is paid within a period of two months.

**PCT Rule 20.5bis(d)**

In the international phase, under PCT Rule 20.5bis(d), it is possible to incorporate by reference correct elements or parts into the application as originally filed without changing the international filing date, provided the requirements of PCT Rule 20.5bis(d) are fulfilled. However, where the receiving Office has allowed the incorporation of correct elements or parts, such incorporation will not be effective before the EPO as designated or elected Office due to the incompatibility of PCT Rule 20.5bis(d) with the EPC (see "International Phase", paragraph 6.027).

In such cases, applicants may inform the EPO within the 31-month time limit under EPC Rule 159(1), or at the latest before a corresponding communication is issued, on the basis of which documents they wish to pursue the Euro-PCT application:

a) on documents containing the correct elements or parts and with the filing date changed to the date of receipt of those elements or parts, or

b) on the documents as originally filed and based on the initial filing date. In such case, the correct elements or parts incorporated by reference are disregarded.

If no such information is present on entry into the European phase, the EPO will send a communication under PCT Rule 20.8(c) and Rule 82ter.1(c) and (d) to clarify the situation for the proceedings before the EPO as designated or elected Office.
FEES

(Currency: Euro)\(^1\)

Filing fee:\(^2\)

\begin{itemize}
  \item for online filings \hfill 125 (130)\(^3\)
  \item for non-online filings \hfill 260 (270)\(^3\)
\end{itemize}

Additional fee for pages in excess of 35, for the 36\(^{th}\) and each subsequent page \hfill 16

Additional fee in the case of a divisional application filed in respect of any earlier application which is itself a divisional application

\begin{itemize}
  \item fee for a divisional application of second generation \hfill 220 (225)\(^3\)
  \item fee for a divisional application of third generation \hfill 440 (455)\(^3\)
  \item fee for a divisional application of fourth generation \hfill 660 (680)\(^3\)
  \item fee for a divisional application of fifth or any subsequent generation \hfill 885 (910)\(^3\)
\end{itemize}

Designation fee for one or more EPO Contracting States designated \hfill 610 (630)\(^3\)

Extension fee for each extension State (extension of the European patent to certain States which are not EPO Contracting States—see Summary) \hfill 102

Fee for validation of the European patent in:

\begin{itemize}
  \item Cambodia\(^4\) \hfill 180
  \item Morocco\(^5\) \hfill 240
  \item Republic of Moldova\(^6\) \hfill 200
  \item Tunisia\(^7\) \hfill 180
\end{itemize}

Claims fee:

\begin{itemize}
  \item for the 16\(^{th}\) and each subsequent claim up to the limit of 50 \hfill 245 (250)\(^3\)
  \item for the 51\(^{st}\) and each subsequent claim \hfill 610 (630)\(^3\)
\end{itemize}

Search fee in respect of a European or supplementary European search:

\begin{itemize}
  \item for international applications filed before 1 July 2005 \hfill 920 (950)\(^3\)
  \item for international applications filed on or after 1 July 2005 \hfill 1,350 (1,390)\(^3\)
\end{itemize}

Fee for further processing:

\begin{itemize}
  \item in the event of late payment of a fee \hfill 50\% of the relevant fee
  \item in the event of late performance of the acts under Rule 71(3) EPC \hfill 265 (275)\(^3\)
  \item other cases \hfill 265 (275)\(^3\)
\end{itemize}

Fee for late furnishing of a sequence listing \hfill 240 (245)\(^3\)

Examination fee:

\begin{itemize}
  \item for international applications filed before 1 July 2005 \hfill 1,900 (1,955)\(^3\)
  \item for international applications filed on or after 1 July 2005 for which no supplementary European search report is drawn up \hfill 1,900 (1,955)\(^3\)
  \item for all other international applications filed on or after 1 July 2005 \hfill 1,700 (1,750)\(^3\)
\end{itemize}

Renewal fees for European patent applications:\(^8\)

\begin{itemize}
  \item for the 3\(^{rd}\) year counted from the international filing date \hfill 490 (505)\(^3\)
  \item for the 4\(^{th}\) year counted from the international filing date \hfill 610 (630)\(^3\)
  \item for the 5\(^{th}\) year counted from the international filing date \hfill 855 (880)\(^3\)
\end{itemize}

---

\(^1\) This list is based on the Schedule of fees and expenses of the European Patent Office. For the currently valid version of this Schedule reference is made to the Guidance for the payment of fees and expenses, in the latest issue of the OJ EPO on to the EPO’s website.

\(^3\) The amount in parentheses is applicable as from 1 April 2022.

\(^4\) Validation of the European patent in Cambodia is only available for international applications filed on or after 1 March 2018.

\(^5\) Validation of the European patent in Morocco is only available for international applications filed on or after 1 March 2015.

\(^6\) Validation of the European patent in the Republic of Moldova is only available for international applications filed on or after 1 November 2015.

\(^7\) Validation of the European patent in Tunisia is only available for international applications filed on or after 1 December 2017.

\(^8\) The obligation to pay renewal fees to the EPO ceases with the payment of the renewal fee due in respect of the year during which the grant of the European patent has been published in the European Patent Bulletin.

(17 March 2022)
– for the 6th year counted from the international filing date .......................... 1,090 (1,125)9
– for the 7th year counted from the international filing date .......................... 1,210 (1,245)9
– for the 8th year counted from the international filing date .......................... 1,330 (1,370)9
– for the 9th year counted from the international filing date .......................... 1,450 (1,495)9
– for the 10th and each subsequent year counted from the international filing date .......................... 1,640 (1,690)9
Additional fee for late payment of a renewal fee .......................... 50% of the relevant fee

Fee for grant,10,11 including fee for printing the European patent specification:
– where the application documents to be printed comprise not more than 35 pages .......................... 960 (990)9
– where the application documents to be printed comprise more than 35 pages .......................... 960 (990)9
– plus for the 36th and each subsequent page .......................... 16

Fee for grant,11,12 including fee for publication of the European patent specification .......................... 960 (990)9

Fee for reestablishment of rights/fee for requesting restoration/fee for reinstatement of rights .......................... 665 (685)9

Fee for appeal13 for an appeal filed:
– by a natural person or an entity referred to in Rule 6, paragraphs 4 and 5 .......................... 1,955 (2,015)9
– by any other entity .......................... 2,705 (2,785)9

Extract from the Rules Relating to Fees

Article 5
Payment of fees
(1) The fees due to the Office shall be paid in euro by payment or transfer to a bank account held by the Office.
(2) The President of the Office may allow other methods of paying fees than those set out in paragraph 1.

Article 6
Particulars concerning payments
(1) Every payment must indicate the name of the person making the payment and must contain the necessary particulars to enable the Office to establish immediately the purpose of the payment.
(2) If the purpose of the payment cannot immediately be established, the Office shall require the person making the payment to notify it in writing of this purpose within such period as it may specify. If he does not comply with this request in due time the payment shall be considered not to have been made.

Article 7
Date to be considered as the date on which payment is made
(1) The date on which any payment shall be considered to have been made to the Office shall be the date on which the amount of the payment or of the transfer is actually entered in a bank account held by the Office.
(2) Where the President of the Office allows, in accordance with the provisions of Article 5, paragraph 2, other methods of paying fees than those set out in Article 5, paragraph 1, he shall also lay down the date on which such payments shall be considered to have been made.
(3) Where, under the provisions of paragraphs 1 and 2, payment of a fee is not considered to have been made until after the expiry of the period in which it should have been made, it shall be considered that this period has been observed if evidence is provided to the Office that the person who made the payments fulfilled one of the following conditions in a Contracting State within the period within which the payment should have been made:
(i) he effected the payment through a banking establishment;
(ii) he duly gave an order to a banking establishment to transfer the amount of the payment
(4) The Office may request the person who made the payment to produce evidence as to the date on which a condition according to paragraph 3 was fulfilled within a period to be specified by it. If he fails to comply with this request or if the evidence is insufficient, the period for payment shall be considered not to have been observed.

9 See footnote 3.
10 Applicable to international applications entering the regional phase before 1 April 2009.
11 See footnote 2.
12 Applicable to international applications entering the regional phase on or after 1 April 2009.
13 See OJ EPO 2018, A4 and A5.

(17 March 2022)
Article 8

Insufficiency of the amount paid

A time limit for payment shall in principle be deemed to have been observed only if the full amount of the fee has been paid in due time. If the fee is not paid in full, the amount which has been paid shall be refunded after the period for payment has expired. The Office may, however, in so far as this is possible within the time remaining before the end of the period, give the person making the payment the opportunity to pay the amount lacking. It may also, where this is considered justified, overlook any small amounts lacking without prejudice to the rights of the person making the payment.

Article 9

Refund of search fees

(1) The search fee paid for a European or supplementary European search shall be fully refunded if the European patent application is withdrawn or refused or deemed to be withdrawn at a time when the Office has not yet begun to draw up the search report.

(2) Where the European search report is based on an earlier search report prepared by the Office on an application whose priority is claimed or an earlier application within the meaning of Article 76 of the Convention or of Rule 17 of the Convention, the Office shall refund to the applicant, in accordance with a decision of its President, an amount which shall depend on the type of earlier search and the extent to which the Office benefits from the earlier search report when carrying out the subsequent search.

Article 11

Refund of examination fee

The examination fee shall be refunded:

(a) in full if the European patent application is withdrawn, refused or deemed to be withdrawn before substantive examination has begun;

(b) at a rate of 50% if the European patent application is withdrawn after substantive examination has begun and before expiry of the time limit for replying to the first invitation under Article 94, paragraph 3, of the Convention issued by the Examining Division proper or, if no such invitation has been issued by the Examining Division, before the date of the communication under Rule 71, paragraph 3, of the Convention.

Article 14

Reduction of fees

(1) The reduction laid down in Rule 6, paragraph 3, of the Convention shall be 30% of the filing fee or examination fee.

(2) Where the European Patent Office has drawn up an international preliminary examination report, the examination fee shall be reduced by 75%. If the report was established on certain parts of the international application in accordance with Article 34, paragraph 3(c), PCT, the fee shall not be reduced if subject-matter not covered by the report is to be examined.

Extract from the Arrangement for deposit accounts which may be used for the settlement of fees or the cost of publications and other services payable to the EPO

1. General provisions

Under Articles 5(2) and 7(2) of its Rules relating to Fees (RFees), the EPO makes available, for any interested natural or legal person (or bodies equivalent to a legal person under the law applicable to them), deposit accounts for paying fees to the EPO. Deposit accounts are kept in euro only, at EPO headquarters in Munich.

2. Formalities for opening and closing an account

2.1 A deposit account may be opened at the request of the prospective account holder. He must provide all the necessary particulars about his person, occupation and address. This is done by completing and submitting the online request form on the EPO website under Applying for a patent -> Fees -> Fee payments and refunds. If his contact details change, the account holder must inform the EPO accordingly, also using the online request form.

2.2 A deposit account may be closed at the signed written request of the deposit account holder or his successors in title, filed by email attachment sent to support@epo.org, or by completing and submitting the online form available on the EPO website under Applying for a patent -> Fees -> Fee payments and refunds together with the
signed written request. From the request it must be evident that the requester and the deposit account holder are the same person.

Successors in title must provide the EPO with documentary proof of their entitlement.

2.5 A deposit account can be reopened at the request of the original account holder, made by selecting the appropriate option in the online request form referred to in point 2.1.

3. Replenishments, repayments of deposit account balances and transfers between deposit accounts

3.1 Once the deposit account has been opened, its number is communicated to the holder, who must then make an initial payment commensurate with his requirements and the intended frequency of replenishment, so as to ensure that there are sufficient funds in the account.

3.2 Payments to replenish deposit accounts must be made into the EPO’s bank account. The payment must include the following information in the reference field of the bank transfer: “replenishment” (or “repl” for short) or “deposit”, followed by the eight-digit number (starting with 28) of the EPO deposit account concerned. Replenishments are credited to the deposit account on the date on which the payment is actually entered in the EPO bank account.

5. Debiting the account

Subject to point 9, deposit accounts may be debited only in respect of fees payable to the EPO in connection with European and PCT proceedings.

5.1 Types of debit orders and accepted means of filing

5.1.1 Debiting occurs only on the basis of an electronic debit order signed by the account holder or the authorised representative. The signature may take the form of a text string signature, a facsimile signature, an enhanced electronic signature, or authentication with smart card if payment is made via Online Fee Payment or Central Fee Payment in Online services.

The debit order may be:
- a debit order for individual fees for one or more applications, i.e. a single or a batch debit order, or
- an automatic debit order for a specific European or international patent application, authorising the EPO to debit fees automatically as the proceedings progress.

5.1.2 The debit order must be filed in an electronically processable format (XML) via one of the following:
- EPO Online Filing or online filing (CMS) using EPO Forms 1001E, 1200E, 2300E or 1038E, or Online Filing 2.0 using EPO Forms 1001E, 1200E or 1038E;
- EPO Online Filing or PCT-SAFE, CMS, and ePCT using the PCT fee calculation and payment feature or Online Filing 2.0 using the PCT fee calculator and payment feature with Forms PCT/RO/101 and PCT/IPEA/401;
- Online Fee Payment or Central Fee Payment in Online services.

5.1.3 Debit orders submitted in any other way, e.g. on paper, by fax, via the Web-Form Filing service or using a different format such as a PDF attachment or the annotation field in the online forms, are invalid and thus will not be carried out. The EPO will inform the party to the proceedings accordingly as a courtesy service. The legal consequence of filing an invalid debit order is laid down in point 5.4.2.

5.4 Payment date

5.4.2 If a debit order is submitted via a non-accepted means of filing or in an invalid format, the date of receipt will not be regarded as the payment date. If this means that a time limit for paying a fee has expired, the party to the proceedings may make use of any of the legal remedies available under the EPC or the PCT.

The following account with the Commerzbank in Germany is available for payments and transfers:
- Nr. 3 338 800 00 (BLZ 700 800 00), IBAN DE20 7008 0000 0333 8800 00, BIC DRESDEFF700, Commerzbank AG, Leopoldstrasse 230, 80807 München, Germany.

E.g. “replenishment 28XXXXXX”, “repl 28XXXXXX” or “deposit 28XXXXXX”.

See point 7 ADA, the Arrangements for automatic debiting (Annex A.1 in this supplementary publication) and information from the EPO concerning the automatic debiting procedure (Annex A.2, loc. cit.).

A party to the proceedings may be e.g. an applicant, opponent, appellant or, if the party is represented, its international agent or European representative.

(17 March 2022)
5.5 Unavailability of the accepted electronic means of filing debit orders

If a payment period expires on a day on which one of the accepted means of filing debit orders under point 5.1.2 is not available at the EPO, the payment period is extended to the first day thereafter on which all such means as are available for the type of application concerned can be accessed again. In the event of a general unavailability of electronic communication services, or if other like reasons within the meaning of Rule 134(5) EPC or Rule 82quater.1 PCT arise, payment periods are extended in accordance with these provisions.

7. Automatic debiting procedure

Deposit account holders may have their accounts debited automatically on the basis of an automatic debit order. The conditions applicable, and in particular the types of proceedings and fees covered, are laid down in the Arrangements for the automatic debiting procedure (AAD).  

8. Refund of fees

8.1 Fees will be refunded to any deposit account that the applicant, proprietor or appellant (if applicant or proprietor) indicates in its refund instructions.

8.2 Refund instructions must be filed in an electronically processable format, via one of the following accepted means of filing so EPO Online Filing, CMS, Online Filing 2.0 and ePCT using EPO Forms 1001E, 1200E, 1038E, PCT Form PCT/RO/101, PCT-SFD (eOLF) or PCT/PEA/401 (eOLF and Online Filing 2.0).

8.3 Refund instructions submitted in any other way, e.g. on paper, by fax, via the Web-Form Filing service or using a different format such as a PDF attachment or the annotation field in the online forms, are invalid and thus will not be processed. The EPO will inform the party concerned accordingly, as a courtesy service. Until valid instructions are filed, the party concerned will be invited to claim any refunds online.

Extract from the decision of the President of the European Patent Office concerning the payment of fees by credit card

The President of the European Patent Office, having regard to Articles 5(2) and 7(2) of the Rules relating to Fees, has decided as follows:

Article 1

Credit card as a method of fee payment

Fees due to the EPO may be paid by credit card under the conditions set forth in the present decision.

Article 2

Conditions for use

Payments by credit card must be made in euro via the EPO’s credit card fee payment service, using a credit card accepted by the EPO.

Article 3

Date of payment

Payment by credit card is deemed to have been made on the date on which the transaction is approved. This date is indicated in the transaction confirmation made available to the payer.

Article 5

Entry into force

This decision enters into force on 1 December 2017.

19 See also notice from the EPO dated 22 October 2020 concerning the procedures and safeguards which apply under the EPC and the PCT in the event of outages of means of electronic filing and other online services (OJ EPO 2020, A120).
20 See Annex A.1 in this supplementary publication. See also Annex A.2 in this supplementary publication for information from the EPO concerning the automatic debiting procedure.
21 If the party is represented, its international agent or European representative.
22 See notice from the EPO dated 20 August 2019 concerning the revised fee refund procedures (OJ EPO 2019, A82).
23 Decision of the President dated 22 August 2017 concerning the payment of fees by credit card: OJ EPO 2017, A72 and Notice from the European Patent Office dated 16 February 2022 concerning the payment of fees by credit card (OJ EPO 2022, A18).
### Eintritt in die europäische Phase (EPA als Bestimmungsamt oder ausgewähltes Amt)

- **Europäische Anmeldenummer oder, falls nicht bekannt, PCT-Aktenzeichen oder PCT-Veröffentlichungsnummer**
- **Zeichen des Anmelders oder Vertreters (max. 15 Positionen)**

### Entry into the European phase (EPO as designated or elected Office)

- **European application number or, if not known, PCT application or PCT publication number**
- **Applicant’s or representative’s reference (max. 15 keystrokes)**

### Entrée dans la phase européenne (l’OEB agissant en qualité d’office désigné ou élù)

- **Numéro de la demande de brevet européen ou, à défaut, numéro de dépôt PCT ou de publication PCT**
- **Référence du demandeur ou du mandataire (15 caractères ou espaces au maximum)**

### 1. Anmelder

- **Anmelder**
  - Die Angaben über den (die) Anmelder sind in der internationalen Veröffentlichung enthalten oder vom Internationalen Büro nach der internationalen Veröffentlichung vermerkt worden.
  - Änderungen, die das Internationale Büro noch nicht vermerkt hat, sind auf einem Zusatzblatt angegeben.
  - Fehlende Angaben über den oder die Anmelder sind auf einem Zusatzblatt angegeben.

- **Address for correspondence**
  - (siehe Merkblatt II, 1)

### Demandeur

- **Demandeur**
  - Les indications concernant le(s) demandeur(s) figurent dans la publication internationale ou ont été enregistrées par le Bureau international après la publication internationale.
  - Les changements qui n’ont pas encore été enregistrés par le Bureau international sont indiqués sur une feuille additionnelle.
  - Les indications manquantes concernant un ou plusieurs demandeurs sont mentionnées sur une feuille additionnelle.

### Adresse pour la correspondance

- (voir notice II, 1)

6. Für das Verfahren vor dem EPA bestimmte Unterlagen

6.1 Dem Verfahren vor dem EPA als Bestimmungsamt (PCT II) sind folgende Unterlagen zugrunde zu legen:

- die vom Internationalen Büro veröffentlichten Anmeldungsunterlagen; falls die Veröffentlichung einen geänderten Anspruchssatz gemäß Artikel 19 PCT enthält, ersetzt dieser die ursprünglich eingereichten Anprüche

soweit sie nicht ersetzt werden durch die beigefügten Änderungen.

- Stellungnahmen zu dem vom EPA als Internationaler Recherchenbehörde erstellten schriftlichen Bescheid und/oder Bemerkungen bzw. Stellungnahmen zu den Erläuterungen in dem vom EPA als mit der ergänzenden internationalen Recherche beauftragten Behörde erstellten ergänzenden internationalen Recherchenbericht (Regel 45bis.7 e) PCT)

Soweit erforderlich, sind weitere Angaben auf einem Zusatzblatt einzureichen.

6.2 Dem Verfahren vor dem EPA als ausgewähltem Amt (PCT II) sind folgende Unterlagen zugrunde zu legen:

- die dem internationalen vorläufigen Prüfungsbericht zugrunde gelegten Unterlagen, einschließlich etwaiger Anlagen

soweit sie nicht ersetzt werden durch die beigefügten Änderungen.

- Stellungnahmen zu dem vom EPA als mit der internationalen vorläufigen Prüfung beauftragten Behörde erstellten internationalen vorläufigen Prüfungsbericht und/oder Bemerkungen sind beigefügt.

Soweit erforderlich, sind weitere Angaben auf einem Zusatzblatt einzureichen.

Anmerkung zu den Feldern 6.1 und 6.2:
Bei Anmeldungen, die mehr als 35 Seiten umfassen, sollen in der Tabelle auf Seite 8 Angaben betreffend die Berechnung der Zusatzgebühren gemacht werden.

6.3 Eine Kopie der Recherchegenbegründe der Behörde, bei der die frühere(n) Anmeldung(en), deren Priorität beansprucht wird, eingereicht wurde(n), ist beigefügt (Regel 141 (1) EPÜ).

die vom Internationalen Büro veröffentlichten Anmeldungsunterlagen; falls die Veröffentlichung einen geänderten Anspruchssatz gemäß Artikel 19 PCT enthält, ersetzt dieser die ursprünglich eingereichten Anprüche

soweit sie nicht ersetzt werden durch die beigefügten Änderungen.

- Stellungnahmen zu dem vom EPA als Internationaler Recherchenbehörde erstellten schriftlichen Bescheid und/oder Bemerkungen bzw. Stellungnahmen zu den Erläuterungen in dem vom EPA als mit der ergänzenden internationalen Recherche beauftragten Behörde erstellten ergänzenden internationalen Recherchenbericht (Regel 45bis.7 e) PCT)

Soweit erforderlich, sind weitere Angaben auf einem Zusatzblatt einzureichen.

Documents intended for proceedings before the EPA

Proceedings before the EPA as designated Office (PCT I) are to be based on the following documents:

- the application documents published by the International Bureau; where the publication includes a set of claims amended under Article 19 PCT, the latter replaces the originally filed claims

unless replaced by the amendments enclosed.

Comments on the written opinion established by the EPO as the International Searching Authority and/or observations or, where applicable, on the explanations given in the Supplementary International Search Report established by the EPO as the Supplementary International Searching Authority (Rule 45bis.7e) PCT)

Where necessary, further details should be submitted on an additional sheet.

If the EPO as International Preliminary Examination Authority has received test reports, these may be used as the basis of proceedings before the EPO.

Note on sections 6.1 and 6.2:
For applications comprising more than 35 pages, indications regarding the calculation of the additional fee should be given in the table on page 8.

For each of the previous applications whose priority is claimed a copy is attached of the search results produced by the authority with which the application was filed (Rule 141(1) EPC).

Zeichen des Anmelders / Applicant’s reference / Référence du demandeur

Pièces destinées à la procédure devant l’OEB

La procédure devant l’OEB agissant en qualité d’office désigné (PCT I) doit se fonder sur les pièces suivantes :

- les pièces de la demande publiées par le Bureau international; lorsque la publication contient des revendications modifiées conformément à l’article 19 PCT, ces dernières remplacent les revendications telles que déposées initialement

dans la mesure où elles ne sont pas remplacées par les modifications jointes.

Les commentaires sur l’opinion écrite établie par l’OEB agissant en qualité d’administration chargée de la recherche internationale et/ou observations, ou, le cas échéant, commentaires sur les explications figurant dans le rapport de recherche internationale supplémentaire établi par l’OEB agissant en qualité d’administration chargée de la recherche internationale supplémentaire (règle 45bis.7e) PCT)

Le cas échéant, des informations complémentaires doivent être fournies sur une feuille additionnelle.

La procédure devant l’OEB agissant en qualité d’office élu (PCT II) doit se fonder sur les pièces suivantes :

- les pièces sur lesquelles se fonde le rapport d’examen préliminaire international, y compris ses annexes éventuelles

dans la mesure où elles ne sont pas remplacées par les modifications jointes.

Les commentaires sur le rapport d’examen préliminaire international établi par l’OEB agissant en qualité d’administration chargée de l’examen préliminaire international et/ou les observations sont joints.

Le cas échéant, des informations complémentaires doivent être fournies sur une feuille additionnelle.

Si l’OEB, agissant en qualité d’administration chargée de l’examen préliminaire international, a reçu des rapports d’essais, ceux-ci peuvent être utilisés comme base dans la procédure devant l’OEB.

Remarque concernant les rubriques 6.1 et 6.2 : pour les demandes comportant plus de 35 pages, des indications relatives au calcul de la taxe additionnelle doivent figurer dans le tableau de la page 8.

Il est joint une copie des résultats de toute recherche effectuée par l’administration auprés de laquelle la (les) demande(s) antérieure(s) dont la priorité est revendiquée a (ont) été déposée(s) (règle 141(1) CBE).
### Übersetzungen

Beigefügt sind die nachfolgend angekreuzten Übersetzungen in einer der Amtssprachen des EPA (Deutsch, Englisch, Französisch):

| 7.1 | Übersetzung der internationalen Anmeldung in der ursprünglich eingereichten Fassung (Beschreibung, Ansprüche, etwaige Textbestandteile in den Zeichnungen), der veröffentlichten Zusammenfassung und etwaiger Angaben über biologisches Material nach Regel 13bis.3 und 13bis.4 PCT |
| 7.2 | Übersetzung der prioritätsbegründenden Anmeldung(en) (nur nach Aufforderung durch das EPA, Regel 53 (3) EPÜ) |
| 7.3 | Es wird hiermit erklärt, dass die internationale Anmeldung in ihrer ursprünglich eingereichten Fassung eine vollständige Übersetzung der früheren Anmeldung ist (Regel 53 (3) EPÜ), |
| 7.4 | Übersetzung der nach Artikel 19 PCT geänderten Ansprüche nebst Erklärung, falls diese dem Verfahren vor dem EPA zugrunde gelegt werden sollen (siehe Feld 6). |
| 7.5 | Übersetzung der Anlagen zum internationalen vorläufigen Prüfungsbericht |

| 7. | Translations |
|---|---|---|

### 11.1 Hinweis: Im automatischen Abbuchungsverfahren werden nur für die hier angekreuzten Staaten Erstreckungsgebühren abgebucht, sofern dem EPA nicht vor Ablauf der Zahlungsfrist ein anderslautender Auftrag zugeht.

| BA | Bosnien und Herzegowina |
| ME | Montenegro |
| KH | Kambodscha |
| MA | Marokko |
| MD | Republik Moldau |
| TN | Tunesien |

Es ist beabsichtigt, die Erstreckungsgebühr(en) für folgende Staaten zu ertragen:

It is intended to pay the extension fee(s) for the following state(s):

Note: Under the automatic debiting procedure, extension fees will be debited only for states indicated here, unless the EPO is instructed otherwise before expiry of the period for payment.

Il est envisagé de payer la(les) taxe(s) d’extension pour les États suivants :

Veuillez noter que dans le cadre de la procédure de prélèvement automatique des taxes d’extension, le compte est débité du montant dû seulement pour les États cochés ici, sauf instruction contraire reçue avant l’expiration du délai de paiement.

### 12. Beschleunigung des Verfahrens

**12.1 Vorzeitige Bearbeitung**

Hiermit wird die vorzeitige Bearbeitung der Anmeldung gemäß Artikel 23 (2) / 40 (2) PCT beantragt („vorzeitiger Eintritt in die europäische Phase“).

Bitte beachten Sie die Erfordernisse, die für einen wirksamen Antrag auf vorzeitige Bearbeitung erfüllt werden müssen, sowie dessen rechtliche Konsequenzen (s. „Merkblatt zum Formblatt EPA 1200“).

I. General instructions

These notes explain how to complete EPA/EPO/OEB Form 1200. To file international applications under the Patent Cooperation Treaty (PCT) Form PCT/RO/101 should be used. The appropriate form to request the grant of a European patent is EPA/EPO/OEB Form 1001.

The requirements for entry into the European phase are laid down in the European Patent Convention (EPC) and its Implementing Regulations. Further information on entry into the European phase can be obtained from the Euro-PCT Guide: PCT procedure at the EPO, in particular Chapter 5: Euro-PCT procedure before the EPO as a designated (PCT Chapter I) or elected (PCT Chapter II) Office.

Forms and brochures

Forms, brochures, schedules of fees and legal texts can be downloaded from the EPO’s website at epo.org.

Accelerated prosecution

For those seeking faster search or examination for their applications, the “PACE” programme for accelerated prosecution of European patent applications (OJ EPO 2015, A93) offers effective options for shortening the processing time.

However, PACE requests filed before the end of the international phase will not be effective unless accompanied by an express request for early processing under Article 23(2) or 40(2) PCT (see point 12.1).

For other ways to expedite the European grant procedure, see Notice from the EPO dated 30 November 2015 (OJ EPO 2015, A94) and point 12.

Entry into the European phase – Form 1200

Under Rule 159(1) EPC, on entry into the European phase before the EPO as designated or elected Office applicants must perform the acts specified in Rules 159(1)(a) to (h) and 162(1) EPC within 31 months of the filing date or, if priority has been claimed, the (earliest) priority date.

Use of Form 1200 is recommended. The form should be typewritten or printed (Rule 50(2) EPC) to ensure that it is machine-readable.

If there is not enough space for the required information, an additional sheet should be filed, indicating the number and heading (e.g. “2 - Additional representative(s)”; “6 - Documents intended for proceedings before the EPO”) of each section continued in this way.

Applicants should indicate their internal reference in the box above section 1 and in the corresponding box at the bottom of each page.

Filing of documents

Form 1200 and attachments must be filed direct with the EPO.

(a) Online

Form 1200, attached translations and amendments to the application documents may be filed in electronic form (OJ EPO 2021, A20), i.e. via EPO Online Filing, via the EPO case management system (CMS, also referred to as new online filing), via Online Filing 2.0 or via the EPO Web-Form Filing service. For more details go to epo.org. The online filing fee is less than the fee for filing in person, by post or by fax.

(b) By fax

The above documents may also be filed by fax. Confirmation on paper is required only if the EPO specifically requests it (see Special edition No. 3, OJ EPO 2007, A.3).

(c) By post or in person

Form 1200 need only be filed in one copy. The same applies to attached translations and amendments to the application documents. Special rules apply to sequence listings (see II.9).

II. Filling in the form

The numbering below corresponds to the sections of the form.

1. Applicant

If on entry into the European phase the address, nationality, or country of residence or of place of business is missing for any applicant (as may
occur under Rule 26.2bis(b) PCT), this information must be filed on a separate sheet.

An address for correspondence may be given only by applicants who are not obliged to appoint a professional representative authorised to act before the EPO (Article 133 EPC) and have not appointed one. It must be the applicant’s own address, and in an EPC contracting state. Addresses for correspondence accepted for proceedings in the international phase but which do not fulfil those conditions will not be accepted in proceedings before the EPO in the European phase (see OJ EPO 2014, A96).

2. Representative (Articles 133 and 134 EPC)

Applicants not having their residence or principal place of business in an EPC contracting state must be represented by a professional representative and act through him in all proceedings established by the EPC (Article 133(2) EPC). Section 2 must always be completed if a professional representative or a legal practitioner entitled to act as such (Article 134(1) and (8)) is appointed.

3. Authorisation (Rule 152 EPC)

Under Rule 152(1) to (3) EPC in conjunction with the decision of the President of the EPO dated 12 July 2007, professional representatives who identify themselves as such are required to file a signed authorisation only in particular circumstances (see Special edition No. 3, OJ EPO 2007, L.1). However, a legal practitioner entitled to act as a professional representative under Article 134(8) EPC or an employee acting for an applicant under Article 133(3), first sentence, EPC who is not a professional representative must file a signed authorisation unless an authorisation which expressly empowers him to act in proceedings established by the EPC has previously been filed with the EPO as receiving Office.

If an association registered with the EPO is appointed as representative (Rule 152(11) EPC) (see OJ EPO 2013, S35), the association’s registered name and registration number must be indicated.

If an authorisation is required, the use of EPA/EPO/OEB Form 1003 is recommended for individual authorisations and EPO Form 1004 for general authorisations.

4. Request for examination (Articles 150(2) and 94 and Rule 70 EPC)

4.1 First check box

The request for examination is not deemed to be filed until the examination fee has been paid (Article 94(1) and Rule 70(1) EPC). The box for the request is pre-crossed in section 4.1 of Form 1200.

Persons having their residence or principal place of business in an EPC contracting state with an official language other than English, French or German, and nationals of that state who are resident abroad, may file the request for examination in an admissible non-EPO language (Article 14(4) EPC), using the space provided.

4.1 Second check box

For applicants who file the request for examination in an admissible non-EPO language in addition to the (pre-crossed) request in the language of the proceedings, the examination fee is reduced by 30% provided they are an SME, a natural person, a non-profit organisation, a university or a public research organisation (Rule 6(4) EPC, Article 14(1) RFees).

Under Rule 6(6) EPC, applicants wishing to benefit from the fee reduction must declare that they are an entity or natural person covered by Rule 6(4) EPC. They must file this declaration at the latest by the time of payment of the fee in question, either by crossing this box or separately (for this purpose, non-mandatory EPA/EPO/OEB Form 1011 is available from the EPO website). If there are multiple applicants, for the reduction to apply, each one must be an entity or a natural person within the meaning of Rule 6(4) EPC. In such cases, it is however sufficient for only one of the multiple applicants to be entitled to file documents in an admissible non-EPO language (Article 14(4), Rule 6(3) EPC). For more details see Notice from the EPO dated 10 January 2014 concerning amended Rule 6 EPC and Article 14(1) RFees (OJ EPO 2014, A23).

The request for examination is available in all admissible non-EPO languages on the EPO website.

The request for examination (i.e. written request plus payment of the examination fee) must be filed either up to six months from the date on which the international search report (or the declaration under Article 17(2)(a) PCT) was published (Article 153(6) EPC) or within 31 months from the filing date or, where applicable, the (earliest) priority date, whichever period ends later. In practice this means that the request for examination must be submitted within the 31-month period (Rule 159(1)(f) EPC), unless the international search report was published late.

5. Additional copies of the documents cited in the supplementary European search report

One or more additional sets of copies of the documents cited in the supplementary European search report (see Rule 65 EPC) can be ordered against payment of the flat-rate fee(s).
6. Documents intended for proceedings before the EPO (Rule 159(1)(b) EPC) and response to the written opinion established by the EPO (Rule 161(1) EPC)

When an application enters the European phase applicants must specify the application documents, as originally filed or as amended, on which the European grant procedure is to be based (Rule 159(1)(b) EPC). Section 6 allows them to clarify whether they wish to proceed with:

- the published documents, whereby any amended claims filed with the International Bureau under Article 19 PCT replace the originally filed claims, unless expressly stated to the contrary – in proceedings before the EPO as designated Office without PCT Chapter II (section 6.1), or

- the documents on which the international preliminary examination report is based – in proceedings before the EPO as elected Office under PCT Chapter II (section 6.2).

Sections 6.1 and 6.2 also provide the possibility to indicate that amended documents filed on entry into the European phase are to form the basis for the grant procedure.

For Euro-PCT applications where a supplementary European search report will not be prepared, the following applies (see Guidelines for Examination in the EPO, E-IX, 3.2, for details):

Where the EPO has acted as the International Searching Authority (ISA) and, if a demand under Article 31 PCT was filed, also as the International Preliminary Examining Authority (IPEA), or as the Supplementary International Searching Authority (SISA), the applicant will be required to respond to any negative written opinion (WO-ISA) prepared by the EPO as ISA, or, where applicable, to the negative international preliminary examination report (IPER) prepared by the EPO as IPEA, or to the objections raised in the explanations given in the Supplementary International Search Report (SISR) under Rule 45bis.7(e) PCT, as the case may be. The time limit for response is six months from the invitation under Rule 161(1) EPC (see OJ EPO 2010, 634). Failure to respond in due time will lead to the application being deemed to be withdrawn (Rule 161(1) EPC).

New amendments (Articles 28 and 41 PCT) and/or comments which are filed on entry into the regional phase before the EPO will be considered to constitute a response to the WO-ISA, or to the IPER or the explanations given in the SISR, as the case may be, if the applicant indicates on Form 1200 that such amendments and/or comments are to form the basis for further prosecution of the application. Similarly, amendments under Article 19 and/or 34 PCT filed in the international phase and maintained on entry into the European phase by making the appropriate entries on Form 1200 may constitute a response, subject to certain requirements (see Guidelines for Examination in the EPO, C-III, 2.2, and E-IX, 3, for details).

The applicant must therefore clearly indicate the documents which are to form the basis for further prosecution of the application by crossing the appropriate boxes in section 6.1 or 6.2 as applicable.

In all cases, the applicant should specify in the table on page 8 of Form 1200 the documents which are to be used for the European phase and therefore form the basis for calculation of any additional fee. Any exceptional circumstances which may need further explanation must be clarified on an additional sheet.

The applicant can also amend the application at any time within a non-extendable period of six months from the communication (Forms 1226AA, 1226BB, 1226CC) under Rule 161(1) and (2) EPC, which is issued shortly after effective entry into the European phase.

Pages of amendments filed during the six-month period under Rule 161 EPC are not taken into account in the calculation of the additional fee as part of the filing fee. Consequently, if amendments are filed at this stage which reduce the number of pages already paid for, no refund of the additional fee will be made.

If application documents filed on entry into the European phase contain handwritten amendments, an invitation to remedy this deficiency will be issued, and in case of non-compliance the application will be refused (see Notice from the EPO dated 8 November 2013 concerning application of Rules 49 and 50 EPC to handwritten amendments, OJ EPO 2013, 603).

Whenever amendments are filed, the applicant must identify them and indicate the basis for them in the application as filed (Rule 137(4) EPC) (see Guidelines for Examination in the EPO, E-IX, 3.4, and H-III, 2.1 and 2.1.1). If he fails to do so, the examining division may issue a communication under Rule 137(4) EPC requesting the correction of the deficiency within a non-extendable period of one month. If he then fails to reply within that period, the application will be deemed to be withdrawn under Article 94(4) EPC.

If the applicant has supplied test reports in proceedings before the EPO as International Preliminary Examining Authority, the EPO assumes that it may also use them in the European grant proceedings.
6.3 Copies of the search results (Rule 141(1) EPC)

For each of the previous applications whose priority is claimed, a copy of the search results produced by the authority with which the application was filed (Rule 141(1) EPC) has to be supplied. This obligation applies to European patent applications and international applications filed on or after 1 January 2011 (see OJ EPO 2010, 410, OJ EPO 2011, 64, and OJ EPO 2013, 217).

This box is to be crossed only if the copies of the documents are indeed supplied when filing the form for entry into the European phase. If, however, a copy of the search results is included in the file by the EPO, no action is required on the part of the applicant (see OJ EPO 2016, A19).

7. Translations

7.1 Translation of the international application

If the international application was not published in an EPO official language, the applicant must furnish the EPO with a translation of that application in such a language within 31 months of the filing date or, where applicable, the (earliest) priority date.

The proceedings in the European phase will be conducted in the language of the translation. The translation must include the description, the claims as originally filed, any text in the drawings, and the abstract. It must also include any indications under Rule 13bis:3 and 13bis:4 PCT in the case of inventions relating to biological material and any published request for rectification (Rule 91.3(d) PCT).

7.2 Translation of the priority application

Under Rule 53(3) EPC, applicants may be invited by the EPO to file a translation of the previous (priority) application (see also OJ EPO 2013, 150).

Alternatively, they can submit a declaration under Rule 53(3) that the European patent application is a complete translation of the previous application. They can do this by crossing the box in section 7.3. In this case, no invitation to file a translation of the priority application will be issued.

7.4 Claims amended under Article 19 PCT

If the applicant wishes the subsequent proceedings to be based on the claims as amended under Article 19 PCT, the translation must also include those claims, together with any explanatory statement (Rule 49.5(a)(ii), 49.5(c) and (c-bis) PCT) and, in any event, the accompanying letter under Rule 46.5(b) PCT.

7.5 Translation of annexes

Where PCT Chapter II applies, applicants must prepare and file translations of all annexes to the international preliminary examination report (Article 36(2)(b) and (5)(b), Rule 70.16(a) PCT, Rule 74.1 PCT), regardless of whether they are seeking patent protection for the same version of the application documents as was the subject of that report.

8. Biological material

To enable the EPO to check compliance with the requirements under Rule 13bis PCT in conjunction with Rule 31(1)(c) EPC, applicants should indicate the name and address of the depositary institution and the accession number of the deposited biological material in section 8. In addition, the identification reference of the biological material can be specified.

Applicants should also indicate where in the description the information required under Rule 31(1)(c) EPC (depositary institution and the deposit accession number) or the depositor's identification reference can be found.

To further enable the EPO to check compliance with Rule 31 PCT, the receipt issued by the depositary institution is to be submitted to the EPO. Applicants are strongly advised to submit the receipt when filing this form.

Waiver under Rule 33(1) and (2) EPC

Applicants may waive their right under Rule 33(1) and (2) EPC to an undertaking from the requester to issue a sample of the biological material, provided that they are the depositor of the biological material concerned. This waiver must be expressly declared to the EPO in the form of a separate, signed statement. It must specify the biological material concerned (depositary institution and accession number or depositor's reference number as shown in the application documents). It may be submitted at any time.

9. Nucleotide and amino acid sequences

9.1 If the application discloses one or more nucleotide and/or amino acid sequences, a sequence listing in electronic form complying with the Administrative Instructions under the PCT (WIPO Standard ST.25) is normally available to the EPO as designated/elected Office if such sequence listing was contained in the international application in accordance with Rule 5.2(a) PCT, furnished to the EPO as International Authority under Rule 13ter.1(a) PCT, or otherwise made available to it, e.g. by WIPO.

9.2 If the application discloses one or more nucleotide and/or amino acid sequences and a sequence listing in electronic form complying with the Administrative Instructions under the PCT (WIPO Standard ST.25) is not available to the EPO as
designated/elected Office, a standardised electronic sequence listing must be filed on entry into the European phase; otherwise, the EPO will invite the applicant to file the sequence listing (Rule 163(3) EPC). In this case, a late furnishing fee is payable. For further information, see Rules 163(3) and 30(3) EPC, as well as the decision of the President of the EPO dated 28 April 2011 and the Notice from the EPO dated 18 October 2013 concerning the filing of sequence listings (OJ EPO 2011, 372, and OJ EPO 2013, 542).

If the standardised sequence listing is submitted on entry into the European phase, the applicant must declare that the subsequently filed sequence listing does not include matter which goes beyond the content of the application as originally filed. The declaration can be made by crossing the relevant box in section 9.2.

10. Designation of contracting states

All the contracting states designated in the international application and party to the EPC at the time of its filing are deemed to be designated (see Article 79(1) EPC). Thus the EPC contracting states that can be validly designated on entry into the European phase are already specified in the international phase (Rule 4.9(a) PCT). For international applications entering the regional phase on or after 1 April 2009, payment of the flat-rate designation fee covers all the EPC contracting states, unless individual designations are expressly withdrawn (Article 2, Item 3, RFees) (see OJ EPO 2009, 118).

11. Extension/validation

The application and the European patent granted in respect of it are extended or validated, in accordance with section 11 of Form 1200, to or in those non-EPC contracting states designated for a national patent in the international application with which extension or validation agreements were in force at the time of filing of the international application.

The request for extension or validation for a state is deemed withdrawn if the extension/validation fee is not paid to the EPO within the time limit laid down in the EPC for paying the designation fee (Rule 159(1)(d) EPC) (see Guidelines for Examination in the EPO, A-III, 12).

11.1 Extension of European patent applications and the resulting European patents may be requested for countries with which the EPO has extension agreements (as at November 2018: Bosnia and Herzegovina and Montenegro).

11.2 Validation of European patent applications and the resulting European patents may be requested for countries with which the EPO has validation agreements (as at November 2018: Morocco, the Republic of Moldova, Tunisia and Cambodia). The EPO publishes the necessary information about such agreements on its website and in its Official Journal in good time before their entry into force. With regard to Cambodia, please note that pharmaceutical products are currently excluded from patent protection until 2033 (OJ EPO 2018, A16).

12. Acceleration of procedure

The ways in which the European grant procedure can be expedited in addition to the “PACE” request are listed in the Notice from the EPO dated 30 November 2015 (OJ EPO 2015, A94). The options available on entry into the European phase are gathered together in this section for ease of selection.

12.1 Early processing

Request for the early start of processing in the European phase (“early entry”)

Applicants who wish the EPO as designated or elected Office to start processing an application before expiry of the 31-month time limit under Rule 159(1) EPC must file an express request for early processing. The request can be made by crossing box 12.1.

A request for early processing is effective on the date of its filing only if the requirements of Rule 159(1) EPC applicable on that date have been complied with. The nature of the requirements to be met depends on the date on which the request for early processing is filed (see Notice from the EPO dated 21 February 2013 concerning the request for early processing, OJ EPO 2013, 156, II.7 and 8).

Applicants must take note of the consequences of an effective request for early processing (see OJ EPO 2013, 156, III.9 and 10). Crossing box 12.1 must therefore be carefully considered.

An effective request for early processing terminates the international phase in respect of the EPO as designated/elected Office. This means that the application will be processed immediately as a European application as from the date the request for early processing is effective, and reversion to the 31-month time limit is excluded. This implies, for instance, that the time limits for filing the request for examination and paying the examination fee, the designation fee and the third renewal fee are those applying to a European application, and are no longer deferred to expiry of the 31-month time limit under Rule 159(1) EPC.

The automatic debiting of all relevant fees is available for requests for early processing filed on or after 1 November 2017 (see Arrangements for the automatic debiting procedure (AAD,
Annexes A.1 and A.2 to the ADA). However, automatic debiting can only be performed if the documents referred to in Article 20 PCT are available to the EPO, so that it can establish whether or not a page fee for the 36th and each subsequent page must be debited. These documents are normally available to the EPO if
– the international application has already been published,
– the EPO is the receiving Office, or
– the EPO acts as (S)ISA or IPEA.

In all other cases, if they want the request to take effect immediately, applicants must pay the relevant fees due on filing the request for early processing by a means of payment other than automatic debiting. Otherwise the request will only take effect on the day on which the EPO receives the documents referred to in Article 20 PCT from the IB in accordance with Rule 47.4 PCT.

Applicants are recommended to read the Notice from the EPO dated 21 February 2013 concerning the request for early processing (OJ EPO 2013, 156). Further information is available in the Guidelines for Examination in the EPO, E-IX, 2.8, and the Euro-PCT Guide.

12.2 Waivers

Waiver of communication pursuant to Rules 161 and 162 EPC

The time limit under Rules 161 and 162 EPC is six months (see OJ EPO 2010, 634).

In order to accelerate the European grant procedure applicants can, in addition to filing a “PACE” request, expressly waive their right to the communication under Rules 161(1) or (2) and 162 EPC by crossing the first box in section 12.2.

The EPO will not issue a communication under Rules 161(1) or (2) and 162 EPC only if, in addition to the “waiver”, on entry into the European phase the applicant has also fulfilled all the requirements of Rules 161 and 162 EPC (i.e. payment of any claims fees due and, where required, submission of a response under Rule 161(1) EPC) for the application to proceed directly to the supplementary European search or to examination. To accelerate the processing of the application further, the applicant can request accelerated search or examination under the PACE programme (see Notice from the EPO dated 30 November 2015 concerning the programme for accelerated prosecution of European patent applications (“PACE”), OJ EPO 2015, A93).

Where the right to the communication under Rules 161(1) or (2) and 162 EPC has not been validly waived, the communication will be issued and the application will be processed only after expiry of the six-month period provided for under those rules, even if a request under the PACE programme has been filed.

See also Notices from the EPO dated 5 April 2011 and 30 November 2015 (OJ EPO 2011, 354 and OJ EPO 2015, A94).

Waiver of the invitation under Rule 70(2) EPC

Applicants who file the request for examination before receiving the supplementary European search report are asked by the EPO, after the search report has been sent, to confirm within a six-month period that they wish to proceed further with the application (Rule 70(2) EPC). Where they also have to respond to the search opinion, their response is required within this same period (Rule 70a(2) EPC). To accelerate the procedure, they can waive their right to be asked for such confirmation by crossing the second box in section 12.2, in which case confirmation is deemed to be given when the supplementary European search report is transmitted to them. With regard to the legal consequences, see Guidelines for Examination in the EPO, C-VI, 3.

13. Payment

Fees due in respect of a patent application can be paid in a number of different ways, i.e. by debiting a deposit account, by credit card or by bank transfer. For more information, including information on how to claim refunds, see “Fee payments and refunds” on the EPO website.

Debiting a deposit account/automatic debiting

The procedure for paying by debiting a deposit account or by automatic debiting is set out in detail in the Arrangements for deposit accounts (ADA), the Arrangements for the automatic debiting procedure (AAD, Annex A.1 to the ADA) and the Information from the EPO concerning the automatic debiting procedure (Annex A.2 to the ADA) published in the supplementary publication to the EPO’s Official Journal.

Careful attention should be paid to the conditions applicable to the filing of debit orders.

Payment by credit card

Payments by credit card must be made via the EPO’s credit card fee payment service available on the EPO website, using a credit card accepted by the EPO (as at December 2017: Master Card and VISA). The procedure is set out in detail in the Notice from the European Patent Office concerning the payment of fees by credit card published in the EPO’s Official Journal.
Bank transfers

The procedure for paying by bank transfer is set out in detail in the Notice from the European Patent Office concerning fee payments via bank transfer published in the EPO’s Official Journal.

Payments by bank transfer should be made to the following account with the Commerzbank in Germany:

Account No. 3 338 800 00 / Sort code 700 800 00
IBAN DE20 7008 0000 0333 8800 00
BIC DRESDEFF700

Commerzbank AG
Leopoldstrasse 230
80807 Munich
Germany

For fee information, see “Guidance for the payment of fees, costs and prices”, which is published regularly in the EPO’s Official Journal.

For the fee amounts, see the publication “Schedule of fees and expenses” or the “Interactive schedule of fees” available on the EPO website under “European (EPC) fees”.

III. Table for section 6 of Form 1200.3 – Documents intended for proceedings before the EPO

The table is used for calculating the additional fee for applications comprising more than 35 pages (Article 2, item 1a, RFees).

Fußnoten zur Vorderseite

1 Name(n) des (der) Unterzeichnenden nach Maßgabe der Regel 41(2)(c) und d) EPU:

Bei natürlichen Personen ist der Familienname vor den Vornamen anzugeben. Bei juristischen Personen und Gesellschaften, die juristischen Personen gemäß dem für sie maßgebenden Recht gleichgestellt sind, ist die amtliche Bezeichnung anzugeben.

2 Name(n), Vorname(n), Wohnsitzstaat und Wohnort des Erfinders (der Erfinder) gemäß Regel 19 (1) EPU.

Der Wohnort entspricht der Stadt oder Gemeinde in der der Erfinder seinen Wohnsitz hat und schließt die Postleitzahl ein (sofern vorhanden).

3 Ist der Anmelder nicht oder nicht allein der Erfinder, so hat die Erfindernennung eine Erklärung darüber zu enthalten, wie der Anmelder das Recht auf das europäische Patent erlangt hat (Artikel 81, Regel 19 (1) EPU).

Bei rechtsfähiger Übertragung genügt die Angabe „gemäß Vertrag vom ...“.

Bei Anmelder- oder Erfinderbezeichnung genügt der Hinweis, dass der oder die Erfinder Arbeitnehmer des Anmelders oder Anmelder ist bzw. sind.

Bei Ersatzfolge genügt die Angabe, dass der oder die Anmelder Erbe(n) des Erfinders/der Erfinder ist bzw. sind.

Footnotes to text overleaf

1 Name(s) of the undersigned in accordance with Rule 41(2)(c) and (d) EPC:

Names of natural persons shall be indicated by the person’s family name, followed by his given names.

Names of legal persons, and of bodies equivalent to legal persons under the relevant law, shall be indicated by their official designations.

2 Family name(s), given name(s) and country and place(s) of residence of the inventor(s) in accordance with Rule 19(1) EPC.

The place of residence is the city or other municipality where the inventor permanently resides, and includes the postal code (where available).

3 If the applicant is not the inventor or is not the sole inventor, the designation shall contain a statement indicating the origin of the right to the European patent (Article 81, Rule 19(1) EPC).

In the case of assignment the words "by agreement dated ..." suffice.

In the case of inventions by employees a mention that the inventor(s) is/are employee(s) of the applicant(s) is sufficient.

In the case of succession a mention that the applicant(s) is/are heir(s) of the inventor(s) is sufficient.

Renvois concernant le texte figurant au recto

1 Nom(s) du (des) soussigné(s), conformément à la règle 41(2)(c) et d) CBE :

Les personnes physiques doivent être désignées par leurs noms suivis de leurs prénoms.

Les personnes morales et les sociétés assimilées aux personnes morales en vertu du droit dont elles relèvent doivent figurer sous leur désignation officielle.

2 Nom(s), prénom(s) de l’(des) inventeur(s) ainsi que le pays et le lieu de son (leur) domicile, conformément à la règle 19(1) CBE.

Le lieu de domicile correspond à la ville ou autre entité administrative où l’inventeur réside de façon permanente et inclut le code postal (lorsqu’il est disponible).

3 Si le demandeur n’est pas l’inventeur, ou l’unique inventeur, la désignation de l’inventeur doit comporter une déclaration indiquant l’origine de l’acquisition du droit au brevet européen (article 81 et règle 19(1) CBE).

En cas de transfert contractuel, il suffit de mentionner « en vertu du contrat passé le ... ».

Pour les inventions de salariés, il suffit d’indiquer que le ou les inventeurs sont des employés du ou des demandeurs.

En cas de transfert successoral, il suffit d’indiquer que le ou les demandeurs sont les héritiers du ou des inventeurs.

I. Fußnoten zur Vorderseite

1. a) Die Verwendung dieses Formblatts wird empfohlen, abweichend von der in § 121 des Patentrechtsgesetzes (z. B. neueren Regeln zur Erteilung von Patentrechten im Anhang V) festgelegten Regelung für die Nachzeichnung von Abstimmungen im Sinne des Artikels 133 (3) Satz 1 zu Satz 2 sind bisher keine Ausführungsbestimmungen erlassen.
   
2. a) Die Verwendung dieses Formblatts wird empfohlen, abweichend von der in § 121 des Patentrechtsgesetzes (z. B. neueren Regeln zur Erteilung von Patentrechten im Anhang V) festgelegten Regelung für die Nachzeichnung von Abstimmungen im Sinne des Artikels 133 (3) Satz 1 zu Satz 2 sind bisher keine Ausführungsbestimmungen erlassen.

II. Hinweise

a) Erstreckt sich die Vollmacht auf mehrere Anmeldungen oder Patente, so ist sie in der entsprechenden Stückzahl einzereißen (vgl. § 121). Im Fall der Bevollmächtigung von Vertretern, die gleichzeitig die Vollmacht von mindestens zwei Patentrechtsgesetzes (z. B. neueren Regeln zur Erteilung von Patentrechten im Anhang V) festgelegten Regelung für die Nachzeichnung von Abstimmungen im Sinne des Artikels 133 (3) Satz 1 zu Satz 2 sind bisher keine Ausführungsbestimmungen erlassen.

II. Notices

a) Authorisations covering more than one application or patent are to be filed in the corresponding number of copies (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notes

a) If the power is given for several demands or several brevets, it must be given to a single corresponding representative (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notices

a) Authorisations covering more than one application or patent are to be filed in the corresponding number of copies (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notes

a) If the power is given for several demands or several brevets, it must be given to a single corresponding representative (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notices

a) Authorisations covering more than one application or patent are to be filed in the corresponding number of copies (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notes

a) If the power is given for several demands or several brevets, it must be given to a single corresponding representative (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notices

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.

II. Notes

a) If the power is given for several demands or several brevets, it must be given to a single corresponding representative (vgl. § 121 (2)).

b) All decisions, summonses and communications will be sent to the representative (vgl. § 130). In cases where employees are authorised under Article 133 (3), these documents will be sent to the employer.
## General authorisation

Please forward the original direct to the EPO, Legal Division (Dir. 5.2.3) in Munich. Please read the attached notes before completing the form.

1. **General authorisation No.**
   (for official use only)

2. **I (We)**
   Full name and address of authorisor(s)

3. **do hereby authorise**
   Full name and address of authorisee: professional representative, legal practitioner, employee, association of representatives – **please specify**

4. **to represent me (us) in all proceedings established by the European Patent Convention and to act for me (us) in all patent transactions.**
   - This authorisation includes the power to receive payments on my (our) behalf.
   - This authorisation shall also apply to the same extent to any proceedings established by the Patent Cooperation Treaty.

5. **Sub-authorisation may be given.**
   - Additional representatives indicated on supplementary sheet.

6. **Please return a copy, supplemented by the general authorisation number, to the authorisor.**

7. *The form must bear the personal signature(s) of the authorisor(s). In the case of legal persons, the signature must be that of the person empowered to sign on behalf of the company. If possible, please sign in blue.*

(30 May 2013)
Notes

to the General authorisation Form (EPO 1004)

1 The use of this form is recommended when authorising representatives before the European Patent Office (EPO): professional representatives and legal practitioners under Article 134(8) EPC; employees under Article 133(3), first sentence, EPC and associations of representatives under Rule 152(11) EPC. As to Article 133(3), second sentence, EPC no implementing regulation has been issued up to the present time. If the authorisee is an employee who is not a professional representative or a legal practitioner, the authorisor must make a declaration in the general authorisation or in a covering letter that the authorisee is his employee.

2 The name and address of the party giving the authorisation (hereafter “authorisor”) and the state in which their residence or principal place of business is located must be given, in accordance with Rule 41(2)(c) below, in the address box:

"Names of natural persons shall be indicated by the person’s family name, followed by his given names. Names of legal persons, as well as of bodies equivalent to legal persons under the law governing them, shall be indicated by their official designations. Addresses shall be indicated in accordance with applicable customary requirements for prompt postal delivery and shall comprise all the relevant administrative units, including the house number, if any.”

Where the authorisation is being given by more than one party, the relevant information regarding the additional authorisors must be indicated to the right of the address box.

Where there are several authorisors, a general authorisation can also be used when only one or more of them are to be represented. If one of several authorisors cancels a general authorisation, it remains valid for the other authorisors under the old registration number. This applies equally to general authorisations already registered.

3 The name(s) and address of the place of business of the authorisee(s) must be given in accordance with Rule 41(2)(c) (see note 2 above). Please specify whether it is a professional representative, a legal practitioner, an employee or an association of representatives. As regards the authorisation of an association of representatives, within the meaning of Rule 152(11) EPC, the name and the number of the association must be given. If there is more than one authorisee, please insert in the address box the name and address of the place of business of the authorisee to whom the EPO is to send a copy of the form bearing the general authorisation number.

A communication regarding the registration of the general authorisation is not inserted in the files relating to the application for which the authorisee is or is to be appointed as representative. Therefore, it is not permissible to revoke earlier specific authorisations in a general authorisation. When a general authorisation is intended to supersede an earlier one, the earlier authorisation’s number must be stated.

The general authorisation of one or more authorisees terminates as soon as the authorisor or the authorisee concerned – not another authorisee – has communicated the termination to the EPO in Munich (Directorate 5.2.3). The communication must be clear and unambiguous. It is not sufficient to file a new general authorisation omitting the name of the authorisee concerned (Rule 152(7) and (8) EPC).

4 The powers mentioned separately in the form (to receive payments, to act in PCT proceedings and to give sub-authorisation) must be expressly granted (eg by placing a cross in the appropriate box on the form). Powers other than those three mentioned above may not be excluded in a general authorisation.

5 The EPC provisions regarding authorisations are to be applied to sub-authorisations (Article 133(3), first sentence, Rule 152 EPC), be it (a) a specific sub-authorisation (Rule 152(2), second sentence, EPC), or (b) a general sub-authorisation (Rule 152(4) EPC).

When issuing a general sub-authorisation, Form EPO 1004 can for example be used and the sub-authorisor must indicate the general authorisation number from which he derives his power. When it is registered, the general sub-authorisation keeps the same number as the general authorisation by virtue of which it has been granted.

Subject to any provisions to the contrary contained therein, a general sub-authorisation does not terminate vis-à-vis the EPO upon the death of the person who gave it (Rule 152(9) EPC), nor upon the termination of the authorisation given to the sub-authorisor for any other reason.

6 The EPO returns a copy, supplemented by the general authorisation number, to the authorisor if the appropriate box is crossed (see 4). In any case the EPO will transmit a copy to the authorisee (see 3 above).

7 Where the authorisation is signed on behalf of a legal person, only such persons as are entitled to sign by law and/or in accordance with the articles of association or equivalent of the legal person may do so (Article 58 EPC). An indication is to be given of the signatory’s entitlement to sign, eg president, director, company secretary; Geschäftsführer, Prokurist, Handlungsbevollmächtigter; président, directeur, fondé de pouvoir. If any other employee of a legal person signs by virtue of a special authorisation conferred by the legal person, this is to be indicated and a copy of the special authorisation, which need not be certified, is to be supplied. An authorisation bearing the signature of a person not entitled to sign will be treated as an unsigned authorisation.
