A foreign legal or natural person may however, without a representative, file a patent application, perform other acts relating to the establishment of the filing date of a patent application, file true copies of the first patent application (when claiming a priority right), receive notifications relating to the above mentioned procedures and pay the administrative fees and procedural charges. In these cases, a foreign legal or natural person shall communicate to the Office the address for correspondence, which shall be in the territory of Croatia.

PL Art. 88 **HR.06 ANNUAL FEES.** Annual fees shall be paid to the Office from the third anniversary of the international filing date. A period of grace of six months shall be allowed for the late payment of the annual fee on payment of the prescribed surcharge. The amounts of the annual fees and the surcharge are indicated in Annex HR.I.

PL Art. 61 **HR.07 EXAMINATION.** The applicant may file a request for substantive examination [until the expiry of the six-month time limit after the publication of the search report in the Official Gazette of the Office.](#)

The procedure before the Administrative Court is deemed urgent.](#)

- PCT Art. 24(2)

- PL Art. 28
PReg. 6
- HR.12** Reinstatement of rights may be requested where the applicant, in spite of all due care required by the circumstances, failed to observe a time limit set by the Office, which is prejudicial to his rights. A request for reinstatement must be presented in writing within:
- three months after the removal of the cause of the failure to observe the time limit or 12 months after the expiry of the missed time limit if the request for reinstatement relates to the non-payment of maintenance fee, or
 - 12 months after the expiry of the additional 6 months time limit for payment, whichever time limit expires earlier.
- Within the said [time limits](#), the omitted action must be completed, the fee for reinstatement of rights (see Annex HR.I) must be paid and the request must set out the facts on which it relies.
- PL Art. 29
- HR.13** Continued processing may be requested where the applicant failed to observe a time limit fixed by the Office and that failure directly causes a loss of rights conferred by a patent application or a patent. Continued processing may not be requested for certain time limits set out in PL Art. 29. The request for continued processing must be filed within two months from the day on which the applicant learned of the legal consequences. The Office shall authorize continued processing if the applicant files a request, performs all the omitted acts within the time limit, and pays the prescribed fee.
- PL Art. 71-77
- HR.14 UTILITY MODEL.** If the applicant wishes to obtain utility model protection on the basis of an international application instead of a patent, the applicant, when performing the acts referred to in Article 22 or 39, shall so indicate to the Office by entering the national phase as a utility model application.
- A utility model shall be registered for an invention whose subject-matter of invention is patentable in compliance with the Patent Law. - The maximum term of protection for a utility model is 10 years from the date of filing of the application for a utility model. The holder of a registered utility model may request substantive examination to determine whether the invention is new, inventive and industrially applicable. Such a request may be submitted no later than upon expiry of the seventh year of duration of the utility model.
- Preg. 32
- HR.15 RECORDING OF CHANGES.** A request for the recording of changes shall be filed on Form P-2 (see Annex HR.III).
